N ova Southeastern U niversity is Florida's largest independent university based on enrollment, and one of the top 20 independent institutions in the U nited States. A s president of NSU , I invite you to become an ambassador of this remarkable educational showcase that is 34 years young.

In 1967, N SU served an entire student body of 17 from one building. Today, we have more than 16,000 studentsen rolled in 15 academic centers, with programsoffered in 22 states and six foreign countries. The university boasts more than 58,000 alumni in 50 foreign countries. M ore than 7,000 students attend classes on our 232-acre central campus.

The university's sustained growth is due in large part to its exploration of alternative strategies in educating professionals and its commitment to excellence in academics, clinical training, community service, and well-rounded opportunities for all students. The Farquhar Center for U ndergraduate Studies offers a unique learning environment in a university setting. The essence of NSU is collaboration at all levels and with diverse partners.

A syou continue your studies at N ova Southeastern U niversity, you will assume leadership rolesin your community and find innovative avenues to advance them.

We look forward to a lifelong partnership with you, our student. The entire NSU community is dedicated to providing service and academic excellence to you as you continue on the road to graduation and your leadership role in the new millennium.

Welcome to the Farquhar Center for Undergraduate Studies at N ova Southeastern University．It is our mission to serve our students with high－quality educational programs that are neither time－nor place－bound．To address this mission，we offer numerous learning opportunities for our students．

A bout one－fourth of the 4，000 undergraduates we serve attend a traditional day program on campus in Fort Lauderdale．Dual admission programs with the graduate schools of law， education，business，behavioral sciences，and medicine have proved particularly attractive to these learners．The majority of our students，however，are connected to us via a cluster format at sites throughout Florida，in other states，and in locations in the C aribbean． Recently，the introduction of an online business and professional management program provided yet another learning opportunity for many of our adult learners．

Whatever your goal－a professional career，job enhancement，or lifelong learning－you will discover the Farquhar Center provides a variety of options and an exceptional educational experience．It is an exciting place to be．I hope you will find that to be true as well，as you pursue your academic goals．I join all of our colleagues in the center and at the university in wishing you the best in your professional and personal future．

## MISSION STATEMENT

Nova Southeastern University is a dynamic，not－for－profit independent institution dedicated to providing high－quality educational programs of distinction from preschool through the professional and doctoral levels，as well as service to the community．N ova Southeastern U niversity prepares students for lifelong learning and leadership roles in business and the professions．It offers academic programs at times convenient to students，employing innovative delivery systems and rich learning resources on campus and at distant sites．The university fosters inquiry，research，and creative professional activity by uniting faculty and students in acquiring and applying knowledge in clinical，community，and professional settings．

## ＂！$\quad$ ！ <br> NOVA <br> OVERVIEW

 SOUTHEASTERN UNIVERSITY■ ロ ロ ロ ロ ロ ロ ロ ロ
Nova Southeastern U niversity provides a high－quality education leading to the bachelor of science or bachelor of arts degree． U ndergraduate studies at N SU are designed to produce students who think clearly，
communicate effectively，understand new technology and ideas，and analyze and solve problems．Knowledge and skills are acquired in the areas of behavioral and social sciences，communications，humanities and arts，economics，science，mathematics，and technology． M oreover，students will specialize in a preferred area of concentration，preparing them to enter or advance in careers or continue with graduate studies．The members of the faculty and administration are sensitive and responsive to the needs of the individual．They are available to students throughout the day． Faculty members are chosen because of their commitment to teaching and learning．They challenge students to excel in their studies and maintain openness to new information．Students receive thoughtful academic and personal guidance by professional advisors．C lasses are small and interactive．A t N SU， students have the advantage of studying at a major university with nationally recognized graduate programs and research． Eligible undergraduates who complete their bachelor＇s degree will have the opportunity to move directly into N SU＇s graduate degree programs，which include an array of master＇s，educational specialist，and doctoral programs．Graduates will enter their chosen career or graduate program highly qualified；they will have acquired the skills，knowledge，and understanding necessary to excel in a rapidly changing international，multicultural，and technological society．

N ova Southeastern U niversity is the largest independent university in Florida.

## NOTICE OF NONDISCRIMINATION

N ova Southeastern U niversity admitsstudents of any race, color, sex, age, nondisqualifying disability, religion or creed, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school, and does not discriminate in administration of its educational policies, admissions policies, scholarship and Ioan programs, and athletic and other school-administered programs.

## ACCREDITATION STATEMENT

N ova Southeastern U niversity is accredited by the C ommission on C olleges of the Southern A ssociation of C olleges and Schools ( 1866 Southern Lane, Decatur, G eorgia 30033-4097; telephone number: 404-679-4501) to award bachelor's, master's, educational specialist, and doctoral degrees.

## MEMBERSHIP

N ova Southeastern U niversity is a member of the Florida A ssociation of Colleges and Universities, the Independent Colleges and Universities of Florida, the A merican Council on Education, the C ollege Entrance Examination Board, the Council for A dult and Experiential Learning, the Southeast Florida Educational Consortium, the A merican A ssociation of C olleges for Teacher Education, and the A ssociation of A merican C olleges. Programs in undergraduate education are approved by the Florida Department of Education.

## MISSION STATEM ENT

The Farquhar Center for Undergraduate Studies acknowledges and supports the diversity of its student population．We recognize that the social and economic challenges facing our community call for thoughtful and compassionate responses． Therefore，we commit the resources of this institution to the development of a four－year course of study that encourages students to establish socially and ecologically sound value systems and relationships．We believe that a responsible educational institution appreciates that learning is neither time bound nor attached to specific locations．Through the innovative use of technology and creative classroom formats，we will provide students with flexible and alternative contexts for learning． Holding to the belief that the foundation of the undergraduate experience lies in the face－to－face contact between students and teachers，we commit ourselves to support the small class setting as the primary venue for the exploration and examination of important issues of our time．We believe that a thorough， intelligent，and open exchange of ideas among members of our community，coupled with responsible interpersonal communication，is the best preparation for graduate and professional schools，and for considerate and reasonable beh avior in the private and public spheres．

## COLLEGE OF PROFESSIONAL AND LIBERAL STUDIES

The C ollege of Professional and Liberal Studies provides recent high－school graduates a high－quality education leading to either the bachelor of science or the bachelor of arts degree．Students en roll in a general education program that combines an integrated curriculum of interdisciplinary core studies emphasizing effective writing，communication，and critical analysis，with a required distribution of courses in the areas of literature，the arts，history， mathematics，science and technology，oral communication，and hemispheric and global diversity．T he general education program is intended to help students think clearly，communicate effectively， understand new technologies，solve problems effectively，and appreciate the connections that bind us as individuals into a community and that enhance the quality of life．Equally
 FARQUHAR CENTER FOR UNDERGRADUATE STUDIES
■ ロ ロ ロ ロ ロ ロ ロ ロ

important，students study and work in major fields that prepare them to enter careers or to continue with graduate studies．Students have the additional opportunity for instruction and guidance from faculty in graduate centers of NSU in the areas of business，education， behavioral sciences，Iaw，oceanography， science，and computer science．This unique programming is made possible through individualized attention by a professional advising staff committed to academic achievement．

## COLLEGE OF CAREER DEVELOPMENT

The C ollege of $C$ areer Development is designed for working and professional adults．Courses are offered in the evenings and on weekends on campus and at institutional，industrial，and other off－campus locations convenient to students．Although course content meets traditional educational requirements，courses are scheduled to meet the needs of employed students and are taught by university professors as well as knowledgeable professionals in the community． M ost of the approximately 3,100 students currently enrolled in the College of Career Development are employed and have families．They bring with them a mature， stable，and determined interest in enhancing themselves through acquiring new knowledge and skills．They have considerable practical experience and a desire to play an active role in their education．A s a diverse population of individuals，College of C areer Development studentsestablish support networks and help each other succeed，despite conflicting time demands and outside responsibilities．Collectively，their rich backgrounds bring an added source of knowledge and excitement to the educational environment．

## INSTITUTE FOR LEARNING IN RETIREM ENT

In order to serve the special needs of the growing retirement community in South Florida，the Farquhar C enter has established the Institute for Learning in Retirement（ILR）．The program focuses on how the educated person can creatively occupy newfound，full－time leisure．

M odeled after the highly successful program at the $N$ ew School for Social Research in N ew York City, N SU 's ILR offers an opportunity for retired professionals to renew their education. Because of their varied interestsand life experiences, ILR members act as teachers and students, thus sharing with and learning from one another. In the ILR, retirees from all walks of life explore new interests and directions.

The institute meets from mid-O ctober through A pril, followed by a summer session of four to six weeks. Two different classes meet each day, one from 10:00 a.m. to 11:30 a.m. and the other from 12:30 p.m. to 2:00 p.m.

## D iscussion G roups and Seminars

During the week, there are discussion groups, seminars, and classes on a wide variety of subjects, ranging from fine arts and music appreciation to politics, current events, self-awareness, and law. The areas of study are chosen by the ILR membership; group leaders and discussion leaders are members.

## Lecture Series and W orkshops

M embersattend lecture courses and workshops conducted by N SU faculty members and other experts exclusively for the ILR. In addition, members can audit up to two undergraduate courses per year at no charge.

## Field Trips, Social G atherings, and Special Events

Day field trips and weekend and weeklong excursions are planned by a committee. Some recent visits have included St. A ugustine, A solo State Theatre in Sarasota, the Edison H ome in Fort M yers, and the Spoleto Festival in Charleston, South Carolina. Luncheons and parties are planned and hosted by members.

## Summer Program

Each year, a summer-study program is designed to meet membership needs. In addition, a travel/study abroad experience is also part of the program. Recent summer trips have included Israel and Egypt, as well as China and Russia.

For printed information on the ILR, contact: (954) 262-8471 or 262-8472 or 800-338-4723, ext. 8471 or 8472.

The administrative offices of the Farquhar C enter are located in the M ailman-H ollywood Building, 3301 C ollege Avenue, Fort Lauderdale, Florida 33314-7796. The telephone number for the main campus is (954) 262-8000 or 800-338-4723.

> Social life at NSU 's beautiful campus enables students from various cultures to interact with one another.

The Rosenthal Student Center (RSC) is the student union on campus. Thisbuilding houses the Student Life Department, A ramark Dining Services, N ova Books, the N ova Southeastern U niversity Student G overnment A ssociation, W N SU radio station, the Flight Deck, several meeting and conference rooms, and a movie theater. The RSC also has televisions, pool tables, a Ping-Pong table, a dartboard, and board games for student use.

N SU studentshave an excellent opportunity to become involved in extracurricular programs. Student Life encourages all students to get involved in the university community. Involvement is one of the best ways to meet other students, the faculty and staff, and gain valuable leadership skills. N ova Southeastern U niversity has more than 23 registered student organizations on campus, including academic societies, Greeks, religious groups, service clubs, and special interest groups. O ur current organizations are:

## Clubs

A Ipha Phi O mega (service fraternity)
$\square$ A Ipha C hi O mega (national honor society)

- Best Buddies
- HEA L-H ealth AIDS Liaison
$\square$ Hillel (Jewish organization)
IM A N (International M uslim A ssociation at Nova)

Each student organization is assigned a faculty or staff member to serve as an advisor and supporter.

## CAMPUS SPORTS AND RECREATION

The Campus Sports and Recreation Program at NSU offers students, faculty, staff, and alumni opportunities to participate and compete in a variety of sports and lei sure pursuits. Based on a philosophy of sportsmanship and involvement, the program seeks to serve the diverse and ever-changing recreational needs of the NSU community.

The Campus Sports and Recreations Program is located in the RecPlex directly across from the R osenthal Student C enter. The RecPlex houses three lit basketball courts, two lit tennis courts, a 2,600-square-foot swimming pool, and a fitness center with cardiovascular machines, free weights, and locker rooms with shower facilities. Additionally, a variety of sports equipment is available to be checked out at the front office.

Campus Sports and Recreation is divided into the following areas:

## Intramural Sports

- Basketball*
- Football*
- Softball (competitive and coed)
$\square$ Golf Tennis (singles and doubles)
$\square$ Soccer*
(*indicates that these sports are divided into competitive and recreational leagues)

## Student U nion Sports

| $\square$ Billiards | $\square$ Bowling |

| $\square$ Darts | $\square$ Table Tennis |

## C lub Sports

$\square$ Roller Hockey
Instructional Classes and Clinics
$\square$ Outdoor Recreational Trips
$\square$ Special Events

## INTERCOLLEGIATE ATHLETICS

The A thletics Program at NSU has NCAA Division II/NAIA status and consists of the following sports:

| MEN | WOMEN |
| :--- | :--- |
| Baseball | Basketball |
| Basketball | Cross-country |
| G olf | Golf |
| Soccer | Soccer |
|  | Softball |
|  | Volleyball |
| NOTE: W omen'stennis will be reinstated for the 2000-2001 season. |  |

## HOUSING

A t NSU, undergraduate students are housed in a new, state-of-the-art, four-story residence hall. This 296-bed facility offers double accommodations(two students) with a private bathroom. A ll rooms are furnished with twin beds, desks, dressers, chairs, shelving, and closets. Rooms are cable-TV-ready and are wired for computer hookup. A ir conditioning, heating, and local phone service al so are included.

The residence hall includes these amenities: a spacious lobby area, a TV lounge, the O ffice of Residential Life, Iaundry facilities, the mailroom, a kitchen, two classrooms, a computer lab, and study lounges on every floor. A ll undergraduate students with 0-48 credits are required to live on campus and purchase a meal plan, unless one or both of the following criteria apply:

1. The student is married.
2. The student resides with his or her immediate family within the tri-county area (Broward, Miami-Dade, and Palm Beach). Verification must be provided.

A partment-style housing is also available for married students.
For further information about housing and residential life, contact the O ffice of Residential Life at (954) 262-7052 or 800-541-6682, ext. 7052.

## FOOD SERVICES

The university dining hall is located in the Rosenthal Student C enter. Faculty, students, and staff may pay cash for each meal, purchase a meal plan, or purchase a declining balance card. Students residing in Goodwin H all are required to purchase a meal plan. For additional meal plan information, write or call the O ffice of Residential Life, 3301 C ollege A venue, Fort Lauderdale,

Florida 33314-7796, (954) 262-7052. Also, the Jamaican Me C razy C afe, adjacent to the Parker Building, serves sandwiches, piza, snacks, and beverages.

## STUDENT ID CARDS

The Office of the University Registrar issues each student an identification card upon first-time registration. Studentsmust have ID cards to use the computer labs and the library, and to gain admission to residence halls and campus events.

## THE WELLNESS CENTER

The W ellness Center, located in the Farquhar C enter A nnex, promotes wellness and advocates heal thy lifestyle choi ces for the NSU community. The W ellness Center offers the following services:

A H ealth Information Resource C enter
Student health and dental insurance
A Self-C are C enter that provides free condoms, over-the-counter medications, and basic first-aid supplies
$\square$ Free and confidential student counseling services
A free physician-referral network

- Campus-wide health promotion programs

Free aerobics and yoga classes and a power walk club for all N SU students and employees
$\square$ A monthly newsletter
To contact the W ellness C enter, call (954) 262-7040.

## STUDENT HEALTH INSURANCE

N SU students can elect to enroll in a low-cost, basic health and accident insurance program. This optional program is strongly recommended for students who are not already covered under another program. Proof of insurance is required for all students livingon campus. The insurance program will be discussed during orientation.

## STUDENTS WITH DISABILITIES

N SU provides services to meet the needs of students with di sabilities. Students with disability-related needs should contact John C haffin (954-262-8405 or 800-338-4723, ext. 8405; email: chaffin@nova. edu) as early aspossible, preferably at least four weeks before the beginning of the first term of enrollment for which disability-related services are sought. W ritten policies and procedures associated with these academic adjustments also are available.

## MICROLAB COMPUTER FACILITIES

The MicroLab offers and delivers high-quality and appropriate computer technology support to the university community. The M icroLab is comprised of 24 academic computing laboratories and electronic classrooms. A II laboratories are networked to the university's online computer systems. Online connectivity provides access to the campus-wide information system, the Electronic Library, and the W orld W ide W eb.

#### Abstract

LIBRARIES The A lbert and Birdie Einstein Library, located in the Parker Building, houses the university's major collection of books and journals in the humanities, the sciences, and business. $M$ ore than 35 specialized indexes in CD-ROM format are available in-house, and an additional 70 databases, many full-text, are available via the Internet and campus network. The N SU libraries' online catalog (NovaC at) is accessible for remote searching, as well as for searching catal ogs from other university libraries.

The Einstein Library is a member of SEFLIN and FLIN, cooperative library networks that provide quick access to library materials throughout Florida. The library also has lending agreements with large research libraries in the M idwest that provide priority document delivery services to students. The Einstein Library is a cooperating library of the Foundation Center in N ew York, which gives students access to collections for grants and foundation research. For further information, call (954) 262-4601, or visit our W eb site at http://www. nova. edu/library.

Distance education students have access to books, journal articles, microfiche, dissertations, and reference librarians. Distance students may request library materials using fax, mail, or computer. Librarianstravel to class sites to provide information and training to distance learners. C all (954) 262-4602 for further information.

The William Springer Richardson Library, at NSU's $O$ ceanographic $C$ enter, houses a specialized collection of books and periodicals in physical, biological, and chemical oceanography.

The Health Professions Division Library contains catalogs of holdings of more than 20,000 books, 1,200 active journals, and more than 1,200 audiocassettes and videotapes. The library is a member of DOC LINE, the N ational Library of M edicine'sonline interlibrary loan service that coordinates with medical libraries across the United States. C all (954) 262-3106 for further information.

The U niversity School M edia Center maintains an integrated collection of print and nonprint materials designed for students from preschool through high school.

The Law Library of the Shepard Broad Law Center, with a collection of more than 275,000 volume equivalents, contains the standard materials required for legal study and research. It is one of the few collections in the country designated as a depository for United $N$ ations documents. It also serves as a depository for state and federal documents. For more information, call (954) 262-6200.

## ACADEMIC SUPPORT CENTERS

A cademic Support Centers assist students with writing assignments and skillsin English grammar and structure, reading, studying, computer literacy, and mathematics. Tutoring assistance
in various business and science courses is also offered. For the bilingual student, assistance in English language development is available. Staffed by writing and math specialists, as well as peer tutors, the centers provide a supportive environment for interactive sessions in which specialists and students collaborate on improving students' skills. Computer-assisted instruction and workshops on topics such as goal setting and time management, critical reading, text and lecture note-taking, and test-taking strategies are also available. Centers are located on the main campus: (954) 262-8350; in Jacksonville: (904) 443-2885; in Tampa: (813) 288-9459; and in M iami-Dade: (954) 262-2237.

## BOOKSTORE

Textbooks should be purchased before the first day of classes and are available at $N$ ova Books, located in the Rosenthal Student Center. A long with textbooks, the bookstore carries school supplies and a wide range of software available at student prices (up to 75 percent off list prices). The bookstore isopen M ondayFriday, 8:30 a.m.-6:15 p.m., and Saturdays, 10:00 a.m.-1:30 p.m. ( C all for information about extended hours at the beginning of the semester.) Students at off-campus locations may order textbooks by phone, fax, or email. The course number and site location must be indicated when books are ordered or requested. Books are shipped via U PS, usually within 24 hours.

N ova Books may be contacted by:

- Telephone: (954) 262-4750 or 800-509-2665
- Fax: (954) 262-4759
- Email: novabook@nsu.nova.edu

C orrespondence: N ova Books, P.O. Box 290670, Fort Lauderdale, FL 33329

## R eturns Policy

1. U ndergraduate books are returnable during the first two weeks of classes only. Books purchased more than two weeks before classes start are not returnable.
2. Graduate books (including law) are returnable during the first week of class only. Books purchased more than two weeks before classes start are not returnable.
3. H ealth Professions Division books are returnable one week from the purchase date only.
4. Books purchased after the return deadline for each program are not returnable.
5. Only required textbooks are returnable. Optional or supplementary materials, trade reference books, supplies, and other non-book items are not returnable.
6. All items must be returned in original condition.
7. All returns must be accompanied by a cash register receipt.

## CAREER RESOURCE CENTER

The purpose of the C areer Resource C enter is to assist students and alumni in all aspects of career decision making and planning and in the job-search process. Our mission is to support Nova Southeastern U niversity undergraduate students, graduate students, and alumni in the implementation of successful career plans.

Through counseling and career-related resources, the center strives to educate students and alumni by teaching them how to:
$\square$ develop a career life plan, from choosing a major to conducting a job search
explore career and/or graduate/professional school opportunities
$\square$ secure employment
The C areer Resource C enter encourages personal responsibility on the part of students and alumni in planning a career and exploring opportunities as they relate to educational and personal development throughout the college years and into the future.

For further information, please contact the Career Resource C enter at (954) 262-7201.

## STUDY ABROAD

Students in the Farquhar Center for U ndergraduate Studies have opportunitiesto study abroad with N SU faculty membersin China, Peru, Ecuador, England, and Belize. For further information contact K enneth Thigpen, assistant dean for academic affairs, at (954) 262-8073.

