An Invitation to You

as Alumni of NSU

from The Office of Career Development,
Division of Student Affairs

The Office of Career Development enthusiastically invites you to participate in the career education of the NSU student population. As alumni, your knowledge of the real world is a vital skill that will enable NSU students to succeed!

The Office of Career Development provides various opportunities for students to meet you, other alumni, and employers to ask questions about career fields and gain necessary networking skills. Help us to make a difference through some of these exciting opportunities:

- Speak at career workshops and professional development seminars
- Participate in industry panels and networking events
- Host mock interview sessions and review resumes
- Serve as a mentor

To volunteer your time and talent, please complete the attached form and return to a staff member of Alumni Relations or Career Development. You may also contact the Office of Career Development at (954) 262-7201 or email us at nova@career.edu.

We look forward to your future involvement!

☐ YES, I am interested in participating in the career education of NSU students.

Name: __________________________________________________________
Year of Graduation: _____________________________________________
