FALL 2020 **Health Communication Toolkit Case Competition**

**Looking to gain hands-on experience,
developing a health communication toolkit
to combat foodborne illness in South Florida?**

**Build your health communication toolkit
in teams of 1-4 students, your goal is to
educate the South Florida community on
common food borne illnesses and antibiotic
resistance associated with it.**

First place winners will be awarded \$300.

**Register on  handshake
for the information session.**

**To sign up for the case competition or for any
questions please email
casecompetitions@nova.edu.**
