Nova Southeastern University serves the Tampa Bay area with a modern campus in Tampa, located near I-75 and I-4 in Sabal Park. The NSU Tampa Campus extends university programs and resources to your community by offering convenient day, evening, weekend, and online classes. By advancing your career with a degree from the largest, private, not-for-profit institution of higher education in Florida, you’ll receive the best of both worlds—personalized attention in smaller classes, plus access to the student resources and benefits from NSU’s Fort Lauderdale/Davie Campus.

DEGREE PROGRAMS
At NSU Tampa, you will enjoy innovative academic programs taught by distinguished faculty members who prepare you for success. Many degree programs are offered entirely online and several programs give you the choice to study on campus or in a hybrid format (which combines videoconferencing with online and traditional classes).