## CAMPUS PUBLIC SAFETY

The Public Safety Department is an independent unit that provides protection and service for all students 24 hours a day. Students can reach the office at (954) 262-8981, M ondayFriday, 8:00 a.m.-5:00 p.m., and after hours and weekends at (954) 262-8999. Public Safety should be called to report all emergencies, thefts, or suspicious persons or situations. Public Safety also provides assistance in jump-starting vehicle batteries, giving vehicle owners access in case of lockouts and, when appropriate, giving N SU community members entry to locked buildings or offices. The "N OVALERT" emergency number is (954) 262-8999 (8999 on campus phones).

## UNIVERSITY PARKING PERMIT

All students who attend N SU must obtain a permit in order to park on campus. The Parking and Traffic H andbook will be issued to students at orientation. This manual will specify how to obtain a parking permit as well as explain the university's parking policy.

Please contact N SU 'sPublic Safety Department at (954) 262-8981 for further information.

## CODE OF STUDENT CONDUCT AND ACADEMIC RESPONSIBILITY

All students should review and become familiar with the "Code of Student Conduct and A cademic Responsibility" outlined in the "N SU O verview, A dministration, and Policies" section of this catalog.

## GRIEVANCE PROCEDURES

W hen questions about procedures, decisions, or judgments occur, counseling is available for discussion and resolution of differences. Students al so may have recourse to more formal avenues of appeal and redress. Students are urged to review the "Grievance Procedure" and "Problem-Resolution Procedures" sections of the U ndergraduate Programs Student H andbook.

## HONOR COURT

The Honor Court is a body of faculty members, students, and administrators responsible for hearing casesthrough an educational peer-review process. This process determines a student's accountability for alleged violations of the Code of Student Conduct and A cademic Responsibility. Students should review the "H onor Court Procedures" section in the U ndergraduate Programs Student H andbook.

TUITION, FEES, AND RECISTRATION

Students will not be charged additional tuition for adding classes, as long as they do not go above the 18 -hour limit. Withdrawals and drops do not count in thistotal. Studentsdropping below 12 credits during the first two weeks of the semester will be considered part-time students and will have their tuition recalculated on a percredit basis. These students will also be considered part-time students for the purposes of financial aid/scholarship awards.

Full-time students who process drops or withdrawals after the first two weeks of the semester will not receive any refunds, even for classes that begin duringthe second half of the semester. Part-time students( $1-11$ credits) will becharged on a per-credit basis. Students who initially register for $1-11$ credits, then add creditsthat increase their course load to 12-18 credits, will be charged the full flat-rate tuition.

## REGISTRATION

Each semester at NSU has a designated registration period listed in the schedule of classes. Students should schedule an appointment with their advisor, once the schedule of classes becomes available, in order to review their choice of classes. A ll students (professional and liberal studies and career devel opment) must have their student transaction forms signed by their advisor prior to completing the registration process. Students who register after the designated registration period will pay a late fee.

To register in person, students should submit a completed student transaction form to the Office of the U niversity Registrar, H orvitz A dministration Building, first floor. The office is open M ondayThursday, 8:30 a.m.-7:00 p.m.; Friday, 8:30 a.m.-6:00 p.m.; and Saturday, 9:00 a.m.-noon. Tuition and fees must be paid at the time of registration to the A ccounts Receivable Office, H orvitz A dministration Building, first floor. A ccounts Receivable is open M onday-Thursday, 8:30 a.m.-7:00 p.m.; Friday, 8:30 a.m.-6:00 p.m.; and Saturday, 9:00 a.m.-noon. The student transaction form with payment for tuition and fees may also be mailed to the 0 ffice of the University Registrar, N ova Southeastern University, 3301 College A venue, Fort Lauderdale, Florida 33314-7796.

## DROP/ADD PERIOD

The drop/add period is the first week of each semester. A student may drop one course and add another course in its place during the first week of the semester without financial penalty by submitting a Student Transaction Form, available in the Office of the University Registrar. To add a course after the first class meeting, written permission must be obtained from the instructor or academic director.

## PAYMENT POLICY

NSU requires that tuition for all courses be paid in full at the time of registration. Checks should be made payable to N ova Southeastern U niversity. Students may choose to pay tuition and fees by cash, check, M asterC ard, Visa, A merican Express, or Discover. To pay by charge card when mailing a registration, students must clearly print the account number and the expiration date in the designated area of the registration form.

Students receiving financial aid are allowed to present certain types of loans and other aid, as confirmed in N SU 's financial aid records, to satisfy their bills at registration, even though the aid or loanshave not yet been physically disbursed to them or posted to their accounts.

## Employer Tuition R eimbursement Programs

Students eligible for employer-sponsored tuition reimbursement benefits may defer tuition payment until five weeks after the end of each course; however, at the time of registration, students must submit postdated checks or credit card authorizations (for processing five weeks after the end of the course) and furnish a statement of eligibility from the employer. There is a $\$ 50$ fee for this option; this fee and other charges (excluding tuition) must be paid at the time of registration.

## Three-M onth Installment Plan

Full-time students may elect to pay their tuition in three installments. Fifty percent of tuition, plus all fees (including a $\$ 50$ fee for thisoption) is due at the time of registration; 25 percent is due 60 days after registration; and the remaining 25 percent is due 90 days after registration. Postdated checks or credit card authorizationsfor the two later payments must be provided at the time of registration.

Full-time students who are receiving financial aid may also elect the three-month installment plan to pay any remaining tuition balance due the university.

## TUITION PAYM ENT OPTIONS

Through our partnership with Key Education Resources, special ists in education planning and financing, we are pleased to offer students the following options for meeting college costs:

The K ey Education Resource Payment Plan allows students to pay annual expenses in 10 interest-free installments with no finance charges. The only cost is a nonrefundable $\$ 55$ application fee.

The A chiever Loan offers creditworthy families attractive, lowcost repayment terms, including 15 years to repay, low interest rates, and the choice of three flexible financing options- the M ultiple-Year O ption, the A nnual 0 ption, or the Interest-O nly Option. W ith theA chiever Loan'snew quick and easy application, borrowers can apply by mail, fax, or phone at no cost for conditional approval in as few as 24 hours.

For details of the Resource Payment Plan or the A chiever Loan, or for help deciding which option best meets a student's particular needs, contact Key Education Resources at 800-KEY-LEND.

## REFUND POLICY

## D rop Period with a R efund

Students who wish to receive a refund of tuition must complete and process a Student Transaction Form, available from academic advisors. All students, including those who paid with postdated checks(see "Payment Policy" above), must follow this procedure. Refunds will be based on the postmark date or the Office of the Registrar's stamped date of written notification; refunds will not be based on the last date of attendance. Fees other than tuition are not refundable. To withdraw from a course after the drop period, see the "Withdrawal Policy" sections in this catalog.

## C ollege of Professional and Liberal Studies Students

Full-time students enrolled in 12-18 credits are charged a flat rate for tuition and are not eligible for partial refunds. Students completely withdrawing from the university receive refunds based on the following schedule:

- 100 percent refund: written notice of a complete withdrawal from the university before the start of the semester
$\square 75$ percent refund: written notice of a complete withdrawal from the university during the first week of the semester
$\square 50$ percent refund: written notice of a complete withdrawal from the university during the second week of the semester

No refunds will be made after the end of the second week. The $\$ 200$ deposit paid and all fees are nonrefundable.

Part-time students enrolled in fewer than 12 credits are charged tuition on a per-credit basis. The refund policy is based on the following schedule:

- 100 percent refund: notice of drop in writing before first class meeting
$\square 5$ percent refund: notice of drop in writing by end of first week, regardless of attendance
$\square 50$ percent refund: notice of drop in writing by end of second week, regardless of attendance

## C ollege of C areer D evelopment Students

- 100 percent refund: notice of drop in writing before first class meeting
- 75 percent refund: notice of drop in writing before second class meeting, regardless of class attendance $\square 50$ percent refund: notice of drop in writing before third class meeting, regardless of class attendance

## R efund Policy for Students in the Legal A ssistant Studies Program

Students are held financially responsible only for those courses taken. Students who wish to receive a refund of tuition upon dropping a course must complete a Student Transaction Form. The following schedule will apply:
$\square 100$ percent refund: before the first class meeting

- 75 percent refund: before the second class meeting
$\square 50$ percent refund: before the third class meeting
Refunds will be based on the last date of attendance. A II monies will be refunded if the applicant cancels the enrollment agreement within three business days after signing. All monies will be refunded if the applicant is rejected as a student.

## Exceptional C ircumstances

Refunds or credits to student accounts may be considered after the drop/add period if proof of exceptional circumstances exists. Requests for refunds must be made during the semester the course or courses were taken.

It is the responsibility of students to fill out a Student A ction Form and to provide their academic advisors with the necessary documentation. The advisor will then forward the request to the Office of the Dean for consideration.

Students should contact their academic advisors with questions regarding exceptional circumstances.

To withdraw from a course after the refund period, see the "W ithdrawal Policy" sections in this catalog.

The Office of Student Financial Aid administers the university's financial aid programs, which include grants, loans, scholarships, and student employment. In addition, professional financial aid advisors can help students plan the most efficient use of their financial resources for education.

To the extent that financial aid funds are available, it is the purpose of the $O$ ffice of Student Financial A id to provide qualified students with financial aid in the form of loans, grants, and employment. In order to make the best use of funds, awards normally consist of a "package" of two or more of these types of aid.

U nderlying the awarding of financial assistance is the philosophy that students have a responsibility for contributing, from earnings and savings, toward their own costs. Financial aid resources serve to supplement students' resources.

## GENERAL ELGIBILTY REQUIREMENTS

In order to participate in financial aid programs, a student must:
$\square$ be a citizen, a national or a permanent resident of the $U$ nited States, or be in the U nited States for other than a temporary purpose. Proof must be provided to the $O$ ffice of Student Financial A id.
$\square$ be enrolled or accepted for enrollment at N SU
$\square$ be enrolled in at least three credit hours each semester. ( $M$ any financial aid programs require half-time or full-time enrollment each semester.)
$\square$ be making satisfactory progress in the course of study
not be in default of, or owe a refund for, any aid received previously
sign a Statement of Educational Purpose
be registered for the draft if required to do so by federal law
A dditional eligibility requirements may exist for some programs.

## APPLYING FOR FINANCIAL AID

Prospective students who require financial aid in order to attend the university should apply for financial assistance during
candidacy for admission. Students must complete the university's financial aid application and submit the Free A pplication for Federal Student Aid (FA FSA) for need analysis.

Financial aid applications are accepted throughout the year, but it is important to note that the priority deadline date for receipt of aid applications is A pril 1. N ew applications must be filed each year, regardless of whether funds previously were received.

DEADLINES

| Type of Aid | Deadline |
| :--- | :--- |
| FA FSA Priority D eadline <br> (for Perkins, FW S, and FSEO G ) <br> FA FSA Priority Deadline <br> (for FSA G ) | A pril 1, 1999 |
| FRA G (fall semester) Deadline |  |
| FRA G (winter semester) Deadline | M ay 15, 1999 |
| September 1, 1999 |  |
| January 3, 2000 |  |

A pplications for aid received by the 0 ffice of Student Financial A id by A pril 1, 1999, will be given priority consideration for the upcoming academic year. A pplications received after that date will be considered on a funds-available basis only.

Students who wish to apply for the Florida Student A ssistance G rant (FSA G) must submit their FA FSA in enough time to be received by Federal Student A id Programs' deadline of $M$ ay 15, 1999 (for priority consideration).

N SU financial aid applications for the Florida Resident A ccess Grant (FRA G) for the fall semester must be received by the 0 ffice of Student Financial A id no later than September 1, 1999. For students who will start the academic year during the winter semester, applications for FRA G must be received by January 3, 2000.

## NOTIFICATION OF AWARDS

Students who apply before A pril 1 and are awarded aid by the university should receive notification by July 1 of that year.

Students who apply for a Pell G rant will receive a Student A id Report (SA R) from Federal Student A id Programs.

The application process normally takes six to eight weeks and, possibly, up to 12 weeks. It is extremely important that applicants fill out all forms completely and correctly and that they respond promptly to all inquiries in order to prevent delays in processing. A wards are made only for the current academic year. Students requesting aid for the summer must complete a separate summer aid application, which will be available in January 2000.

## FEDERAL PROGRAMS

## Federal Pell G rant

TheFederal Pell G rant Program providesneed-based federal grant aid to undergraduate students who are enrolled for at least three credits per semester. A wards range from $\$ 400$ to $\$ 3,125$ per year, and no repayment is required. A II undergraduates who apply for need-based assistance are required to apply for a Pell G rant, as it is the basis on which all other aid is awarded.

Federal Supplemental Educational 0 pportunity G rant (FSE O G ) The FSEOG Program provides additional need-based grant assistance to undergraduate students. Funds are limited, and priority is given to students who meet the A pril 1 deadline.

## Federal Subsidized Stafford Loan (FSL)

TheFSL Program provides low-interest, need-based loansthrough participating banks, credit unions, and other financial institutions. U ndergraduate students who are enrolled at least half time are eligible to apply. The interest rate is variable, but not higher than 8.25 percent. Freshmen may borrow up to $\$ 2,625$ per academic year; sophomores may borrow up to \$3,500; and juniors and seniors may borrow up to $\$ 5,500$. The federal government pays the interest to the lender during the student's enrollment in school. Repayment begins six months after the student is no longer enrolled at least half time.

## Federal U nsubsidized Stafford Loan

This program provides long-term, low-interest, unsubsidized educational loans, regardless of need. This loan is available to students who do not qualify for all or a portion of the Federal Subsidized Stafford Loan and to independent students wishing to borrow loan funds in addition to the Federal Subsidized Stafford Loan. Freshmen may borrow up to $\$ 6,625$ annually from the two programs (combined). Sophomores may borrow a combined annual total of $\$ 7,500$. Students who have reached junior status and above may borrow up to $\$ 10,500$ annually from the two programs. The interest rate is the same as that of the Subsidized Stafford Loan, and repayment beginssix months after the student ceases at least half-time enrollment. H owever, unlike the needbased Subsidized Stafford Loan, the borrower is responsible for interest that accrues while in school and during deferment periods.

## Federal Perkins L oan

This program offerslong-term, five-percent-interest-rate loansto studentswho demonstratefinancial need. Repayment begins nine months after students are no longer enrolled at least half time, if
they did not have a loan prior to July 1, 1987. Priority is given to students who meet the A pril 1 deadline.

## Federal Parent Loan for U ndergraduate Students

This program provides non-need-based loans to parents of dependent students. Parents may borrow up to the cost of education, minus other aid received. The interest rate is variable, capped at nine percent. Repayment begins 30 to 60 days after disbursement of the loan.

## Federal W ork-Study (FW S)

Through the FW S Program, part-time jobson campus are available to students on the basis of need. Generally, students work 15 to 20 hours per week. The rate of pay varies according to the job. Funding islimited, and priority isgiven to full-time studentswho meet the A pril 1 deadline.

## STATE PROGRAMS

## Florida R esident A ccess G rant (FRAG)

Through FRA G , full-time students may receive up to $\$ 1,800$ per year to offset the cost of tuition and fees, regardless of financial need. Students must be Florida residents for at least one year to qualify.

## Florida Student A ssistance G rant (FSA G )

FSA G provides need-based grants of up to $\$ 1,000$ to undergraduates. Students must be enrolled full time, be Florida residentsfor at least one year, and meet the $M$ ay 15 receipt-priority deadline.

The Florida Teacher Scholarship and Forgivable L oan Program This program is made up of the C happie James M ost Promising Teacher Scholarship for new freshmen and sophomores and the Florida C ritical Teacher Shortage Forgivable Loan for juniors and seniors. Students who are enrolled in a teacher education program and who are majoring in an area of critical need may apply. To qualify for the scholarship portion, students must graduate from a Florida high school and must submit a scholarship application to their high-school principal by $M$ arch 1 of their senior year of high school. The amount of the scholarship is $\$ 1,500$ per year for a maximum of two years. Students interested in this program must submit an application to the Undergraduate Education Department by M arch 15 . A ward amounts are $\$ 4,000$ per year for a maximum of two years. Students funded under this program are required to enter the teaching profession in an area of critical need upon graduation. For more information, or to obtain an application, contact the 0 ffice of Student Financial A id.

## Seminole and Miccosukee Indian Scholarships

$N$ eed-based grants to cover educational expenses are available each year to qualified members of the Seminole or M iccosukee Indian tribes. A pplications are available from the Higher Education Committee of either tribe or from the Florida Department of Education.

Florida C ollege C areer W ork Experience Program (C C W EP)
This need-based program makes off-campus, part-time jobs
available to undergraduate students. A pplicants must be Florida residents for at least one year to qualify, and the positions held must be related to their academic majors.

## RENEWAL REQUIREMENTS

In awarding available funds, preference is given to students who file their applications by the priority deadline date. Generally, full-time students must have a cumulative G PA of 2.0 or higher in order to qualify for renewal of financial assistance.

## FINANCIAL AID STANDARDS OF ACADEMIC PROGRESS

NSU, in compliance with federal regulations, has established standards of receiving financial assistance. Satisfactory progress means that a student is making measurable progress toward a specified educational objective within a specific time frame. Listed below are condensed criteria of the satisfactory progress requirements at $\mathrm{N} S U$.

## Q ualitative M easure

Students must earn the following cumulative grade point average after completion of each of the following increments:

1-29 credits: minimum GPA-1.70

- 30-59 credits: minimum G PA -1.85
- 60+ credits: minimum G PA - 2.00

Some financial aid programs, especially the Florida Student A ssistance G rant and other programs funded by the state of Florida, require a minimum GPA of 2.0 , regardless of class standing. M ost academic scholarships require a minimum G PA of 3.0.

## Q uantitative M easure

The maximum number of semesters in which a student will be awarded aid is 12 . Full-time students receiving state aid are required to complete 12 credits per semester for the number of semesters for which state aid was received. Full-time students receiving federal aid must complete 20 credits each year. Students attending half time (or less) must complete 70 percent of attempted credits.

Please note: These are minimum criteria for maintenance of satisfactory progress. Please contact the $O$ ffice of Student Financial A id for specific details.

## Process of A ppeals

If a student's financial aid application is turned down because of failure to meet the above-mentioned standards, the student has the opportunity to appeal to the Standards of A cademic Progress A ppeals C ommittee in the Office of Student Financial A id. The appeal should be made in writing, should be addressed to the committee (in care of the Office of Student Financial A id), and should include the following documentation:

A $n$ academic transcript from the registrar
$\square$ A letter written by the student, describing mitigating circumstances

> A physician's note and/or records if the appeal is based on a medical circumstance
> A dditional supporting documents (if applicable)

O nly written appeals will be considered; no verbal appeals will be heard. Decisions of the committee are final, and the student will receive written notification of the decision. If a probationary award is granted, it is valid for only one academic year. O nly one probationary award is allowed per degree level during attendance at NSU .

## CONTACT INFORM ATION

Contact the Office of Student Financial Aid, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796 (Horvitz A dministration Building); telephone 800-806-3680. Office hours are 8:30 a.m.-7:00 p.m. M onday-Thursday; 8:30 a.m.-6:00 p.m. Friday; and 9:00 a.m.- noon Saturday.

## VETERANS' BENEFITS

A ll degree programs described in this catalog are approved for the training of veterans and other eligible persons by the Bureau of State A pproval for Veterans' Training, Florida Department of Veterans' A ffairs. Eligible veterans and veterans' dependents should contact the Office of the U niversity Registrar, 3301 C ollege A venue, Fort Lauderdale, Florida 33314-7796; telephone (954) 262-7241 or toll free 800-541-6682, ext. 7241.

## Standards of Progress for VA Students

Each VA student will be provided a grade/progress report at the end of every evaluation period (e.g., term, semester, quarter). A copy of each report will be placed in the student's permanent file, which is maintained by the $O$ ffice of the $U$ niversity Registrar.

VA students are expected to satisfactorily complete their program of study within the number of training hours approved by the StateA pproving A gency for Veterans' Training. VA students al so must meet any academic, skill, and/or technical requirements for their particular program.

A VA student who has not attained and maintained satisfactory progressasoutlined above during any given semester will be placed on academic probation for the following semester. Should the student not attain and maintain satisfactory academic progress by the end of the probationary semester, the student's VA education benefits will be terminated for unsatisfactory progress.

A student whose VA educational benefits have been terminated for unsatisfactory progressmay petition the school to be recertified after one 16 -week semester has elapsed. N SU may recertify students if it is determined that there is a reasonable likelihood that they will attain and maintain satisfactory progress for the remainder of their degree program. prepare undergraduate students for education at the graduate level.

NSU annually offers scholarships and grants to both incoming and returningstudentsin theFarquhar C enter for U ndergraduateStudies. Eligibility and academic qualifications vary according to the award. In order to beconsidered for awards, applicantsmust have a complete file, includingtheFreeA pplication for Federal Student A id (FA FSA ), and be officially accepted to the university. A wards will be made on a first-come, first-served basis. These awards will be combined with other federal and state financial aid programs to help meet the financial needs of students.

