# OUR STUDENT SUCCESS SCHOLARS SAY IT BEST

"I was not sure what to expect from my mentoring experience, but it has been nothing but beneficial in numerous aspects of my life. My mentor has not only acted as a supportive friend but is an amazing resource."

My mentor has made me feel comfortable. I can come to them at any time with any question I have and they will get the best possible answer they can for me. If they don't know answer they always track it down. "

"My mentor goes above and beyond to send me weekly tips that they believe will help me to succeed at college in the best way that I can! The weekly seminars are timely and filled with useful information but broken down in a way that I can best grasp it."
