NEW, UPDATED CAMPUS SAFETY HANDBOOK

This version of the *Nova Southeastern University Campus Safety Handbook*—posted October 15, 2014—replaces the original that was placed online September 30, 2014. Updated statistics have been added to the annual security reports and the appendix also has been updated.
Introduction

A college or university campus is an important part of the local community that it serves. As in any neighborhood, it is important that all students and faculty and staff members realize that they should take every possible precaution to prevent assault and crime against themselves and others.

The administration of Nova Southeastern University recognizes that the university’s campuses are part of the community and experience the risks and threats of society as a whole. NSU has established programs and systems involving personnel, procedural methods, and physical means in order to provide as safe and secure an environment on campus as possible.

The NSU student affairs, residential life, and public safety departments provide information and assistance on self-protection to students and residents. However, each individual also must take action to utilize these crime prevention techniques.

Lack of vulnerability is the key. A criminal looks for and exploits perceived weaknesses. The less vulnerable the person, residence, or vehicle appears, the less chance of assault, loss, theft, or robbery. The information provided in this handbook is designed to inform, advise, and alert campus occupants about Nova Southeastern University policies and procedures on crime awareness and reporting. Also, crime methodology and crime prevention techniques are provided to assist in self-protection.

Vision, Mission, and Values

Our vision is to be a national leader in innovative campus safety and security programs.

Our mission is to ensure a safe and secure environment providing for continued excellence in learning, teaching, and service to all members of the NSU community.

Our five core values are safety, professionalism, crime prevention, customer service, and effective communication.

Shark Watch
As members of the university community, each of us has a role in keeping our campus safe.

- If you see something, say something. Program the NSU Public Safety Department’s phone number, (954) 262-8999, into your cell phone and report all suspicious individuals or activity on NSU Property to the NSU Public Safety Department. For more information, visit www.dhs.gov/if-you-see-something-say-something-campaign.

- Use NSU Public Safety walking escorts any night you are on campus. Call the Public Safety Department at (954) 262-8999 and a uniformed NSU Public Safety Officer will walk with you anywhere on campus.

- Utilize the NSU Shark Shuttles when you travel around the campus.

- Walk with friends while on campus.

Suicide and Violence Prevention
Are you concerned about someone or need consultation? The only real risk is in not doing anything.

- If you or someone you know is suffering and you want to know how to help, call a Suicide Prevention hotline for 24/7 assistance:
  1-800-SUICIDE (784-2433)
  1-800-273-TALK (8255)

- If you are concerned about an NSU student, call the Henderson Student Counseling 24/7 hotline:
  (954) 424-6911

- If you are concerned about an NSU employee, call the MHNet hotline:
  1-877-398-5816
  TTY: 1-800-338-2039

NSU Alert
- Stay informed of all campus emergencies. Program the NSU Emergency Hotline number, 800-256-5065, into your cellphone to stay informed and updated during actual or potential crisis/emergency situations. Call 9-1-1 for any emergency while on campus, then call Public Safety at (954) 262-8999.

- Sign up for NSU’s Emergency Notification System. This is done by updating your emergency contact information at www.nova.edu/emergency. Program the NSU Emergency Hotline number, 800-256-5065, and SMS@blackboard.com as contacts into your cellphone so you will recognize NSU ALERT messages sent to your phone from the NSU Emergency Notification System.

  - Familiarize yourself with Public Safety emergency procedures.
  - Carry your NSU ID card and Emergency Preparedness Card at all times. NSU ID cards and Emergency Preparedness cards can be obtained at the Campus Card Office, located in the University Center. The Card Office phone number is (954)-262-8929.
  - NSU Public Safety operates 24/7 and wants you to be a part of university safety. For Emergency Situations call 9-1-1 first then call NSU Public Safety at (954) 262-8999.
  - For Non-Emergency Situations, call Public Safety at (954)-262-8999 or use our Public Safety Contact Form that can be found at www.nova.edu/publicsafety.

Family Emergency Plan
- Make sure your family has a plan in case of an emergency. Before an emergency happens, sit down together and decide how you will get in contact with each other, where you will go, and what you will do in an emergency. Keep a copy of this plan in your emergency supply kit or another safe place where you can access it in the event of a disaster.

  - For help creating this plan, visit www.ready.gov/americas.

Crime Prevention Safety Tips
Personal Safety
- Always be aware of your surroundings.

- If you see something, say something.

- Try to stay in well-lit areas.

- Walk confidently at a steady pace on the side of the street facing traffic.

- Walk close to the curb. Avoid doorways, bushes, and alleys.

- Wear clothes and shoes that give you freedom to move.

- Don’t walk alone at night and always avoid areas where there are few people.

- Be careful when people stop and ask you for directions; always reply from a distance.

- If you are in trouble, attract help in any way that you can. Scream and yell for help.

- Keep your head. Stay as calm as possible, think rationally, and evaluate your resources and options.

- If ever attacked, go to a safe place and call the police. The sooner you make the report, the greater the chances the attacker will be caught.

- Be prepared and have a survivor’s mindset. For detailed information on preparing a comprehensive safety strategy, visit www.ready.gov/are-you-ready-guide.
Home Safety

• Check the identification of any sales or service people before letting them in.

• Don’t let any stranger in your home when you are alone.

• Never give the impression that you are alone if strangers telephone or come to the door.

• If you come home and find a door open or signs of a forced entry, don’t go in. Call the police from the nearest phone.

• Keep written records, with serial numbers if available, of all furniture, jewelry, bicycles, and electronic products including mobile phones. If possible, keep these records in a safe deposit box or fireproof safe.

• Check your homeowner’s insurance policies to ensure personal property is covered, or purchase insurance; inventory your valuables (to include a brief description, make, model, serial number, and a picture).

• Secure sliding glass door locks.

• Don’t hide spare keys in mailboxes, planters, or under doormats.

Vehicle Safety

• Close all windows, lock all doors, and take the keys with you.

• Never hide a second set of keys anywhere on your car.

• Never leave your car’s engine running, even if you will only be gone for a minute.

• Park in well-lit areas.

• Activate any anti-theft devices you have.

• Push or recline your passenger seat forward; if you return to your car and the passenger seat has been returned to its normal position, chances are someone has entered your vehicle.

• When approaching your vehicle, have your keys in hand.

• Before you invest in any alarms; check with several established companies and decide what level of security fits your needs.

Travel Safety

• If you do travel alone, leave your route and destination times with family or friends.

• Keep your car locked at all times.

• Keep the windows rolled up so that a person cannot reach inside. If confronted by someone on foot, drive away immediately, if safe to do so.

• Make sure your car is in good working order and has plenty of gas before you drive.

• Don’t leave packages or valuables in plain sight in your car; keep them in your trunk.

• If you are being followed by another car, honk your horn and drive to the closest public place such as a police or fire station, restaurant, or gas station. Never go home if you think you are being followed.

• If you are involved in a minor accident, do not get out of the car until fire, police, or medical assistance arrives. This is a favorite ploy of kidnappers and sexual battery offenders.

Severe Weather Safety

Florida is the lightning capital of the United States and our region has experienced an active storm season this year. All severe weather alerts are made available to the entire NSU community via the NSU Emergency web page and the NSU Hurricane web page.

Personal Lightning Safety Tips

• Plan in advance your evacuation and safety measures. When you first see lightning or hear thunder, activate your emergency plan. Now is the time to go to a building or a vehicle. Lightning often precedes rain, so don’t wait for the rain to begin before suspending your activities.

• If outdoors, avoid water, high ground, and open spaces. Also avoid all metal objects including electric wires, fences, machinery, motors, and power tools. Unsafe places include underneath canopies, small picnic or rain shelters, or near trees. When possible, find shelter in a substantial building or in a fully enclosed metal vehicle—such as a car, truck—or van with the windows completely shut. If lightning is striking nearby when you are outside, you should:

  • Crouch down, put your feet together, and place your hands over ears to minimize hearing damage from thunder.

  • Avoid being in proximity (minimum 15 feet) to other people.

  • If you are indoors, avoid water. Stay away from doors and windows. Do not use the telephone. Take off headsets. Turn off, unplug, and stay away from appliances, computers, power tools, and TV sets. Lightning may strike exterior electric and phone lines, inducing shocks to inside equipment.

  • Suspend activities until 30 minutes after the last observed lightning or thunder.

  • Injured people do not carry an electrical charge and can be handled safely. Apply First Aid procedures to a lightning victim if you are qualified to do so. Call 9-1-1 or send for help immediately.
Additional Reminders

• Know your emergency numbers. Call 9-1-1 first, then NSU Public Safety at (954) 262-8999.

• For additional information, please visit www.nova.edu/publicsafety/forms/hurricane_brochure.pdf.

Additional Reminders

• Read the Public Safety Department’s Campus Safety Handbook to stay updated on annual security and fire safety reports. The handbook is available in the Public Safety Office at the Campus Support building or online at www.nova.edu/publicsafety/forms/campus_safety_handbook.pdf.

• Report all bias incidents and hate crimes.

• Prevent and prepare for H1N1. That includes keeping some food on hand in case you need to stay home for four to seven days.

• Browse safety-related information on the Public Safety Department’s Web site at www.nova.edu/publicsafety.

For Your Health NSU is a Tobacco-Free Campus

Tobacco-Free Policy

Policy Statement
Smoking and tobacco use are prohibited in all Nova Southeastern University facilities and on all university property and other properties owned or leased by the university with no exception. This includes, but is not limited to, all indoor and outdoor areas and properties. Indoor areas and properties include, but are not limited to, all common work areas, elevators, hallways, university-owned or leased vehicles, garages, restrooms, dining areas, employee lounges, conference and meeting rooms, and all other enclosed areas in the workplace. Outdoor areas include, but are not limited to, parking lots, grounds, rooftops, plazas, courtyards, entrance and exit ways, and any other areas of the university campus.

Also, smoking and tobacco use is prohibited within personal vehicles when on any property owned or leased by Nova Southeastern University. For purposes of this policy, “smoking” is defined as inhaling, exhaling, burning, carrying, or possessing any lighted tobacco product, including cigarettes, cigars, pipe tobacco, and any other lit tobacco products.

For the purposes of this policy, “tobacco use” is defined as the personal use of any tobacco product, whether intended to be lit or not, which shall include smoking as defined above, as well as the use of an electronic cigarette or any other device intended to simulate smoking and the use of smokeless tobacco, including sniff; chewing tobacco; smokeless pouches; or any other form of loose-leaf smokeless tobacco; as well as the use of unlit cigarettes, cigars, and pipe tobacco.

Policy Application

This policy applies to all students, faculty and staff members, volunteers, consultants, contractors, and visitors and extends to all facilities occupied or controlled by Nova Southeastern University, including regional campuses located in the state of Florida and other locations throughout the United States. Smoking and tobacco use is also prohibited in all university-owned or leased vehicles, including, but not limited to, Public Safety vehicles, Physical Plant vehicles, the Shark Shuttle, and golf carts.

General Campus Safety and Security Policies

There are two important elements in creating and maintaining protective programs and systems: an understanding by students and employees of campus crime and safety hazards, as well as methods of communication and action to reduce or eliminate security and safety threats and hazards.

Therefore, it is the policy of Nova Southeastern University that all students and employees of NSU campuses are to report criminal acts and safety hazards or occurrences known to them. The university community is encouraged to make accurate and prompt reporting of a crime to the Public Safety Department and appropriate police agencies, when the victim of a crime elects to, or is unable to, make such a report. The proper reporting procedure for everyone, in the event of any concern, is to contact the Nova Southeastern University Public Safety Department (NOVALERT) at (954) 262-8999. NOVALERT is available 24 hours a day. In the event of an immediate threat, danger, injury, or criminal occurrence, you are advised to call the local police/ fire/emergency medical service in your jurisdiction. Usually, these emergency services can be contacted from any telephone by dialing 9-1-1 or the local police/ fire emergency numbers. Always call NOVALERT at (954) 262-8999 after calling 9-1-1.
In all instances of criminal occurrence, loss of property, assault, threat, injury, or attempted crime, the NSU Public Safety Department must be contacted as soon as possible to facilitate proper reporting and resource utilization and to record the occurrence for further study and preventive action.

For criminal incidents and accident reports, NSU Public Safety will work with the local police jurisdiction to investigate when appropriate. NSU Public Safety encourages anyone who has knowledge of a crime to make a report of the incident to our office and the law enforcement authority with jurisdiction. All incidents related to a loss of NSU property require a mandatory police report. NSU Public Safety reports are not public record. While there is no mechanism to receive anonymous reports within the Department of Public Safety, victims can report crimes on a voluntary, confidential basis through Campus Security Authorities.

Campus Personal Safety and Security

The NSU Public Safety Department provides security information, assistance, and service to aid campus occupants in the protection process, but no person or location is 100 percent safe. The NSU Public Safety Department uses patrolling officers to observe and detect crimes and threats on the main campus. The Public Safety Department's function is primarily informational and advisory. Public Safety personnel are not police, are not empowered as such, and do not have the authority to make arrests.

The primary protective means used involves restricting campus access and use to only those authorized students, staff members, and employees, or their guests, for reasonable and safe purposes.

Law Enforcement

The Town of Davie Police Department and Nova Southeastern University have a written agreement that includes a provision for NSU Davie Police assignment to provide full law enforcement responsibilities, including the investigation of crimes in coordination with NSU Public Safety and the power to make arrests when appropriate. All criminal acts reported at the Oceanographic Center, Museum of Art, and all NSU regional campuses and academic sites are reported to, and investigated by, the local police jurisdiction—in coordination with NSU Public Safety, though, no specific written agreement exists.

The NSU Public Safety department frequently works with city, county, state, and federal law enforcement authorities. Agencies cooperate whenever possible on investigations and crime prevention programs to provide the best possible police services to our campus and local communities.

Currently, NSU does not have any officially recognized student organizations located off campus, including student organizations with non-campus housing facilities. If NSU were to obtain these types of properties, NSU would monitor and record, through local police agencies, any criminal activity by students at these locations.

Shark Watch—Campus Crime Prevention

A key element of campus crime prevention is student and faculty and staff member awareness and participation to actively help ensure that our campuses remain safe for all. Shark Watch utilizes the eyes and ears of the entire NSU community to immediately report all suspicious activity to NOVALERT at (954) 262-8999.

Firearms or Other Weapons Strictly Prohibited on Campus

Weapons Policy Applies To

All students and faculty and staff members of Nova Southeastern University (NSU) or (university), as well as individuals visiting or conducting business on university property.

Examples of such events include graduation ceremonies, receptions, meetings, conferences, and seminars.