## INDEPENDENT COLLEGES AND UNIVERSITIES OF FLORIDA (ICUF) SCHOLARSHIPS

Each year, ICUF provides students the opportunity to compete for certain corporate scholarship awards. Students enrolled in both the C ollege of Professional and Liberal Studies and the C ollege of C areer Development areeligibleto apply for ICU F scholarships. Pleasenote that the criteria and availability of any ICU F scholarship isnecessarily subject to change without notice.

TheICU F scholarshipsfor the 1999-2000 school year are asfollows: -U.S. Sugar C orporation Scholarship Program
A $\$ 3,000$ scholarship to a graduating senior
-U US Scholarship Program
A $\$ 3,500$ scholarship to a graduating senior
$\square$ The C oca-C ola First G eneration Scholarship Program A $\$ 5,000$ scholarship for a graduating senior who is the first member of his or her family to graduate from college
-The AVMED Scholarship Program
A $\$ 3,000$ scholarship to a student who is planning a degree and career in health services and management

The C arnival C ruise Lines Scholarship Program A \$3,000 scholarship for junior and senior students
$\square$ Florida M aritime Industries Scholarship Program A $\$ 3,000$ scholarship to a graduating senior majoring in international business
$\square$ Life C are C enters Scholarship Program A $\$ 3,000$ scholarship to students who are planning a degree and career in health services and management and are willing to consider developing a career within the long-term health care industry

- M ichael Swerdlow Scholarship Program

A $\$ 3,000$ scholarship for juniors or seniors
For specific eligibility requirements and further information, contact C aryn A sleson in the 0 ffice of the Dean at (954) 2628403.

## COLLEGE OF PROFESSIONAL AND LIBERAL STUDIES SCHOLARSHIPS

## N ova Southeastern U niversity H onor A wards (new students)

1. N SU Freshman H onor A ward-Freshman criteria (\$1,000$\$ 8,000$ ): This is an academic merit award based on high-school G PA and SAT /A CT test scores and is recalculated by N SU. The award is renewable each year providing students maintain a 3.0 NSU GPA and are enrolled full time ( 24 credit hours per academic year).
2. NSU Transfer H onor A ward-Transfer criteria ( $\$ 1,000-\$ 7,000$ ): (a) 24 or more semester hours earned from a regionally accredited institution; (b) cumulative college G PA of 3.0 ; (c) counselor/faculty recommendation. The award is renewable each year providing students maintain a 3.0 NSU GPA and are enrolled full time (24 credit hours per academic year).

## N ova Southeastern U niversity Financial A id G rant

This grant is awarded to students based on unmet financial need and may be awarded in conjunction with an NSU Honor A ward. It is renewable according to need.

## D onor Scholarships

The university offers a number of academic scholarshipsmade possible by donations to its scholarship fund. A wards are made to eligible returning students who have filed a FA FSA by A pril 3 and who have at least 2.5 grade point average. No separate application form is required.

## W assermann Scholarship

In memory of Gustav W assermann, one scholar majoring in legal studies receives an annual award of $\$ 1,000$ in the form of a tuition grant for demonstrated excellence and leadership at NSU. This scholarship is disbursed on a prorated basis for the fall and winter semesters and is applied toward tuition costs. C ontact C aryn A sleson in the O ffice of the D ean at (954) 262-8403 for further information.

## Bekoff Scholarship

One scholar receives an annual award of $\$ 1,000$ from the Dr. and Mrs. Bekoff Scholarship Fund in the form of a tuition grant for demonstrated excellence and leadership at NSU . Thisscholarship is disbursed on a prorated basis for the fall and winter semesters and is applied toward tuition costs. $C$ ontact $C$ aryn $A$ sleson in the $O$ ffice of the Dean at (954) 262-8403 for further information.

## ILR Endowed Scholarship Fund

This fund, established by the Institute for Learning in Retirement, provides annual scholarships to returning undergraduate students. A 3.6 high-school or college GPA, high financial need (based on thestudent's N SU financial aid file), two letters of recommendation, and an essay are required. A pplications are available from academic advisors, the Office of U ndergraduate A dmissions, and the O ffice of Student Financial A id.

Professional and Liberal Studies Scholarship (continuing students) C ontinuing studentsin theC ollege of Professional and Liberal Studies may be eligible for awards ranging from $\$ 250$ to $\$ 1,500$ per year. A wards are competitive and based on academic achievement and financial need. This is a one-year award, and students may reapply each year.

## International Student Scholarship (continuing students)

C ontinuing international studentsin the C ollege of Professional and Liberal Studies may beeligible for awardsranging from $\$ 250$ to $\$ 1,000$ per year. A wards are competitive and based on academic achievement and financial need. Thisisa oneyear award, and studentsmay reapply each year.

## Book A ward (continuing students)

This scholarship provides a $\$ 250$ book credit at $N$ ova Books for eligible continuing professional and liberal studies students. A wards are academically competitive, with preference given to upperclassmen.

## PTK Award

This annual award of $\$ 1,000$ per year is available to qualifying new PA LS transfer students who are members of Phi T heta K appa.

## H oratio A Iger C ollegiate Partners

NSU is a member of the Horatio A Iger Collegiate Partners Program.

For additional eligibility requirements, applications, or other information, contact your academic advisor.

## COLLEGE OF CAREER DEVELOPMENT SCHOLARSHIPS

## Matching Fund Scholarships

The M atching Fund Scholarship is restricted to monies a student receives from community service organizations or recognized organizations with scholarship funds. The Farquhar C enter will match the amount granted to an eligible full-time student by the organization. The maximum award is $\$ 1,000$ per academic year and may not exceed the student's unmet need as stated in his or her NSU financial aid file.

## The Joseph W. Fordyce Scholarship

This is a full-tuition scholarship awarded annually to one fulltime student from Broward Community College's H onors Program. This scholarship is funded by the College of Career Development. To be eligible, a student must be an adult learner who has excelled academically and who has earned an honors certificate upon graduation from Broward C ommunity C ollege.

## ILR Endowed Scholarship Fund

Thisfund, established by the Institute for Learning in Retirement, provides annual scholarshipsto returningundergraduate students. A 3.4 high-school or college GPA , high financial need (based on the student's NSU financial aid file), two letters of recommendation, and an essay are required. A pplications are available from academic advisors and the Office of Student Financial A id.

## H oratio A Iger C ollegiate Partners

NSU is a member of the Horatio A Iger Collegiate Partners Program.

## RENEWAL OF AWARDS

N ova Southeastern U niversity H onor A wards are automatically renewed as long as the student maintains a 3.0 cumulative grade point average, earns 24 credits during consecutive fall and winter semesters, and remains a full-time student. All other awards made by the university are not automatically renewed, and students must reapply for aid each academic year. A pplicationsare available in January of each year for the upcoming academic year.

## OTHER SOURCES OF ASSISTANCE

The Office of Student Financial A id maintains a Scholarship Source Library at the main campus. Students may use thislibrary's reference books to locate private sources of funding. A file of pamphlets and brochures is also maintained, announcing special awards, fellowships, and grants. All students are invited to use these materials. The university and public libraries, as well as commercial bookstores, also providefinancial aid reference books that list private scholarships. In addition, many high-school guidance counselors and chambers of commerce are resources for scholarship information. Students with access to the Internet may al so search for scholarship information using FA ST W EB, located at http://www. studentservices. com/fastweb.

Challenge. Discipline.<br>Excitement. That's what<br>students find at N ova<br>Southeastern U niversity.

The College of Professional and Liberal Studies (PA LS) provides a unique undergraduate experience that combines a comprehensive general education program with study in a major area of concentration. A s part of the general education program, students take a curriculum of core studies organized around seven interdisciplinary themes. Taught by faculty from a number of academic disciplines, core study courses provide a context for studying and analyzing problems of significant intellectual and social concern.

In the first year, in addition to core studies, students develop competencies in mathematics and composition. Students access computer programs that permit self-paced learning, self-assessment, and access to faculty members when problems arise.

Students in PA LS learn how the behavioral and social sciences, humanities and arts, and science and technology can enhance their careers and lives. The curriculum challenges undergraduates with the fundamental questions of living and inspires them to cultivate a lifeof intellectual integrity, personal concern, and social responsibility.

## ADMISSION INFORM ATION AND ADMISSION COUNSELING

Choosing a university isnot only a paper process; it requiresa dialogue with people who are knowledgeable about the many choices to be made. W e strongly urge prospective students to talk with one of our counselors, either in person or by phone, to discuss questions that have career, financial, and academic implications. Contact (954)

262-8001 (in Broward C ounty) for an application or an appointment. Studentsfrom other locations should contact 800-338-4723, ext. 8001.

## APPLYING FOR ADMISSION

In keeping with its philosophy of valuing individual worth and difference, N SU considers applicantsin terms of their potential for success. The 0 ffice of U ndergraduate A dmissions evaluates all applications for admission into the C ollege of Professional and Liberal Studies. A n admissions committee made up of faculty members, student advisors, and admissions representatives review applications and make a determination of admittance, nonadmittance, or wait list status. Factors affecting the committee's decision include a student's high-school grade point average (GPA ), Scholastic A chievement Test (SAT) or A merican College Test (ACT) scores, previous college performance, recommendations, and student essays.

Students interested in the physician assistant undergraduate major should contact NSU's College of Allied Health, Health ProfessionsDivision, at (954) 262-1101. Programs in the H ealth Professions Division may have different general education requirements, transfer policies, and scholarship programs than those in the C ollege of Professional and Liberal Studies. Students who enter the H ealth Professions Division may be affected by these different policies. See also the "Dual A dmission Program" section in this catalog for further information.

## A pplication Procedures

1. Send a completed application form and the $\$ 25$ nonrefundable application fee to this address:

N ova Southeastern U niversity
O ffice of U ndergraduate A dmissions 3301 C ollege A venue
Fort Lauderdale, Florida 33314-7796
2. Entering freshmen must submit a current high-school transcript. Submission of a final, official high-school transcript (or GED equivalent), including proof of graduation, is required prior to the student's second-semester course registration (16 weeks
maximum). Transfer applicants must submit official transcripts from all colleges or universities attended. If, at the time of application, students have any courses in progress at another institution, a final, official transcript must be submitted prior to the student's second-semester course registration.

A pplicants who are resident aliens must provide proof of resident alien status at the time of application.

A pplicants who are currently under suspension or who have been dismissed from another postsecondary institution are not eligible for admission to the Farquhar C enter. A pplicants may appeal this policy and request a waiver by the A dmissions C ommittee; that waiver may be granted only after a review of additional information.
3. Students who have previously earned 24 or fewer college credits must submit either SAT or ACT scores.
4. Speak with a counselor in person or by telephone.

## INTERNATIONAL STUDENTS

International students are required to obtain a student (F-1) visa or an exchange visitor (J-1) visa. Students are not permitted to study in the U nited States on a visitor (B-2) visa.

## International Student A pplication Procedures

1. Submit all secondary school and college-level transcripts. Transcripts must be official English-language translations (this condition applies to transcripts that are not already in English). A pplicants must have the equivalent of an A merican high-school diploma. Credits earned at non-U.S. universities must be evaluated by an outside agency.
2. A chieve a score of 550 or higher on the Test of English as a Foreign Language (TOEFL) exam or 480 on the SAT (verbal section). If the SAT was taken prior to A pril 1, 1995, a score of 400 is required.
3. Students should submit a letter from a financial institution indicating an ability to meet all costs of education without financial aid from NSU. The minimum amount is determined by the budget prepared by the N SU Office of Student Financial A id. A notarized letter from a sponsor is required if a public or private organization or an individual sponsors the student. The financial guarantee must include provisions for any dependents who will be residing with the student in the $U$ nited States.
4. Purchase medical insurance (J-1 visas only). C ontact the international student advisor for further information concerning insurance.

A fter NSU has received all of the above information and has granted the applicant admission, an acceptance letter will be sent. A n I-20 will be issued upon receipt of a $\$ 200$ tuition deposit.

## ACCEPTANCE

Students may apply for admission and may be accepted to NSU throughout the entire year. Students may begin classes at the beginning of any semester. Files are reviewed weekly by the Admissions Committee. U pon receiving notification of acceptance, students should promptly inform the Office of U ndergraduate A dmissions, in writing, of their intention to enroll and forward a $\$ 200$ nonrefundable deposit to be credited toward tuition. A ny student admitted based on nonfinal or unofficial documents from high school and/or all previous colleges attended isconsidered provisionally admitted until all required final, official documents are received. Students admitted to the Intensive Studies Program will need to complete an academic contract as a condition of their acceptance.

Full admission to the college will be granted upon receipt of all required documents: entering freshmen must submit final, official high-school transcripts indicating graduation (or GED equivalent); transfer students must submit final, official transcripts from all colleges or universities attended. If these required documents are not received prior to the student's secondsemester course registration (16 weeks maximum), that course registration will not be approved. A ppeals of this policy may be made through the student's academic advisor. Further questions should be directed to the A dmissions O ffice at (954) 262-8001 or 800-338-4723, ext. 8001.

## REQUIREMENTS FOR CONTINUED ENROLLMENT

Once admitted students have enrolled in the Farquhar Center for Undergraduate Studies, they must meet additional requirements during their first year of enrollment.

## R equirements for First-Time C ollege Students

1. It is important that students are placed in the appropriate college-level skills courses in mathematics, reading, and writing during their first semester at NSU. All new students must take placement tests prior to enrollment. Some students may be exempt, based on their scores on admissionstests (SAT or A CT) and their particular choice of major at NSU. The results of placement tests are used to assist advisors in registering students for their courses. Placement tests may be taken only once.
2. Students who have not yet demonstrated college-level skills in mathematics, reading, and writing must successfully complete developmental courses (MATH 1000 and LANG 1000) by the end of one calendar year of enrollment. A fter three semesters, these students may not enroll in other course work at the Farquhar Center until they successfully complete LA NG 1000 and/or M ATH 1000 or take placement tests and earn scores high enough to register for LA N G 1500 and/or MATH 1030. Students may take placement examinations only once.
3. Individual academic departments and/or majors may have specific requirements for continued enrollment. Students should consult their academic advisors for further information.

## R equirements for Transfer Students with C redits from $\mathbf{O}$ ther $\mathbf{C}$ olleges/U niversities

A Il new students must demonstrate college-level skillsin reading, writing, mathematics, and computer literacy within one calendar year by one of three methods:

1. U pon enrollment, transfer students present transcripts indicating comparable courses taken. Students must have earned a C or better in comparable courses.
2. Transfer students score at or above the specified level on placement test(s).
3. Transfer students successfully complete the required developmental course(s) in reading, writing, and mathematics within one calendar year.

## SPECIAL STUDENT STATUS

Students enrolling as special students may take up to 24 credit hours or enroll in a specialty program without being admitted to a degree program. The 24 -credit limit does not apply to Intensive Studies students nor to students who have already earned a baccalaureate degree.

Special students should indicate their status on the application form and submit it with the application fee and a transcript from the last college attended, if applicable. O nce the admission process is complete, students may register for courses. Special students are not eligible for a degree unless they follow the regular admissions procedures for degree-seeking students, nor are they eligible for financial aid.

## INTENSIVE STUDIES PROGRAM

Each year, a small number of applicants who have some weakness in their academic background or test scores, but who also show potential for academic success, are conditionally admitted to the college in the Intensive Studies Program. This program provides the student with structured academic support, a reduced course load (in most cases), and careful monitoring of academic progress.

## DUAL ADMISSION PROGRAM

N SU offers dual admission to a select number of highly motivated, academically talented students interested in pursuing both undergraduate and graduate studies in speech-language pathology, dispute resolution, law, business, psychology, marine biology, osteopathic medicine, optometry, pharmacy, dental medicine, physical therapy, or occupational therapy. For students seeking an undergraduate degree in the physician assistant major, a dual admission program leading to a baccalaureate degree exists within the Farquhar C enter for Undergraduate Studies and the H ealth Professions Division. Dual admission majors in the Health Professions Division are available to entering freshmen only.

Students who successfully meet all program requirements are assured a place in the N SU graduate or professional school they have chosen. In addition, some of the dual admission programs arecombined programs. The combined programs enable students
to complete both the baccalaureate degree and the professional degree, often in a reduced period of time. Students' number of years as an undergraduate can be reduced, and they receive the baccalaureate degree after completing a prescribed number of courses in the professional school. These courses al so count toward the graduate or professional degree.

Students will complete their undergraduate requirements in the Farquhar C enter for U ndergraduate Studies and complete their graduate or professional school requirements in one of the university's graduate centers. Final admission into the graduate or professional school is contingent upon completing the prescribed undergraduate course of study; maintaining the requisite grades; achieving specific scores on professional school admission tests; and, in some cases, a final interview with the graduate or professional school admissions committee.

Students considering a dual admission program should speak with one of the undergraduate admission counselors to discuss program requirements and prerequisites.

## DOUBLE MAJORS

Students may graduate with double majors. A minimum of 30 semester hours must be completed for each major. Students must inform their advisor of their intent to declare a second major. This is subject to the availability of courses based on academic department schedules.

## MINORS

The Farquhar C enter for U ndergraduate Studies offers minors in the following areas

Banking and Finance

- Communications

C Computer A pplications
$\square$ Criminal Justice
$\square$ Food Industry M anagement
Forensic Psychology
$\square$ Gender Studies

- Global Studies

Human Resource $M$ anagement

- Humanities
- International Business

Latin A merican and C aribbean Studies

- Legal A ssistant Studies

Legal Studies
M anagement
$\square M$ arketing
$\square O$ rganizational $M$ anagement
$\square$ Psychology
$\square$ Speech-Language Pathology
$\square$ Substance A buse Studies
Technology
Tourism
The course requirements for each minor are outlined in each academic department's section of this catalog (consult the table
of contents for exact page numbers). Students must fill out a Request for $M$ inor Form, available from their academic advisor, once course work for the minor is complete.

## DEGREES CONFERRED

N SU awardstwo undergraduate degrees: the bachelor of arts degree and the bachelor of science degree. The diploma indicates the student hasearned a bachelor of arts degree or a bachelor of science degree; it does not indicate the major. The academic transcript, the official record of work at N SU , indicates degree earned, major field of study, and specialty, if any.

## SECOND BACHELOR'S DEGREE

Students with a bachelor's degree from a regionally accredited institution other than N SU may earn a second bachelor's degree from N SU by completing a minimum of 30 approved additional credits in a particular major. At least 50 percent of all credits required in the selected major must be taken at NSU .

## TRANSFER CREDITS

N SU welcomes undergraduate students who have earned college credits at other regionally accredited colleges or universities. Students who plan to transfer should contact an N SU admissions counsel or to discuss how prior college credits can be used to obtain an N SU degree. Community college students should contact an NSU admissions counselor as early in their college career as possible so they can choose courses for their associate's degree that will transfer to NSU and be appropriate for their intended bachelor's degree. NSU has articulation agreements with all Florida community colleges. Students transferring with an associate of arts degree (awarded in 1993 or later) from any of these institutions will be granted junior standing upon entering NSU. A dditional articulation agreements exist with several independent two-year colleges. These agreements are evaluated periodically. Contact an academic advisor for information on current articulation agreements.

O nce a student has been accepted by N SU and the university has received all final official transcripts, the student will receive a Curriculum R equirementsand Evaluation of Transfer C redit Form. This form lists each of the specific courses needed for the major and any credit that has been allowed through transfer or credit by examination. A $n$ evaluation of transfer credit will be completed by the end of the first semester of enrollment, and applicable credit will be transferred based on all final official transcripts received. Students will be advised to take courses based on the official evaluation in their file.

Transfer students must provide final official transcripts from all their previouscolleges; their previous academic work will then be evaluated. NSU will transfer a maximum of 90 eligible semester credits (grades of C or better), including credit for CLEP, proficiency exams, and prior experiential learning, toward a degree; however, a maximum of 66 transfer credits can be accepted from
community colleges. A limited number of $D$ grades may be considered, depending on the total number of credits being transferred and where the $D$ grades are being applied to the curriculum. Remaining credits and at least 50 percent of the credits in the student's major area and minor must be earned at NSU in regular academic offerings.

## EXPERIENTIAL LEARNING

The Farquhar Center is deeply committed to providing service and assistance to the community through experiential learning opportunities for its students. Experience-based courses allow students to work closely with faculty members, employers, and community leaders. N umerous opportunities to receive academic credit for experiential learning within local, national, and international settings are available to undergraduate students. NSU assists students in locating paid or nonpaid work or service experiences within the community.

The C ooperative Education Program is administered jointly with the $C$ areer R esource C enter. Students obtain practical, paid work experience and academic credit in an off-campus position related to their academic major or career choice. N on paid work experiences also are available through the Internship Program. These courses are open to all degree-seeking students with a cumulative G PA of 2.5 or higher who have completed at least 36 credit hours. C o-op and internship placements are for a minimum of 10 hours per week for 16 weeks. C 0-op students are encouraged to apply at least two months before beginning a co-op experience.

The Service-Learning Program offers undergraduate students service experiences within local, national, or international agencies. C ourses are designed to provide students with service experiences related to the undergraduate core curriculum that will enhance personal and academic reflection and growth. Servicelearning courses focus on educational, environmental, social, cultural, or biomedical issues of concern to students, the faculty, and the community. Faculty members also may include service learning as a component within courses related to academic majors and the general education curriculum.

