

# IMMUNIZATION GUIDELINES

## **Measles, Mumps, Rubella (MMR)**

- 2 vaccines must be documented or titer documentation which must include Measles IgG and Rubella IgG (lab results must be attached).
- Vaccines must have been given at least 6 weeks apart

## **Tetanus-Diphtheria**

- Booster must be administered within the last 10 years

## **Varicella (Chicken Pox)**

- Must have Varicella IgG antibodies (lab results must be attached).
- HISTORY OF DISEASE IS NOT SUFFICIENT

## **Hepatitis B**

Three vaccines must be documented and Hepatitis B surface antibody titer must be attached.

- Immunization 2 must be given at least 4 weeks after immunization 1. Immunization 3 must be given at least 8 weeks after immunization 2, and at least 4 months from immunization 1.
- Must have Hepatitis B surface antibody checked approximately 8 weeks after completion of series.

## **Tuberculosis Screening**

- Must be documented within 12 months to matriculation.
- Must be documented as negative. All others must follow up with physician for further evaluation.