Purpose

Although Section 790.115(2)(a)3, Florida Statutes, provides that a person may carry a firearm in a vehicle pursuant to Statute 790.25(5), it provides that schools may provide policies prohibiting this exception.

Nova Southeastern University is a “school,” as defined under Section 790.115(2)(a), Florida Statutes. This policy is intended to prohibit the exception for carrying firearms in a vehicle on university property pursuant to Sections 790.115(2)(a) and 790.25(5), Florida Statutes.

**Policy**

1. Except as expressly provided herein, it is strictly prohibited for any Nova Southeastern University student, staff member, faculty member, or any individual visiting
or conducting business on university property or at a university sponsored or supervised event to knowingly, intentionally, deliberately, or inadvertently introduce, possess, store, use, purchase, sell, or exchange any weapon, as defined herein, while on any university property or at any university sponsored or supervised event. This prohibition includes weapons stored on one’s person; in a motor vehicle; or in an office, residential hall, or any building on university property.

2. This policy does not prohibit
   a. weapons carried by law enforcement officials or other state or federal agents authorized by their governmental agency to carry weapons
   b. legitimate work tools required to complete work on campus

3. The director of Public Safety may grant exceptions to this policy to allow an individual to possess a weapon for the conducting of university-approved academic programs or training exercises or other university-approved activities or practices and in other special circumstances (e.g., ROTC, starter guns utilized at swim meets or other university-sanctioned activities or events, marksmanship competitions, etc.). An exception may only be granted with the express written permission of the president of Nova Southeastern University. Any request for an exception to this policy must have sufficient detail to fully describe the purpose or objective of having a weapon on university property or at a university sponsored or supervised event, the time period during which the weapon will be on university property or at a university sponsored or supervised event, what use will be made of the weapon while on university property or at a university sponsored or supervised event, and where and for how long the weapon will be stored. Any exception granted by the director of Public Safety must be in writing, shall specify any limitations on use and possession of the weapon, and must address the issue of storage of the weapon. The written exception must be approved by the NSU president prior to its issuance by the director of Public Safety.

4. Any violation of this policy is a serious offense. Any violation of this policy by any individual is considered serious misconduct and may subject the violator to penalties including, but not limited to, discipline up to and including termination under this and any other applicable NSU policy or adjudication of the violation according to the NSU Student Handbook. This may result in discipline up to and including dismissal from the university; eviction from the property or event; notification of local law enforcement officials for police response and action; or issuance of a written directive from the Public Safety Office barring future access to or entry upon university property or at a university sponsored or supervised event.

Any person who becomes aware of a violation of this policy must notify the Office of Public Safety immediately. Failure to notify the Office of Public Safety of a violation of this policy constitutes misconduct and may result in disciplinary action up to and including expulsion in the case of a student, termination in the case of an employee, and eviction from university property or a university sponsored or supervised event in the case of a person visiting or conducting business on university property or at a university sponsored or supervised event, as well as notification of local law enforcement for police response and action. Additionally, in the case of an individual visiting or conducting business on university property or at a university sponsored or supervised event, that individual may be issued a written directive from the Public Safety Office barring future access to or entry upon university property or at a university sponsored or supervised event.

**NSU Emergency Hotline and Web Site**

Nova Southeastern University’s all-hazard preparedness includes a 24-hour, dedicated EMERGENCY HOTLINE* that is updated in the event of any emergency alert to assist with keeping the NSU community informed and updated. The EMERGENCY HOTLINE is 800-256-5065.

*The university’s main number, (954) 262-7300, also serves as an emergency hotline in the event of an emergency or storm-related event.

The Nova Southeastern University Emergency Web page, www.nova.edu/emergency, works in conjunction with the EMERGENCY HOTLINE to keep the NSU community informed and updated with timely postings regarding all actual or potential crisis/emergency situations.

**NSU Alert—Emergency Notification System**

Nova Southeastern University has implemented a multi-tiered, mass notification system designed to alert the entire NSU community in the event of an emergency.

An immediate emergency notification (NSU Alert) will be sent to notify the NSU community of any confirmed significant emergency or dangerous situation involving an immediate threat to the health or safety of NSU students or employees on campus. Confirmation of any significant emergency or dangerous situation will be based on information from all available means, possibly including, but not limited to, initial information from reporting parties, victims, additional witnesses, responding Public Safety officers and first responders on scene, and available video surveillance. The decision to notify the community will be based on a case-by-case basis. Warnings may only be delayed or withheld if they would compromise efforts to assist a victim or to contain, respond to, or otherwise
mitigate the emergency. Taking into account the safety of
the community, the director of Public Safety or the associate
director of Communications will, without delay, determine
the content of the notification based on the original threat
assessment and then initiate the notification system. The
content of messages may also be developed through the
Public Safety Department (director of Public Safety and or
the Public Safety associate director of Communications)
in coordination and under the direction of the Office of
the President. In addition, the vice president of Facilities
Management is authorized to initiate and approve all
emergency notifications. The individuals responsible for
sending the official notification to the campus community
include, but are not limited to, the Public Safety associate
director of Communications, the on-duty dispatch
supervisor for the Public Safety Department, and the Public
Safety Department communications manager.

All NSU students and faculty and staff members will receive
NSU alerts regardless of location. For certain emergencies,
the Public Safety Department may activate pre-scripted
general emergency messages to immediately alert the
campus prior to a more specific scripted NSU alert being
delivered. The NSU emergency notification system utilizes
a third party vendor (Backboard Connect) to deliver all
NSU alerts, as text messages, voice phone messages, and
e-mail, to the NSU community (students, faculty and staff
members) regardless of campus location (alerts are not
segmented for specific campuses).

In addition to NSU alert notifications, which are made
without delay, the Public Safety Department will also
activate an electronic lockdown of University School and
the Mailman Segal Center on confirmation of a dangerous,
threatening situation on the main campus. In the event of
an incident that would require the larger community to be
notified, information may be sent through the Internet, local
media, and local cable channels, if appropriate, through the
Office of Public Affairs and/or the Office of the President.

NSU Public Safety, the Office of Innovation and Information
Technology, and the Office of University Relations will
test the NSU Emergency Notification System annually and
document the information concerning a description of
the exercise (i.e., date, time, and if announced or not
announced). This documentation will be posted on NSU’s
emergency Web page at www.nova.edu/emergency/.

Some of the components of this system that you may
already be familiar with include digital classroom intercoms,
an exterior public address system, emergency blue-light
telephones throughout campus, and the LCD “SharkTube”
displays throughout campus.

A key element of the NSU Alert system is the ability to send
voice and/or text messages to the NSU community’s mobile
and home phones. Our NSU community is composed of
more than 36,500 individuals living not only in Florida,
but throughout the United States and the Caribbean. All
emergency notification system components are tested on
an annual basis.

Reminder for students and staff and faculty members: It
is important that you update your emergency notification
information whenever your contact numbers change. Visit
www.nova.edu/emergency to learn how to update your
emergency notification contact information.
Emergency Evacuation Procedures

In the event of an emergency, the university’s notification system may be deployed to alert the campus community of the necessary actions needed to remain safe. Some basic guidelines are

- Stay calm.
- Follow the instructions of NSU Public Safety officers and the police.
- If you believe Public Safety and the police are not aware of the situation, call 9-1-1 or call NOVALERT at (954) 262-8999, or use an emergency blue-light phone or emergency intercom to communicate directly to Public Safety.

Blue-Light Telephones and Public Address System

Look for the blue light designating a Public Safety emergency telephone. There are more than 100 of these push-button emergency phones throughout the campus. These blue-light phones put you in immediate communication with a Public Safety officer. If you have a concern or question, please go to a blue-light phone and push the button on the face of the unit. Public Safety will respond immediately. Your communication need not be an emergency.

A strategic number of the campus blue-light phones have integrated public address capability (loudspeakers) that enables NSU Public Safety to broadcast announcements over the campus grounds.

How to Use a Blue Light Emergency Phone

Look for the blue light designating a Public Safety emergency telephone.

If you have a concern or question, press the red EMERGENCY button (or black CALL button) and the phone will automatically dial Public Safety.

Wait for the dispatcher to answer and then explain the reason for your call. Your communication need not be an emergency.

A blue light will flash at the phone once the button is pushed so that responding personnel can more easily locate you.
Emergency phones are located throughout every level of the West parking garage.

How to Use a Classroom Emergency Intercom

Above is a photograph of a digital intercom as installed in a typical classroom setting. The intercoms are strategically located by the instructor’s podium.

Emergency classroom intercoms are a way for Public Safety to make an emergency notification or broadcast instructions to a specific classroom or building in the event of an emergency.

- The intercoms are activated on the classroom side by pressing the button once and releasing.
- A Public Safety dispatcher will reply after the button has been pressed.
- The classroom-side user does not have to press the button again to speak.

Use the emergency intercom in any situation in which you need emergency help or feel threatened and cannot safely call Public Safety (954) 262-8999 using a telephone.

The use of classroom intercoms during an emergency should be limited to those requiring immediate help. The NSU Emergency Notification System will provide critical updates.

- The intercoms are activated on the classroom-side by pressing the button once. Wait for a reply from the Security Operations Center (SOC); the classroom-side user does not have to press the button again to speak.
- Use the emergency intercom in any situation in which you feel threatened and cannot safely call Public Safety NOVALERT using a telephone.

In the event of a campus emergency, the classroom intercoms may be activated to broadcast instructions to you. The use of classroom intercoms during an emergency should be limited to those requiring immediate help. The NSU Emergency Notification System will provide critical updates.

Emergency Preparedness and Response Procedures

Emergency Preparedness Card

As part of NSU’s Emergency Preparedness Procedures, faculty and staff members and students at all NSU facilities are issued an Emergency Preparedness Card. The cards are designed to be inserted in the plastic carrier with your NSU SharkCard ID. For your safety and convenience, the emergency card and your ID should be with you at all times. The card includes tips on what to do in specific emergency situations, phone numbers for NSU safety services, and contact information for several public agencies. Cards can be obtained at the NSU Campus Card office in the Don Taft University Center or by calling (954) 262-8929.

Emergency Voice and Text Messaging Alert System

It is important that you register your phone number (cell or other) with the Campus Emergency Voice and Text Messaging NSU Alert system. In the event of a campus-based emergency, one of the several ways NSU officials will contact you will be via a text message or phone call to the number you register with us. Visit www.nova.edu/emergency for information on how to register or update your campus emergency alert contact information.

Review your Emergency Preparedness Card to familiarize yourself with additional methods of notification during an emergency. Regular updates during an emergency can be obtained by calling 800-256-5065 or by visiting www.nova.edu.

For Medical Help

- Call 9-1-1 and give emergency personnel
  - your EXACT location—what building, floor, etc.
  - the type of injury (bleeding, fracture, etc.)
  - your name
• Stay on the line—Police or fire personnel will request that you wait. Help will be sent, then you will be asked for additional information.

• Call NOVALERT after calling 9-1-1; call NSU Public Safety’s hotline at (954) 262-8999. Public Safety will verify that you have called 9-1-1 and ask for the same information. Public Safety will dispatch AED/CPR-certified Public Safety officers and will escort emergency services directly to your location to support prompt response.

• Once emergency medical services (EMS/fire rescue) have arrived and treated the victim, it will be the victim’s choice whether or not he or she wants to be transported.

If You Are Rendering Help to the Injured
• Do not move the victim (unless he or she is in a dangerous area).

• If someone else is available and competent enough to use a phone, direct them, in no uncertain terms, to dial 9-1-1 and to come back and advise once they have done so. If no one else is available, dial 9-1-1 yourself before initiating any first aid.

• Restore breathing and/or heartbeat—(CPR, if trained).

• Keep others away from the victim.

• Use direct pressure to control a bleeding wound.

• Know your own limitations on the type of aid you can render.

• Do not overreact.

In the Event of a Fire
• Pull the nearest fire alarm.

• Evacuate, with all other building occupants, to a safe, secure distance from the building. Coordinate with emergency responders in assuring that all building occupants are accounted for.

• Call 9-1-1 for the fire department and give them your location and the following information:
  • exact location
  • type of fire (trash can, smoke, flames, etc.)
  • your name

• Call NOVALERT after calling 9-1-1; call NSU Public Safety’s hotline at (954) 262-8999. Public Safety will verify that you have called 9-1-1 and ask for the same information. Public Safety will dispatch AED/CPR-certified Public Safety officers and will escort emergency services directly to your location to support prompt response.

When a Police Officer Is Needed
• Call 9-1-1 (if emergency) and be prepared to give the following information:
  • exact location
  • type of problem (disturbance, vandalism, etc.)
  • your name

• Keep other people away from the scene.

• Ensure your own personal safety and the safety of those around you. Do not approach any area where there is any suspicion of a risk or danger.

• Do not touch or disturb anything.

• If possible, get a description of the suspect, vehicle, and license plate number.

• Attempt to keep others safe and calm.

• As with all other emergencies, after calling 9-1-1, call NSU Public Safety’s hotline at (954) 262-8999. Public Safety will verify that you have called 9-1-1 and ask for the same information. Public Safety will dispatch AED/CPR-certified Public Safety officers and will escort emergency services directly to your location to support prompt response.

Automated External Defibrillator [AED]

An AED is a portable electronic device that diagnoses and treats life threatening cardiac arrhythmias in a patient by applying an electric shock that stops the arrhythmia, allowing the heart to re-establish an effective rhythm.

In the event a person is having a medical emergency, please call 9-1-1 first, then call NOVALERT at (954) 262-8999. Public Safety will dispatch AED/CPR-certified Public Safety officers to assist and to guide fire rescue and EMS to your location.

Suspicious Package/Mail Protocol

The FBI and U.S. Postal Service authorities have issued tips for handling and reporting suspicious mail.

Characteristics of a suspicious package include

• no return address
• possibly mailed from a foreign country
• excessive postage
• restrictive markings like “Personal” or “Special Delivery”
• misspellings in the address
• addressed to a title rather than an individual
• badly typed or written
• uneven in shape
• rigid or bulky packaging
• strange odor
• oily stains, discoloration, or crystallization on the packaging
• excessive tape or string
• arrives unexpectedly or from someone unfamiliar to you
• protruding wires
• the city or state in the postmark does not match the return address

If you receive a suspicious package or envelope, here's what you should do:

• Do not move it.
• Do not open, smell, or taste it.
• Don’t shake or bump the item.
• Isolate the package.
• Stay away and keep others away from the suspicious package.
• Wash your hands vigorously for five minutes with soap and water.
• Call 9-1-1.
• Call NSU Public Safety NOVALERT at (954) 262-8999.
Laptop Lockup

Technically, it’s the safe thing to do.
Chemical Emergency
Call 9-1-1 then NSU Public Safety at (954) 262-8999. Notify your supervisor.