Students interested in any of the above experiential learning programs should contact the coordinator of community service in Parker 206 at (954) 262-8093.

## PRIOR LEARNING

Through RECA LL (Review and Evaluation of C areer and Lifelong Learning), N SU allows undergraduate students to receive credit for certain learning experiences they have had. M ost credit from previous college work is transferable. C redit also can be gained by taking the C ollege Level Examination Program (CLEP) test and from experiences that relate to and can be considered equivalent to college-level learning. A s many as 90 hours of college credit may be granted through RECALL. Contact Randi Miletsky, coordinator of prior learning assessment, at (954) 262-8414 for further information.

## TESTING CREDITS

Students may earn college credit through the C ollege Level Examination Program (CLEP), the Proficiency Examination Program (PEP), the New York University Proficiency Exam ( $N$ YU ), the Defense A ctivity for N on-Traditional Education Support (DANTES), and Advanced Placement Examinations (AP). CLEP is administered at NSU through the C ollege Board. To receive credit through the CLEP, PEP, NYU, or DANTES examinations, a student must score in at least the 50th percentile. All testing must be completed by the time the student has completed 24 credits at NSU. A dvanced placement credit may be available to students who score at least a three on AP examinations. International baccalaureate credit also may be granted. Students should discuss requests for credit with their advisors.

Before applying to take any of the above examinations, a student should consult an academic advisor to be sure that the credits granted are applicable to the student's course of study.

Evaluation of credit by examination will be made upon admission but will be recorded on the student's permanent record only after the student has registered for and completed 12 credits at NSU . In exceptional circumstances, students may be permitted to take courses at another college while enrolled at N SU . H owever, credit will be transferred only if there is prior written approval from the academic director and an earned grade of C or better. Students taking courses at more than one center within N SU must receive written approval from an advisor.

It is possible to test out of TECH 1110 (Technology in the Information A ge), and students wishing to do so should contact their advisors. The cost is $\$ 45$ to take the exam and an additional $\$ 45$ if credit isto be issued. Studentswill be informed of an exam's results once it has been scored (approximately four weeks).

## ACADEMIC INFORMATION

## N ew Student Skill Requirements

Students sare expected to demonstrate skills appropriate for collegelevel work in all courses. Before the first semester of enrollment, students without college-level math and/or English may be required to complete placement tests in the areas of reading, writing, and mathematics and will then be advised asto appropriate course selection. Students needing further development of skills will be informed about opportunities available for assistance. W hile a student is acquiring these skills, his or her enrollment is limited to courses approved by an advisor, generally at the 1000 and 2000 levels. The passing of placement tests is a prerequisite to enrollment in many courses, including all initial mathematics and communications courses.

For specific placement test procedures and practice exams, refer to the brochure on skill and competency requirements available in the Testing A ssessment C enter. A ssistance in mathematics and communications is available through the A cademic Support C enter.

## C omposition and Mathematics Requirements

A ll students are required to take the appropriate composition and mathematics courses during their first semester of enrollment at NSU. Students must enroll in and successfully complete their composition and mathematics sequence of courses in consecutive trimesters. If a student is unable to complete one of these courses successfully, he or she must reenroll for the next semester. A ssistance in writing and math is provided by the A cademic Support C enter.

Students who are required to take LA NG 1000 or MATH 1000 will be allowed to enroll in the course no more than two times. If the course is not completed successfully with a grade of C - or better on the second attempt, the student will be automatically dismissed from the college.

Students may request readmission from the A cademic Progress Committee upon demonstration of having acquired the skills necessary to be successful in LA NG 1000 or M ATH 1000.

## Oral Communications Requirement

A Il studentsmust complete at least one course in oral communications as part of their general education requirements. LA N G 2010: Public Communication; LA N G 2020: Theories of A rgument and Debate; or LA NG 2030: Dramatic Interpretation may be used to fulfill the requirement.

## W riting A cross the $\mathbf{C}$ urriculum

In each course a PA LS student takes, at least 35 percent of the final grade is determined by written assignments, except in certain courses as determined by the dean.

Each course requires $8-20$ pages of writing ( 35 percent of which should bein narrative form), with the faculty providing significant feedback on the assignments. W riting assignments will include those done in and out of class. The W riting A cross the Curriculum Committee reviews and assesses the policy annually.

## GRADING SYSTEM

| Grade | Points |
| :--- | :--- |
| A Excellent | 4.0 |
| A - | 3.7 |
| B+ | 3.3 |
| B G ood | 3.0 |

## G rade Point Average and Quality Points

A student's academic standing for a specific semester is his or her grade point average (GPA ), and the G PA is determined by "quality points." Quality points are determined by multiplying the numerical value of a letter grade ( points) by the number of credits assigned to a course. The G PA is calculated by dividing the total quality points earned in a semester by the total credits taken in a semester. The student's overall academic standing is determined by the cumulative grade point average (CGPA). The CG PA is calculated by dividing the total quality points earned by the total credits taken.

## G rade Reports

$G$ rade reports are sent to students at the end of each semester. A copy of the report is placed in the student's permanent file. Legal provisions that prohibit the release of personally identifiable information to other than legally authorized persons protect students. Students are permitted to inspect, review, and challenge such information as provided by law.

## D ean's List

A ny full-time student who earns a G PA of 3.5 or higher in the fall or winter semester(s) qualifies for the Dean's List. A Dean's List letter is mailed to the student, and the D ean's List comment appears on the student's official transcript. Students with grades of I (incomplete) are not eligible for the Dean's List for that semester.

## Incomplete

A $n$ incomplete(I) can be awarded only in cases of actual hardship experienced by the student as judged by the instructor. W hen instructor and student agree to an I status, both must sign the C ontract for Removal of an Incomplete $G$ rade. The student will have up to 16 weeks to complete the course. W hen the additional 16 weeks have passed, thel will be changed to a grade of $A$ through F, based on the course work completed by that time. A student who is absent at the final examination without prior approval cannot receive an incomplete grade.

## Optional Pass/Fail

Studentsin good academic standing may register for two electives outside of their major, minor, or certificate program on a pass/fail basis. A pass/fail registration will not convert back to a normal registration (i.e., cannot be counted in GPA ).

## WITHDRAWAL POLICY

A student will be administratively withdrawn if he or she misses both the first and second class meetings. A fter the third week of class, a student may withdraw only with the signature of the instructor. Students may withdraw from a course before the seventh week of an eight-week course and before the $15^{\text {th }}$ week of a 16-week course.

A Student Transaction Form must be received and date-stamped by the Office of theU niversity R egistrar before the deadline. Such a withdrawal will appear on the transcript, but it will not count toward the G PA. A student considering withdrawal is encouraged
to meet with the instructor and/or program advisor to discuss the implications of such actions. Foreign students are en couraged to speak to the international student advisor prior to submitting a Student Transaction Form for withdrawal from a course, as it may affect immigration status. Financial aid recipients should speak to an advisor from the 0 ffice of Student Financial A id.

Students may request a "late withdrawal" due to extenuating circumstances by completing a Student A ction Form (SA F). Students must submit the SA F to their advisors before the last class meeting. A ppeals for withdrawal after the last day of class must be sent to the dean.

## REPEATED COURSES

Students may repeat a course to improve the grade in that course, but credit toward graduation will be granted only once. All enrollments and grades will remain on the transcript and will have a notation that the course has been repeated. Students may repeat a course no more than three times, and the highest grade will be counted in the student's G PA. Students need to complete a Repeated Course Form after the course has ended. Repeated C ourse Forms are available from academic advisors. Students are allowed three attempts to successfully pass a course. A $n$ attempt is defined as any letter grade (W, A -F). Students who are unsuccessful after three attempts in an elective course or a general distribution course (with other options) can continue enrollment, but cannot repeat that specific course. Students who are unsuccessful after three attempts in program requirements, prerequisites to major courses, or major courses can choose to switch majors. Students may not continue in that major. Students who are unsuccessful after three attempts in required general education and core courses (where there are no alternative courses) are academically dismissed.

## SUMMER ENROLLMENT POLICY

Students may be permitted, with prior approval, to take courses during the summer months at an accredited institution outside of South Florida. These courses may be used for elective credit or general education distribution course credit (not core courses). Students may take up to 10 percent of the credits needed to complete degree requirements at N SU . To request permission to take courses at other institutions, students must submit an Interim Enrollment Form and must provide catalog descriptions of these courses to their advisor prior to enrollment.

## SATISFACTORY ACADEMIC PROGRESS

To remain in good academic standing, undergraduate students must maintain the required minimum grade point average (GPA ) or higher on all credits attempted. Students receiving financial aid should consult this catalog for information on minimum requirements for G PA and credit hours.

## Minimum Requirements (G PA )

1-29 credits-1.70 GPA
30-59 credits-1.85 GPA
$60+$ credits-2.00 G PA

## Minimum G raduation Requirements (G PA ) in the Major

M ajors in the Department of Education: 2.5
A ll other majors: 2.25

## A cademic Jeopardy

A t the end of each semester, the 0 ffice of the Dean reviews students' academic progress. Students whose grade point average (GPA) falls below minimum grade point average requirements will receive notification that they have been placed in one of the categories of academic jeopardy listed below. Except for academic warning, all other categories become part of the student's permanent transcript.

## DEFINITIONS

## A cademic W arning

Students whose cumulative G PA falls below 2.0

## A cademic Probation

Students who have completed at least 12 credits for which they have received grades of $A$ through $F$ and who fall below the minimum G PA (see "M inimum Requirements" above)

## C ontinued Probation

Students who, in successive semesters of en rollment after being placed on academic probation, earn a minimally acceptable G PA but whose cumulative GPA for all semesters falls below the minimum grade point average requirement

## Progress Probation

Students who fail to complete at least 70 percent of credits attempted in any one semester with grades of $D$ or better

## 0 ff Probation

Students who achieve the minimum cumulative G PA

## Suspension

Students on academic probation or continued probation who fail to earn a minimally acceptable GPA in the next semester of en rollment or students on progress probation who fail to complete at least 70 percent of credits attempted in a successive semester

Length of suspension is for two semesters. Students must appeal for readmission at least one month prior to the requested date of readmittance (see "N otification and A ppeals").

## D ismissal for Failure to C omplete D evelopmental Math or Language R equirements Successfully

Students who fail to complete MATH 1000 or LANG 1000 successfully after two attempts. G rades of D+, D, F, or a withdrawal (W) are unsuccessful attempts. Students may request readmission after demonstrating that they have acquired the necessary math or language (writing) skills by passing the appropriate placement examsor by successfully completing transferable math or language (writing) courses at another institution.

## D ismissal Following Suspension

Students readmitted on continued probation following suspension who fail to meet a minimally acceptable G PA

## N otification and A ppeals

A student placed on suspension or dismissed will receive a certified letter sent to the student's local address. The student will have until the deadline specified in the dismissal or suspension letter to appeal to the A cademic Progress C ommittee. The committee includes faculty members from each academic department, a representative academic advisor, and a representative from the A cademic Support Center. The committee reviews appeals for suspension and dismissal. N otification of decisions will be sent to the address given in the appeal letter. The student may contact an academic advisor or the director of student support in the 0 ffice of the Dean for information.

## R eadmission Following Suspension or Dismissal

Students requesting readmission following suspension or dismissal must submit a written request to the A cademic Progress Committee at least one month prior to the semester in which they wish to reenroll. The committee will review all requests for readmission. H owever, the student must justify reasons for readmission and readiness for reentering the Farquhar C enter for U ndergraduate Studies.

## INDEPENDENT STUDY AND TUTORIAL

Independent study provides qualified students an opportunity to research a question of interest under faculty supervision. A tutorial enables qualified students to take a regular course from an instructor on an individual basis rather than in a classroom format. Tutorialsare allowed only in exceptional circumstances. A student interested in either an independent study or a tutorial should contact his or her academic advisor and consult with a faculty member to draw up a contract outlining student responsibilities. The student, the instructor, and the department's academic director must sign the contract. Regular tuition schedules and rates apply to both independent study and tutorials.

## AUDITING A COURSE

A student may register to audit a course. The student may attend all classes but is not required to take examinations. A grade of AU will be given at the time of registration. Once a student has registered for an audit, the registration may not be changed back to one in the normal grading system. A $n$ audited course may be included in the flat tuition rate, provided the total number of credit hours, including credits assigned to audited courses, do not exceed 18. Otherwise, tuition will be charged at the prevailing, per-credit-hour rate.

## CLASS ATTENDANCE

The basis of the educational process at NSU presumes a continuous, close-working relationship between instructor and student. Therefore, students are expected to attend class regularly. Specific requirements are established by each instructor and are communicated either at the first class meeting or in the syllabus. The administration will support the faculty member's attendance requirements. The student is responsible for the academic consequences of absences from class.

Students who miss class must let the instructor know that they are going to be absent before the class meets. Students who miss class because of an illness or other emergency should see or call the instructor as soon as possible and arrange to make up the work.

## REQUIREMENTS FOR GRADUATION

A II degree-seeking students must complete the minimum credits as designated for the chosen major and must have matriculated. The following conditions are also required:

1. A dmission as degree-seeking candidate in one of the majors
2. Completion of general education, specialty, and elective requirements as specified by the major program
3. C ompletion of major requirements as specified
4. A ttainment of a 2.0 cumulative grade point average ( 2.5 in education)
5. A ttainment of a 2.25 grade point average ( 2.5 in education) in the major area
6. A ttainment of a 2.25 grade point average ( 2.5 in education) in minors, if selected or required by program
7. C ompletion, at NSU, of at least 30 credits (not including CLEP, proficiency examinations, or experiential learning credits)
8. C ompletion of at least 50 percent of the credits in the major area and minor at NSU (not including CLEP, proficiency examinations, or experiential learning credits)
9. Submission of a Degree A pplication Form and payment of the diploma fee prior to completing registration for the last semester
10. Fulfillment of all obligations to the library, the student's program, and the comptroller's office

## GRADUATION WITH HONORS

A student eligible for graduation with a cumulative grade point average of 3.8 or higher who has completed at least 54 credits at N SU is eligible to receive the degree "with distinction."

Students who have earned fewer than 54 credits at NSU may petition for graduation with distinction if they have maintained at least a 3.8 G PA in all course work accepted toward their degree program at N SU .

Degree candidates must complete all of the requirements as specified above.

## INTERRUPTION OF STUDIES

Students who enroll at N SU are eligible for graduation once they meet the program requirements listed in the university catalog that was in effect when they entered NSU. W hen there is a major break in attendance (one calendar year from the end of the last semester enrolled), the students will then have to meet the requirements of the university catalog in effect when they return to NSU, or as agreed on by the academic program director and the student.

## GENERAL EDUCATION PROGRAM

The General Education Program is designed to foster critical and creative responsiveness by hel ping studentsdevelop the ability to solve problems, think analytically, and communicate clearly. A sa result of the General Education Program, students will develop effective communication skills in speaking, listening, writing, reading, and critical interpretation. The General Education Program also helps students place ideas in their proper context and appreciate the role of values within a cultural tradition.

## Mission Statement for G eneral Education

Incorporating dynamic resources and methods in various settings, the general education curriculum at the Farquhar C enter for U ndergraduate Studies at NSU provides opportunities for learners to emerge as thoughtful and responsible citizens prepared for a competitive global environment.

## C ore Studies

C ertain courses contribute to the breadth of awareness expected of all Farquhar Center graduates. These courses are part of the program requirements that all majors share. C ore studies require a sequence of courses taken over four years in the following thematic areas (at least three must be completed in the freshman year):

## Freshman Year

## CORE 1410 Journey I

This interdisciplinary course is the first course all freshmen will take at NSU. It provides an academic and social context for
examining intellectual and personal issues. The metaphor of life as a journey provides the vehicle for this exploration. Students will examineliterary and other creative worksaswell as participate in the process of documenting their own undergraduate journey. Students are encouraged to maintain a portfolio of educational "artifacts" (papers, exams, notes, drawings, journal entries, musical compositions, poetry, etc.) throughout their undergraduate experience at NSU. This portfolio provides a basis for Journey II: The Capstone Experience, a required course to be taken in the senior year.

## C ORE 1420 H uman N ature, H uman Behavior

This course addresses the question, " $W$ hat is the nature of the individual?" and examines the biological and environmental influences that shape the individual. A $n$ analysis of classical and contemporary sourceshelps the student think critically about basic theories and issues, such as nature versus nurture, the mind-body dichotomy, cognitivism, behaviorism, and the scientific exploration of human behavior.

CORE 1430 The Living Earth: An Environmental Perspective In this course, students study the science of ecology and the impact made by humans on the environment. The course makes obvious the fact that there are no simple answers or quick solutions to environmental problems. It will, however, help studentsgain a more complete and genuine understanding of the cause-and-effect relationshipsthat operate in the environment, thereby providing a basis by which they can evaluate their own responsibility to the long-term sustainability of the biosphere.

## C ORE 1440 Other Voices, Other Visions: Multicultural Perspectives

This course examines the role of "world view," encourages an appreciation of different peoples and cultures, and fosters respect for diversity in local, national, and international environments.

## Sophomore Year

Select one of the following courses:

## CORE 2450 Individual and Social Systems

A study of the nature of institutionsand the reciprocal relationship between people and institutions, this course emphasizes, in
particular, the goal of developing a sense of community and social responsibility among students and faculty.

$$
-0 R-
$$

## CORE 2460 Economic Transformations and Society

This course examines the theory, economic history, and policies that affect national and global economies. It covers a wide variety of issues, such as population, distribution of wealth, Third W orld debt, and global productivity.

## Junior Year

## CORE 3470 Ethical Systems

A $n$ examination of ethical systemsthat instruct in matters related to moral action, moral judgment, and responsibility, this course exploresdifferent ways of viewing contemporary moral issues, such as abortion, euthanasia, and racial discrimination.

## Senior Year

## C ORE 4480 Journey II: T he C apstone Experience

This course provides a context for the systematic examination and interpretation of the portfolio begun in Journey I, assisted by literature on personal ethnography and self-assessment.

Each eight-week core course carries a total of three credit hours, which will apply as partial fulfillment of the 54 credit hours required in the $G$ eneral Education Program.

## M athematics Sequence

The mathematics sequence (MATH 1100/MATH 3020) in the General Education Program is designed to provide students with a global perspective of mathematics and an opportunity to learn many useful applications of mathematics in solving real-world problems. Topicsstudied include algebra, geometry, trigonometry, probability, and statistics. Students must enroll in and successfully complete their mathematics sequence of courses in consecutive trimesters. Please refer to major programs of study for further information on specific course requirements.

## C omposition Sequence

N SU undergraduate students meet composition requirements by taking two composition courses. The first course, LA NG 1500: College Writing I, combines instruction in the principles of effective argumentative writing with emphasis on an ability to critically read selections from essays and imaginative literature. The course also introduces students to research and writing with computers. The second course, LA NG 2000: College W riting II, taken in the student's sophomore year, emphasizes advanced argumentative writing, use of the library, and development of a documented research essay, along with more advanced instruction in reading and interpreting texts. In the composition sequence, studentshave an opportunity to integrate writing instruction with currently available computer technology. Both courses require students' use of computers for wordprocessing, text analysis, and online communication.

Students who are required to take LA NG 1000 and/or M ATH 1000 will be allowed to enroll in the course no more than two
times. If these courses are not completed successfully on the second attempt, the student will be academically dismissed from the college. Please see the section on "Satisfactory A cademic Progress" in this catalog.

Students may request readmission after demonstrating that they have acquired the necessary math or language (writing) skills by passing the appropriate placement exams or by successfully completing transferable math or language (writing) courses at another institution.

## R equired Distributions

The objectives of the General Education Program are also met through a series of distribution courses in the areas of humanities, science and technology, oral communication, and hemispheric and global diversity. Students normally complete distribution requirements by the end of their junior year. Students must select courses from the following list in order to fulfill the distribution requirement:

H istory (select one)<br>3 hours<br>HIST 2050 The A merican Experience<br>HIST 2100 Roots of W estern Society<br>\section*{A rts (select one)}<br>3 hours<br>A RTS 2300 A rt and Society<br>A RTS 2400 The Theatre A rts<br>A RTS 2500 M usic Through History<br>A RTS 2540 Introduction to Film C riticism

## M AJORS

In addition to the General Education Program, students study and work in major fields that prepare them to enter careers or continue formal education in either graduate or professional school. A lthough many students who enroll at N SU already have selected a major course of study and established career goals, some enter the undergraduate program without having decided on a major. In most instances, the majors are flexibleenough to permit students to experience a number of diverse areas before choosing a particular course of study. The following majors are available to students in the C ollege of Professional and Liberal Studies:
$\square$ A ccounting
$\square$ A dministrative Studies
Business A dministration

- C omputer Information Systems
$\square$ C omputer Science
$\square$ Early C hildhood Education
$\square$ Elementary Education
- Environmental Science/Studies (available fall 2000)
- Exceptional Education

Hospitality M anagement

- Humanities

Legal A ssistant Studies

- Legal Studies
- Life Sciences (premedical)
- M iddle School Science Education
$\square$ Ocean Studies
Science and the Business Environment
$\square$ Science and the Law
Sport and W ellness Studies

## BEHAVIORAL SCIENCES

The bachelor of science degree is offered through the Department of Behavioral Sciences with the following majors:

## Legal A ssistant Studies Psychology

## LEGAL ASSISTANT STUDIES MAJOR

The legal assistant studies major is approved by the A merican Bar A ssociation, which has defined a legal assistant or paralegal as "a person, qualified by education, training, or work experience who is employed or retained by a lawyer, law office, corporation, governmental agency, or other entity and who performs specifically delegated substantive legal work for which a lawyer is responsible."

