

Looking to live off-campus? Off-Campus Housing Services is here for you.

On behalf of Nova Southeastern University's Office of Residential Life and Housing, Off-Campus Housing Services is here to help the NSU community find off-campus accommodations. Please contact the properties directly to get the most up-to-date information on availabilities, prices, and discounts for NSU community members.

Our Off-Campus Housing Guide is also available to you online at <http://www.nova.edu/publications/offcampusguide/index.html>. In this guide you can look at properties in the area that cater to NSU students, sometimes providing discounts. The best resource will be pages 34-37 in which you can compare the properties and their amenities.

Many postings are done online. Please check out our site at <http://nova.och101.com/> for the most updated information about local listings. On this site you can review listings offered by property owners looking to rent out their space to NSU community members.

Our website with information is www.nova.edu/reslife/offcampus/ where you can look over our various resources.

As for looking for roommates, our resource is roommate finder with <http://roommate.och101.com/nova/> The OCH101.COM Roommate Finder is designed to match up students who are looking for both a place to live and a roommate to share it with. You can search the personal profiles and post your own profile.

Our university realtor is Jill Sivert. If you would like her assistance, please feel free to call or e-mail her at 954.562.0430 or jillsivert@bellsouth.net.

Off-Campus Services looks forward to helping you in any way we can. If you need any assistance please contact our office at 954.262.7060 or offcampus@nova.edu.

Sincerely,

Off-Campus Housing Services

A service of the Office of Residential Life and Housing
