

Fellows Society

NSU has evolved into the world-class university it is today thanks, in no small part, to a prestigious group of benefactors, known as the **Fellows Society**. Members of the **Fellows Society** include individuals, corporations, foundations, and trusts, whose cumulative giving to NSU exceeds \$50,000. Donors at this level are inducted into the **Fellows Society** each year at a special ceremony in the fall.

BENEFITS OF FELLOWS SOCIETY MEMBERSHIP

- **During the year of their induction or when they ascend to the next giving level (e.g. Bronze Fellow to Silver Fellow), Fellows Society members are profiled with a photo and biography in a beautiful program book, which is distributed at the induction ceremony.**
- **Fellows Society members are recognized on the Fellows Monument located between the Rose & Alfred Miniaci Performing Arts Center and the Carl DeSantis Building in the heart of NSU's Fort Lauderdale/Davie Campus.**
- **Members receive invitations to exclusive Fellows Society events throughout the year, such as distinguished lecture series, holiday receptions, and special-access tours and presentations.**