The Legal A ssistant Studies major provides academic and practical training for students who wish to pursue this growing career. The major is also recommended for students who are pursuing business, teaching, other law-related careers, and for those who desire to understand our legal system and enhance their legal knowledge and skills.

## PROGRAM OBJECTIVES

The objectives of the Legal A ssistant Studies Program are to:
$\square$ provide students with a broad-based education in both liberal arts and legal assistant studies
$\square$ provide legal assistant courses that enable students to obtain substantivelegal knowledge; to develop analytical skills; and to apply the knowledge they have learned to tasks routinely performed by legal assistants
$\square$ to be responsive in course offerings to the needs of legal assistants and attorneys
$\square$ to ensure that students are familiar with the ethical guidelines for legal assistants
$\square$ to provide students with the opportunity to take computer courses with software that is used in most offices dealing with lawrelated issues
to familiarize students with the legal assistant profession and the opportunities that are available to them upon completion of the program

## LEARNING OUTCOMES

A successful legal assistant studies graduate is expected to:
$\square$ explain the basic theories, doctrines, concepts, and associated principles that comprise the knowledge base of law, with specific emphasison torts, contracts, willsand trusts, civil procedure, litigation, family law, business organizations, real estate, and criminal law
use critical-thinking skills to analyze and evaluate relevant facts and supporting material
$\square$ use communication and interpersonal skills to effectively interact with clients, attorneys, judges, court personnel, and coworkers
categorize, organize, prioritize, and evaluate complex factual and legal issues
use legal-research skills to research and find statutes, cases, and other primary source material, and to draft legal documents

## PSYCHOLOGY MAJOR

The psychology major provides students with a solid grounding in the knowledge base of psychology. It encourages students to integrate and apply knowledge, and allows flexibility in course selection to help students meet their career goals. The major emphasizes scientific research and application to significant areas of human activities.

## LEARNING OUTCOMES

A successful psychology graduate is expected to:

1. Demonstrate knowledge of basic theories and associated principles that contribute to the knowledge base of psychology. These theories and associated principles fall into the areas of:
$\square$ personality
human development
learning

- cognition
group process and social influence
$\square$ biological influences on human functioning
abnormal behavior and its treatment

2. Recognize and explain the scientific methods used to generate information in the field
3. Locate information in the field and critically evaluate this information
4. A pply basic theories and principles to significant areas of human activities
5. Conduct original research work and/or beginning-level human service work

Students planning to work in the mental health field are encouraged to take A bnormal Psychology, a counseling course, Behavior M odification, Tests and $M$ easurements, and at least one substance abuse studies course. Students who plan to take the GRE and/or plan to enter a doctoral program should take Experimental Psychology, Tests and $M$ easurements, H istory and Theories of Psychology, and as many of the foundation courses as possible. Students who are hoping to become substance abuse counselors should take the substance abuse minor courses.

Students majoring in psychology may also qualify for entrance into N SU 's M asters of O ccupational Therapy Program. Students interested in this career objective should work closely with their academic advisor to ensure that proper prerequisites are met.

Students not sure about which specialty they are most interested in should take as many of the foundation courses as possible at the start of their program of studies. Departmental advisors will help students design individual courses of study that will help them meet their career goals.

## MINORS IN BEHAVIORAL SCIENCES

## C riminal Justice Minor

The 18 -credit-hour criminal justice minor is designed to provide students with an overview of law enforcement policies and procedures. This course of study includes coverage of criminal procedure and the rights of the accused, civil rights of prisoners, rights and responsibilities of law enforcement officers, and the administration of criminal justice organizations. This minor is recommended for students interested in criminology, criminal defense or prosecution, or other law enforcement-related fields. The criminal justice minor provides perspectives of the criminal justice system from the psychological, legal, law enforcement, and correctional perspectives.

A ll students minoring in criminal justice take the following required classes:
CRJU 2200 Criminal Law and Procedure
CRJU 2300 Introduction to Law Enforcement
CRJU 3000 The C riminal Justice System
CRJU 3200 C orrectional Theory and Practice

## 12 credit hours

Students select two of the following three classes:
PSYC 2450 Forensic Psychology
PSYC 3600 C riminal Justice and Substance A buse
PSYC 3760 M ulticultural Issues in Psychology

## 6 credit hours

18 total credit hours
Students should be aware that some minor courses are offered only in the evening or on weekends.

## Forensic Psychology Minor

The forensic psychology minor prepares students for work involving interactions between law and psychology. The minor al so prepares students for advan ced training in forensic psychology and related fields.

Students will learn the fundamental principles of litigation, including methods of alternative dispute resolution; legal standards relating to working as a mental health professional; legal standards relating to testifying as an expert witness; methods of forensic evaluation; strategies for testifying as an expert; methods of profiling serial killers; methods of screening police officer applicants; methods of training and counseling law enforcement officers; methods of assisting attorneys in selecting jurors and in evaluating trial strategies; evaluation and treatment procedures of correctional mental health workers; methods of community corrections, including the roles of probation and parole officers; methods of crime-victim assistance programs; and legal incompetency, civil commitment, dependency and neglect, mental health mal practice, and child custody determinations.

To earn a minor in forensic psychology, students must complete PSYC 2450: Forensic Psychology, and at least five of the following courses:
A DRB 2000 Introduction to Dispute Resolution
PSYC 2800 Introductory Practicum
PSYC 3260 A bnormal Psychology
PSYC 3600 C riminal Justice and Substance A buse
PSYC 4810 Practicum in Community Psychology
( NOT E: only forensic sites qualify)

CRJU 2200/LEGS 3050 Criminal Law and Procedure
CRJU 3000 The Criminal Justice System
OR
CRJU 3200 C orrectional Practice and Theory
18 total credit hours
Students should be aware that some minor courses are offered only in the evening or on weekends.

## Legal A ssistant Studies Minor

The legal assistant studies minor is appropriate for students pursuing legal assistant or other law-related careers or businesses and for others who desire to understand the U.S. legal system and enhance their legal knowledge and skills.

A ll students minoring in legal assistant studies take the following required classes:
LEGS 1150 Introduction to Law and the Legal Profession
LEGS 2210 Computer A pplications for the Legal Profession
LEG S 2400 Business Relations and Organizations
LEGS 3050 Criminal Law and Procedure
LEGS 3100 Legal Research and W riting I
LEGS 3300 Torts and Civil Litigation
18 credit hours
Students select two of the following three classes:
LEGS 3260 Real Estate Practice I
LEGS 3360 W ills, Trusts, and Estates I
LEGS 3550 Family Law
6 credit hours
24 total credit hours
Students should be aware that some minor courses are offered only in the evening or on weekends.

## Psychology Minor

The 18-credit-hour minor in psychology is intended to provide students with a solid grounding in the knowledge base of psychology and the opportunity to explore areas of psychology that most closely correspond to their interests and goals.

All students minoring in psychology take the following required classes:
PSYC 1020 Introduction to Psychology
PSYC 3110 Interpersonal Communication
6 credit hours
Students select at least two of the following six classes:
PSYC 2350 Life Span Development
PSYC 3000 Psychological Research M ethods
PSYC 3160 Issues in Social Psychology
PSYC 3210 Personality
PSYC 3510 Human Learning and C ognition
PSYC 4600 Biological Bases of Behavior
6 credit hours
With assistance from an academic advisor or faculty mentor, students select two psychology elective courses (these can include additional classes from the list above):

6 credit hours
18 total credit hours
$N$ ote: A least three of the six psychology classes must be 3000- or 4000-level courses.

## Speech-Language Pathology Minor

The 18 -credit-hour minor in speech-language provides students with a basic understanding of communication sciences and disorders. A ll students minoring in speech-language pathology take the following required three-credit classes:

CSA D 2000 Introduction to Hearing, Speech, and Language
CSA D 3010 Phonetics
CSA D 3020 A natomy and Physiology of Speech and Hearing M echanism
CSA D 3030 Speech and Language Development
CSA D 3040 N euroanatomy
CSA D 3050 Hearing and Speech Science
Students should be aware that some minor courses are offered only in the evening or on weekends.

## Substance A buse Studies Minor

This minor is designed to meet the needs of those who wish to develop a broad base of knowledge concerning substance abuse problems, resources available for managing these problems, and modes of treatment of the individual substance abuser. Thisminor is appropriate for students employed in or wishing to enter the field of substance abuse treatment, as well as any students who feel that the knowledge base provided in this program will be useful to them in their careers (management, teaching, etc.)

The substance abuse studies minor includes six core and two counseling courses:
PSYC/EDUC 3620 Drug Prevention and Education
PSYC/SO CL 3550 Substance A buse and the Family
PSYC 3600 Criminal Justice and Substance A buse
PSYC 3570 Psychology and Physiology of Substance A buse
PSYC 3580 Rehabilitation Strategies in Substance A buse Treatment
PSYC 3630 Ethical and Professional Development in Substance A buse
PSYC 3800 C urrent Psychotherapies
PSYC 4150 Group C ounseling
PSYC 4830 Practicum in Substance A buse and Treatment **
** optional
Students should be aware that some minor courses are offered only in the evening or on weekends.

## CERTIFICATE PROGRAMS IN BEHAVIORAL SCIENCES

## Legal A ssistant Studies C ertificate Program

The legal assistant studies certificate is a postbaccal aureate program for those who have an interest in pursuing legal assistant or other law-related careers. It also is appropriate for those pursuing a business career and for others who desire to understand the U.S. legal system and enhance their legal knowledge and skills.

Students take the following required courses:
LEGS 1150 Introduction to Law and the Legal Profession
LEGS 2210 C omputer A pplications for the Legal Profession*
LEGS 2400 Business Relations and Organizations
LEGS 3050 Criminal Law and Procedure
LEGS 3100 Legal Research and Writing I
LEGS 3300 Torts and Civil Litigation

## 18 credit hours

Students select two of the following three classes:
LEGS 3260 Real Estate Practice I
LEGS 3360 W ills, Trusts, and Estates I
LEGS 3550 Family Law
6 credit hours
24 total credit hours
Students should be aware that some courses are offered only in the evening or on weekends.
*T his course requires computer literacy. TECH 1110 Technology in the Information A ge is a prerequisite for those entering the certificate program without a college-level computer course.

## Substance A buse Studies Certificate Program

N SU islisted as a single-source provider by the Certification Board
for A ddictions Professionals in Florida (CBA PF). The certificate program in substance abuse studies preparesstudentsfor certification from the Certification Board for A ddiction Professionals SS \#02. The program is designed so interested applicants will be able to pursue certification without interrupting their present careers.

The CBA PF has three specialty areas for certification: Certified A ddictions Professional (CA P), Criminal Justice Addiction Professional (JA P), and Certified A ddiction Prevention Professional (CAAP). NSU is the only single-source provider in Florida that offers classes in all three specialty areas.

The substance abuse studies certificate includes six core and two counseling courses:
PSYC/EDU C 3620 Drug Prevention and Education
PSYC/SO CL 3550 Substance A buse and the Family
PSYC 3600 C riminal Justice and Substance A buse
PSYC 3570 Psychology and Physiology of Substance A buse
PSYC 3580 Rehabilitation Strategies in Substance A buse Treatment
PSYC 3630 Ethical and Professional Development in Substance A buse
PSYC 3800 Current Psychotherapies
PSYC 4150 Group Counseling
PSYC 4830 Practicum in Substance A buse and Treatment **
** optional
Students should be aware that these courses are offered only in the evening or on weekends.

## BUSINESS AND ADMINISTRATIVE STUDIES

The bachelor of science degree is offered through the Department of Business and A dministrative Studies with the following majors:

A ccounting<br>A dministrative Studies<br>B usiness A dministration<br>H ospitality M anagement<br>Sport and Wellness

## LEARNING OUTCOMES

A succesful graduateoftheD epartment of Business and A dministrative Studies is expected to:
$\square$ think critically in terms of conceptual izingissues, analyżng data, and articulating and defending conclusions
demonstrate professional verbal and written communication skills in an organizational context
demonstrate an ability to formulate organizational strategies
recognizethevalueof, and demonstrate an ability to make, ethical and socially responsible decisions
$\square$ demonstrate an understanding of the impact of emerging technologies and use them appropriately to gather, process, and present information
demonstrate an understanding of the legal and regulatory issues in an organizational context
use quantitative skills effectively to solve applied business problems
use interpersonal skills effectively at the individual, group, and organizational levels
$\square$ demonstrate an understanding of the interaction between business and the global economy
$\square$ demonstrate an understanding of increasingly diverse organizational, national, and international cultures

## ETHICS ACROSS THE CURRICULUM POLICY

The business and administrative studies faculty believes that a socially responsible institution should not limit the study of ethical issues only to several courses, but that such study should be an ongoing endeavor enhancing the experience of the student. To this end the faculty is committed to making the study of ethical issues an integral part of our academic programs. They believe that by incorporating the study of ethics throughout the curriculum, students will find an additional relevance and real ity to their studies, and that it will help them to become more responsible and productive citizens, as well as exemplary alumni of N SU .

## ACCOUNTING M AJOR

The accounting major is offered for those students who wish to pursue a career in accounting. The major will also serve as the foundation for those preparing for the CPA examination. The State Board of A ccountancy in Florida requires an additional 30 credits beyond the bachelor's degree to qualify for the examination. NSU offers a master's degree designed to satisfy the additional CPA requirements. A dditionally, a student may transfer in only 50 percent of major or accounting prefix courses.

Studentsare cautioned to plan their schedule carefully since upperdivision accounting courses are offered only once per year and may be offered only in the evening.

## COMPUTER AND INFORM ATION SCIENCES

The bachelor of science degree is offered through the School of Computer and Information Sciences in the following areas:

## C omputer Information Systems

C omputer Science

## LEARNING OUTCOMES

A successful graduate of the Department of C omputer and Information Sciences is expected to:
demonstrateunderstanding of the field of computing, both as an academic discipline and as a profession within the context of society
demonstrate understanding of the body of theory that underlies the field of computing
$\square$ demonstrate knowledge of the essential elements of computer science
apply knowledge of computing to specific problems and produce solutions
$\square$ demonstrate an appreciation for the ethical and societal issues associated with the computing field
$\square$ demonstratethecapability for staying current and, moregenerally, for achieving ongoing self-education in the computing discipline
$\square$ use current programming languages, software development tools, software systems, and commonplace computing platforms

## COMPUTER INFORMATION SYSTEMS MAJOR

The computer information systems major prepares the student for a career in business applications as a programmer/analyst, systems analyst, or information center specialist. Emphasisis placed on programming languages, data structures, distributed data processing, software engineering, database management, and information systems organization. The computer information systems major isconsistent with combined recommendations of a model information systemscurriculum outlined by the A ssociation for C omputing $M$ achinery and the D ata Processing $M$ anagement A ssociation.

NOT E: Students should be aware that all major courses are offered only in the evening. A grade of C - or better is required in all program and major requirements.

## COMPUTER SCIENCE MA.JOR

The computer science major includes the systematic study of al gorithms and data structures. The curriculum is consistent with the A ssociation for Computing M achinery recommendations for model curriculums in computer science. The curriculum integrates theory, abstraction, and design to bridge the gap between hardware and software issues. The computer science major encompasses software engineering, systems design, analysis of algorithms, and computer architecture. This concentration requires specific prerequisites and corequisites in mathematics, including discrete mathematics, differential and integral calculus, and probability and statistics.

NOT E: Students should be aware that all major courses are offered only in the evening. A grade of C - or better is required in all program and major requirements.

## EDUCATION

The bachelor of science degree is offered through the D epartment of Education with the following major concentrations:

## E arly C hildhood Education Elementary Education Exceptional Education M iddle School Science Education Secondary Education

## MISSION OF THE DEPARTMENT OF EDUCATION

All undergraduate teacher education programs at Nova Southeastern U niversity (N SU ) are proactive programs designed to address the current and future needs of classroom educators. It is the aim of the Undergraduate Department of Education to prepare itsgraduates to enter the teaching profession as developing professionals who are:
sensitive to students' academic, social, and emotional needs
$\square$ knowledgeable about effective teaching practices and technologies
$\square$ responsive to the diverse needs of all students ( particularly those of at-risk and special-needs learners)
supportive of families and community involvement
$\square$ effective communicators
thoughtful and reflective educators
Through specific course assignments and clinical field experiences in local schools and/or special settings and partnerships, all NSU undergraduate teacher education programs provide students multiple opportunities to develop mastery of the competencies identified by the Florida Department of Education for high-quality teacher education programs.

## M ATRICULATION REQUIREMENTS FOR EDUCATION M AJORS

1. Students must comply with the admission requirements established by the Farquhar C enter for the C ollege of Professional and Liberal Studies. U pon admission, studentsthen declare themselves as intended education majors.
2. Students must earn a grade of C- or better in LA NG 1500 and MATH 1100 or their equivalents.
3. Studentsmust earn a grade of $C$ or better in the required course, EDUC 1100 Exploration of the Education Profession.
4. Students will be assessed on a written essay titled, "W hy I W ant to Enter the Teaching Profession," which must meet the standards of proficiency of college-level writing, including style, content, and usage.
5. Students must earn a cumulative G PA of 2.5 in the first 12 credits earned as a pre-education candidate in courses taken at N ova Southeastern University. EDU C 1100 Exploration of the Education Profession must be taken as part of the first 12 credits.

A fter completing the previously listed requirements, students may matriculate into the major after attempting 12 credits and must do so before accumulating 24 creditsat $N$ ova Southeastern U niversity or be subject to departmental review.

U pon meetingthe conditions of matriculation into theU ndergraduate Department of Education, studentswill become education majors and will be notified by letter.

A ll matriculation appeals will be heard by the director of the Department of Education.

## BACKGROUND CHECK FOR CLINICAL FIELD EXPERIENCES

A ll education courses include clinical experiences conducted in the field (within local classroom placements). Prior to participation in these clinical experiences in the public school systems, students may be required to undergo fingerprinting and a security clearance (background check). The procedurescan vary from county to county, therefore, students at sitelocations should obtain information from their local county school districts.

The Broward County Public School System has an established policy both for fingerprinting and initiating a security clearance.

Fingerprinting and the security clearance application must be completed beforestudentscan be placed in a classroom in Broward County public schools.

## INTERNSHIP

The Internship Experience is the final phase of the NSU U ndergraduateTeacher Education Program. This 16-week course includes evening seminar meetings and 14 weeks teaching in a local school. Students will be placed in a school site by the internship coordinator. Students will gradually assume full responsibility for teaching the class to which they are assigned.

Education Internship Program EDU C 4570 (Internship/Seminar) is offered each academic year in the fall and winter terms. EDU C 4570 is a required nine-hour course for all education specialties and must be completed at N SU to earn the degree. Since it is the terminal course for the degree, it cannot be transferred in from another institution, nor can experience be substituted to satisfy this requirement.

## Internship A pplication

It is the student's responsibility to obtain, complete and return an initial application. The form is available in the department at least one month before it is due. See deadlines below:

## A nticipated Semester for Internship <br> Fall semester <br> W inter semester <br> Initial A pplication Deadline <br> February 25 <br> July 1

W hen the application is returned, the applicant's file is reviewed for completion of all requirements. The internship coordinator will send intern candidates a letter indicating their status (approved, conditional, denied). A ccepted interns will receive additional paperwork called the Placement A pplication and will write their philosophy of education. This paperwork is returned to the internship coordinator, who then develops a final list of student interns for that semester. Students must also register for EDU C 4570, Internship/Seminar through the regular channels (as one would register for any credit hours).

Students are eligible for the internship if they have earned 108 of the required 120 credits, including the required methods courses; have successfully completed LANG and MATH requirements; have passed the SAT I with a minimum score of 950 (or 840 on tests taken prior to A pril 1, 1995) or the A CT with a minimum score of 20; have an overall GPA of 2.5; and have a minimum G PA of 2.5 in their major. Internship dates are published in the Farquhar C enter class schedules.

The Florida Board of Education A dministrative Rule 6A -4.002 allows some full-time administrative or teaching experience to be substituted for some course work but does not permit this experience in lieu of student teaching for purposes of initial certification. Substitute teaching or teacher assistant positions are not considered as full-time teaching and will not be approved in lieu of student teaching.

A ll questions about the Internship Program should be directed to the Department of Education. M ain campus students call (954) 262-7936; all other students may call 800-338-4723, ext. 7936.

## CERTIFICATION

## Certification-O nly Program

A ppropriate courses are offered for students who already hold a bachelor's degree in fields other than education and who desire to obtain certification in early childhood education (prekindergartenprimary), elementary education (1-6), exceptional education (k12), biological science (6-12), middle-school science (4-9), English (6-12), mathematics (6-12), or social studies (6-12).

