WELCOME

to your benefit enrollment!

We appreciate your commitment to our success. We're equally committed to providing you with competitive, affordable, health and wellbeing benefits to help you take care of yourself and your family.

Please read this guide carefully as it includes a summary of your plan options and helpful tips for getting the most value from your benefits plans. We understand that you may have questions about your annual enrollment, and we'll do our best to help you understand your options and guide you through the process.

This guide is not your only resource. Anytime you have questions about benefits or the enrollment process, you can contact your NSU Benefits Team at loa@nova.edu, visit nova.edu/hr/benefits or visit ICUBAbenefits.org. Although this guide contains an overview of benefits, for complete information about the plans available to you, please see the summary plan description (SPD).

New Hire Enrollment

This is the time to enroll for coverage for you or any eligible dependents. If you

do not enroll an eligible dependent now because they have coverage through another employer, you may only add that dependent on our plan during next year's Open Enrollment Period, unless you experience a qualifying life event. Please refer to the Life Events section.

Once you have enrolled in benefits, changes are not permitted until the next annual Open Enrollment. Open Enrollment is your annual opportunity to review your coverage and make changes to your benefits. It's also your opportunity to enroll if you declined coverage upon eligibility.

Life Events

The Health Insurance Portability and Accountability Act 1996 (HIPAA), allows a Life Event period in addition to the regular Open Enrollment period. This Life Event period permits changes 30 days from the date of the event. Only the following events qualify as changes outside the Open Enrollment period within the permitted 30 days:

- Marriage, birth, adoption or placement for adoption. Eligible employees and other dependents who previously did not elect to be covered under the plan may also enroll at the time the new dependent is enrolled.
- Gain of other coverage and enrollment into another plan.
- Loss of other coverage.
- A court has ordered coverage be provided for a spouse or minor child under this plan.

For further information on eligible qualifying events, please refer to the ICUBA Plan Document or contact your Human Resources Benefits Team at loa@nova.edu. The Plan Document can be found in the Content Library at ICUBAbenefits.org.

Eligibility Requirements

EMPLOYEE

Full-time employees that work 28 hours or more. Part-time employees that work 19.2 hours or more are eligible for voluntary benefits only, e.g., Dental, Vision, Group AFLAC, Life insurance, Short and Long-term Disability, LegalShield and Pet Insurance.

DEPENDENTS

Your eligible dependents include: your legally recognized spouse or qualified domestic partner and your legal child dependent(s) including natural child, legally adopted child, stepchild, child required to be covered pursuant to a Qualified Medical Child Support Order, child with proof of legal guardianship who resides with you, or a foster child. Dependent children may remain on the ICUBA plan until the end of the calendar year in which age 26 is attained.

CARE MANAGEMENT FOR ICUBA EMPLOYEES

About Care Management

This free program connects you with a care manager who knows about your situation and health concerns. Care managers are registered nurses, so they have insight and knowledge about a range of medical conditions. If you have questions about your condition and the treatments you are receiving, they can help you get answers. Also, as you deal with an illness or injury, you might need special equipment, transportation to medical appointments, or groceries from a local food bank.

Is Care Management for You?

Care management can be especially helpful for members who experience:

- An illness such as end-stage renal disease (ESRD that requires intensive, costly dialysis treatment or a kidney transplant).
- Frequent hospitalization.
- Long-term or life-threatening illness.
- Extensive home health care.
- Effects of traumatic injury.

An Advocate Who's on Your Side

When a person is dealing with serious illness or injury, it can be stressful for the whole family. You might be uncertain about which health goals are realistic for you now, or how to make the most of your health insurance benefits. Care managers have experience connecting patients with the resources and information they need.

Do you think you might benefit from care management services?

You don't have to go through these challenging times alone.

Call a care manager at **855-263-0675**, ext 40471

How do I get credit for completing my biometrics in Rally?

It's easy to complete your biometric screenings with your regular blood work through your annual wellness exam with a PCP. It's easy! The *Physician Fax Results Form* allows ICUBA Medical Plan members and covered spouses to earn credit for biometrics in Rally by completing it as a part of your annual wellness visit. Screenings will include total cholesterol, HDL/LDL, triglycerides, blood sugar, blood pressure, and A1c.

- Employees and spouses enrolled in the ICUBA Medical Plan can visit your individual portal at **My.QuestForHealth.com** and download the *Physician Results Form*.
- If you have never registered before, please use:
 - Registration Key: **ICUBA**
 - Unique ID: **Your BCBS ICI#**
- The *Physician Results Form* contains a bar code specific to the employee or spouse and cannot be shared – it is unique to you!
- Pro Tip: If you have an established relationship with your physician, request your blood work ahead of your annual wellness exam to save time and check this off your list with one visit.
- When you visit your PCP, remember to take the form with you to your annual physical. It is important both you and your doctor sign the Quest Physician Results Form; then your doctor's office can fax it to the number found on the form.
- You are encouraged to request a copy for your records, and if necessary, upload/fax the form to your Quest portal.
- Members should allow at least 30 days after the form is uploaded/faxed to see credit in Rally.
- Remember, the final deadline for submission to Quest is no later than March 31, 2023.

Need help registering, downloading/uploading forms, etc.? Please contact Quest Customer Service at **855-623-9355**.

DENTAL BENEFIT OPTIONS

Dental coverage is offered through Delta Dental. You can select from the Base PPO, Buy-Up PPO, or the DeltaCare DHMO plan options. If you select one of the PPO Plans, you can visit any licensed dentist to receive treatment under your plan, but you'll maximize your savings by visiting a dentist in one of Delta's nationwide networks.

Both PPO plans offer two dental networks:

- **Delta Dental PPO** dentists generally offer the lowest contracted rates and greatest cost savings.
- **Delta Dental Premier** dentists are your next best option, with contracted rates that help you save.

For additional information on the Delta Dental plans call **800-521-2651** or visit deltadentalins.com.

If you enroll in the DeltaCare DHMO plan you will select a primary care dentist from the DeltaCare USA network, who will then coordinate any needed referrals to a specialist. Covered services provided by your DeltaCare USA dentist have preset copayments (dollar amounts), which are listed in your plan booklet.

OPTIONAL GAP INSURANCE

These plans are not available for employees in Puerto Rico or the American territories.

- Supplemental insurance that offsets in-patient and certain out-patient medical expenses.
- Must be covered under an NSU medical plan.
- Must elect the same tier as the NSU medical insurance plan — employee only, employee plus child(ren), employee plus spouse, and family.

For information,
call Joe Evans at
954-560-6000

How Gap Insurance Works

If you are **hospitalized**, Gap Insurance will pay any charges that would normally apply to your deductible and out-of-pocket maximum expenses.

If you are an **out-patient hospital treatment**, Gap Insurance will pay up to \$200 per day for charges that would normally apply to your deductible and out-of-pocket maximum expenses.

**Up to \$200 for each
ambulance trip**

**Up to \$200 for each
MRI or diagnostic test**

**Up to \$200 for each
Emergency Room visit**

The annual Employee Only Gap Insurance premium is about \$438 for Preferred PPO Plan and about \$560 for the High Deductible Plan – TWO visits to the Emergency Room by ambulance will offset the cost of the Gap Insurance while providing the extra security you need to minimize your medical out-of-pocket maximum expenses.