Spill and Leak Response
- Evacuate the area.
- Remove potential sources of ignition.
- Stay away until given the “all clear.”
- MSDS provides specific instructions.

If Exposure Occurs
If you are exposed through
- inhalation—move to fresh air
- eyes—flush with water for 15 minutes
- skin—wash with soap and water
- swallowing—seek immediate medical help

If a coworker is exposed
- identify hazardous chemicals in use
- refer to labels and MSDS for specifics

General Security
- If you see something, say something.
- Lock doors at all times (residence and vehicle).
- Do not prop doors open.
- Exercise, travel, or jog with a friend or partner.
- Be aware of unusual or suspicious people or conditions.
- Stay in well-lit areas of the campus.
- Call NSU Public Safety immediately to report crime or suspicious activity: NOVALERT (954) 262-8999.
- Call the local police (9-1-1), and then call NOVALERT if danger is suspected or if you are threatened.

Good locks on windows and doors make it difficult for assailants and burglars to get in. Make sure you always use the security measures available. For more information on locks and home security measures, contact the Public Safety Department at (954) 262-8999.

When you are at home, pull down your shades or curtains when it is dark out. If you let someone in and then have second thoughts, be assertive and demand that the person leave—or leave yourself. Call a friend or neighbor to come over. Pretend you are not alone; mention a friend or family member asleep in the next room. Anyone who refuses to leave is a trespasser, and you should call the local police (9-1-1) to have him or her removed.

Make sure hallways, entrances, garages, and grounds are well lit. Leave porch lights on all night. When away from home for the night, or when you expect to return after dark, leave an interior light on in a room or two, with shades drawn. Leave a television or radio on to give the impression that someone is at home. Install a peephole in your door, if your landlord approves.

When someone is at your door, never open it until you know who is there. Repair and sales people, police, and survey takers carry identification. Ask to see it, and if you have any doubt or question, call the company to verify the person’s identity before you permit entry. On campus, call Public Safety at (954) 262-8999. No solicitation is allowed on any NSU campus or facility without the permission of the NSU executive administration.

The following are more general security tips:
- If someone wants to use the phone, make the call for him or her without opening the door.
- Get to know your neighbors so you can get help if necessary. Be familiar with who is coming and going in the neighborhood.
- List initials and last name only on your mailbox or door. Consider not listing your address in the phone book.
- Avoid giving out information about yourself or making appointments with strangers over the phone.
- If you lose your wallet or purse, see page 20 for information on identity theft and helpful numbers to call.

Safety Escorts
Public Safety provides safety walking escorts upon request to anyone in the NSU community, on NSU property limits, 24 hours a day. Please call (954) 262-8999 and advise the on-duty dispatcher of the location where an officer may meet you.

NSU Campus Card (SharkCard)

- For your safety and security, it is required that all students, staff and faculty members, and NSU contracted service personnel have their NSU identification card on their person at all times while on campus.

- The SharkCard serves as your NSU library card, cash card, and membership card for the RecPlex at the Don Taft University Center. **You will need it for entry into parking lots, garages, and buildings (including all residence halls) on campus.**

On Campus

The NSU Public Safety Department operates 24 hours a day, seven days a week, for the protection of students, staff members, faculty members, and visitors. Officers patrol the campus in marked vehicles and on foot patrol. The Davie Police Department provides community police officers with full arrest powers on the main campus.

The Shark Watch program announces to criminals that we at NSU are aware of possible crime and are alert enough to report it. A criminal does not want attention. Attention leads to prevention. The announcements on bulletin boards, and the information on telephone stickers, indicate the emergency telephone number—(954) 262-8999. This number should be called whenever necessary for the safety and security of you, your property, or the campus.

Residence Halls

Access into all the residential hall parking lot areas and living facilities is controlled by electronic card access (NSU SharkCard). For detailed information on Residential Life and Housing’s safety and security policies and procedures, including fire safety practices, please review the Residential Life Living Guide, available at [https://www.nova.edu/publications/res_living_guide/index.html](https://www.nova.edu/publications/res_living_guide/index.html).

- If you are going out, tell someone where you are going and when you will return.
- Always lock your doors, and do not lend the key. Keys can be duplicated.
- Do not walk alone at night. Take a friend with you.

- Stay in well-lit areas.
- If you lose a room key, or believe that someone has a key to your room, report this immediately to the Office of Residential Life, (954) 262-7052. Public Safety can re-key the door.
- Photocopy all important papers that you carry in your purse or wallet, including your driver’s license. Keep the photocopy in a safe place. This information will be invaluable if you lose your license or credit cards.
- Don’t offer a ride to any person you don’t know, even if the person claims to be a student.
- Report to Public Safety any malfunctioning corridor, hallway, or exterior lighting.
- Download and use a free safety app on your smartphone to include friends and family in your personal safety net.

Missing Student Policy and Protocol for On-Campus Housing Students

The Office of Residential Life and Housing will initiate the following missing student notification policy. This policy is designated for those students living within university housing.

The purpose of having a listed emergency contact is to be able to verify that a student is actually missing, and has not voluntarily left his or her residence. Each residential student must identify two individuals as emergency contacts when checking into university residential halls. In addition, each residential student has the option of identifying a contact person or persons whom the institution will notify within 24 hours of a determination by the NSU Public Safety Department or local law enforcement agency that the student is missing. The names of these individuals will be registered confidentially and maintained in the Office of Residential Life and Housing and will only be accessible to authorized campus officials. Such names will not be disclosed, except to law enforcement personnel during a missing person investigation. At any point during a student’s enrollment, he or she may choose to change his or her designated emergency contact information by notifying the Office of Residential Life and Housing and/or the area coordinator.

When a report of a missing student is received by the university, the report will be immediately referred to the Public Safety Department. The Office of Residential Life and Housing will then conduct a preliminary investigation in order to verify the report and to determine the circumstances that exist relating to the reported missing student. If the student’s absence is verified, the Davie Police Department will be notified within 24 hours of such verification, and the investigation’s findings will be reported and shared with the Public Safety Department and the Office of the Dean of Student Affairs. The Office of Residential Life and Housing will also attempt to notify...
the designated emergency contacts listed by the student, in addition to those emergency contacts identified in the BANNER system. For each student younger than 18 years of age who is not emancipated, the university is also required to notify the student’s custodial parent or guardian, within the same 24-hour period.

All entities will continue the investigation to locate the missing student. If, after further investigation, the missing student is not located, all entities will determine the most efficient manner of continuing the investigation.

All concerned individuals should report that a student has been missing for 24 hours to the Office of Residential Life and Housing at (954) 262-7052 and/or the Public Safety Department at (954) 262-8999.

Residential Life and Housing Procedures
In the event of a missing student, Residential Life and Housing will work directly with the NSU Department of Public Safety and the Town of Davie Police. When a staff member encounters a person looking for a resident (either in person or via phone) the following procedures will be followed:

1. On report of a missing student, staff should notify Public Safety.
2. The staff member will record information from the reporter regarding the last time he or she was in contact with the resident and if there was an arrangement for the reporter to be in contact with the resident at some point.
3. Under no circumstances will/should the resident’s information (including room assignment and phone number) be given to the reporter. The Office of Residential Life and Housing will not verify to the reporter that the student is a resident. The staff member will inform the reporter of the “missing student” protocol. The staff member should use the information to inform the appropriate staff.
4. The staff member must contact staff in the following order:
   a. RA of the resident
   b. RA on duty
   c. AC for the building of the resident
   d. Senior staff person on call
5. A staff member (never in the presence of the person reporting the concern) will attempt to contact the resident by room phone or cell phone. Cell phone numbers are optional for a resident to provide via BANNER or the Office of Residential Life contract information.
6. Staff member will knock on the resident’s room door and inform the resident that a person is attempting to locate him or her and convey the information of the person making the report.
6. If the resident is not present, the staff member will ascertain information from a possible roommate. In the absence of a roommate, the staff member will announce themselves as an Office of Residential Life staff member, will key in with another staff member, and do a brief visual sweep of the room to ensure that the resident is not present and in danger.
7. If the resident was not reached via phone or in person, the senior staff member on call will attempt to retrieve any additional contact information for the resident via BANNER. The senior staff member will leave a voicemail or written message for the resident to contact both the person looking for him or her and the staff for the building.
8. The senior staff member will contact Public Safety to report the incident.
9. The senior staff member will ensure that the reporter has the contact information for the Offices of Residential Life and Public Safety should he or she have any further questions or information and/or to verify when he or she has made contact with the resident.
10. The RA completes an incident report. Public Safety determines whether a student is missing, given the information provided. The senior staff member on call will inform the assistant director of Residential Life, the director of Residential Life, and the associate dean of Student Affairs.
11. Within 24 hours of Public Safety making the determination that a student is missing, Public Safety, in conjunction with the Office of Residential Life, will contact the designated contact person and the Town of Davie Police Department.

Public Safety Department Safety Tips
All students and employees of NSU campuses are to report criminal acts and safety hazards or occurrences known to them as soon as possible. All students and employees may report safety concerns to the NSU Department of Public Safety at (954) 262-8999 or 800-541-6682, ext. 28999, 24 hours a day. It is also advised that, if a student or employee is off campus and a safety issue arises, he or she should call the police, fire, or emergency medical service in that jurisdiction. In the United States, these resources may be contacted by dialing 9-1-1.

The following list has safety tips that students and employees should use while traveling to and from campuses.

• Lock all doors in your vehicle at all times.
• While on-site, do not prop any doors open.
• Travel in pairs, particularly to and from your vehicle or transit mode.
• Park in areas where there is adequate lighting.

Don’t let your purse be a Dead Duck. Lock it up.
• Use the buddy system and/or escort service provided while traveling to and from your car and/or to other site facilities, if at all possible.
• Report all unusual or suspicious people or conditions to site coordinators, risk management, and security personnel.
• Read all safety bulletins in order to be alerted to potential safety hazards, risks, or concerns.
• Contact NSU’s Department of Public Safety if any safety concerns or issues arise while on assignment for intern, resident, practicum, or clinical placement.
• On campus and at all NSU sites and centers, wear your NSU-issued campus card (SharkCard) at all times and report individuals not wearing proper identification.
• Be alert to individuals loitering or hanging around.
• Have your keys out and ready to open your vehicle door when exiting any building.
• Minimize carrying packages, wearing expensive jewelry, and/or carrying large amounts of cash while working and/or commuting.
• Report any areas, such as hallways, entrances, garages, or grounds, that are not well lit to the site manager, risk management, or NSU’s Department of Public Safety.
• Always ask for identification before admitting individuals to secured work areas.
• Avoid giving out personal data over the phone.
• If you feel uncomfortable, trust your intuition, do not enter an area with a stranger.
• If your vehicle is disabled (e.g., a flat tire) when you leave work/school, seek help by phone or at the nearest business. Attackers will often disable victims’ cars in order to make the drivers more vulnerable.
• Check the back seat and underneath your vehicle before unlocking and entering the vehicle.
• If you are traveling by bus, use care when getting off the bus in an isolated area. Make yourself aware of the area and any individuals who may be following you when you exit or enter the bus.
• Evaluate the situation for possible ways of escape. If one method does not work, try another. Often, victims have tried several different escape ideas before one worked.

Survival Is the Goal
Prevention measures can reduce the risk of attack, but they are not 100 percent effective. What can you do if you are attacked? There is no ready answer because each situation is different. Recent studies show that an immediate aggressive response will be twice as likely to increase the possibility of escape but can aggravate the situation. Submitting does not guarantee that violence will not occur, however.

Evaluate the situation for possible ways of escape. If one method does not work, try another. Often, victims have tried several different escape ideas before one worked.

Procedure for Reporting Crimes
Report all crimes to both the NSU Public Safety Department and to the local police. The university community is encouraged to report to the local police (9-1-1) all occurrences of crimes, including but not limited to, the Clery crimes of murder and nonnegligent manslaughter; negligent manslaughter; rape, fondling, incest, and statutory rape; robbery, aggravated assault; burglary; motor vehicle theft; arson; arrests for liquor law violations, drug violations, and illegal weapons possession; hate crimes; larceny-theft, simple assault, intimidation, and destruction/damage/vandalism of property; and dating violence, domestic violence, and stalking. Reporting Clery crimes can be made to identified Campus Security Authorities, as described on page 25. Such reports can be made on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. For more information on how Campus Security Authorities protect confidentiality, see the “Campus Security Authorities” section that follows.

Timely Warning Policy
In the event that a Clery Act crime or other serious situation arises, either on or off campus, that, in the judgment of the director of Public Safety, constitutes a serious and/or continuing threat, a campus-wide “timely warning” will be issued. This warning will be issued via email utilizing the NSU Alert System (Blackboard Connect) to students and faculty and staff members and will be posted on the NSU Public Safety Web site at www.nova.edu/publicsafety/crimealerts.html.

In the event of an immediate threat to the health or safety of students or employees occurring on campus, the university will follow its emergency notification procedures, which can be found in the Emergency Notification System section located in this Handbook. The university’s Emergency Notification System will be used to send direct text, voice messages, and email to the university community.

The university is not required to provide a timely warning with respect to crimes reported to a pastoral or professional counselor, unless the pastoral or professional counselor reports such crime to university officials after obtaining consent from the person confiding in the counselor.

Anyone with information that they believe may necessitate the issuance of a timely warning should report the circumstances to Public Safety by calling (954) 262-8999.
Annual Disclosure of Crime Statistics

The Public Safety Department reports annual crime statistics for certain crimes (“Clery crimes”) as required by the Jeanne Clery Disclosure of Campus Security Police and Campus Crime Statistics Act (20 U.S.C. § 1092(f)).

In preparing these crime statistics, the university relies on incident reports received from the Public Safety Department, Campus Security Authorities, and law enforcement agencies in areas surrounding the NSU campuses. The Public Safety director, associate director of Communications, and assistant director of Support Services then review and compile such incident reports and make a determination if an incident qualifies as a Clery reportable crime. The crime data is then consolidated from the multiple sources, reported to the federal Department of Education, and published in the Annual Security Report. The Fire and Life Safety Manager reviews all fire-related incidents and policies on NSU property and provides the Annual Fire Safety Report to the Public Safety Department’s associate director of Communications.