## C ertification Information

A $n$ individual seeking initial certification issued by the state of Florida may do so by means of either the Florida Department of Education Program A pproval Process or by the Florida Department of Education Transcript Review Process.

The program approval process means that a student has met all of Nova Southeastern U niversity's state-approved program competencies and the state of Florida's requirements for initial certification. Certification through the program approval process is only available to degree-seeking students and will be annotated as such on the student's transcript. In Florida, students graduating from the state-approved program and who have passed all portions of the FTC E areeligiblefor an initial professional certificate. A ctual teacher certification is awarded by the Florida Department of Education, not N ova Southeastern U niversity.

The transcript review process means that a student has followed a course/program sequence established by Nova Southeastern U niversity that is consistent with the expectations of the Florida Department of Education, but the student has not met all of the requirements of the state-approved program. The transcript will not reflect the state-approved program insignia. W hen a candidate applies for certification, a reviewer at the Florida Department of Education will compare all course and state requirements with a student's transcripts for compatibility. Certification may be issued but is not assured. A ctual teacher certification is awarded by the Florida Department of Education, not Nova Southeastern U niversity.

Each state outside of Florida is responsible for the actual teacher certificate in that state. R equirements vary from stateto state. Some states outside of Florida do not grant initial certification unless the transcript is annotated as having met the state-approved program, and applicants would not be certified until they complete that state's approved program.

The state Department of Education (DOE) reserves the right to change requirements leading to certification at any time.

## EARLY CHILDHOOD EDUCATION MAJOR

The early childhood education major combines theoretical components with practical application. Students in this degree
program will have extensive clinical experiences in the community and in local schools (pre-k through third grade settings). A $n$ emphasis is placed on the appropriate uses of technology. The program design incorporates all newly required competencies leading to certification in the state of Florida in the area of prekindergarten-primary, age three to grade three. These courses meet the stated requirements for Florida certification. At the time of the publication of this catalog, the Florida Department of Education is considering this sequence of courses for program approval status.

C ourse are designed to be taken in a specialized sequence. C ontact an advisor for an explanation of required sequence of courses. Please note, the early childhood education major is offered only on the main campus.

## ELEMENTARY EDUCATION MAJOR

The elementary education major is designed to prepare students to teach in grades one through six. The Elementary Education Program will provide students with theoretical foundations; promote the integration of technology; and encompass a variety of clinical experiences. Through the clinical experiences, students translate research and theory into practice. Students enrolled in the Elementary Education Program are encouraged to recognize and appreciate the diversity of today's children, preparing our graduates to teach in our multicultural society. The courses in thisstate-approved program are designed to meet the requirements for certification in Florida as well as in other states.

\section*{SECONDARY EDUCATION MAJOR}

NOTE: T he D epartment of U ndergraduate E ducation is not accepting applications from students desiring to major in secondary education for the 1999-2000 academic year. H owever, the department will begin accepting applications for the secondary education biology major in fall 2000.

The secondary education major, with specialties in biological sciences, English, mathematics, or social studies, is designed to prepare students to teach in middle and/or high school. The program also helps students meet requirements for certification in Florida and helps students become eligible for certification in other states.

\section*{MINORS IN EDUCATION}

\section*{Technology Minor}

This 18-credit-hour minor is intended for education majors who would like in-depth training in the use of technology as it relates to teaching at the elementary and secondary levels. Please note, the technology minor is available only on the main campus.

A ll students minoring in technology take the following courses:
TECH 1110 Technology in the Information A ge
TECH 2150 U sing the Internet
TECH 3520 Emerging Technology in Education
TECH 3530 M ultimedia A uthoring Systems for Educators
EDUC 4320 Integrating Instructional Technology in the C lassroom
TECH 4510 U tilizing Technology to Develop Curriculum for Speakers of Other Languages

\section*{ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL) K-12 ADD-ON ENDORSEM ENT}

The state-approved courses leading to ESO L endorsement enable educators to add additional coverage to their certification. This will allow them to teach students who are designated as being LEP (limited English proficient) and who are in ESOL Programs. This endorsement is also designed for teacher education students who are enrolled at N ova Southeastern U niversity in the U ndergraduate Teacher Education Program and are currently working toward teacher certification in Florida, and for educators who are certified in other areas.

For endorsement, program participants must satisfactorily complete five state-prescribed courses, totaling 15 semester hours.

Registration for these courses should follow the sequence as denoted below:
ESOL 4901 M ethods of Teaching English to Speakers of Other Languages
ESOL 4902 ESOL Curriculum and M aterials
ESOL 4903 C ross-Cultural Studies
ESOL 4904 Linguistics for ESOL Educators
ESOL 4905 Testing and Evaluation in ESOL

All students seeking the undergraduate degree in an education major are required by NSU to take a survey, or introductory course, to the ESO L cluster of courses. The introductory course is EDU C 3330, ESOL Strategies for Limited English Proficient Students, and is the required prerequisite course for the remaining ESO L courses.

\section*{LIBERAL ARTS}

The bachelor of arts degree is offered through the D epartment of Liberal A rts with the following major concentration:

\section*{H umanities}

The bachelor of science degree is offered through the D epartment of Liberal A rts with the following major concentration:

\section*{Legal Studies}

The bachelor of science degree is offered jointly through the D epartment of Liberal A rts and the Department of M ath, Science, and Technology with the following major concentration:

\section*{Science and the Law}

NOTE: Program and major requirements for Science and the Law can be found in the M ath, Science, and Technology section of this catalog.

\section*{HUMANITIES MAJOR}

The humanities major is designed for students wishing to gain a broad background in the various disciplines included in the liberal arts: literature, the arts, history, political studies, philosophy, and interdisciplinary studies. The courses in this major aid students in developing analytical and communication skills, aesthetic responsiveness, moral imagination, and intellectual integrity.

\section*{LEARNING OUTCOMES}

The successful humanities graduate is expected to:
1. Communicate effectively:
a. write well
b. speak well
2. Comprehend complex material:
a. apply critical thinking skills to complex materials and issues
b. analyze, synthesize, and evaluate complex material
c. comprehend the social, philosophical, and political contexts of important literary, historic, and philosophical works
d. comprehend the significance and implications of moral, ethical, and aesthetic issues of past, present, and future
3. C omprehend the enduring role of the arts as both reflections and expressions of human experience:
a. possess an awareness of his or her own life in the context of other lives- past, present, and future
b. comprehend the relevance of philosophy, history, literature, and fine arts to contemporary moral and aesthetic choices

\section*{LEGAL STUDIES MAJOR}

The legal studies major is designed for students interested in preparing for law school or other graduate study and for those who want to pursue a liberal arts major with a legal perspective. The courses in the major assist students in developing analytical and communication skills and an understanding of economic, political, and social contexts within which legal issues arise.

\section*{LEARNING OUTCOMES}

The successful legal studies graduate is expected to:
1. Communicate effectively:
a. write well
b. speak well
2. A nalyze complex material:
a. identify the elements of an argument
b. evaluate arguments
c. identify the relationships among elements of a legal system as well as between legal systems
3. C omprehend the contexts within which legal issues arise
and the implications of legal decisions:
a. demonstrate an understanding of the historical development of legal systems
b. demonstrate an understanding of the economic and social contexts of legal decisions and systems
c. demonstrate an understanding of the political contexts and implications of legal decisions

\section*{Legal A ssistant Studies Minor}

Students wishing to pursue both a legal studies major and a legal assistant studies minor may substitute the following two courses in order to complete both programs and graduate with 120 hours: Instead of LEGS 1150 Introduction to Law and the Legal Profession take LGST 2100 The Legal Profession. Instead of LEGS 3100 Legal Research and Writing I take LGST 3300 Legal Research and Writing. These course substitutions are available only for students pursuing this combined major and minor.

\section*{SCIENCE AND THE LAW MAJOR}

The science and the law major, offered jointly by the Departments of Liberal A rts and Math, Science, and Technology, provides students with an interdisciplinary concentration in legal studies and science. The major serves students interested in pursuing careers in public service or environmental studiesor graduate study in law or the sciences.

For further information on this major and required courses, see "Science and the Law" in the M ath, Science, and Technology section of this catalog.

\section*{MINORS IN LIBERAL ARTS}

\section*{C ommunications Minor}

The communications minor at NSU prepares students broadly educated in the liberal artsto meet professional requirementsin entrylevel positionsin journalism, broadcasting, and business departments connected with the media. The curriculum for the communications minor emphasizes both the theoretical (academic) and practical (professional) aspects of the rapidly changing communicationsfield. This program is not a major, but must be taken in conjunction with one of the majors offered throughout the Farquhar Center. Business majors may not select the management sequence.

The student must complete at least six of the courses offered: two from the Basic M enu and four others from a selected minor sequence for a total of 18 credits.

NOTE: C ourses taken to fulfill general education requirements cannot be applied to the minor.

\section*{G lobal Studies Minor}

The global studies minor provides a broad international perspective for students who are planning careers in business, government, medical and psychological services, the legal profession, or education. The courses in this minor allow students to expand their concept of social and ecological responsibility to the global arena. The minor sponsors research and provides opportunity for unique field study experiences, internships, and community service abroad.

Students must take two three-credit courses from the hemispheric and global diversity menu and any four courses ( 12 credits) from the global studies menu.

Students who select LACS 4860, Field Study in Latin A merica, must take LAC S 4850 as a prerequisite. Since LA C S 4860 counts as six credit hours, students who select this option will need to take only two other courses in the global studies menu, and one other course besides LACS 4850 in the hemispheric and global diversity menu. C ourses taken to fulfill general education requirements cannot be applied to the minor. A lso, some of the courses above have specific prerequisites that must be met before taking them. Students should consult a current catalog for specific prerequisites.

\section*{H umanities Minor}

Combined with a major in a specialized field, the humanities minor prepares individuals to meet the challenges of the contemporary workplace. Experts now contend that individuals will change careers at least twice in a lifetime. A s a result, employers look for individuals who have broad training, in addition to specialized skills. A humanitiesminor offersindividuals the skills and flexibility necessary for professional success.

Interdisciplinary in design, the humanities minor supplements and complements the student's major area of study. It consists of 18 credits in courses that offer students an opportunity to study philosophy, history, arts, and literature.

Students select one three-credit course from each of the four humanities areas: arts, history, literature, and philosophy. Students then select an additional two courses ( 6 credits) at the 3000 level or above in one area of concentration.

\section*{Latin A merican and C aribbean Studies Minor}

The Latin A merican and Caribbean Studies minor provides a broad interdisciplinary base for students who plan careers involving Latin A merican and C aribbean peoples. Students can complete the minor as a means of enhancing their ability to work and live in an increasingly interdependent, multicultural hemisphere. The minor sponsors research and provides opportunity for unique field study experiences, internships, and community service in Latin A merica and the C aribbean.

Students must take two three-credit courses from the hemispheric and global diversity menu, and three three-credit courses from the L atin A merican and C aribbean studies menu. Students must also demonstrate competency in Spanish or Portuguese, which may be fulfilled by three credits of course work (such as LA N G 1210: Elementary Spanish, or LA N G 2210: Intermediate Spanish, or by transferring three credits of Spanish or Portuguese), by examination (CLEP or equivalent), or in conjunction with an approved study-abroad experience. LACS 4860: Field Study in Latin A merican, which requires LA C S 4850: Preparation for Field Study, fulfills the foreign language requirement as well.

\section*{Legal Studies M inor}

Thelegal studies minor provides an introduction to the A merican and world legal systems and their interaction with culture and society. It is especially suggested for students planning careers in business, government, or law.

Students take the following required courses:
LGST 2010 Law in A ction
PHIL 3660 Philosophy of Law

Students choose between:
\begin{tabular}{|lr}
\hline HIST 3010 C onstitutional History I & 3 \\
A N D & 3 \\
HIST 3020 C constitutional History II & 3 \\
\hline O R & 3 \\
\hline PHIL 3330 History of Political Thought I \\
A N D & 3 \\
PH IL 3340 History of Political Thought II & 3 \\
\hline
\end{tabular}
6 credits
Students choose between:
LGST 2100 The Legal Profession
OR
LGST 2400 Comparative Legal Systems

\section*{Students choose between:}

LGST 3300 Legal Research and W riting

\section*{OR}

A ny 4000-Level LGST course

\section*{TOTAL}

3 credits

NOTE: Courses minor.

\section*{M ATH, SCIENCE, AND TECHNOLOGY}

The bachelor of science degree is offered through the D epartment of \(M\) ath, Science, and Technology with the following major concentrations:

\section*{Environmental Science/Studies (fall 2000) \\ Life Sciences (premedical) \\ 0 cean Studies \\ Science and the Business Environment \\ Science and the Law}

\section*{LEARNING OUTCOM ES}

Faculty members expect that successful graduates of the Department of \(M\) ath, Science, and Technology to:
1. Demonstrate a working knowledge of the scientific method
2. Demonstrate essential knowledge of biology
3. Demonstrate essential knowledge of chemistry
4. Demonstrate essential knowledge of physics
5. Communicate concisely and clearly
6. U se mathematics to solve scientific problems and evaluate research data
7. U se current technology to gather, process, transmit, and display information
8. Demonstrate knowledge of ethical, historical, and contemporary issuesrelated to the life sciences (lifescience majorsonly) or marine sciences (ocean studies majors only)
9. Relate basic biological, chemical, geological, and physical
knowledge to marine sciences (ocean studies majors only)

\section*{ENVIRONMENTAL SCIENCE/STUDIES MAJOR}

NOTE: T he environmental science/studies major will be available to students beginning in fall 2000, pending approval by the N SU Program Review C ommittee.

Students who wish to major in environmental science/studies must select one of two degree tracks. The program is designed so students will share a common set of courses in their freshman year to ensure that all students gain an overview of the subject. U pon entering their sophomore year, students will be required to select a specific degree program. Both programsare designed to be completed within a four-year period. A practicum/internship in the eighth semester is required of all students.

\section*{Track 0 ne: Environmental Science}

A \(n\) earth systems foundation providing comprehensive knowledge of Earth's physical, chemical, and biotic systems. Students may qual ify to enroll in a dual-admission program with N SU 'sH ealth Professions Division to earn a master's degree in public health as well as with NSU 's O ceanographic C enter to earn a master's degree in marine environmental science. Refer to the "Dual A dmission Program" section of this catalog for further information and admission requirements.

\section*{Track Two: Environmental Studies}

A program with an emphasis on social issues and how humanity impacts the environment. This track emphasizes the applied side of environmental science and, specifically, incorporatesecotourism
and sustainability in the C aribbean Basin, C entral A merica, Ecuador, and Peru. Program goalsinclude providing students with internships and potential contacts for employment in areas throughout the W estern Hemisphere. Students may enroll in a dual admission program with N SU 's H ealth Professions Division to earn a master's degree in public health. Refer to the "Dual A dmission Program" section of thiscatalog for further information and admission requirements.

\section*{OCEAN STUDIES MAJOR}

The ocean studiesmajor is designed to prepare students for a career or further graduate study. The curriculum consists of a set of core courses in physical and natural science, leading to a degree in
ocean science that is designed as a solid basis for entering the field of marine biology, as well as preparation for further graduate study in this area. A dual-admissions combined bachelor's-master's program with the 0 ceanographic \(C\) enter is available for select, qualified students. Information on this program can be obtained from the Office of U ndergraduate A dmissions.

\title{
The C ollege of C areer Development offers numerous majors leading to the bachelor of science degree. Each major combines a comprehensive general education program with study in a major area of concentration.
}

A dult learners often have limited access to higher education, whether they are employed managers, technicians with "terminal" education, service workers who need specific training and career credentials, housewives who have full-time commitments, teacher aides who want to become teachers, or individuals who are seeking career changes but are restricted by their current responsibilities. These people face changing careers, transitional roles, new technology, and increasing information demandsthat, in turn, affect their intellectual, leisure, cultural, and social needs. U sually adults return to school to increase their competency in a variety of professional roles and to expand their career opportunities.

M ost adults who seek higher education to enhance their career status need flexibility in order to successfully manage their responsibilities as students and as family members; an educational program for these individuals must make both of these roles rewarding. Therefore, two elementsof adult educational design must exist. First, the program must increase the skills and performance of the student in career-related areas. Second, the program must be built around the student's current condition of family and employment.

Research continues to show that the reasons adults choose not to return to school aretime, travel, and family responsibilities. In order for higher education to be accessible to adults, it must not come at the sacrifice of their responsibilities on the job or in the home. N ova Southeastern University (NSU) has successfully developed specific educational programswith this purpose and these conditions in mind.

The following features make the College of C areer Devel opment unique:

\section*{Flexible C ourse Scheduling}

Because most of the program's students are busy working or raising families during the day, courses meet principally in theeveningsand on weekends. Flexible scheduling provides students with the opportunity to enroll frequently throughout the year.

Courses in the eight-week term meet once each week in four-hour sessions. C ourses in 16 -week semesters meet once each week in twohour sessions.

O ccasionally, it becomes necessary to close classes because of capacity enrollment or to cancel classes because of insufficient enrollment. In these cases, NSU makes every effort to notify affected students before thefirstclassmeeting, thereby all owingthem to register for other courses if they so desire.

\section*{Length of Program}

A s mentioned above, one of the hall marks of the C ollege of C areer Development Program is its flexible scheduling. A s a result some students, with approval, may take more than a full academic load (1218 credits) during a semester. On the other hand, students may take one course during a semester, or even none, if outside responsibilities make that plan advisable. Therefore, it is difficult to predict how long a student will take to fulfill his or her academic goals. M any students who are employed full time receive as much credit in a year as they would by attending a traditional day program. For some, graduation is possible in less than four years of academic work.

\section*{C onvenient Locations}

U ndergraduate classes meet on the main campus of NSU in Fort Lauderdale, Florida, and at variousoff-campuslocations, includingBoca Raton, Bonita Springs, Brandenton/Sarasota, Clearwater, Daytona Beach, Fort Pierce, G ainesville, Jacksonville, M elbourne, M iami, O cala, Orlando, Palm Beach, Pensacola, St. Petersburg, Tallahassee, Tampa, W est Palm Beach, and a number of corporate sites.

NOTE: N ot all programs are available in all of the above locations. Please check with the program department for details on specific locations.

\section*{Pragmatic Teaching}

U ndergraduate programs at N SU are designed to be meaningful to the adult student. The faculty consists primarily of working professionalsfully qual ified to teach. These faculty members bring to the classroom both academic expertise and firsthand knowledge of the pragmatic application of the subject matter covered in their courses.

\section*{Student Population}
\(N\) inety percent of students in the C ollege of \(C\) areer D evelopment are over 21 years of age; 60 percent are over the age of 30 . M ost career development students have families and jobs and are rich in experience and diverse in background. They are highly motivated and interested in helping each other succeed. M ost previously have attended college and are now finishing a bachelor's degree in anticipation of new opportunities and, possibly, graduate education.

\section*{R esponsive A cademic A dvising}

The staff of N SU is committed to helping students achieve their educational goals. A dvisors, faculty, and staff are eager to guide students in setting goals for career and personal growth and in planning for optimal progress toward them. Counselors are available in the evening by appointment.

\section*{Prior Learning}

Through RECA LL (Review and Evaluation of C areer and Lifelong Learning), NSU allows undergraduate students to receive credit for certain learning experiences they have had. M ost credit from previous college work is transferable. C redit also can be gained by taking the C ollege Level Examination Program (CLEP) test and from experiences that relate to, and can be considered equivalent to, college-level learning. A s many as 90 hours of college credit may be granted through RECA LL. C ontact R andi M iletsky, coordinator of prior learning assessment, at (954) 2628414 for further information.

\section*{Special Programs}

N SU has designed specialized credit and noncredit programs for working adults. Baccalaureate-degree-granting programs are offered in accelerated curriculums to holders of the associate's degree or its equivalent. N SU also responds to special requests for training and education from business, government, and nonprofit agencies by designing career programs to meet specific needs. The bachelor of science in professional management (BPM), as well as adaptations of specialties and other degree programs, is offered in a cluster format wherever qualified students show sufficient interest.

\section*{GENERAL EDUCATION PROGRAM}

The G eneral Education Program is designed to foster critical and creative responsiveness by helping students develop the ability to solve problems, think analytically, and communicate clearly. A s a result of the General Education Program, students will develop effective communication skills in speaking, listening, writing, reading, and critical interpretation. The General

Education Program also helpsstudents place ideasin their proper context and appreciate the role of values within a cultural tradition.

\section*{Mission Statement for G eneral Education}

Incorporating dynamic resources and methods in various settings, the general education curriculum at the Farquhar Center for U ndergraduate Studies at N SU provides opportunities for learners to emerge as thoughtful and responsible citizens prepared for a competitive global environment.

\section*{ADMISSION INFORM ATION AND ADMISSION COUNSELING}

C hoosing a university cannot be done through paperwork alone; it requires a dial ogue with people who are knowledgeable about the many choices to be made. We strongly urge prospective students to talk with one of our counselors, either in person or by phone.

W e would liketo help you - and all prospective students - answer three important questions:
1. Should you go to college?
2. W here should you go to college?
3. W hen should you go to college?

