

**NOTIFICATION STATEMENT FOR APPLICANTS TO THE DOCTOR OF
OSTEOPATHIC MEDICINE PROGRAM REGARDING STUDENT CODE OF
CONDUCT AND PHYSICAL EXPOSURE IN CLASSROOM ACTIVITIES**

I, _____, (print name), understand Nova Southeastern University College of Osteopathic Medicine (NSU-COM) has established a Code of Behavioral Conduct Policy for students.

I also understand that the curriculum of NSU-COM includes classes in physical examination and osteopathic diagnosis and treatment that will require me to be examined by and touched by other students in these classes. I further understand that these activities necessarily involve physical exposure to allow for direct access to all such areas of the body except the genitals in both genders and the breasts in females, and I agree to such exposure and contact.

I acknowledge that should I matriculate into the Doctor of Osteopathic Medicine Program, I am expected to adhere to the Student Code of Behavioral Conduct Policy, the policy regarding Physical Exposure in Classroom Activities and all policies of NSU-COM as stated in the Student Handbook and course syllabi.
