A Nation Concerned

Florida Re-Evaluates

Charge to Task Force

1. Identifying students who pose a risk; improving information sharing among mental health and health professionals, education, and law enforcement within the parameters of applicable Federal law;
2. Identifying methods of notification during emergency situations on school campuses;

Charge to Task Force

3. Identifying strategies for improving cross-agency communication;
4. Identifying necessary improvements for training of law enforcement officials and first responders to crisis situations

Each University or College

- Awareness Education Program
- Crisis Management Team
- Emergency Notification Systems
- Emergency Planning
- Physical Security Devices
- Information Sharing

Strategies for Improvement

- Assess Current Situation
- Build on best practices
- Engage community partnerships
- Educate and Exercise

Task Force Recommendations

- Federal government
- State government
- State University System, Division of Community Colleges, and/or Association of Independent Colleges and Universities of Florida

Group**

Workgroup Projects

- *National Operations Center*
- *Virtual Fusion Center*
- *Inventory of Regional Assets*
- *Mass Migration Plan*
- *Terrorism Response Plan*
- *Training and Exercises*
- *Active Shooter Planning*

“Similarity” to the “Commonalities of Lone Wolf”

- Isolation from friends and family
- Somewhat to highly intelligent
- Have a need for attention – a need to matter
- Willingness, but lack of social ability, to join larger groups of like-minded people
- Consider themselves “above” others (counter to feeling “less” than others).
- Paranoid personality traits
- Some psychopathic traits

- SA Kathleen M. Puckett, Ph.D.
