# Investigating Your Study Skills

---

Would you like to:

- Improve your ability to get the most out of your college experience?
- Learn more and stress out less?
- Improve your grades without sacrificing your social life?

→ Perhaps all you need is to make some improvements in the methods you use in studying and learning!

Take the **Inventory of College Level Study Skills** to see if you may need to improve in one of the following areas:

**Textbook Reading**  
**Notetaking**  
**Memory**

**Test Preparation**  
**Concentration**  
**Time Management**

Just go to: <http://www.sarc.sdes.ucf.edu/inventory.html>

To take the indicator, simply enter your first name, answer the questions, and click on “Calculate Your Results.”

Take note of the areas in which your scores fall below the listed minimum satisfactory scores. Then ask an Office of Academic Services staff member for information on how you might improve in that area.
