

COVID-19 ADDENDUM AND ATTESTATION FOR CAMPUS TOUR VISITORS

I understand that COVID-19 is a highly infectious, potentially life-threatening disease declared by the World Health Organization to be a global pandemic. There is no current vaccine available to the public for COVID-19. COVID-19's highly contagious nature means that contact with others, or contact with surfaces that have been exposed to the virus, can lead to infection. Additionally, individuals who may have been infected with the COVID-19 virus may be asymptomatic for a period of time, or may never become symptomatic at all. Because of its highly contagious and sometimes "hidden" nature, it is currently very difficult to control the spread of COVID-19 or to determine whether, where, or how a specific individual may have been exposed to the disease.

I understand that NSU cannot guarantee a COVID-19 free environment and that NSU has created policies and protocols for responding to the COVID-19 pandemic in an effort to mitigate the spread of the virus. I understand that taking steps to minimize the risk of COVID-19 infections is a shared responsibility and I agree to adhere to the NSU Health and Safety policies and protocols related to COVID-19, as well as national, state, and local guidelines for my own wellbeing and the wellbeing of those around us. I understand that the failure to comply with NSU Health and Safety policies and protocols will result in my immediate removal from campus.

I agree to adhere to the following policies and protocols related to COVID-19 while on NSU's campus.

Tour Information

- Tours will open with an initial capacity of ten (10) people per tour. We will increase capacity as restrictions and guidelines allow.
- Tours will be limited to 3 persons per party/family.

Health Checks

- Before arrival on campus, individuals will conduct a self-check for any COVID-19 medical symptoms, including an at home temperature check.¹ If this self-check reveals any COVID-19 symptoms, please reschedule your campus visit.
- Upon arrival to campus, individuals may be required to submit to a temperature check. Anyone displaying a temperature of 100.4 degrees or higher, or other symptoms of COVID-19, will be asked to reschedule their visit.
- Individuals may also be asked to answer a few short questions related to the health and safety of your party when arriving to campus.
- If you have been in close contact with someone who has tested positive for COVID-19 in the past 14 days or are exhibiting flu, cold, or COVID-19-like symptoms, we ask that you refrain from visiting campus for the time being.

¹ Medical Symptoms include: cough, fever, chills, muscle pain, sore throat, GI symptoms, shortness of breath or difficulty breathing, repeated shaking with chills, new sinus congestion, runny nose, headache, loss of taste or smell, fatigue or any other symptoms noted by the CDC. Please see the CDC website for the most up to date list of symptoms, available at: <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>.

General Safety Practices

- Guests will be required to wear face masks/coverings throughout their campus visit.
- Only individuals under the age of 2, individuals who cannot wear the cloth face covering due to a health concern, or individuals who are unable to remove the face covering on their own are not required to wear face coverings.
- We have placed numerous hand sanitizing stations around campus. There will be times we ask our guests to sanitize their hands.
- Coughs or sneezes must be covered with a tissue and the used tissue must be discarded in the trash.
- Individuals shall practice physical distancing when possible and maintain a six-foot distance between themselves and other individuals on the tour except those individuals within the same household.

Disinfectant Procedures

- NSU has implemented best-practice measures to clean, sanitize, and disinfect all NSU facilities and spaces. Special attention will be taken to clean high-contact areas.
- Hand sanitizer and hygiene stations have been installed in various locations to promote washing and disinfecting hands regularly.

I understand that I must comply with the above policies and protocols in order to come to NSU's campus. I also acknowledge and agree that if I fail to comply with NSU's health and safety protocols and procedures, I may be removed from campus.

I attest that:

- Neither myself nor individuals who reside with me are experiencing any symptom of illness such as cough, shortness of breath or difficulty breathing, fever or chills, fatigue, muscle or body aches, headache, sore throat, congestion or runny nose, nausea or vomiting, diarrhea or new loss of taste of smell.
- Neither myself nor individuals who reside with me have traveled internationally within the last 14 days.
- Neither myself nor individuals who reside with me have traveled to a highly impacted area within the United States of America in the last 14 days.
- Neither myself nor individuals who reside with me have been exposed to someone with a suspected and/or confirmed case of COVID-19 within the last 14 days.
- Neither myself nor individuals who reside with me have been diagnosed with COVID-19 and not yet cleared as non-contagious by state or local public health authorities.
- Myself and individuals who reside with me are following the CDC recommended guidelines as much as possible and limiting exposure to COVID-19.

I agree that should the answers to any of the above attestations change, then I will not come to NSU's campus.
