NSU is a private, selective, research university.

The university is the largest private, not-for-profit institution of higher education in Florida.

Courses of study lead to bachelor’s, master’s, specialist, doctoral, or first-professional degrees.

Innovative education programs serve students in preschool—grade 12, local high school seniors, lifelong learners, and individuals with autism.

NSU’s Core Values are academic excellence, student centered, integrity, innovation, opportunity, scholarship/research, diversity, and community.

NSU research is supported by 89 external agencies, including the National Science Foundation, the U.S. Department of Health and Human Services, National Institutes of Health, U.S. Department of Education, National Oceanic and Atmospheric Association, and the Department of Defense.

External research funding increased 124 percent during the past decade, from $48 million in FY 2009 to $107.7 million in FY 2018.

NSU is one of 50 universities in the nation recognized by the Carnegie Foundation for both High Research Activity and Community Engagement.

More than 250 sponsored projects are currently underway. They address such critical areas as anti-cancer therapies, cardiovascular disease, chronic fatigue syndrome, autism, coral reef restoration, stem cells, and shark DNA forensics.

Founded by entrepreneurs to provide South Florida with a research institution focused on science and technology.

Merged with Southeastern University of the Health Sciences to form Nova Southeastern University (NSU).

NSU’s 314-acre Fort Lauderdale/Davie Campus provides a complete university experience, including undergraduate academic opportunities like a health care clinical shadowing program, travel study, and internships, as well as on-campus housing, NCAA Division II athletics, fraternities and sororities, and more.

Additional locations include the East Campus in Fort Lauderdale; the North Miami Beach Campus; and the Oceanographic Campus in Hollywood, Florida.

NSU offers a wide range of online undergraduate, master’s, doctoral, and graduate certificate programs. To support the enrollment of out-of-state students, the university has obtained approval by Florida to participate in the National Council for State Authorization Reciprocity Agreements (NC-SARA).

Eight regional campuses are located throughout Florida and in Puerto Rico. Field-based locations are available throughout Florida, across the nation, and internationally.
NSU Sharks dominate in athletics as well as in academics. Student athletes can compete on any of the 17 nationally recognized NCAA Division II teams at NSU.

Through Experiential Education and Learning (ExEL), a required program for undergraduates at NSU, students are exposed to hands-on opportunities that enrich academic life while helping them reach professional and personal goals.

NSU’s Farquhar Honors College offers unique academic and co-curricular programs to enhance the NSU experience for undergraduate students of all majors.

NSU is ranked 5th in the U.S. for the largest number of minority graduate degree recipients.

More than 6,500 degrees awarded each year.

Professional practice doctoral degrees awarded to minority students

Doctoral degrees in education awarded to black and African American students

Master’s degrees awarded to Hispanic students

Largest private institution in the United States that meets the U.S. Department of Education’s criteria as a Hispanic-Serving Institution

188,000+ alumni in 50 states and 100+ countries

Outreach

NSU delivers valuable health care, psychological, and legal services to the community and has been featured in the South Florida Sun Sentinel for its Lifelong Learning Institute and educational outreach for seniors.

The university collaborates with other universities, businesses, and not-for-profit organizations—including the local school system and local, regional, and national governmental agencies—on a wide range of initiatives benefitting the community.

NSU maintains more than 100 corporate partnerships that provide its students with internships, on-site corporate visits, and networking opportunities.

Nova Southeastern University admits students of any race, color, sex, age, nondisqualifying disability, religion or creed, sexual orientation, gender, gender identity, military service, veteran status, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school, and does not discriminate in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs. Any such acts are unacceptable and strictly prohibited by the university.