Each year, an email notification will be sent to all enrolled students and faculty and staff members that provides the Web link to access the crime statistics. In addition, the annual crime statistics are contained in this Campus Safety Handbook, which is made available to all students and faculty and staff members at the Public Safety Department’s main campus office located in the Campus Support Building or by calling Public Safety at (954) 262-8999. This handbook is also available at every Public Safety office, Public Safety building post, regional campus, and is available online at www.nova.edu/publicsafety/forms/campus-safety-handbook.pdf. Prospective employees may obtain a copy of the report from NSU’s Office of Human Resources, located at the East Campus, 3100 SW 9th Avenue, Fort Lauderdale, Florida, 33315, or by calling Public Safety. Attendees at new-employee and new-student orientations and faculty and staff members at the Public Safety Department’s main campus office located in the Campus Support Building or by calling Public Safety at (954) 262-8999. This handbook is also available at every Public Safety office, Public Safety building post, regional campus, and is available online at www.nova.edu/publicsafety/forms/campus-safety-handbook.pdf. Prospective employees may obtain a copy of the report from NSU’s Office of Human Resources, located at the East Campus, 3100 SW 9th Avenue, Fort Lauderdale, Florida, 33315, or by calling Public Safety. Attendees at new-employee and new-student orientations are provided information on how to obtain this handbook. In addition, a link to the handbook is included on the NSU jobs and student registration Web pages.

Campus Security Authorities

Federal law defines four categories of Campus Security Authorities or CSAs: college or university police; non-police security staff responsible for monitoring university property; individuals/offices designated by the university as those to whom crimes should be reported; and officials with significant responsibility for student and campus activities. The following departments, offices, or individuals are identified as CSAs:

- NSU Public Safety Department (all uniformed personnel)
- All vice chancellors, deans, and provosts
- Division of Student Affairs: All professional staff members (excluding IT, back office administrative assistants, and finance)
- Department of Athletics (athletic directors, coaches, player personnel, trainers)
- Office of Human Resources: All members of the employee/management relations group (excluding back office administrative assistants)
- Compliance Office: All members (excluding back office administrative assistants)
- Risk Management: All members (excluding back office administrative assistants)
- Office of International Affairs
- Office of Undergraduate Affairs
- Graduate and Professional Schools, Division of Student Affairs and Admissions Offices

CSAs are obligated to report crimes reported to them which occurred on campus, in public areas bordering campus, and in certain non-campus buildings owned or controlled (leased) by the university. CSAs should only report those crimes that have not previously been reported to Public Safety. CSAs are available for those community members and students who may be hesitant about reporting crimes to Public Safety or the police, but are more comfortable confiding in campus-affiliated individuals. For purposes of reporting Clery crimes, CSAs are not required to disclose the identities of those reporting the crimes. They will keep the reporter’s identity confidential upon the reporter’s request.

Professional and Pastoral Counselors

Professional, licensed counselors and pastoral counselors, who provide mental-health counseling to members of the university community (including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX coordinator without a victim’s permission. While the university does not have any pastoral counselors, professional, licensed counselors are available to the university community through services provided by the Henderson Clinic, the NSU Psychological Center, and the Counselors in Residence with the Office of Residential Life and Housing. Should you wish to keep the reporting of a crime confidential, seek help from these individuals. While professional counselors do not have a policy of encouraging victims to permit the professional counselors to report the crimes for Clery-reporting purposes, they do provide information on how to report crimes to Public Safety and local law enforcement. Refer also to the “Student Counseling and Employee Assistance” section of this handbook for additional information.
University Dating Violence, Domestic Violence, Sexual Assault, and Stalking Policies

The purpose and scope of the Dating Violence, Domestic Violence, Sexual Assault, and Stalking Policy is to establish a policy and definitions for preventing dating violence, domestic violence, sexual assault, and stalking and for advising students and employees of the procedures that the university will follow in the event they fall victim to or witness such offenses. This policy applies to all students and employees, unless otherwise stated, and complies with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (the “Clery Act”), including the recent amendments made to the Clery Act by the Campus Sexual Violence Elimination Act (the “Campus SaVE Act”).

Completing a report with NSU Public Safety Department, Division of Student Affairs, Office of Human Resources, or Student Counseling does not commit a student or employee to any subsequent course of action. Confidentiality is a critical concern for victims of dating violence, domestic violence, sexual assault, and stalking. Victims frequently express fear that family, friends, professors, police, residential hall staff, and/or the press will learn of their experience. Insofar as it does not interfere with the university’s legal or ethical obligations, the university will honor the victim’s choices regarding additional reporting and follow-up. While options and alternatives will be presented and discussed, final decisions are left to victims unless they are too seriously injured to make their own decisions.

Victims of dating violence, domestic violence, sexual assault, and stalking have the option to notify—or decline to notify—the proper law enforcement authorities, including NSU Public Safety and local police. Victims also have the option to be assisted by campus authorities in notifying law enforcement authorities if the victim so chooses. There are several confidential resources available to students and faculty and staff members who are not yet ready to report an incident. The Henderson Student Counseling Center, Counselors in Residence with the Office of Residential Life and Housing, and health care professionals at the NSU Student Medical Center and NSU Psychological Services Center are all available to victims who desire confidentiality. For more information, refer to the Office of the Associate Dean of Student Affairs, the Office of Human Resources, or the “Student Counseling & Employee Assistance” section of this handbook.

I. POLICY: The university, in compliance with the spirit of various federal and state laws (e.g., Title VI of the Civil Rights Act of 1964, Title IX, of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and other similar state and federal statues or regulations, including the Jean Cleary Disclosure of Campus Security Policy and Crime Statistics Act and the Violence Against Women Act of 1994), adopts the policy and fosters an environment where no individual may threaten the health, safety, and welfare of a member of the university community; or any person on university property; or at a university-sponsored or supervised activity, through the commission of an act of dating violence, domestic violence, sexual assault, stalking, sexual harassment, discrimination, battery, and/or misconduct, including acquaintance rape. Please also see the NSU Student Handbook for the NSU policy and definitions of sexual misconduct and sexual harassment, available at http://www.nova.edu/studentaffairs/forms/studenthandbook_2014-15.pdf.

II. DEFINITIONS: The university recognizes the Florida state statutes and any other state or territorial statutes or regulations as appropriate for the applicable jurisdiction. Additionally, Nova Southeastern University acknowledges acquaintance rape in its definition of sexual assault. Acquaintance rape is defined as forced, manipulated, or coerced sexual intercourse by a friend or acquaintance. Dating violence, domestic violence, sexual assault, or stalking that occurs off campus can be the subject of a complaint or report and will be evaluated to determine whether or not it violates this policy. Refer to Appendix 1 for definitions of dating violence, domestic violence, sexual assault, and stalking as they appear in the Florida Statutes and other applicable jurisdictions.

III. CONSIDERATION AND RIGHTS TO BE AFFORDED TO ALL CAMPUS COMMUNITY MEMBERS REGARDING DATING VIOLENCE, DOMESTIC VIOLENCE, SEXUAL ASSAULT, AND STALKING:

A. the right to have all acts of dating violence, domestic violence, sexual assault, and stalking against them treated with seriousness; and the right, as victims, to be treated with dignity
B. the right to have any acts of dating violence, domestic violence, sexual assault, or stalking committed against them investigated and adjudicated by the duly constituted criminal and civil authorities of the governmental entity in which the crimes occurred; and the right to the full and prompt cooperation and assistance of campus personnel in notifying the proper authorities
C. the right to be free from pressure that would suggest that victims (1) not report crimes committed against them to civil and criminal authorities or to the campus Public Safety and disciplinary officials, or (2) report crimes as lesser offenses than the victim perceives them to be
D. the right to be free from suggestions that dating violence, domestic violence, sexual assault, and stalking victims not report, or under-report, crimes because (1) victims are somehow “responsible” for the commission of crimes against them; (2) victims were contributorily negligent or assumed the risk of being assaulted; or (3) by reporting crimes, they would incur unwanted personal publicity
E. the right to the full, prompt, and reasonable cooperation from campus personnel in responding to the incident

* Refer to the Appendix on page 67 for more information about the Campus SaVE Act.
F. the right to have access to counseling services established by NSU or other victim-service entities
G. the right to require that campus personnel take the necessary steps or actions reasonably feasible to prevent unwanted contact with, or proximity to, alleged assailants after an assault is reported, including assistance with academic, workplace, and housing accommodations, if requested and reasonably available
H. the entitlement of both accuser and accused to the same opportunities to have others present during a disciplinary proceeding
I. the right of both accuser and accused to be informed of the outcome of any university disciplinary proceedings
J. the right to be provided with written information regarding the victim's rights and options following a report of dating violence, domestic violence, sexual assault, or stalking

IV. EDUCATION AND INFORMATION: The university, through the Division of Student Affairs, the Office of Human Resources, the Office of Residential Life and Housing, and the NSU Public Safety Department, provides educational and informational programs and materials regarding awareness, prohibition, and prevention of dating violence, domestic violence, sexual assault (including rape, acquaintance rape, and other sex offenses), and stalking. The Awareness, Education, and Prevention Committee, which is comprised of members from the Division of Student Affairs, Athletics, NSU Public Safety Department, and the Henderson Student Counseling Center, continues to develop additional prevention and awareness programs for dating violence, domestic violence, sexual assault, and stalking.

Awareness and Prevention Programs
Awareness programs are presented during orientation to all students new to the university and throughout the year on an ongoing basis to numerous student groups (e.g., Greek organizations, student athletes, and residence hall floors) in partnership with Women In Distress of Broward County, the only nationally accredited, state-certified, full service domestic violence center serving Broward County. For example, Women In Distress sponsors “Creating a Safer Environment” and “Silent Witness Memorial,” programs that discuss sexual violence in domestic relationships and honors those victims who have been impacted by the same. The university also actively participates in a variety of awareness programs which fluctuate year to year as a result of being student-driven. Programs include the Purple Ribbon program, honoring the victims and survivors of domestic violence, the ClothesLine Project, and the Take Back the Night program. The university is currently developing a university Web site featuring numerous resources and educational materials on the prevention of and raising awareness for dating violence, domestic violence, sexual assault, and stalking. To obtain information on such programs, contact the Office of the Associate Dean of Student Affairs.

In support of the awareness and educational programs, the Division of Student Affairs conducts training sessions for staff, including students, in student affairs, residential life, orientation, and athletics focused on dating violence, domestic violence, sexual assault, and stalking. The Henderson Student Counseling Center also provides ongoing prevention and awareness education to students in the form of brochures with information on sexual assault, promoting healthy communication between partners, and dating risk reduction strategies.

In addition, safety and security information programs and general information are provided by the offices within the Division of Student Affairs (DOSA), including the Office of Residential Life and Housing and the College of Undergraduate Studies (COUS) in the form of personal contact, student orientation, and informational booklets. Additional educational sessions are conducted by staff within DOSA, as well as by Public Safety personnel. Each year, several offices within DOSA and COUS work with students to develop these programs. All programs focus on domestic and sexual violence awareness and education.

All faculty and staff members are required to complete Sexual Harassment training modules within 90 days of their date of hire. The Public Safety Department presents valuable crime prevention and campus safety information and instruction at all new employee orientations (approximately every two weeks) and at all new student orientations (in January and August). In addition, the university provides information regarding dating violence, domestic violence, sexual assault, and stalking to current employees and students approximately every two weeks in a program called SEA Thursday. The university is currently developing additional programs to address the prevention of instances of dating violence, domestic violence, sexual assault, and stalking for ongoing students and employees.

The university will provide written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, visa immigration assistance, and other services that may be available for victims, both within the university and in the community.

Bystander Intervention
The university expects all members of the campus community to take reasonable and prudent actions to prevent or stop acts of dating violence, domestic violence, sexual assault, and stalking. Educating and engaging bystanders are effective ways to help prevent these types of acts. Bystanders can help in several different ways, including direct intervention, seeking assistance from authority figures, notifying campus security, or calling State or local law enforcement. Moreover, section 794.027, Florida Statutes, imposes a duty, under certain circumstances, upon persons who observe the commission of the crime of sexual battery to seek assistance for the victim.
If you see an act of dating violence, domestic violence, sexual assault and/or stalking, it is important to understand that no individual has the right to be violent, regardless of whether people are in a relationship. Recognizing when acts of dating violence, domestic violence, sexual assault, or stalking are occurring is the first step to intervention. Campus education and training programs are available to help you recognize when dating violence, domestic violence, sexual assault, or stalking are taking place. Women In Distress’s “Creating a Safer Environment” is one such program that educates the community on bystander accountability and empowering others to hold abusers and perpetrators accountable for their actions. If you make the decision to intervene, do so cautiously and safely. Do not use violence to stop violence. If you cannot stop the act with your words, call law enforcement. Do not be afraid to ask campus officials or other authority figures for help.

Risk Reduction

The programs above, including those that are sponsored by the Division of Student Affairs, Women In Distress, and the Henderson Student Counseling Center, present options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence. It is the hope of the university that these programs will educate the community so as to reduce the prevalence of dating violence, domestic violence, sexual assault, and stalking and to provide help to those who fall victim to such offenses.

V. REPORTING: Report all crimes to both NSU and Public Safety and to the local police.

The NSU community is encouraged to report to the local police (9-1-1) and NSU Public Safety Department—extension 28999 on campus and (954) 262-8999 off campus—all occurrences of dating violence, domestic violence, sexual assault, and stalking. Professional staff members in the Office of the Vice President of Student Affairs, Office of Residential Life and Housing, student counseling, the Office of Human Resources, and the NSU Public Safety Department are among those who are trained and willing to assist students and employees who are victims of dating violence, domestic violence, sexual assault, or stalking. Students aggrieved by a violation of this policy may file a grievance under Title IX. Employees may file a report with the Office of Human Resources. All reports of dating violence, domestic violence, sexual assault, and stalking will be thoroughly investigated by the university Title IX coordinator or the vice president of Human Resources.

All allegations of dating violence, domestic violence, sexual assault, and stalking, including sexual misconduct and harassment of or by a student, should be reported to the university Title IX coordinator, Gay Holliday, associate dean of Student Affairs, Rosenthal Building, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796. Call (954) 262-7281, or email gayhol@nova.edu. All reports of allegations of dating violence, domestic violence, sexual assault and stalking, including sexual misconduct and harassment of or by an employee, vendor, or client, should be reported to Robert Pietrykowski, vice president of Human Resources, 3100 SW 9th Avenue, Fort Lauderdale, Florida 33315-3025. Call (954) 262-7893, or email rpietrykowski@nova.edu.

