

Retirement Plan Advice Sessions

Subject: Retirement Benefits & Advice

At NOVA Southeastern University we remain committed to offering you a competitive benefits package. This includes providing you with a retirement plan that helps you save for a financially secure retirement. We understand that many employees tie their retirement investment strategy to a certain amount of regular contribution to their plan.

One of the best ways to increase your retirement savings is take advantage of the maximum matching contribution offer under the 401(k) retirement plan, and *supplemental contributions*.

In addition to maintaining your established contribution amount in the basic plan, for most people, these contributions offer tax-deferred growth on your contributions and earnings until you retire by lowering your current federal taxable income. In 2017, most people can contribute up to \$18,000 pretax, or up to \$24,000 if they are age 50 or older.

Take advantage of one-on-one advice in the convenience of your workplace—at no additional cost.
