

# Title IX & Office of Residence Life Denim Day

## What is Denim Day?

*Denim Day was established in 1999 after the Italian Supreme Court overturned a rape conviction, in which an 18-year-old student was raped by her 45-year-old driving instructor. They ruled that because the victims' jeans were tight, there must have been consent and that she was not raped.*

## What can you do?

*On this day, we wear denim in solidarity with survivors of sexual violence, and work to eliminate sexual violence and victim-blaming through awareness and education.*