If a student or employee who is a victim of dating violence, domestic violence, sexual assault, or stalking reports the matter to a university administrator or any other university employee, the administrator and/or employee will encourage the victim to seek immediate medical attention and assist the victim in appropriate methods and avenues to receive medical care. Regardless whether the offense occurred on or off campus, the victim will be provided a written explanation of the victim’s rights and options. Administrators will encourage the victim to authorize notification to the NSU Public Safety Department (PSD) of the occurrence of the crime, and then to cooperate with PSD and student life and/or residential life and housing in reporting the matter to the rape victim advocate in the state attorney’s office and to local police, if applicable. The victim will be assured of university support, including reasonable confidentiality, full cooperation with any police investigation, and counseling through the Henderson Student Counseling Center and the Rape Crisis Center.

Confidentiality is a critical concern for victims of sexual assault. Nova Southeastern University permits victims or witnesses to report crimes to Campus Security Authorities on a voluntary, anonymous and confidential basis. While such anonymous reports will be reported in the Annual Security Report crime statistics in this publication, without the inclusion of identifying information about the victim—as defined in 42 U.S.C. 13925(a)(2)—Nova Southeastern University encourages individuals who report crime to provide as much identifying information as possible. Insofar as it does not interfere with the university’s legal or ethical obligations, the university will honor the victim’s choices regarding additional reporting and follow-up and will maintain as confidential any accommodations or protective measures provided to the victim. While options and alternatives will be presented and discussed, final decisions are left to victims unless they are too seriously injured to make their own decisions.

Information on the rights of victims and the university’s responsibilities for orders of protection, no contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court or by the university is available through the NSU Public Safety Department and local law enforcement agencies.
If the person reporting the dating violence, domestic violence, sexual assault, or stalking is a third party (not the victim), the administrator will do the following:

a. advise the reporter to counsel the victim to seek medical assistance;

b. advise the reporter to encourage the victim to talk with a counselor from the Rape Center in Broward County, a staff counselor at the Henderson Student Counseling Center, a student and/or residential life administrator, the director of public safety, or some other university official;

c. protect the confidentiality of the victim (if name is known); and

d. report the incident to the associate dean of Student Affairs or the Office of Human Resources.

If any crime happens on campus, call the NSU Public Safety Department and the local police. The primary concern is the safety and well-being of the person who has been assaulted. Second and third concerns are the apprehension of the assailant and preservation of evidence of the crime.

When police officers arrive, they can assist the victim in obtaining medical assistance, if necessary. At this time, the only information needed is a brief account of what happened, a physical description of the assailant, and the assailant’s direction of travel.

Later, a more detailed interview will take place. The sooner the crime is reported, the better the chance that the assailant will be caught. Preserving physical evidence is important and may assist in proving that the alleged criminal offense occurred or may be helpful in obtaining a protection order. The police may ask for clothing and other items to check for evidence.

If the victim does not want to file an official police report of the incident, he or she can still provide the police with information about the assault. This information may help the police arrest the assailant and prevent another assault. Information may be provided directly or through a friend or advocate.

Help is available from the state attorney’s office for victims with questions or doubts about prosecution. This handbook includes contact numbers for local and regional sexual assault/rape crisis centers. (See pages 41–46.)

Retaliation: The university is committed to a policy that encourages timely disclosure of dating violence, domestic violence, sexual assault, and stalking. Any person, who, in good faith, reports such acts will be protected from retaliation (defined as adverse action taken because an individual has engaged in protected activities), threats of retaliation, suspension or discharge from an educational opportunity or employment, or any other forms or means of discrimination because this person reported an act or acts of dating violence, domestic violence, sexual assault, stalking, or other crime. Participants who experience retaliation should report the incident to the Title IX Coordinator, if a student, and to the Office of Human Resources, if an employee.

VI. DISCIPLINARY ACTION: In addition to any criminal or civil actions that may be pending or in progress, the university reserves the right to pursue separate disciplinary action. Individuals found responsible for dating violence, domestic violence, sexual assault, and/or stalking may expect disciplinary actions that could include suspension, expulsion, or termination from the university. Such disciplinary action and institutional proceedings will proceed independently of any criminal and/or civil cases involving the victim and the accused.

VII. INSTITUTIONAL DISCIPLINARY PROCESS: The institutional disciplinary procedures will provide a fair, prompt, and impartial process from investigation to final result. Such institutional disciplinary proceedings will be transparent to the complainant and accused and be conducted consistent with the university’s policies and by persons who do not have a conflict of interest or bias for or against the complainant or the accused and who receive annual training on issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation, and a hearing process that protects victim safety and promotes accountability. The university will conduct a timely review of all complaints of domestic violence, dating violence, sexual assault, and/or stalking. Absent extenuating circumstances, review, and resolution is expected to take place within sixty (60) calendar days from receipt of the complaint. Extensions of applicable timeframes are available on a showing of good cause with written notice to the complainant and the accused of the delay and the reason for the delay.

Both the complainant and accused have the same opportunity to have others present during such disciplinary proceedings, including the same opportunities to be accompanied to any related meeting or proceeding by the adviser of their choice, should the meeting or proceeding be open to the parties. Generally advisers are not permitted to speak on the behalf of a student, employee, or complainant, or to participate directly in any meeting or hearing, unless otherwise stated. Other limitations and restrictions on advisers and the internal judicial process can be found in the Nova Southeastern Hearings and Students Rights policy available at the Office of the Associate Dean of Student Affairs. Parties will be informed simultaneously in writing of the outcome of the process, the availability of any appeal procedures, and when the results become final after any appeals.
The disciplinary process available for victims of dating violence, domestic violence, sexual assault, and stalking is pursuant to the Student Disciplinary Process maintained by the Office of the Vice President of Student Affairs, when the accused is a student, and is pursuant to the procedures maintained by the Office of Human Resources, when the accused is an employee. The following describes the steps taken pursuant to each disciplinary process:

A. Student Disciplinary Process

1. Incident Reported

Any member of the university community or non-university community may file a complaint/incident report related to allegations of dating violence, domestic violence, sexual assault, and/or stalking. The report must be in writing and include the following:

   Date and time of the incident
   Description of the incident and misconduct
   Name(s) of student(s) involved, address, and phone, if known
   Name(s) of any witness(es), address, and phone, if known
   Name of person making the report and contact information

Written incident reports are automatically generated by the NSU Office of Public Safety and the Office of Residential Life and Housing. Reports made verbally by individual students or faculty and staff members must be put in writing, and individuals are encouraged to file a report with the NSU Public Safety Department.

The incident report should be directed to the associate dean of Student Affairs who serves as the Chief Student Judicial Officer for the university. Reports of a threat of harm to self, others, or university property are reported to the vice president of Student Affairs who then determines the action to be taken.

2. Investigation

The associate dean of Student Affairs and/or his or her designee will conduct an investigation to determine if there is reasonable cause to believe that dating violence, domestic violence, sexual assault, or stalking has occurred. Such investigation will normally take no more than 15 calendar days.

The investigation includes speaking with all individuals who may have information related to the reported incident. An incident file is created and all information related to the incident and the investigation is placed in the file. The associate dean of Student Affairs is kept apprised of the information gathered through the investigation.

The complainant, accused, and appropriate officials will have timely access to any information that will be used after the fact-finding investigation but during informal and formal disciplinary meetings and hearings.

3. Determination of Reasonable Cause of Commission of Dating Violence, Domestic Violence, Sexual Assault, or Stalking

If there is a determination that no dating violence, domestic violence, sexual assault, or stalking occurred, the student is not charged and the case is closed. The case file is kept by the Office of the Associate Dean of Student Affairs.

If the associate dean or his or her designee determines that there is reasonable cause to believe that dating violence, domestic violence, sexual assault, or stalking occurred, the allegations will be resolved through a major administrative judicial hearing with the associate dean of Student Affairs. A finding against the accused could result in suspension or expulsion.

4. Notification

Not less than five (5) calendar days prior to the designated time and place of the hearing, the associate dean of Student Affairs or his or her designee will send written notification to the student(s) who are alleged to have committed dating violence, domestic violence, sexual assault, or stalking, with a copy sent to the complainant as well. The charge letter provides the student(s) with the following:
a. the time and place of the hearing  
b. the university conduct standard and/or university policy(ies) and procedure(s) alleged to have been violated with sufficient details of the incident to be understood  
c. the name of the person(s) filing the complaint  
d. a copy of NSU Hearings and Students Rights  
   (The student is informed that he or she may, prior to the hearing, schedule a meeting with a designated person in the Office of the Associate Dean to discuss the hearing process and to answer any questions.)

A copy of the incident report will be made available to the parties at least five (5) days prior to the date of the scheduled hearing. The parties may present witnesses of fact and information on his/her benefit. A list of witnesses must be provided to the administrative hearing officer a minimum of 72 hours before the hearing.

5. Judicial Hearing Conclusion

Upon conclusion of the judicial hearing, the hearing officer will determine if the accused committed the alleged offense(s) of dating violence, domestic violence, sexual assault, and/or stalking. Decisions are based on a preponderance of presented evidence that the accused more likely than not committed the alleged offense(s) of dating violence, domestic violence, sexual assault, and/or stalking. If there is a finding against the accused, the administrative hearing officer will determine the appropriate sanction(s) to be imposed.

Within a reasonable time after the conclusion of the judicial hearing, the hearing officer will simultaneously send a letter to the accused and complainant summarizing the incident, the judicial hearing, the decision, the sanction(s) imposed, the appellate procedures available (for all parties), any changes to the results, and when the results will become final. Such letter is sent via the students' mailing addresses and NSU email addresses.

If the violation has implications to the standards of practice or supplementary standards of the student's academic program, a copy of the disposition letter of the judicial hearing is sent to the academic program dean, once the matter is subject to a final, non-appealable disposition.

6. Types of Sanctions

One or more of the following sanctions may be imposed:

a. Expulsion

Permanent dismissal from the university with no right for future readmission under any circumstances. A student who has been expelled is barred from campus visiting privileges.

b. Suspension

Mandatory separation from the university for a period of time specified in an order of suspension. An application for admission will not be entertained until the period of separation indicated in the suspension order has elapsed. Readmission is subject to approval of the university. During the period of suspension, the student is barred from campus visiting privileges unless specific permission is granted by the vice president of Student Affairs or his or her designee.

c. Temporary Suspension

Action taken by the vice president or associate dean of Student Affairs which requires a student's temporary separation from the university until a final determination is made of whether or not a student has committed the alleged offense of dating violence, domestic violence, sexual assault, and/or stalking.

d. Final Disciplinary Probation

A disciplinary sanction serving notice to a student that his/her behavior is a flagrant violation of university standards, under which the following conditions exist:

i. The sanction is for the remainder of the student's academic career and may be reviewed by the vice president of Student Affairs no sooner than two regular academic semesters or equivalent after the sanction is imposed.

After two semesters in attendance, a student may initiate a request in writing for reduction of the sanction to Disciplinary Probation, but must also demonstrate reason to substantiate the request.

ii. Another violation of the Code of Student Conduct and Academic Responsibility will result in the minimum of suspension being imposed if the student is found in violation.

e. Disciplinary Probation

A disciplinary sanction serving notice to a student that his/her behavior is in serious violation of university standards. A time period is indicated during which another offense of dating violence, domestic violence, sexual assault, stalking, or violation of the Student Code of Conduct will automatically raise the question of a more severe sanction (suspension or expulsion) if the student is found in violation.

f. Disciplinary Warning

A disciplinary sanction serving notice to a student that his/her behavior has not met university standards. This sanction remains in effect for a designated number of semesters of attendance after which it is expunged from the student's file.

g. Verbal Warning

A verbal warning is a verbal admonition to the student by a university staff member that the student’s behavior is inappropriate. A verbal warning will be noted in the student's file.
A written decision will be provided by the vice president of Student Affairs within a reasonable amount of time from receipt of the appeal request. The decision of the vice president of Student Affairs will be final.

If the accused is suspended, dismissed, or expelled from the university, the associate dean of Student Affairs sends written notification of the action to the dean of the student’s academic program and appropriate university administrative offices.

**B. Employee Disciplinary Process**

A complaint of dating violence, domestic violence, sexual assault, or stalking against an employee will be handled through the Office of Human Resources, in accordance with its procedures for complaints against employees. An investigation will be conducted by its staff, and any sanctions against the employee will be determined using a “more likely than not” preponderance of the evidence standard. Penalties may include formal counseling, demotion, probation, suspension with or without pay, or termination from employment.

**VIII. PROTECTIVE MEASURES AFFORDED:**

**Academic and Workplace Accommodations:** The university is committed to ensuring the safety and well-being of the victim. A student who has been a victim of sexual misconduct may request an academic accommodation or change in residence after a report of dating violence, domestic violence, sexual assault, or stalking. An employee who has been a victim of dating violence, domestic violence, sexual assault, or stalking may request reasonable accommodations to his or her work schedule or location. Any individual who makes a request will receive an appropriate and reasonable accommodation, if available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Possible requests include the ability to change academic schedules or work schedules, withdraw from or retake a class without penalty, access academic support such as tutoring services, and change residence hall assignments. Pursuant to Title IX, in most cases of sexual violence or sex discrimination, the university will endeavor, to the extent practicable, to change the schedule or accommodations of the accused prior to changing the schedule or accommodations of the victim.

**Interim Measures:** In situations where it is necessary, the university will take immediate steps to protect victims pending the final outcome of any investigation. These steps include accommodations listed above in addition to issuing no contact orders. Pending resolution of the complaint, the accused may be prohibited from contacting the victim and may be placed on suspension or denied access to campus. Also, the university may change the course or work schedule or residence assignment of the accused.

The university will maintain as confidential any such accommodations or protective measures provided to victims, to the extent that maintaining such confidentiality will not impair the ability of the university to provide the accommodations or protective measures.

Please see the APPENDIX, beginning on page 67, for Clery crimes statistics definitions and state statutes pertaining to domestic violence and sexual assault.
Sex Offender Registry and Access to Related Information

Incarceration may temporarily remove a sex offender from the streets, but it does nothing to prevent the offender from committing another crime when released.

The federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where to obtain law enforcement agency information concerning registered sex offenders. It also necessitates that sex offenders already required under state law to register in a state provide notice to each institution of higher education in that state where he or she is employed, carries on a vocation, volunteers services, or is a student.

The Florida Department of Law Enforcement maintains a system for making certain registry information on violent sex offenders publicly available by means of the Internet. The information made available includes the offender’s name; all aliases that he/she has used or under which he/she may have been known; his/her vital statistics including date of birth, race, sex, hair color, eye color, height, and weight; last reported address; and a photograph.

Pertinent Web site addresses for securing related information are

Alcohol and Drug Use Policies

NSU has established rules and regulations on the use and abuse of drugs and alcohol on university campuses and at university events.

