

Institutional Review Board Overview: FY 2005 - 2006

For FY 2005-06 the IRB office saw activity in a number of areas. The Cooperative Institutional Training Initiative (CITI) designed to train all individuals involved with human subjects research reached a milestone of 4,000 completions by individuals from NSU. In 2005, NSU was ninth among the top 10 institutions in the country in completing the basic CITI training course. The IRB office's standard operating procedures (SOPs) were implemented and subsequently updated. Draft policies to match existing procedures and to enhance IRB operations have been developed and will be forwarded to the full board for review.
