Quick Drinking Screen

The first few questions are about your alcohol use in the past 90 days. For these questions, we ask people to report their drinking in terms of STANDARD DRINKS.

For example, one Standard Drink is equal to READ SLOWLY
One 12-ounce bottle/can of regular beer, OR
One 5-ounce glass of regular (12%) wine, OR
1 1/2 ounces of hard liquor either straight or in a mixed drink OR
One 12-ounce wine cooler

Remember that the following questions are about what you did in the last 90 days.

Again those dates are: _______ / _______/ ________ to Day Before Your 1st Call to Us
Month Day Year

So the time period we are talking about is from (name of month and day) to Day Before Your 1st Call to Us.

Question 1. In the past 90 days, did you drink ANY alcoholic beverages, even one drink? (Q1)

___ Yes ___ No

Question 2. In the past 90 days, on average how many days per week did you drink ANY alcoholic beverages?