These questions have career, financial, and academic implications for prospective students. Our counselors have talked with thousands of individuals facing the same decisions. For many potential students, N SU has been the answer. Please take this opportunity to make the right decision.

C all (954) 262-8002 (in Broward C ounty) for an application or an appointment. From M iami-D ade C ounty, call (305) 940-6447, ext. 8002; studentsfrom other locationsshould call 800-338-4723, ext. 8002.

\section*{APPLYING FOR ADMISSION}

In keeping with its philosophy of valuing individual worth and difference, N SU considers applicants in terms of their potential for success.

\section*{To apply to NSU:}
1. Send a completed application form and the \(\$ 25\)
non refundable application fee to this address:
N ova Southeastern U niversity
O ffice of U ndergraduate A dmissions
3301 C ollege A venue
Fort Lauderdale, Florida 33314-7796
2. A Il applicants must submit proof of high-school graduation (or GED equivalent) if they have never attended another college or university. Transfer applicants must submit transcripts from all colleges or universities attended. For provisional admission purposes, unofficial documents or documents indicating courses in progress may be submitted. All final, official documents must be submitted prior to the student's second semester course registration (16 weeks maximum).

A pplicants who are resident aliens must provide proof of resident alien status at the time of application.

A pplicants who are currently under suspension or who have been dismissed from another postsecondary institution are not eligible for admission to the Farquhar Center. A pplicants may appeal this policy and request a waiver by the A dmissions Committee; that waiver may be granted only after a review of additional information.
3. Speak with a counselor in person or by telephone.

\section*{INTERNATIONAL STUDENTS}

International students are required to obtain a student (F-1) visa or an exchange visitor (J-1) visa. Students are not permitted to study in the U nited States on a visitor (B-2) visa.

\section*{International Student A pplication Procedures}
1. Submit all secondary school and college-level transcripts. Transcripts must be official English-language translations (this condition applies to transcripts that are not already in English). A pplicants must have the equivalent of an A merican high-school diploma. C redits earned at non-U .S. universities must be evaluated by an outside agency.
2. A chieve a score of 550 or higher on the Test of English as a Foreign Language (TOEFL) exam or 480 on the SAT (verbal section). If the SAT wastaken prior to A pril 1, 1995, a score of 400 is required.
3. Students should submit a letter from a financial institution indicating an ability to meet all costs of education without financial aid from NSU. The minimum amount is determined by the budget prepared by the N SU Office of Student Financial A id. A notarized letter from a sponsor is required if a public or private organization or an individual sponsors the student. Thefinancial guarantee must include provisions for any dependents who will be residing with the student in the U nited States.
4. Purchase medical insurance (J-1 visas only). C ontact the international student advisor for further information concerning insurance.

A fter NSU has received all of the above information and has granted the applicant admission, an acceptance letter will be sent. Anl-20 will be issued upon receipt of a \(\$ 200\) tuition deposit.

\section*{ACCEPTANCE}

A ny student admitted based on nonfinal or unofficial documents from high school and/or all previouscollegesattended is considered provisionally admitted until all final, official documentsare received. Full admission to the college will be granted upon receipt of all required documents: entering freshmen must submit final, official high-school transcriptsindicating graduation (or G ED equivalent); transfer students must submit final, official transcripts from all colleges or universities attended. If these required documents are not received prior to the student's second-semester course registration ( 16 weeks maximum), that course registration will not be approved. A pplicant appealsof this policy may be madethrough the student's academic advisor.

\section*{REQUIREMENTS FOR CONTINUED ENROLLMENT}

Once admitted students have enrolled in the Farquhar C enter for Undergraduate Studies, they must meet additional requirements during their first year of en rollment.

\section*{Requirements for First-Time C ollege Students}
1. Students who enter the College of Career Development without transfer creditsin English and/or mathematicsmust enroll in LANG 1000 and/or MATH 1000 by their second semester, unless they take placement exams and earn scores high enough to register for LA N G 1500 and/or MATH 1030. Students may take placement examinations only once. Students are required to comply with this policy to process future registrations.
2. Students who have not yet demonstrated college-level skills in mathematics, reading, and writing must successfully complete developmental courses (MATH 1000 and LANG 1000) by the end of one calendar year of enrollment. A fter three semesters, these studentsmay not enroll in other course work at the Farquhar Center until they successfully complete LA NG 1000 and/or M ATH 1000 or take placement tests and earn scoreshigh enough to register for LA NG 1500 and/or MATH 1030. Students may take placement examinations only once.
3. Individual academic departments and/or majors may have specific requirements for continued enrollment. Students should consult their academic advisors for further information.

\section*{R equirements for Transfer Students with C redits from 0 ther C olleges/U niversities}

A Il new students must demonstrate college-level skills in reading, writing, mathematics, and computer literacy within one calendar year by one of the following methods:
1. U pon enrollment, transfer students must present transcripts indicating comparable courses taken. Students must have earned a grade of \(C\) or better in comparable courses.
2. Transfer students must score at or above the specified level on placement test(s).
3. Transfer students must successfully complete the required developmental course(s) in writing and mathematics within one calendar year.

\section*{SPECIAL STUDENT STATUS}

Students enrolling under a special student status (non-degreeseeking) may take up to 24 credit hours or enroll in a specialty program without being admitted to a degree program. The 24credit limit does not apply to students who have al ready earned a baccalaureate degree.

Special students should indicate their status on the Special Student A pplication Form and submit it with the application fee. O nce the admission process is compl ete, studentsmay register for courses. Special students are not eligible for a degree unless they follow the regular admissions procedures for degree-seeking students, nor are they eligible for financial aid.

\section*{DOUBLE M AJORS}

Students may graduate with double majors. A minimum of 30 semester hours must be completed for each major. Students must inform their advisor of their intent to declare a second major. This is subject to the availability of courses based on academic department schedules.

\section*{MINORS}

The Farquhar C enter for U ndergraduate Studies offers minors in the following areas:
\(\square\) Banking and Finance
- Communications
- Computer A pplications
- Criminal Justice
- Food Industry M anagement
\(\square\) Forensic Psychology
\(\square\) Gender Studies
- Global Studies

Human Resource M anagement
- Humanities
- International Business

Latin A merican and C aribbean Studies
\(\square\) Legal A ssistant Studies
Legal Studies
- M anagement
- M arketing
\(\square O\) rganizational M anagement
- Psychology

Speech-Language Pathology
- Substance A buse Studies
- Technology
- Tourism

The course requirements for each minor are outlined in each academic department's section of this catalog (consult the table of contents for exact page numbers). Students must fill out a Request for M inor Form, available from their academic advisor, once course work for the minor is complete.

\section*{DEGREES CONFERRED}

NSU awardstwo undergraduate degrees: the bachelor of arts degree and the bachelor of science degree. The diploma indicates the student hasearned a bachelor of arts degree or a bachelor of science degree; it does not indicate the major. The academic transcript, the official record of work at N SU , indicates degree earned, major field of study, and specialty, if any.

\section*{SECOND BACHELOR'S DEGREE}

Students with a bachelor's degree from a regionally accredited institution other than N SU may earn a second bachelor's degree from N SU by completing a minimum of 30 approved additional credits in a particular major. A t least 50 percent of all credits required in the selected major must be taken at NSU .

\section*{TRANSFER CREDITS}

NSU welcomes undergraduate students who have earned college credits at other regionally accredited colleges or universities. Students who plan to transfer should contact an N SU admissions counselor to discuss how prior college credits can be used to obtain an NSU degree. Community college students should contact an NSU admissions counselor as early as possible in their college career so they can choose courses for their associate's degree that will transfer to NSU and be appropriate for their intended bachelor's degree. NSU has articulation agreements with all Florida community colleges. Students transferring with an associate of arts degree (awarded in 1993 or later) from any of these institutions will be granted junior standing upon entering NSU. A dditional articulation agreements exist with several independent two-year colleges. These agreements are evaluated periodically. Contact an academic advisor for information on current articulation agreements.

Once a student has been accepted by N SU and the university has received all final official transcripts, the student will receive a C urriculum R equirementsand Evaluation of Transfer C redit Form. This form lists each of the specific courses needed for the major and any credit that has been allowed through transfer or credit by examination. A \(n\) evaluation of transfer credit will be completed by the end of the first semester of enrollment, and applicable credit will be transferred based on all final official transcripts received. Students will be advised to take courses based on the official evaluation in their file.

Transfer students must provide official transcripts from all their previous colleges; their previous academic work will then be evaluated. N SU will transfer a maximum of 90 eligible semester credits (only grades of C or better), including credit for CLEP, proficiency exams, and prior experiential learning, toward a degree; however, a maximum of 66 transfer credits can be accepted from community colleges. A limited number of \(D\) grades may be considered, depending on the total number of credits being transferred and where the D grades are being applied to the curriculum. Remaining credits and at least 50 percent of the credits in the student's major area and minor must be earned at N SU in regular academic offerings.

\section*{PRIOR EXPERIENTIAL LEARNING CREDITS}

Students must initiate all requests for prior experiential learning credit before they complete 24 credits at N SU. Prior learning credits will be transcripted after 12 credits are successfully completed at N SU. C ontact R andi M iletsky, coordinator of prior learning assessment, at (954) 262-8414 for further information.

\section*{TESTING CREDITS}

Students may earn college credit through the College Level Examination Program (CLEP), the Proficiency Examination Program (PEP), the N ew York University Proficiency Exam ( NYU ), the Defense A ctivity for N on-Traditional Education

Support (DANTES), and Advanced Placement (AP) examinations. CLEP is administered at \(N\) SU through the C ollege Board. To receive credit through the CLEP, PEP, NYU, or DA NTES examinations, a student must score in at least the 50th percentile. A II testing must be completed by the time the student has completed 24 credits at NSU. A dvanced placement credit may be available to students who score at least a three on A P examinations. International baccalaureate credit also may be granted. Students should discuss requests for credit with their advisors.

Before applying to take any of the above examinations, a student should consult an academic advisor to be sure that the credits granted are applicable to the student's course of study.

Evaluation of credit by examination will be made upon admission but will be recorded on the student's permanent record only after the student has registered for and completed 12 credits at NSU . In exceptional circumstances, students may be permitted to take courses at another college while enrolled at N SU . H owever, credit will be transferred only if there is prior written approval from the academic director and an earned grade of C or better. Students taking courses at more than one center within NSU must receive written approval from an advisor.

It is possible to test out of TECH 1110 (Technology in the Information A ge), and students wishing to do so should contact their advisors. The cost is \(\$ 45\) to take the exam and an additional \(\$ 45\) if the credit is to be issued. Students will be informed of an exam's results once it has been scored (approximately four weeks).

\section*{PORTFOLIO CREDITS}

If a student can demonstrate knowledge and skills comparable to those of a college-trained student, and if those skills are appropriate to the student's course of study, N SU will award academic credit for them. A maximum of 25 percent of a degree program may be earned by creating portfolios. Other prior learning assessment options are available.

To earn credit for prior experience outside the traditional college classroom, students must be able to identify and document their skills and knowledge, and the skills and knowledge must be measurable.

A pplications and counseling for prior learning credit are available from the coordinator of experiential learning by calling (954) 2628414.

\section*{ACADEMIC INFORMATION}

\section*{N ew Student Skill Requirements}

Students are expected to demonstrate skills sappropriate for collegelevel work in all courses. Before or during the first semester of enrollment, students without college-level math and/or English may be required to complete placement tests in the areas of reading, writing, and mathematics and will then be advised asto appropriate course selection. The placement test must be taken before the
student enrolls in his or her second semester. Students needing further development of skillswill be informed about opportunities for assistance. W hile a student is acquiring these skills, his or her en rollment islimited to courses approved by an academic advisor, generally at the 1000 and 2000 levels. The passing of placement tests is prerequisite to enrollment in many courses, including all initial mathematics and communications courses.

For specific placement test procedures and practice exams, refer to the brochure on skill and competency requirements available in the Testing A ssessment \(C\) enter. A ssistance in mathematics and communications (composition) isavailable through the A cademic Support C enter.

\section*{Composition and \(M\) athematics \(R\) equirements}

All students are required to take the appropriate composition and mathematics courses during their first semester of enrollment at NSU. Students must enroll in and successfully complete their composition and mathematics sequence of courses in consecutive trimesters. If a student is unable to complete one of these courses successfully, he or she must reenroll for the next semester. A ssistance in writing and math is provided by the A cademic Support C enter.

Students who are required to take LA N G 1000 and M ATH 1000 (developmental courses) will be allowed to enroll in the course no more than two times. If the course is not completed successfully with a grade of C - or better on the second attempt, the student will be automatically dismissed from the college.

Students may request readmission from the A cademic Progress Committee upon demonstration of having acquired the skills necessary to be successful in LA N G 1000 and M ATH 1000.

\section*{Oral C ommunications Requirement}

All students must complete at least one course in oral communications as part of their general education requirements. LA N G 2010: Public C ommunication; LA N G 2020: Theories of A rgument and Debate; or LA N G 2030: Dramatic Interpretation may be used to fulfill the requirement.

\section*{W riting A cross the C urriculum}

In each course a career development student takes, at least 35 percent of the final grade is determined by written assignments, except in certain courses determined by the dean.

Each course requires 8-20 pages of writing ( 35 percent of which should be in narrative form), with faculty members providing significant feedback on the assignments. W riting assignments will include those done inside and outside of class.

The Writing A cross the Curriculum Committee reviews and assesses the policy annually.

\section*{C ompletion of C ourse A ssignments}

To ensure that students obtain the maximum ben efit from the C ollege of C areer D evel opment's accel erated format, most of the courses offered by this college require that first class assignments
be completed before the first class meeting. These assignments are posted on the Student Services Bulletin Board and are available from academic department offices during registration. The syllabus is distributed at the first class meeting.

Students should anticipate spending a substantial amount of time in preparation for each session to complete the course objectives and requirements outlined in the course syllabi. Courses at 3000 and 4000 levels are considered to be upper-division, college-level courses and require in-depth preparation and performance. Some of these courses also have prerequisites. Students who experience difficulty in keeping up with course requirements should consider reducing their course loads.

The College of Career Development's accelerated format makes classattendance essential. If an emergency necessitates an absence, a make-up assignment should be planned in consultation with the instructor.
\begin{tabular}{lll}

\end{tabular}

\section*{G rade Point Average and Quality Points}

A student's academic standing for a specific semester is his or her grade point average (GPA), and "quality points" determine the GPA. Q uality points are determined by multiplying the numerical value of a letter grade ( points) by the number of credits assigned to a course. TheG PA is calculated by dividing the total quality points earned in a semester by the total credits taken in a semester. The student'soverall academic standingisdetermined by the cumulative grade point average (CGPA). The CG PA is calculated by dividing the total quality points earned by the total credits taken.

\section*{G rade Reports}

G rade reports are sent to students at the end of each semester. A copy of the report is placed in the student's permanent file. Legal provisions that prohibit the release of personally identifiable information to other than legally authorized persons protect students. Students are permitted to inspect, review, and challenge such information as provided by law.

\section*{D ean's List}

A ny full-time student who earns a G PA of 3.5 or higher in the fall or winter semester(s) qualifies for the Dean's List. A Dean's List letter is mailed to the student and the Dean's List comment appears on the student's official transcript. Students with grades of I (incomplete) are not eligible for the Dean's List for that semester.

\section*{Incomplete}

A \(n\) incomplete ("I") can be awarded only in cases of actual hardship experienced by the student as judged by the instructor. W hen instructor and student agree to an I status, both must sign the C ontract for Removal of an Incomplete G rade. The student will have up to 16 weeks to complete the course. W hen the additional 16 weeks have passed, the I will be changed to a grade of \(A\) through \(F\), based on the course work completed by that time. A student who is absent at the final examination without prior approval cannot receive an incomplete grade.

\section*{O ptional Pass/Fail}

Studentsin good academic standing may register for two el ectives outside of their major, minor, or certificate program on a pass/fail basis. A pass/fail registration will not convert back to a normal registration (i.e., cannot be counted in the GPA ).

\section*{WITHDRAWAL POLICY}

A student will be administratively withdrawn if he or she misses both the first and second class meetings. A fter the third week of class, a student may withdraw only with the signature of the instructor. Students may withdraw from a course before the seventh week of an eight-week course and before the \(15^{\text {th }}\) week of a 16-week course.

A Student Transaction Form must be received and date-stamped by the Office of the U niversity R egistrar before the deadline. Such a withdrawal will appear on the transcript, but it will not count toward the G PA. A student considering withdrawal is encouraged to meet with the instructor and/or program advisor to discuss the implications of such actions. International students are encouraged to speak to the international student advisor prior to submitting a Student Transaction Form for withdrawal from a course, as it may affect immigration status. Financial aid recipients should speak to an advisor from the Office of Student Financial A id.

Students may request a "Iate withdrawal" due to extenuating circumstances by completing a Student A ction Form (SA F). Students must submit the SA F to their advisor before the last class meeting. A ppeals for withdrawal after the last day of class must be sent to the dean.

\section*{REPEATED COURSES}

Students may repeat a course to improve the grade in that course, but credit toward graduation will be granted only once. All enrollments and grades will remain on the transcript and will have a notation that the course has been repeated. Students may repeat a course no more than three times, and the highest grade
will be counted in the student's G PA . Students need to complete a Repeated Course Form after the course has ended. Repeated C ourse Forms are available from academic advisors.

Students are allowed three attempts to successfully pass a course. A \(n\) attempt is defined as any letter grade (W, A -F). Students who are unsuccessful after three attempts in an elective course or a general distribution course (with other options) can continue enrollment, but they cannot repeat that specific course.

Students who are unsuccessful after three attempts in program requirements, prerequisites to major courses, or major courses can choose to switch majors. Students may not continue in that major. Students who are unsuccessful after three attempts in required general education and core courses ( where there are no alternative courses) are automatically dismissed.

\section*{SATISFACTORY ACADEMIC PROGRESS}

To remain in good academic standing, undergraduate students must maintain the required minimum grade point average (GPA ) or higher on all credits attempted. Students receiving financial aid should consult this catalog for information on minimum requirements for G PA and credit hours.

\section*{Minimum R equirements (G PA )}

1-29 credits-1.70 GPA
30-59 credits-1.85 GPA
60+credits-2.00 G PA

\section*{Minimum G raduation Requirements (GPA) in the Major}

M ajors in the Department of Education: 2.5
A ll other majors: 2.25

\section*{A cademic Jeopardy}

At the end of each semester, the Office of the Dean reviews students' academic progress. Students whose grade point average (GPA ) falls below minimum grade point average requirements will receive notification that they have been placed into one of the categories of academic jeopardy listed below. Except for academic warning, all other categories become part of the student's permanent transcript.

\section*{DEFINITIONS}

\section*{A cademic Warning}

Students whose cumulative G PA falls below 2.0

\section*{A cademic Probation}

Students who have completed at least 12 credits for which they have received grades of A through \(F\), and who fall below the minimum G PA (see "M inimum Requirements" above)

\section*{C ontinued Probation}

Students who, in successive semesters of enrollment after being placed on academic probation, earn a minimally acceptable G PA but whose cumulative GPA for all semesters falls below the minimum grade average requirement

\section*{Progress Probation}

Students who fail to complete at least 70 percent of credits attempted in any one semester with grades of \(D\) or better

\section*{Off Probation}

Students who achieve the minimum cumulative G PA

\section*{Suspension}

Students on academic probation or continued probation who fail to earn a minimally acceptable GPA in the next semester of en rollment or students on progress probation who fail to complete at least 70 percent of credits attempted in a successive semester

Length of suspension is two semesters. Students must appeal for readmission at least one month prior to the requested date of readmittance (see "N otification and A ppeals" below).

\section*{Dismissal for Failure to Complete D evelopmental M ath or Language R equirements Successfully}

Students who fail to complete MATH 1000 or LANG 1000 successfully after two attempts. G rades of D +, D, F, or a withdrawal (W) are unsuccessful attempts. Students may request readmission after demonstrating that they have acquired the necessary math or language (writing) skills by passing the appropriate placement examsor by successfully completing transferable math or language (writing) courses at another institution.

\section*{D ismissal Following Suspension}

Students readmitted on continued probation following suspension who fail to meet a minimally acceptable G PA

\section*{N otification and A ppeals}

If a student is placed on suspension or dismissed, a certified letter will be sent to the student's local address. The student will have until the deadline specified in the dismissal or suspension letter to appeal to the A cademic Progress C ommittee. The committee includes faculty members from each academic department, a representative academic advisor, and a representative from the A cademic Support C enter. The committee reviews appeals for suspension and dismissal. N otification of decisions will be sent to the address given in the appeal letter. The student may contact an academic advisor or the director of student support in the \(O\) ffice of the Dean for information.

\section*{R eadmission Following Suspension or D ismissal}

Students requesting readmission following suspension or dismissal must submit a written request to the A cademic Progress Committee at least one month prior to the semester in which they wish to reenroll. The committee will review all requests for readmission. H owever, the student must justify reasons for readmission and readiness for reentering the Farquhar C enter for U ndergraduate Studies.