The unlawful manufacture, distribution, dispensation, sale, possession, or use of drugs and the abuse of alcohol are prohibited in and on Nova Southeastern University owned or controlled property and as a part of any activities. No NSU employee or student is to report to work or school while under the influence of drugs or alcohol.

The enforcement of federal, state, and local laws pertaining to underage drinking; possession, use, and sale of drugs; and any other criminal occurrences is referred to the law enforcement agency having jurisdiction.

Note: Also see the university’s Tobacco-Free Policy on page 6 of this handbook.

Campus Safety and Security Programs and Information Systems

The university uses several programs and systems to inform students and employees about campus security procedures and practices. The university encourages students and employees to be responsible for their own safety and the security of others.

1. A general campus safety handbook (this document), containing informative and educational material regarding crimes and threats to students and employees, is provided. Also included are contact telephone numbers for campus security (Public Safety), law enforcement agencies, and other resource agencies.

2. An informational and educational lecture program identified as “Shark Watch” is available. Professional public safety crime-prevention practitioners instruct students and employees in security and safety matters and concerns. Recommendations on how to prevent or deal with such concerns are provided in these lectures.

A full explanation of Nova Southeastern University’s policies on safety and security, as well as university programs and systems available to eliminate or reduce those threats, is also provided. Lectures are presented during student and employee orientation and upon request by calling (954) 262-8999.

3. The NOVALERT announcement program uses the campus safety handbook, as well as posted information on general security assistance contacts, emergency procedures and resource contacts, and special security announcements and information in reference to immediate concerns. Special announcement bulletins regarding safety and security are posted on campus and Residential Life bulletin boards and on facility access doorways.

4. Safety and security informational programs and information are provided by the offices of Student Services and Residential Life (campus housing) in the form of personal contact, student orientation, and informational booklets and lectures by campus Student Life staff members and student leaders, as well as by Public Safety personnel.

5. The university actively participates in the Display a Purple Ribbon program, honoring the victims and survivors of domestic violence, as well as the annual Take Back the Night candlelight vigil and march. During the vigil and march, members of the university community gather to bring awareness to, and recognize efforts in stopping, acts of sexual assault and domestic violence.

6. The university actively participates in suicide and violence prevention programs, informing the university community about the risk factors, protective factors, and warning signs of suicide and violence. Information on, and how to locate resources about, responding to troubled individuals are also presented. Presentations are also provided on other prevention-related topics, including stress management and test anxiety.
7. The university actively participates in emergency preparedness and response training. The NSU Public Safety Department has recently implemented a new training program on what to do and how to react in various dangerous situations, involving both environmental and active shooter confrontations. Such training provides guidance in the event that one of these situations arises. Emergency preparedness and response training is mandatory for all employees and is presented at all new-employee orientations. In addition, emergency preparedness and response training is available online for the student community and is referenced at all new-student orientations.

8. SEA Thursday has become a welcomed tradition at the university. The event is hosted biweekly at the UC Spine from Noon–1:00 p.m. on Thursdays, where the campus gathers for free food, music, and other themed activities organized by the SEA Thursday chair. Clubs and organizations on campus, as well as outside vendors, are welcome to host tables to inform NSU students of on- and off-campus opportunities. The NSU Public Safety Department is committed to active participation and student engagement at SEA Thursday and will make important SharkWatch crime prevention information, including topics on sexual assault violence prevention, available to those who attend.

A 24-hour, daily emergency communication telephone service is available to any student, on any NSU campus, through the Public Safety Department. The number is published in campus periodicals, posted on campus, and identified as the NOVALERT telephone number, (954) 262-8999.

Emergency Preparedness and Response Training

The NSU Public Safety Department has recently implemented a new training program on what to do and how to react in various dangerous situations, involving both environmental and active shooter confrontations. This training is to provide guidance in case one of these natural or man-made situations arises.

The training has already been conducted for all Public Safety employees. Starting in September 2013, mandatory emergency preparedness and response training will be provided to all employees and staff members. In addition, starting the same month, emergency preparedness and response training will also be available online for the NSU student community.

Homeland Security

All Public Safety Officers are trained in conjunction with the United States Department of Justice and the Department of Homeland Security in a comprehensive Homeland Security training program. Public Safety officers are skilled observers dedicated to vigilant patrol and protection of the NSU community.

Additionally, all NSU Public Safety officers and communications operators complete FEMA IS-00907 active shooter training.

Safety Hazards Identification and Remediation Program (DANGER RANGER)

Public Safety Officers work in partnership with the NSU Physical Plant Department and the NSU community to ensure a safe environment for all by identifying and correcting any and all safety hazards observed by anyone on campus and reported to them. Public Safety supervisors coordinate daily inspections of all exterior lighting on campus, as well as the testing of all emergency phones.

The inspection and maintenance of locks, doors, windows, lights, and alarms are coordinated by both the Public Safety Department and the Physical Plant Department.

First Aid

NSU Public Safety’s protective caregiving includes first aid training and automated external defibrillator and cardiopulmonary resuscitation (AED/CPR) certification for all Public Safety officers.
Vehicle Assistance—Restarts, Lockouts, and Air

Main Campus (Fort Lauderdale-Davie), East Campus (Fort Lauderdale), and North Miami Beach Campus* and Oceanographic Center.**

Public Safety assists anyone within the NSU community, within NSU property limits, in restarting their vehicles or unlocking the vehicle doors, 24 hours a day. Public Safety does not change flat tires or perform other mechanical repair services. Public Safety officers may be able to pump air into a tire if it is not broken from the rim or slashed.

All individuals requesting assistance must sign a release of liability form for all vehicle assistance services before assistance may be provided.

*Vehicle lockout services are not available at the North Miami Beach Campus.

**Only tire inflation assistance is available at the Oceanographic Center.

Lost and Found

The NSU Lost and Found center is located within the Public Safety Security Operations Center at the Campus Support Building on the main campus. Our lost and found center is open 7 days a week from 6:00 a.m.–midnight. Phone inquiries are welcome 24/7.

To inquire about or report any lost or stolen item, call NOVALERT at (954) 262-8999.

Note: A picture ID is required to claim property.

Water Safety—AquAlert

NSU Public Safety’s AquALERT program is a water safety system that trains and equips all Public Safety officers with the basic tools for emergency water rescue to aid and assist in water life-safety situations.

Student Counseling and Employee Assistance

Student Counseling offers individual and couples counseling, as well as psychiatric services, for students struggling with personal and/or interpersonal problems and crises. Current students are eligible to receive up to 10 counseling sessions per year at no charge. If seeing the psychiatrist, students are charged a nominal fee; however most insurance plans are accepted and the school’s insurance covers 100 percent. The office is open Monday, Thursday, and Friday, 9:00 a.m.–5:00 p.m., and Tuesday and Wednesday, 9:00 a.m.–8:00 p.m. Counselors are available 24/7 for emergencies by calling (954) 424-6911. For further information, visit www.hendersonbh.org/studentcounseling-3.php.

All NSU employees have 24/7 access to the NSU Employee Assistance Program (provided by MHNet). Examples of issues supported by the EAP include work stress; family and parenting issues; change and how to cope with it; anxiety or depression; child care, elder care, and special-needs resources and referrals; legal issues such as wills, custody questions, and civil disputes; financial issues such as budgeting, tax planning, and retirement; alcohol or drug dependencies; marital or relationship problems; and grief or bereavement. The EAP service, with access to licensed clinicians, is available 24/7 by calling 877-398-5816. Further information can be found at http://www.nova.edu/hr/benefits/employee-assistance-program.html.
Suicide and Violence Prevention

The NSU Office of Suicide and Violence Prevention is devoted to creating a safety net at NSU, helping to prevent suicide and violence. The most effective ways to prevent suicide and violence are to know the warning signs, take them seriously, and help the individual access the appropriate resources. **The only real risk is in doing nothing.**

If you or someone you know is suffering and you want to know how to help, call a Suicide Prevention hotline for 24/7 assistance:
800-SUICIDE (784-2433)
800-273-TALK (8255)

If you are concerned about an NSU student, call the Student Counseling hotline:
(954) 424-6911

If you are concerned about an NSU employee, call the MHNet hotline:
877-398-5816
TTY: 800-338-2039

It Takes a University to Create a Living Safety Net

If you recognize warning signs of suicide and/or violence in yourself or someone else, it is possible to take effective action. Tell someone you trust about your concerns and ask for help, whether a friend, parent, professor, university administrator, coworker, or supervisor. And you can always call Student Counseling at (954) 424-6911.

For Parents

As a parent of a college student, you continue to play an important role in supporting the well-being and the safety of your son or daughter. You can do so by keeping the lines of communication open (via phone, email, text, etc.), knowing the warning signs for emotional difficulties (see below), encouraging your son or daughter to use the services at the Student Counseling Center, and calling Student Counseling at (954) 424-6911 if you are concerned.

Warning Signs

Some examples of direct and indirect statements and/or behaviors that indicate a risk for suicidal or homicidal behaviors are:

- threatening harm to self or others
- seeking access to firearms, pills, or other lethal means
- talking or writing about death, dying, or suicide
- showing signs of depression, hopelessness, or shame
- feeling rage or uncontrolled anger
- seeking revenge
- acting recklessly
- excessive alcohol or drug use
- withdrawing from friends, family, and responsibilities
- experiencing anxiety, agitation, insomnia, or excessive sleeping
- having severe mood swings
- expressing no reason for living or no sense of purpose in life

When Information Is Not Enough

- Head to an emergency room or mental health walk-in clinic.
- Do not leave the person alone until a professional is with him/her (unless you are in danger).
- Remove any firearms, alcohol, drugs, or sharp objects from the situation, if possible.

For Campus Professionals

University faculty and staff members may be the first to notice if a student or colleague is struggling with personal problems or mental health issues. As a faculty or staff member, you can help by noticing the warning signs and taking action. If the person is a student, do one or more of the following:

- call Public Safety at (954) 262-8999
- call Student Counseling at (954) 424-6911, 24 hours a day, 365 days per year, for a consult on what to do
- contact your supervisor
- escort him or her to the Student Counseling office
- contact Student Affairs at (954) 262-7280
- contact the student rep in your academic center

If the person is not a student, do one or more of the following:

- call Public Safety at (954) 262-8999
- call MHNet (NSU’s Employee Assistance Program) 24 hours a day, 365 days per year, at 877-398-5816, TTY: 1-800-338-2039
- contact your supervisor

Community Resolution Services

Drawing upon the expertise of the faculty members and graduate students in the M.S. and Ph.D. programs at NSU’s Graduate School of Humanities and Social Sciences, a unique conflict resolution service has been developed for members of the Nova Southeastern University community. Acknowledging that conflict is an integral part of life and can have value if handled effectively, the service provides direct assistance in creatively and nonviolently resolving interpersonal and intergroup conflicts.

NSU students, staff members, and faculty members are provided with an impartial, confidential, and easily accessible forum to voluntarily express, clarify, and resolve their disputes. Typical conflict resolution issues include noise disturbances, interpersonal differences,
misunderstandings, harassment and threats, roommate conflicts, landlord-tenant disputes, group conflicts, and individual conflicts among students and staff and faculty members. The goal is to provide a voluntary, mutually acceptable conflict resolution service that complements, and does not interfere with or obstruct, established employee and student grievance and disciplinary processes.

When you call, a representative will
- listen to your concern and help you define the issues
- help you decide whether mediation is what you need
- schedule a meeting with trained mediators if you and the other party decide to use mediation

After mediation, the service will provide follow-up on all agreements and provide further assistance if needed. If mediation is not appropriate, a representative will assist you in finding other options for resolving your dispute or concern. For more information, or to schedule an appointment, call (954) NSU-CARE (678-2273).

**Hurricane Storm Advisory and Preparation**

Hurricane season runs from June 1 to November 30.

**DEFINITION:**

A hurricane is a severe tropical cyclone originating in the equatorial regions of the Atlantic Ocean or Caribbean Sea; traveling north, northwest, or northeast; and usually involving heavy rains. A tropical storm becomes a hurricane when its winds reach a speed of 74 miles per hour. NOTE: The speed that a hurricane travels across land or sea is usually 10 to 20 miles per hour.

**Hurricane Preparation**

A number of hurricanes reach land each year, causing death and massive destruction of property.

**Survival** is the most important element in your hurricane plan.

Local news media periodically broadcast alerts with regard to hurricane location, intensity, and direction of travel.

The key to survival is preparedness. Preparedness means having a sound hurricane plan.

Preparation for a hurricane involves knowing when to secure property and when to evacuate threatened areas.

Evacuation is the best precaution for surviving any hurricane. Hurricanes usually travel at a speed that will allow people to evacuate. Any preparation plan should include the possibility of evacuation.

**NSU Severe Weather Alerts**

For real-time severe weather alerts—including lightning, tornado, and storm warnings—for NSU’s four South Florida campuses visit www.nova.edu/emergency/.

**Family Emergency Plan**

Make sure your family has a plan in case of an emergency. Before an emergency happens, sit down together and decide how you will get in contact with each other, where you will go, and what you will do in an emergency. Keep a copy of this plan in your emergency supply kit or another safe place where you can access it in the event of a disaster. For help creating this plan, visit www.ready.gov/make-a-plan.

**Hurricane Watches and Warnings**

A hurricane watch is a governmental agency announcement issued for an area when there is a threat of hurricane conditions striking within 48 hours.

A hurricane warning is an announcement issued for an area when hurricane conditions are expected to strike within 36 hours. When a hurricane warning is received, all protective preparations should be made with the expectation that the hurricane will strike.

**Hurricane Watch**

In the event of a hurricane watch, the university president will confer with members of NSU’s administrative staff in preparation for hurricane protection activity.

Members of the university community may begin plans for evacuating a campus and preparing facilities and equipment for hurricane protection.
Hurricane Warning

UNIVERSITY CLOSING

- If a hurricane warning is issued, the university president will decide if the university will be evacuated.
- If the president orders the closing of the university, the appropriate directives will be relayed by the vice presidents to their areas of responsibility.
- NSU Office of Public Affairs will contact major news organizations for immediate broadcast notification of the closing.

Closing Preparation

OFFICE AND CLASSROOM

Prepare office and/or work space for wind, water damage, and flooding.

- Clear desk tops completely.
- Protect books, computers, and property with plastic sheeting and masking tape—contact Physical Plant for plastic sheeting and tape.
- Secure glass and heavy and sharp objects—carefully store items so that they will not fall.
- Take rolodexes, books, and diaries with you.
- Disconnect all electrical equipment.
- Clear any laboratory tables and areas of all apparatus and glassware and place items into secure storage.
- Computers: Copy important files onto portable media and take media with you.
- Do not tape window glass.

