- **Train-the-Trainer Sessions**
 - Provide program offices with the tools to advise their students in the areas of debt management and financial literacy.

Serving Our University

- All previous methods discussed proactively reduce delinquency.
- **Cohort Default Rate Appeal**
 - Every TITLE IV school receives a rate
 - % of a school's borrowers who enter repayment during a particular fiscal year, and default prior to the end of the next fiscal year
 - Cohort default rates drive a school's ability to disburse Title IV funds.

Serving Our University

- Schools with high cohort default rates can ultimately lose TITLE IV eligibility.
- NSU has a low cohort default rate in comparison to the national average.
- Draft rates are distributed in February and schools are permitted to appeal these rates by challenging the data.
- NSU has been consistently successful in challenging the data and lowering the rate.

Serving Our University

Financially literate students with lower debt indirectly benefit the institution as well.

- Positive perception of the university
 - More likely to return to future programs
 - More likely to suggest NSU to friends and family
 - Serve as good examples to prospective students

Serving Our Industry

- Serve as conference speakers and facilitators
- Serve as FAFSA Graduate and Professional Chair
 - Train-the-Trainer webinar
