

VIRTUAL AFTER-SCHOOL ACTIVITY OF THE WEEK

WEEK OF APRIL 6-10

Generously funded by The Children's Trust in
partnership with Nova Southeastern University

WWW.NOVA.EDU/PROJECTRISE

THE MISSION

Each week, Project RISE will send out an activity that you can do virtually with the children in your program, either in a live, online session or by sending a video with instructions to parents. The activities are intended to give children opportunities to learn, express themselves, and feel connected to you and their after-school friends. Providing this on a weekly basis during this difficult time can also help to strengthen your relationship with the children, families, and communities you serve.

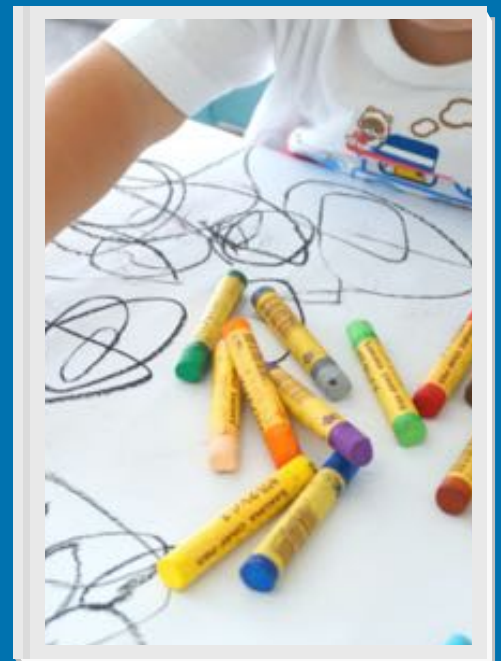

PREPARATION

We encourage your staff to create a quick video explaining and showing what to do. The children will be thrilled to see and hear from you. Take a picture of the written instructions on page 6 and email or text it with your video.

Please let parents know that they can choose to have their child show in the photo or put the art work up so they are not shown.

MATERIALS

- Paper
- Crayons or Markers
- Computer or Mobile Device with camera

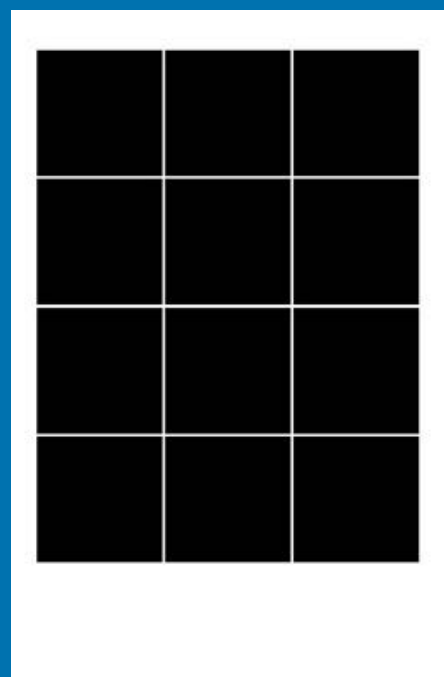

OVERVIEW

Staff members and children should make a sign to support and honor front line workers in their community, take a photo with their creation, and e-mail it back, to be placed in a collage.

COLLAGE IT

After you receive all the photos back you can then create a collage in free apps such as Pic Collage, PicStitch, Canva and many more photo editors.

SPREAD THE LOVE

Share the finished collage with families and front-line workers in an email or through social media. You can also email it to hospitals or tag the hospitals on social media to brighten their staff's day.

Project RISE would love to see your finished project!

Generously funded by The Children's Trust in partnership with Nova Southeastern University

INSTRUCTIONS FOR FAMILIES

We miss our after-school children very much. We can't wait to see what you create with these steps!

- 1. Find some paper, crayons, markers, or paint.**
- 2. Draw a thank you picture to honor a community hero such as nurses, police, doctors, and paramedics.**
- 3. Ask a parent to take a photo of you holding the completed artwork.**
- 4. Please email the photo back to the after-school program by the end of the week.**

We will make a collage with all of the completed artwork from staff and kids. We will share it with our community to let them know how much we appreciate them.
