ASK THE EXPERTS

An open discussion with Career Advisors

Goodwin Residence Hall Library

Wednesday, Noon–1:00 p.m.

RADIO X—88.5 FM

Listen in every Friday at 11:00 a.m.

WINTER SEMESTER EVENT AND WORKSHOP OVERVIEW

Career Expo

Are you looking for an internship or full-time job? Do you need to network in order to find a job after you graduate? The Career Expo is your opportunity to interact with over 70 employers looking to hire.

Career Ambassador Workshops

Career Ambassador Workshops are student-run workshops that cater to the career needs of undergraduates. They are interactive and cover topics like social media in the workplace, LinkedIn profiles, and how Career Development can help you prepare for the next step after college.

Lunch Bytes

Want to connect with employers in the computing industry? Are you not sure if graduate school is for you? Looking to start your internship search? The Lunch Bytes series focuses on connecting students with employers and industry specific needs.

Employer Engagement Workshops

Interact with employers across various industries with an interest in engaging with NSU students for potential internship and employment opportunities.

Pre-Health Day

The Office of Career Development hosts a Pre-Health Day conference every year in the winter semester. The Pre-Health Day is a great opportunity for students interested in pursuing a career in healthcare to gain insights on the application process for medical, dental, optometry, physical/occupational therapy and all other professional schools. This will also be an ideal avenue to network with current professionals in the field and hear their journey towards reaching their career goals.

The Pre-Health day will consist of Panel Mock Interviews facilitated by current faculty members and professional staff, breakout sessions led by current Healthcare professionals, a panel of current Health Professions Division (HPD) students who will share their own experiences in their respective programs, and finally a workshop on admissions and managing the application process.

Veteran Workshops

Career Development is proud to offer our Student Veteran Workshop Series as a resource to guide our veteran students throughout their time at NSU. Workshops will focus on topics that will help student veterans succeed in their career pursuits, such as career exploration and planning, resume writing for federal positions, and networking with employers.
