

# A Message from Nova Singers' President Chuckie Shahadey

"Keep Smiling and Singing"!!!

It is with great honor and excitement that I greet each and every one of you as the president of our 33rd year of the Nova Singers. The joy in my heart of being part of a wonderful group of people and the blessing of 14 years in the choir has really touched my life in so many ways. I want to stand on the highest mountain top and shout, "What a great group of people!". They have brought such joy, love and song into my life by being a Nova Singer.

I am sure you are filled with the same excitement and dedication that I have for our Nova Singers family. Being a major part of the Nova Singers is the audience. Without each and every one of you, we would not have the pleasure of our many talents, singing for you, our community, our family and friends. My theme this year is, "Keep Smiling and Singing". It is very important for us to have great participation with our audience. I want you to sit back and enjoy our smiles and our beautiful voices, as we will look out upon you and want to see your smiling and beautiful faces, with your eyes all lit up with joy from listening to this premier choir. I would also ask you to spread the word to all of your family and friends and let our voices be heard by all, so that they may enjoy the rich sound of this great group of people.

We thank you in advance for your support by your attendance at our concerts, the generous financial support you provide for our Ad Journal, the purchase of our recordings, and the time you give to allow our members to meet together for rehearsals.

Thank you for your continued support. As we celebrate our 33rd season in South Florida, we look forward to having you with us for many years to come! Thank you so much for allowing me to serve you this coming year, and together we will make this 33rd year full of excitement and song for us and our community.

Together we will make beautiful song and music. Keep Smiling and Singing!!!

*Chuckie Shahadey*

President 2008-2009
