## THE PROGRAM

**“SI sessions are extremely helpful. The program should remain at NSU.”**

**“The SI sessions are a great resource for students seeking additional assistance outside of the classroom. Knowing I could attend these sessions brought a bit of ease to my experience with college math courses.”**

**“I really enjoyed the SI sessions; they prepared me well for the ACS.”**

“The SI sessions proved to be beneficial for solving problems in areas where weaknesses were present. The SI Leader did a fantastic job!”

“I believe this program truly benefits the students and should be offered for other courses.”

# WHAT STUDENTS ARE SAYING ABOUT...

## THE SI LEADERS

“The SI Leader was very flexible and always tried to accommodate every person who didn’t understand the concepts.”

“The SI Leader was very knowledgeable, reassuring, and helpful. She continued to help me until I felt comfortable doing the work on my own.”

**“It is great to have a student that has experienced the same difficulties and explains to us something that can be mastered! I love our SI!”**

**“My SI Leader was excellent. She went above and beyond for me. I appreciate it all!”**

“I liked how our SI Leader made study guides for each chapter, which were very helpful to understand the material.”

## THE RESULTS

“My grades improved as soon as I started attending the SI sessions. The *GroupMe* app was very helpful!”

“There were times when I passed tests and quizzes with 100’s. I highly recommend attending the SI sessions.”

“Before SI, I got a 55% and a 56% on my tests. After SI, I got a 94%. I am looking forward to my final.”

“The sessions were a great reinforcement of the material that we had just learned in class.”