Student Housing

While the university has identified off-campus shelter areas for residents during hurricanes, during tropical storms the residence halls may act as shelter for students instead. In any event, it is imperative to properly prepare before a hurricane or tropical storm strikes.

Some residents have inquired about insurance. Because the university is not responsible for, nor does it insure against, the loss or damage to personal items, students may purchase renter’s insurance. It is available from most major insurance companies, to protect against such loss or damage. Insurance coverage should be arranged before moving in.

All furniture, including beds, should be pulled away from the windows.

All loose objects, valuables, and electronics should be placed in drawers or closets. Paper, books, etc., should not be left on tops of desks or dressers. The closets and drawers should be locked/closed and remain locked/closed throughout the hurricane.

Students who reside in residence halls that are equipped with bathtubs are requested to clean the tub and fill it halfway. If the hurricane is a major storm, our water supply may be cut off. If this is the case, the water in the tubs will be needed for washing and for flushing toilets. Fill several small containers with water for drinking purposes; store them in your refrigerator if possible.

All windows must be closed tightly and locked. All blinds should be down and closed. DO NOT put tape on windows.

Each student should provide her/his own flashlight with extra batteries in case of power failure. DO NOT use candles under any circumstances.

Residents should provide themselves with an adequate supply of nonperishable food to last two to three days. If you vacate your residence prior to the storm, we ask that you notify Office of Residential Life and Housing staff members where you can be located.

Safety Procedures During the Hurricane

Follow the instructions of Public Safety, police officers, and emergency personnel.

- Residence hall students should follow the instructions of residential life staff members.
- Stay indoors until advised to exit.
- Stay in interior hallways and keep doors closed.
- Do not open windows or doors to see what is happening outside.
- Beware of the eye of the storm. The eye is the center of the hurricane, which may bring a temporary period when the air is calm. Do not leave the safety of your shelter until advised by Public Safety or the local officials. Residential students will be notified by residential life staff members.
- When the “all-clear” is given, exit your location with extreme care. Beware of safety hazards both visible and hidden, e.g., downed electrical lines.
- Do not enter structures, vehicles, or areas that are damaged.
- For NSU opening information, call the NSU HURRICANE HOTLINE at (954) 262-7300 or the toll free EMERGENCY HOTLINE at 800-256-5065.
- Enter NSU property only after permitted, and follow safety instructions.

NSU Emergency/Hurricane Web Page

This site (www.nova.edu/hurricane/) will provide official information regarding campus closings, event cancellations, and campus re-openings. New information will be posted as frequently as warranted. Should the main NSU Web site (www.nova.edu) become unavailable due to a hurricane, an alternate informational Web site at http://blackout.nova.edu will become available.

NSU Emergency Hotline at 800-256-5065 will provide official information regarding campus closings, event cancellations, and campus re-openings.
New information will be posted as frequently as warranted. The main telephone number for the university, (954) 262-7300, also serves as a HOTLINE during hurricane watch/warning events.

Severe Weather Prediction System
Nova Southeastern University incorporates a severe weather and lightning prediction system that is utilized by key personnel for event planning, facility management, and the clearing of university athletic fields. In addition, an outdoor speaker system that is part of the emergency notification system may be used to broadcast audible severe weather and lightning warnings to all campus athletic fields. All severe weather alerts are made available to the entire NSU community via the NSU emergency Web page, www.nova.edu/emergency, and the NSU hurricane Web page, www.nova.edu/hurricane.

Hurricane Information: NSU Emergency Hotline and Hurricane Web Site
Nova Southeastern University provides a toll-free, 24-hour EMERGENCY HOTLINE for this type of emergency. The HOTLINE number is 800-256-5065. In addition, the main telephone number for the university, (954) 262-7300, also serves as a HOTLINE during hurricane watch/warning events.

In the event that a hurricane watch is declared, a spinning hurricane icon appears at the top of the NSU homepage at www.nova.edu. The latest NSU-related hurricane information (including university closing information) is available by calling the HOTLINE numbers or via the Web by clicking on the hurricane icon or going directly to the NSU hurricane Web page, www.nova.edu/hurricane.

Local Florida hurricane shelter information can be obtained by visiting the Florida Division of Emergency Management’s Web site: www.floridadisaster.org/shelters.

Remember to keep a portable radio and plenty of spare radio batteries or a self-powered, hand-crank radio on hand.

**Lightning**

**What You Need to Know**
- NO PLACE outside is safe when thunderstorms are in the area.
- If you hear thunder, lightning is close enough to strike you.
- When you hear thunder, immediately move to safe shelter.
- Safe shelter is a substantial building or inside an enclosed, metal-topped vehicle.
- Stay in safe shelter at least 30 minutes after you hear the last clap of thunder.

**INDOOR LIGHTNING SAFETY TIPS**
- Stay off corded phones, computers, and other electrical equipment that put you in direct contact with electricity.
- Avoid plumbing, including sinks, baths, and faucets.
- Stay away from windows and doors, and stay off porches.
- Do not lie on concrete floors, and do not lean against concrete walls.

**LAST RESORT OUTDOOR RISK REDUCTION TIPS**
NO PLACE outside is safe when lightning is in the area, but if you are caught outside with no safe shelter anywhere nearby, the following actions may reduce your risk:
- Immediately get off elevated areas such as hills, mountain ridges, or peaks.
- NEVER lie flat on the ground.
- NEVER use a tree for shelter.
- NEVER use a cliff or rocky overhang for shelter.
- Immediately get out and away from ponds, lakes, and other bodies of water.
- Stay away from objects that conduct electricity (barbed wire fences, power lines, windmills, etc.).

**If Someone Is Struck**
- Victims do not carry an electrical charge and may need immediate medical attention.
- Monitor the victim and begin CPR or AED, if necessary.
- Call 9-1-1 for help.

---

**Tornado**

Tornadoes, the most violent atmospheric storms, can form anywhere at any time. You must have a survival plan for everywhere you may be. Discuss these plans with your family and friends and then make safety plans. It could save a life.

**Tornado Watch**
A tornado watch is issued when weather conditions are favorable for producing a tornado or tornadoes.

**Tornado Warning**
A tornado warning is issued when one or more tornadoes have been spotted.

Occasionally, tornadoes develop so rapidly that advance warning is not possible. Remain alert for signs of an approaching tornado such as a dark, often greenish sky; large hail; or a loud roar similar to a freight train.

**Tornado Safety Rules**
- The safest place to be is an underground shelter, basement, or safe room.
- If no underground shelter or safe room is available, a small, windowless interior room or hallway on the lowest level of a sturdy building is the safest alternative.
- Mobile homes are not safe during tornadoes. Abandon mobile homes and go to the nearest sturdy building or shelter immediately.
- If you are caught outdoors, seek shelter in a basement, shelter, or sturdy building. If you cannot quickly walk to a shelter
  - Immediately get into a vehicle, buckle your seat belt, and try to drive to the closest sturdy shelter.
  - If flying debris occurs while you are driving, pull over and park. Now you have the following options as last resorts:
    - Stay in your vehicle with the seat belt on. Put your head down below the windows, and cover your head with your hands and a blanket, if possible.
    - If you can safely get noticeably lower than the level of the roadway, exit your car, and lie in that area, covering your head with your hands.

Your choice should be driven by your specific circumstances.

Parking and Traffic Information

Purpose
The purpose of this section is to set forth the rules and regulations for the use of motor vehicles on the Nova Southeastern University campuses.

These rules and regulations have been promulgated for the safety, welfare, and health of students, employees, and visitors; the protection and maintenance of university property; and to govern traffic on the campuses.

Cooperation and compliance with these rules and regulations by all members of this community are essential. Failure to comply may result in a citation being issued or suspension/revocation of driving privileges on campus.

Policy
Nova Southeastern University is an independent university, and as such, the streets, parking lots, and other areas of the university are private property. The operation and/or parking of any vehicle on Nova Southeastern university property is a privilege, not a right. The university has the right to regulate the use of motor vehicles on its property for the good and the safety of everyone.

Required
All Nova Southeastern University employees, students, and outside contractors who park on campus must obtain a parking permit for any vehicle parked on campus. Parking permits are available at the One-Stop Shop. The acquisition of a parking permit only authorizes the parking of a vehicle on campus. It does not establish a designated parking space. A vehicle parked in any unauthorized area is in violation of the regulations in this document.

Enforcement
The NSU Public Safety Department is responsible for reporting violations of university motor vehicle regulations to Nova Southeastern University officials. Florida laws pertaining to the operation of motor vehicles are enforced by the local police department, the Broward County Sheriff’s Office, Miami-Dade police, and the Florida Highway Patrol.

Violations of university motor vehicle regulations will be controlled by the agency with jurisdiction.

Definition of a Visitor
A visitor is someone not directly affiliated with Nova Southeastern University. Spouses and children of faculty members, staff members, and students are considered to be affiliated with Nova Southeastern University and thus are not included in the definition of a visitor.

Parking Regulations
Main campus parking lots are color coded for easier identification. Vehicles parked in campus lots must display the corresponding colored parking permit as follows:

Restricted Areas
- Gated Areas (surface lots and parking garages): To park in any gated area, you must have and present a valid NSU campus card (SharkCard) to the electronic access control card reader. NSU campus cards are available through Campus Card Services. Call (954) 262-8929 for information.
- Faculty and Staff Only: These gated parking areas are not open to students. Access to these lots are by assignment of special parking clearances assigned to the designated cardholder’s NSU campus card (SharkCard). Questions or requests regarding special NSU faculty/staff clearance to restricted lots should be addressed to the designated facilitator for the requestor’s NSU department or center.
- Visitor, client, and patient parking spaces
- Fire lanes in any managed or owned properties of the university
- All disabled parking spaces (unless displaying state-issued permit and/or issued plate)
- On any roadway where the parked vehicle becomes an obstruction in the traffic lane
- Wherever signs and road markings prohibit parking
- Designated spaces, except where otherwise authorized
- Sidewalks, walkways, lawns, or other cultivated areas such as gardens
Metered Parking

Nova Southeastern University offers metered parking spaces in the Alvin Sherman Library, Research, and Information Technology Center’s public parking garage (ASLRITC Garage). All individuals who park in this area must pay to park. Non-NSU patrons visiting the campus must enter the parking garage from one of the two entrances off SW 30th Street. Public parking costs $1 per hour. Please make note of your parking space number and pay in advance at one of the meters located near the elevator in the southeast corner of the garage. You may add time at a meter located in the library near the West End Ave Deli entrance.

All individuals who park in the metered public section of the ASLRITC Garage are required to pay for parking. This includes students, faculty and staff members, and visitors.

Exceptions: Commuter students and faculty and staff members are permitted to park on the second and third floors of the public side of the ASLRITC Garage at no charge.

Note: The east side on the first floor of the garage is pay-to-park for everyone at all times.

Parking and Traffic Policies

General Policies

1. In order to park a motor vehicle on campus in any university parking area, it must be registered with the university and a parking permit must be properly displayed.

2. All administrators, faculty and staff members, students, visitors, and outside contractors must register vehicles to be driven or parked on campus.

3. Administrators, faculty and staff members, students, and visitors are responsible for any violations of these regulations in which their vehicles are involved.

4. Nova Southeastern University assumes no liability for damages to any vehicle parked or driven on campus.

5. Motorcycles, motor scooters, and mopeds are subject to traffic law regulations.

6. The Public Safety Department is authorized to designate any spaces as temporarily reserved parking.

7. Abandoned vehicles are subject to towing at the owner’s expense, unless the owner notifies the Public Safety Department in writing at the time the vehicle becomes disabled. The director of Public Safety will determine whether a disabled vehicle is allowed to remain on campus.

8. Vehicle repairs that create a nuisance are not permitted on campus. Any property damage caused by the making of any repairs is the responsibility of the person making such repairs.

9. Trailers or mobile campers are allowed to be parked on campus only with written permission from the director of Public Safety. Trailers and mobile campers are not allowed to be left on campus overnight.

10. The maximum speed on any NSU driveway or roadway—including those owned and managed by the Town of Davie, Broward County, or the state of Florida—is 15 miles per hour, unless signage indicates otherwise.

11. All vehicle operators must obey Public Safety and police direction and instructions regarding operating and parking motor vehicles.

12. Personal vehicles are not allowed to be left on campus overnight unless it is the outcome of approved NSU business travel or approved NSU International Student travel. In these instances, parking arrangements must be approved by the office of Public Safety.

13. The parking of personal vehicles on NSU property during tropical cyclones is NOT permitted by nonresident NSU students, staff members, or faculty members.

Permits

The One-Stop Shop, located in the Horvitz Administration Building, issues parking permits for all NSU faculty and staff members and students. A current NSU decal permit must be displayed on the vehicle or a parking citation will be issued. NSU requires the parking decal permit to be affixed to the exterior of the left-hand corner of the rear window or the left side of the rear bumper, not inside the vehicle.

The parking permit application is available at www.nova.edu/publicsafety/forms/index.html, or it can be picked up at the One-Stop Shop. All permits issued will require the applicant to present a valid driver’s license, current NSU identification card, and a state-issued vehicle registration card for each vehicle registered. The applications and copies of the required documents can be submitted to the One-Stop Shop by interoffice mail or by fax to (954) 262-7265. Faculty and staff members and students will be notified via NSU email with the date and time decals will be available for pick up at the One-Stop Shop. If you present your application and copy of registration to the One-Stop Shop in person, your decal will be issued at that time. If, at any time, the One-Stop Shop representative cannot enter the information, the application will be entered later and the decal(s) can be picked up at the One-Stop Shop at a later time. Representatives of the One

- All parking permits expire on the date indicated on the permit. A current NSU parking permit must be prominently displayed (as outlined in this policy) on any vehicle parked on NSU property. Vehicles in violation of this policy will be ticketed or towed.
• Every motor vehicle on the property of Nova Southeastern University shall display the proper NSU parking permit emblem or decal at all times.

• NSU parking permit holders should report any transfer or sale of a registered vehicle promptly to the One-Stop Shop. If the vehicle is purchased or used to replace another, the new vehicle shall be registered at no charge.

• Parking permits shall be affixed to the left side of the rear bumper, or affixed to the exterior left lower corner of the rear window. On motorcycles, motor scooters, and mopeds, the parking decal shall be displayed in plain view and readable.

• The NSU parking permit must be visible at all times while the vehicle is parked on campus. Any vehicle with an NSU parking permit not affixed in accordance with this policy will be cited and fined for improper display and is subject to being towed from campus at the owner’s expense.

