College of Pharmacy**

Degree Title	Level	Degree
Pharmacy	Professional	Pharm.D.

Professional Licensure Disclosure Statement: Nova Southeastern University College of Pharmacy, Doctor of Pharmacy (PharmD) Program is an Accreditation Council for Pharmacy Education (ACPE) accredited program of study. Graduation from an ACPE accredited college qualifies the graduate for NAPLEX and MPJE licensing examinations, required for state licensure in all US Jurisdictions (as applicable). Students should note that requirements for professional licensure can vary drastically by state. Because these requirements can change frequently and often without notice, it is strongly encouraged and is the responsibility of the student to ensure the degree they earn will meet requirements for licensure in the state in which they seek to be licensed. The College of Pharmacy cannot confirm whether its Doctor of Pharmacy degree meets all of the licensure requirements in a student's state of residence. Students should refer to their state licensing body for further information. For licensing board contact information and approval status, please refer to the National Association of Boards of Pharmacy (NABP) website at <https://nabp.pharmacy/boards-of-pharmacy/>.