• Exception: Temporary parking permits (hangtags) are to be hung from the rearview mirror.

• If, for any reason, the parking permit is lost or destroyed, notify the university One-Stop Shop and another may be obtained at no charge.

• Government vehicles displaying county, state, or federal license plates are exempt from the permit requirement.

Stop Shop will attend orientation sessions to help accommodate students/programs on the main NSU campus. All applications from these sessions will be entered into the BOSSCARS parking records system, and the decals will be sent back to orientation leaders for distribution. Students will have to show their driver’s licenses or NSU identification cards to receive their decals.

The fee for the parking permit for all NSU students is included in tuition.

• Temporary parking passes (hangtags) will be issued for a specified time, not to exceed seven days, and will be issued at no charge by the Public Safety Department at the Horvitz Administration Building, the Terry Building, or the Campus Support Building.

• Exception: The temporary permit may be extended, under certain conditions, such as the need for repairs, for a period not to exceed 30 days.

Payment of Fines

1. The fine for any parking violations issued by the Nova Southeastern University Public Safety Department shall be assessed in the amount indicated on the parking citation.

2. Fines are to be paid at the One-Stop Shop, Horvitz Administration Building, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796. This can be done either in person or by mail. The hours of operation are as follows: Monday through Thursday (8:30 a.m. to 7:00 p.m.), Friday (8:30 a.m. to 6:00 p.m.), and Saturday (9:00 a.m. to noon). All fines must be paid within five business days of receipt of the citation or the recipient may be subject to additional fines and late fees. Any appeal must be made in writing within the five business days and must explain, in detail, the circumstances for the appeal.

3. Students not current in payment to the One-Stop Shop will have a stop order placed on grades and transcripts, and will not be able to register for classes until the block is removed.

4. If the parking fines for a vehicle are not paid, the vehicle will be towed at the owner’s expense.

5. NSU reserves the right to attempt collection on outstanding citations for up to three years after issuance upon receipt of notice to collect; proof of appeal or payment must be provided in order to dismiss.
Appeals Process
NSU parking citations can be appealed through the NSU Division of Parking Enforcement. To obtain a form to request a hearing, go to the following Web site: www.nova.edu/publicsafety/forms/, or visit the Public Safety officer in the Horvitz Administration Building or the Health Professions Division, Terry Building. The form must be obtained and returned to the Office of Parking Enforcement/Public Safety Department within five business days of receipt of the violation notice.

Forms may be faxed to (954) 262-3924 or mailed to Nova Southeastern University Public Safety/Parking Enforcement Division Campus Support Building 3301 College Avenue Fort Lauderdale, Florida 33314-7796

You may email your questions or concerns to parkingservices@nova.edu, or call (954) 262-8984.

Any person charged with an infraction must either pay the prescribed fee or appeal the citation within five business days from the date the citation was issued.

Lack of knowledge of NSU’s traffic and parking policies is not an acceptable justification to appeal a citation.

Revocation
The university reserves the right to revoke any on-campus parking and driving privileges for the following reasons:

1. violations in excess of five per semester or seven per year
2. use of fraudulent permits
3. creating a nuisance or causing property damage while making repairs to vehicles on campus
4. causing other property damage
5. becoming either verbally or physically abusive, threatening, or assaulting any Public Safety officer during the performance of his/her duties
6. inappropriate operation of any motor vehicle on campus that is a detriment or safety concern to the campus community

Payment of parking citations may not void the revocation decision.

Valet
Complimentary valet parking is available for NSU students and employees who are Sanford L. Ziff Health Care Center and Dental Clinic patients. Valet tickets will be validated in the doctor’s office, and tickets that are NOT validated will be assessed a flat fee of $20 (fee subject to change).

Commuter Service
Nova Southeastern University has implemented a program to benefit students who choose to carpool to school. Preferred carpool parking spaces have been installed around campus and are available for registered participants of the program.

Registered carpools with a valid carpool permit and Nova Southeastern University parking permit can use the parking spaces. Carpools must consist of two registered students who carpool to and from campus an average of two days per week. Carpools may use any available carpool parking space in the lot on a first-come, first-served basis.

The spaces can be used when you have carpooled to school. If your carpool partner was not present on your ride to school or you are not registered for the program, you may not use the spaces.

A minimum of two registered carpool participants must be seen exiting a vehicle using a carpool parking spot. If you are found parking in a designated carpool parking spot as a single commuter or with someone other than your registered carpool partner(s), you will be in violation of the program.

South Florida Commuter Services (SFCS) carpool criteria is used to determine carpool eligibility.

Based on the information provided in your registration form, SFCS carpool software will validate that your carpool makes a logical commute to campus.

How to Obtain a Carpool Permit
You must register your carpool with SFCS. First, find a carpool partner. Then, register your carpool at www.1800234ride.com.

Permits will be valid for one semester. At the end of the semester you will receive a renewal notification from SFCS asking if you are interested in renewing or revising your registration. If you renew your carpool, a new permit will be provided to your carpool.

It is important to keep your carpool registration current. If your carpool arrangements change during the semester, resubmit a carpool registration form to SFCS and your information will be automatically updated.

Nova Southeastern University Public Safety Department monitors the carpool parking spaces at all times. If you are an unregistered vehicle found violating the program, you will be issued a citation and your vehicle may be towed. If you are a registered vehicle found violating the program, your permit will be taken on the spot and you will not be eligible to participate in the program for at least one semester. Violation includes using the spaces without a valid Carpool parking permit and Nova Southeastern University parking permit.

If you have questions regarding the carpool parking program, please contact South Florida Commuter Services at 1-800-234-RIDE (7433).
Towing

A vehicle may be towed at the owner’s expense after parking citations have been issued to the vehicle and remain unpaid past the deadline for payment.

The following are also subject to be towed from campus at the owner’s expense:

1. vehicles that are not properly permitted
2. vehicles with unpaid parking fines
3. vehicles with payment past due
4. vehicles with the parking privilege revoked
5. vehicles otherwise in violation of university parking policies
6. vehicles blocking a driving lane, fully or partially restricting passage
7. vehicles blocking another parked vehicle, fully or partially restricting passage or exit

The towing of a vehicle from the campus may occur any time a vehicle has no parking permit.

Golf Carts

Individuals utilizing golf carts on NSU property are expected to operate them in a safe and courteous manner. Golf cart operators found in violation of these safety procedures and/or misusing golf cart equipment may be subject to disciplinary action, including being prohibited from operating a golf cart on NSU property. This policy will be enforced by NSU Public Safety and the local police.

Procedures for Safe Operations of Golf Carts

The following are basic rules of operating and maintaining golf carts used for work transportation on the campus of Nova Southeastern University.

1. Golf carts should be operated on campus roadways. Sidewalks should be used only where roadways and/or parking lots are not available, and then only to the nearest adjacent street or parking lot.

2. On the campus of Nova Southeastern University, the pedestrian always has the right-of-way. Operators of golf carts will permit this right-of-way. If the golf cart is being operated on a sidewalk, the operator will pull off of the sidewalk to pass the pedestrians or stop the unit when approaching pedestrians until they pass.

3. Most of the golf carts used on this campus are designed to carry a driver and one passenger. Some “tram” type carts carry multiple passengers. No golf cart is to be operated with more passengers than seating is provided for.

4. All occupants in the golf cart shall keep hands, arms, legs, and feet within the confines of the golf cart at all times when the cart is in motion.

5. Drivers should never back up a golf cart without making sure there are no people or obstructions behind the cart.

6. Drivers should never shift gears while the vehicle is in motion.

7. A golf cart should be operated on campus at a speed equivalent to a well-paced walk and no faster than 15 mph. This maximum speed may be subject to the terrain over which the cart is being driven; the weather conditions; and the total weight of the golf cart, passengers, and any equipment being carried.

8. Golf cart operators shall possess a valid driver’s license and observe all Florida vehicle traffic laws such as lane travel, stop signs, legal passing of other vehicles, etc.

9. Avoid operating a golf cart on landscaped lawns.

10. Reduce speed to compensate for inclines, pedestrians, and weather conditions.

11. Maintain adequate distance between vehicles and pedestrians.

12. Approach sharp or blind corners with caution and reduce speed.

13. Use extreme care at building entrances and upon entering/exiting enclosed areas.

14. Do not park on any area that has pavers.

15. Use parking areas posted for golf carts, areas on sidewalks that are not in the main stream, or a Services parking space.
16. Never leave the keys in the golf cart when the cart is unattended.

17. When the golf cart is not in use, the operator must place the golf cart control lever in the park or neutral position, remove and secure the key, and set the parking pedal brake.

18. When the golf cart is not in use, including overnight, the unit will be secured with a chain and lock or other equivalent locking mechanism. The steering wheel must be chained to a fixed post on the cart to prevent the wheel from turning.

19. No personally owned golf carts are allowed on any NSU campus.

**Equipment and Safety Checklist**

Before operating the golf cart, the operator will check for proper tire condition and inflation. Brakes will be checked for proper operation. The operator will check for any indication of battery fluid leaks such as wet spots under the unit. If the golf cart is in need of repair or maintenance, it should not be driven. Authorized Physical Plant personnel will work on the identified problem at the site where the cart is located or will tow it to the Fleet Services Department.

Battery Recharge: When recharging the batteries, the following safety rules shall be observed.

- Do not smoke near the recharge station.
- Only an approved battery charger will be used to recharge the batteries (designed to shut off automatically when the batteries are fully charged).
- Do not recharge near an open flame or source of ignition.
- Pour baking soda on all spilled battery acid before cleaning up the spill.
- Wash skin thoroughly with cold water if it comes in contact with battery acid.
- Disconnect all battery charger cords before using the golf cart.

**Fire and Life Safety**

The Higher Education Opportunity Act, enacted on August 14, 2008, requires all United States academic institutions that maintain on-campus student housing facilities to produce and maintain an annual fire safety report outlining fire safety practices, standards, and all fire-related on-campus statistics.

**Fire Log and Fire Statistics**

The Nova Southeastern University Public Safety Department maintains a fire log and all applicable statistics on fires and related injuries, death, and damages as defined by the Higher Education Opportunity Act of 2008 in section 668.49.

All reports of fires and fire alarm activations are maintained in a database by Nova Southeastern University Public Safety Department. Data collected includes, but is not limited to, the building name, location, time and date, injuries, fatalities, and the dollar values for property damaged.

Fire Training
Basic fire safety instruction is mandatory and is provided to all students living in residence halls at the beginning of each academic year. In addition, all residence advisers (RAs) receive additional comprehensive fire safety training and life safety training at the beginning of the calendar year that includes, but is not limited to, the following topics:
- fire extinguishers
- emergency evacuation
- health and safety inspections

Policies
Anyone unnecessarily setting off a fire alarm, tampering with fire exits, and other means of egress may result in disciplinary action. In addition, on-campus housing facilities have prohibitions against the following activities:
- smoking inside any housing facility.
- using lighted candles or other open flames devices
- use of space heaters
- misuse of extension cords (For temporary use, the extension cord shall be [UL] rated, heavy duty, three-wire type with ground plug. It should not exceed six to eight feet in length.)
- tampering with or blocking any fire protection equipment
- possession of fireworks
- use of halogen lamps or halogen bulbs

For detailed information on Residential Life and Housing’s safety and security policies and procedures, including fire safety practices, review the Residential Life Living Guide, available at https://www.nova.edu/publications/res_living_guide/index.html.

Fire Drills
Nova Southeastern University will conduct periodic mandatory fire evacuation drills. The fire evacuation drills are conducted by activating each individual fire alarm system in each on-campus student housing facility.

HATE CRIME REPORTING\(^4\)

There were no hate crimes reported for 2011, 2012, or 2013.

1. "On Campus" includes the figure from residence halls within the aggregate. "On Campus" means (1) any building or property owned or controlled by the university within the same reasonably contiguous geographic area and used by the university in direct support of, or in a manner related to, the university’s educational purposes, including residential halls; and (2) any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition, that is owned by the university but controlled by another person, is frequently used by students, and supports university purposes (such as a food or other retail vendor).

2. "Non-Campus" means (1) any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) any building or property owned or controlled by the university that is used in direct support of, or in relation to, the university’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous area of the institution.

3. "Public Property" means all public property, including thoroughfares, streets, sidewalks, and parking facilities that are within the campus, or immediately adjacent to, and accessible from the campus.

4. "Hate Crime" is a crime reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. The categories of bias include the victim’s actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability. Pursuant to the 2008 Clery Act Amendments: “Higher Education Opportunity Act” (Public Law110-315) hate crime statistics reported under the Clery Act now additionally include larceny-theft, simple assault, intimidation, and vandalism if motivated by bias.

5. Changed from "2" to "0". Prior to 2013, Miami-Kendall and Miramar, where these incidents respectively occurred, were reflected as Non-Campus Buildings for Main Campus.

6. Changed from "2" to "1" because prior to 2012, the location of this criminal offense was reported as an On Campus location. It has since been determined to be a non-reporting location.

7. Changed from "1" to "0" because prior to 2012, the location of this criminal offense was reported as an On Campus location. It has since been determined to be a non-reporting location.

8. Changed from "1" to "2" because prior to 2013, the location of this criminal offense was classified as occurring inside a non-reportable location. It has since been determined to have occurred outside the non-reporting location which is an On-Campus reporting location.

9. Revised because prior to October 2014, the Office of Residential Life statistics included violations for referrals where no violation of law occurred.

Campus SaVE Act and VAWA

What is the Campus SaVE Act?

The Campus SaVE Act refers to the recent Violence Against Women Act (VAWA) amendments to the Clery Act. On March 7, 2013, President Obama signed a bill that strengthened and reauthorized the Violence Against Women Act. Included in the bill was the Campus Sexual Violence Elimination Act (Campus SaVE), which amends the Jeanne Clery Act and affords additional rights to campus victims of sexual violence, dating violence, domestic violence, and stalking. The Campus SaVE Act is an update to the Clery Act, expanding the scope of this legislation in terms of reporting, response, and prevention education requirements around rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking.

Institutions must make a good-faith effort to include these statistics for these crimes for calendar year 2013 in the ASR issued by October 1, 2014 (this document). Institutions must also make a good-faith effort to ensure that the statistics for the new crime categories are accurate and complete. While institutions must include calendar year 2013 statistics for domestic violence, dating violence, and stalking in their ASRs to be issued to students, employees, and prospective students and employees by October 1, 2014, they will not report these new crimes to the Department of Education (DoE) in the Web-based data collection this year. Instead, institutions will report the statistics for both calendar years 2013 and 2014 to the DoE during the data collection period in fall 2015.