\section*{INDEPENDENT STUDY AND TUTORIAL}

Independent study providesqualified students with an opportunity to research a question of interest under a faculty member's supervision. A tutorial enables qualified students to take a regular
course from an instructor on an individual basis rather than in a classroom format. Tutorials are allowed only in exceptional circumstances. Studentsinterested in either an independent study or a tutorial should see their academic advisor and consult with a faculty member to draw up a contract outlining student responsibilities. The student, the instructor, and the department's academic director must sign it. Regular tuition schedules and rates apply to both independent study and tutorials.

\section*{AUDITING A COURSE}

A student may register to audit a course. The student may attend all classes but is not required to take examinations. A grade of AU will be given at the time of registration. Once a student has registered for an audit, the registration may not be changed back to one in the normal grading system. A \(n\) audited course may be included in the flat tuition rate, provided the total number of credit hours, including credits assigned to audited courses, do not exceed 18. Otherwise, tuition will be charged at the prevailing, per-credit-hour rate.

\section*{CLASS ATTENDANCE}

The basis of the educational process at NSU presumes a continuous, close-working relationship between instructor and student. Therefore, students are expected to attend class regularly. Specific requirements are established by each instructor and are communicated either at the first class meeting or in the syllabus. The administration will support the instructor's attendance requirements. The student is responsible for the academic consequences of absences from class.

Students who miss class must let the instructor know that they are going to be absent before the class meets. Students who miss class because of an illness or other emergency should see or call the instructor as soon as possible and arrange to make up the work.

\section*{REQUIREMENTS FOR GRADUATION}

A II degree-seeking students must complete the minimum credits as designated for the chosen major and must have matriculated. The following criteria are also required:

1 A dmission as a degree-seeking candidate in one of the majors
2.Completion of general education, specialty, and elective requirements as specified by the major program
3. C ompletion of major requirements as specified
4. A ttainment of a 2.0 cumulative grade point average ( 2.5 in education)
5. A ttainment of a 2.25 grade point average ( 2.5 in education) in the major area
6. A ttainment of a 2.25 grade point average ( 2.5 in education) in minors, if selected or required by program
7. C ompletion, at NSU, of at least 30 credits (not including CLEP, proficiency examinations, or experiential learning credits)
8. C ompletion of at least 50 percent of the credits in the major area and minor at NSU (not including CLEP, proficiency examinations, or experiential learning credits)
9. Submission of a Degree A pplication Form and payment of the diploma fee prior to completing registration for the last semester
10. Fulfillment of all obligations to the library, the student's program, and the comptroller's office

\section*{GRADUATION WITH HONORS}

A student eligible for graduation with a cumulative grade point average of 3.8 or higher who has completed at least 54 credits at NSU is eligible to receive the degree "with distinction."

Students who have earned fewer than 54 credits at N SU may petition for graduation with distinction if they have maintained at least a 3.8 G PA in all course work accepted toward their degree program at NSU .

Degree candidates must complete all of the requirements as specified above.

\section*{INTERRUPTION OF STUDIES}

Students who enroll at N SU are eligible for graduation once they meet the program requirements listed in the university catalog in effect when they entered NSU. W hen there is a major break in attendance (one calendar year from the end of the last semester enrolled), the students will then have to meet the requirements of the university catalog in effect when they return to N SU , or as agreed on by the academic program director and the student.

\section*{MAJORS}

The following majors are available to students in the C ollege of C areer Development:
\(\square\) A ccounting
\(\square\) A dministrative Studies
\(\square\) A pplied Professional Studies
\(\square\) Business A dministration
- Computer Information Systems
- Computer Science
- Early C hildhood Education

\(\square\) Exceptional Education
- General Studies
- Hospitality M anagement
- Legal A ssistant Studies
\(\square\) Legal Studies (prelaw)
\(\square\) Middle School Science Education
- Professional M anagement

Psychology

\section*{BEHAVIORAL SCIENCES}

The bachelor of science degree is offered through the Department of Behavioral Sciences with the following majors:

A pplied Professional Studies
Legal A ssistant Studies Psychology

\section*{APPLIED PROFESSIONAL STUDIES MAJOR}

The applied professional studies major offers a flexible program for adults who have gained significant professional experience and/or who have earned a large number of college credits toward their particular career goal. T his program allows students to select courses that best fit their career plans.

To be able to enroll in this major, a student must:
1. H ave a minimum of 45 transfer credits.
2. H ave completed an 18-credit concentration before coming to N ova Southeastern U niversity.
3. Submit a rationale for acceptance into this program explaining his or her educational and career goals.

\section*{LEGAL ASSISTANT STUDIES MAJOR}

The legal assistant studies major is approved by the A merican Bar A ssociation, which has defined a legal assistant or paralegal as "a person, qualified by education, training, or work experience who is employed or retained by a lawyer, law office, corporation, governmental agency, or other entity and who performsspecifically delegated substantive legal work for which a lawyer is responsible."

The legal assistant studies major provides academic and practical training for students who wish to pursue this growing career. The major is al so recommended for students who are pursuing business, teaching, and other law-related careers, and for those who want to understand our legal system and enhance their legal knowledge and skills.

\section*{PROGRAM OBJECTIVES}

The objectives of the Legal A ssistant Studies Program are to:
\(\square\) provide students with a broad-based education in both liberal arts and legal assistant studies
\(\square\) provide legal assistant courses that enable students to obtain substantive legal knowledge; to develop analytical skills; and to
apply the knowledge they have learned to tasks routinely performed by legal assistants
\(\square\) be responsive in course offerings to the needs of legal assistants and attorneys
ensure that students are familiar with the ethical guidelines for legal assistants
\(\square\) provide students with the opportunity to take computer courses with software that is used in most offices dealing with law-related issues
\(\square\) familiarize students with the legal assistant profession and the opportunities that are available to them upon completion of the program

\section*{LEARNING OUTCOMES}

A successful legal assistant studies graduate is expected to:
\(\square\) explain the basic theories, doctrines, concepts, and associated principles that comprise the knowledge base of law, with specific emphasis on torts, contracts, wills and trusts, civil procedure, litigation, family law, business organizations, real estate, and criminal law
use critical-thinking skills to analyze and evaluate relevant facts and supporting material
use communication and interpersonal skills to effectively interact with clients, attorneys, judges, court personnel, and coworkers
categorize, organize, prioritize, and evaluate complex factual and legal issues
use legal-research skills to research and find statutes, cases, and other primary source material, and to draft legal documents

\section*{PSYCHOLOGY MAJOR}

The psychology major provides students with a solid grounding in the knowledge base of psychology. It encourages studentsto integrate and apply knowledge, and allows flexibility in course selection to help students meet their career goals. Themajor emphasizesscientific research and application to significant areas of human activities.

\section*{LEARNING OUTCOMES}

A successful psychology graduate is expected to:
1. Demonstrate knowledge of basic theories and associated principlesthat contribute to the knowledge base of psychology. These theories and associated principles fall into the areas of:
\(\square\) personality
\(\square\) human development
learning
- cognition
group process and social influence
biological influences on human functioning
abnormal behavior and its treatment
2. Recognize and explain the scientific methods used to generate information in the field
3. Locate information in the field and critically evaluate this information
4. A pply basic theories and principlesto significant areas of human activities
5. C onduct original research work and/or beginning-level human service work

Studentsplanning to work in the mental health field are encouraged to take A bnormal Psychology, a counseling course, Behavior M odification, Tests and \(M\) easurements, and at least one substance abuse studies course. Students who plan to take the GRE and/or plan to enter a doctoral program should take Experimental Psychology, Tests and \(M\) easurements, History and Theories of Psychology, and as many of the foundation courses as possible. Students who are hoping to become substance abuse counselors should take the substance abuse specialty courses.

Students majoring in psychology may also qualify for entrance into N SU 's M aster's of O ccupational Therapy Program. Students interested in this career objective should work closely with their academic advisor to ensure that proper prerequisites are met.

Students unsure about which specialty they are most interested in should take as many of the foundation courses as possible at the start
of their program of studies. Departmental advisorswill help students design individual courses of study that will help them meet their career goals.

\section*{MINORS IN BEHAVIORAL SCIENCES}

\section*{C riminal Justice M inor}

The 18-credit-hour criminal justice minor is designed to provide students with an overview of Iaw enforcement policies and procedures. This course of study includes coverage of criminal procedure and the rights of the accused, civil rights of prisoners, rights and responsibilities of Iaw enforcement officers, and the administration of criminal justice organizations. This minor is recommended for students interested in criminology, criminal defense or prosecution, or other law-enforcement-related fields. The criminal justice minor provides perspectives of the criminal justice system from the psychological, legal, law enforcement, and correctional perspectives.

All students minoring in criminal justice take the following required classes:
CRJU 2200 Criminal Law and Procedure
CRJU 2300 Introduction to Law Enforcement
CRJU 3000 The Criminal Justice System
CRJU 3200 C orrectional Theory and Practice
12 credit hours
Students select two of the following three classes:
PSYC 2450 Forensic Psychology
PSYC 3600 Criminal Justice and Substance A buse
PSYC 3760 M ulticultural Issues in Psychology
6 credit hours
18 total credit hours
Students should be aware that some minor courses are offered only in the evening or on weekends.

\section*{Forensic Psychology Minor}

The forensic psychology minor prepares students for work involving interactions between Iaw and psychology. The minor al so prepares students for advanced training in forensic psychology and related fields.

Students will learn the fundamental principles of litigation, including methods of alternative dispute resolution; legal standards relating to working as a mental health professional; legal standards relating to testifying as an expert witness; methods of forensic evaluation; strategies for testifying as an expert; methods of profiling serial killers; methods of screening police officer applicants; methods of training and counseling law enforcement officers; methods of assisting attorneys in selecting jurors and in evaluating trial strategies; evaluation and treatment procedures of correctional mental health workers; methods of community corrections, including the roles of probation and parole officers; methods of crime-victim assistance programs; and legal incompetency, civil commitment, dependency and neglect, mental health mal practice, and child custody determinations.

To earn a minor in forensic psychology, students must complete PSYC 2450: Forensic Psychology, and at least five of the following courses:
A DRB 2000 Introduction to Dispute Resolution
PSYC 2800 Introductory Practicum
PSYC 3260 A bnormal Psychology
PSYC 3600 Criminal Justice and Substance A buse
PSYC 4810 Practicum in Community Psychology (NOT E: only forensic sites qualify)

CRJU 2200/LEGS 3050 C riminal Law and Procedure
CRJU 3000 The Criminal Justice System
OR
CRJU 3200 C orrectional Practice and Theory
18 total credit hours

\section*{Legal A ssistant Studies Minor}

The legal assistant studies minor is appropriate for students pursuing legal assistant or other law-related careers or businesses and for others who desire to understand the U. S. legal system and enhance their legal knowledge and skills.

A ll students minoring in legal assistant studies take the following required classes:
LEGS 1150 Introduction to Law and the Legal Profession
LEGS 2210 C omputer A pplications for the Legal Profession
LEGS 2400 Business Relations and Organizations
LEGS 3050 Criminal Law and Procedure
LEGS 3100 Legal Research and Writing I
LEGS 3300 Torts and Civil Litigation
18 total credit hours
Students select two of the following three classes:
LEGS 3260 Real Estate Practice I
LEGS 3360 W ills, Trusts, and Estates I
LEGS 3550 Family Law

\section*{6 credit hours}

24 total credit hours

Students should be aware that some minor courses are offered only in the evening or on weekends.

\section*{Psychology Minor}

The 18-credit-hour minor in psychology is intended to provide students with a solid grounding in the knowledge base of psychology and the opportunity to explore areas of psychology that most closely correspond to their interests and goals.

A ll students minoring in psychology take the following required classes:
PSYC 1020 Introduction to Psychology
PSYC 3110 Interpersonal Communication

\section*{6 credit hours}

Students select at least two of the following six classes:
PSYC 2350 Life Span Development
PSYC 3000 Psychological Research M ethods
PSYC 3160 Issues in Social Psychology
PSYC 3210 Personality
PSYC 3510 Human Learning and C ognition
PSYC 4600 Biological Bases of Behavior

\section*{6 credit hours}

W ith assistance from an academic advisor or faculty mentor, students select two psychology elective courses (these can include additional classes from the list above):
\[
\frac{6 \text { credit hours }}{18 \text { total credit hours }}
\]

N ote: A t least three of the six psychology classes must be 3000 or 4000 level courses.

\section*{Speech-L anguage P athology M inor}

The 18-credit-hour minor in speech-language pathology provides students with a basic understanding of communication sciences and disorders. A ll studentsminoring in speech-language pathology take the following required three-credit classes:

CSA D 2000 Introduction to Hearing, Speech, and Language
CSA D 3010 Phonetics
CSA D 3020 A natomy and Physiology of Speech and Hearing M echanism
CSA D 3030 Speech and Language Development
CSA D 3040 N euroanatomy
CSAD 3050 Hearing and Speech Science
Students should be aware that some minor courses are offered only in the evening or on weekends.

\section*{Substance A buse Studies M inor}

This minor is designed to meet the needs of those who wish to develop a broad base of knowledge concerning substance abuse problems, resources available for managing these problems, and modes of treatment of the individual substance abuser. This minor is appropriate for students employed in or wishing to enter the field of substance abuse treatment, as well as any students who feel that the knowledge base provided in this program will be useful to them in their careers (management, teaching, etc.)

The substance abuse studies minor includes six core and two counseling courses:
PSYC/EDU C 3620 Drug Prevention and Education
PSYC/SO CL 3550 Substance A buse and the Family
PSYC 3600 C riminal Justice and Substance A buse
PSYC 3570 Psychology and Physiology of Substance A buse
PSYC 3580 Rehabilitation Strategies in Substance A buse Treatment
PSYC 3630 Ethical and Professional Development in Substance A buse
PSYC 3800 Current Psychotherapies
PSYC 4150 G roup Counseling
PSYC 4830 Practicum in Substance A buse and Treatment **
** optional
Students should be aware that some minor courses are offered only in the evening or on weekends.

\section*{CERTIFICATE PROGRAMS IN BEHAVIORAL SCIENCES}

\section*{Legal A ssistant Studies C ertificate Program}

The legal assistant studiescertificate is postbaccal aureate program for those who have an interest in pursuing legal assistant or other law-related careers. It also is appropriate for those pursuing a business career and for others who desire to understand the U. S. legal system and enhance their legal knowledge and skills.

Students take the following required courses:
LEGS 1150 Introduction to Law and the Legal Profession
LEGS 2210 C omputer A pplications for the Legal Profession*
LEGS 2400 Business Relations and Organizations
LEGS 3050 Criminal Law and Procedure
LEGS 3100 Legal Research and W riting I
LEGS 3300 Torts and Civil Litigation
18 credit hours
Students select two of the following three classes:
LEGS 3260 Real Estate Practice I
LEGS 3360 W ills, Trusts, and Estates I
LEGS 3550 Family Law
6 credit hours
24 total credit hours
Students should be aware that some courses are offered only in the evening or on weekends. *T his course requires computer literacy. TECH 1110 Technology in the Information A ge is a prerequisite for those entering the certificate program without a college-level computer course.

\section*{Substance A buse Studies C ertificate Program}

NSU is listed asa single-source provider by the Certification Board for A ddictions Professionals in Florida (C BA PF). The certificate
program in substance abuse studies prepares students for certification from the Certification Board for Addiction Professionals SS \#02. The program is designed so interested applicants will be able to pursuecertification without interrupting their present careers.

The C BA PF has three specialty areas for certification: C ertified Addictions Professional (CAP), Criminal Justice Addiction Professional (JAP), and Certified Addiction Prevention Professional (CAAP). N SU is the only single source provider in Florida that offers classes in all three specialty areas.

The substance abuse studies certificate includes six core and two counseling courses:
PSYC/EDUC 3620 Drug Prevention and Education
PSYC/SO CL 3550 Substance A buse and the Family
PSYC 3600 Criminal Justice and Substance A buse
PSYC 3570 Psychology and Physiology of Substance A buse
PSYC 3580 Rehabilitation Strategies in Substance A buse Treatment
PSYC 3630 Ethical and Professional Development in Substance A buse
PSYC 4100 Individual Counseling
PSYC 4150 Group C ounseling
PSYC 4830 Practicum in Substance A buse and Treatment **
** optional
Students should be aware that these courses are offered only in the evening or on weekends.

\section*{BUSINESS AND ADMINISTRATIVE STUDIES}

The bachelor of science degree is offered through the D epartment of Business and A dministrative Studies with the following majors:
```

A ccounting
A dministrative Studies
Business A dministration
H ospitality M anagement
Professional M anagement

```

\section*{LEARNING OUTCOMES}

The successful graduate of the Department of Business and A dministrative Studies is expected to:
\(\square\) think critically in terms of conceptualizing issues, analyzing data, and articulating and defending conclusions
\(\square\) demonstrate professional verbal and written communication skills in an organizational context
\(\square\) demonstrate an ability to formulate organizational strategies
recognize the value of, and demonstrate an ability to make, ethical and socially responsible decisions
\(\square\) demonstrate an understanding of the impact of emerging technologies and use them appropriately to gather, process, and present information
\(\square\) demonstrate an understanding of the legal and regulatory issues in an organizational context
\(\square\) use quantitative skills effectively to solve applied business problems
\(\square\) use interpersonal skills effectively at the individual, group, and organizational levels
\(\square\) demonstrate an understanding of the interaction between business and the global economy
\(\square\) demonstrate an understanding of increasingly diverse organizational, national, and international cultures

\section*{ETHICS ACROSS THE CURRICULUM POLICY}

The business and administrative studies faculty believes that a socially responsible institution should not limit the study of ethical issues only to several courses, but that such study should be an ongoing endeavor enhancing the experience of the student. To this end, the faculty is committed to making the study of ethical issues an integral part of our academic programs. They believe that by incorporating the study of ethics throughout the curriculum, students will find an additional relevance and real ity to their studies and that this focus on ethics will help them to become more responsible and productive citizens, as well as exemplary alumni of NSU .

\section*{ACCOUNTING M AJOR}

The accounting major is offered for students who wish to pursue a career in accounting. Themajor al so servesasthefoundation for those preparingfortheCPA examination. TheStateBoard of A ccountancy in Florida requires an additional 30 creditsbeyond thebachelor'sdegree to qualify for the examination. N ova Southeastern U niversity offers a master's degree designed to satisfy the additional CPA requirements.

Studentsare cautioned to plan their schedulescarefully sincethe upperdivision accounting courses are offered only once per year.

\section*{MINORS IN BUSINESS ADMIIISTRATION}

The Department of Business and A dministrative Studies offers seven minor programs of study. C ourse work does not duplicate an associate degree in this area and does not preclude associatelevel credits from being transferred to this program. Students can complete this specialty in conjunction with a major concentration to earn a B. S. degree, or they can complete the specialty without seeking a degree.

\section*{B anking and Finance Minor}

This minor is designed for students who are employed or who would like to pursue a career with financial institutions.

The following courses are required for this specialty ( prerequisites: ACCT 2100, ECON 2010, ECON 2020, and FINC 3010):
EC ON 3210 M onetary Theory and Policy
EC ON 4210 Business Cycles and Forecasting
OR
FINC 4550 International Finance and Banking
FINC 3110 Financial M anagement
FIN C 3150 Banking and Financial Institutions
FIN C 4110 Principles of Investment

\section*{C omputer A pplications Minor}

This minor is designed for students who are or would like to be employed in the field of business data processing and who would like to augment a business major with a concentration in the rapidly expanding field of computer technology.

The following courses are required for this specialty ( prerequisites: A CCT 2100, MATH 1030 or higher):
BUSS 4100 Business Ethics
CSIS 3010 Organization of the Computer Environment
M G M T 3660 M anagement Information Systems
TECH 2130 Business A pplications of M icrocomputers
TECH 2150 Introduction to Internet Resources
TECH 4050 Business Data Communication

\section*{H uman R esource M anagement M inor}

This minor is designed for students who are or would like to be employed in the fields of personnel, training and development, labor relations, or related areas.

The following courses are required for this minor (prerequisites: M G M T 2050, M G M T 4170):
M GMT 4050 Organizational Development and Change
M G M T 4160 Personnel A dministration
M G MT 4250 Strategic H uman Resource M anagement
M G M T 4300 M anaging Cultural Diversity
M G M T 4450 Labor Relations and N egotiations
M G M T 4910-4990 A dvanced Special Topics

\section*{International Business Minor}

This minor reflects South Florida's role in international trade. Students employed by or desiring employment in multinational companies, exporters, importers, freight forwarders, customs brokers, transportation firms, wholesalers, or manufacturers should choose this minor.

The following courses are required for this minor (prerequisites: ACCT 2100, ECON 2010, ECON 2020, FINC 3010, M GMT 2050, and MRKT 3050):
BU SS 3550 Introduction to International Business
ECON 3550 International Economics
FINC 4550 International Finance and Banking
M G MT 3550 International M anagement
M RKT 3530 International M arketing
MRKT 4550 Export//mport M arketing

\section*{M anagement Minor}

This minor is designed for students who hold a management position or who would like to pursue a career in management.

The following courses are required for this minor (prerequisites BUSS 3550, M GMT 2050):
BU SS 3020 Business C ommunication
BU SS 3100 Small Business \(M\) anagement
BU SS 4100 Business Ethics
BU SS 4620 M anagement A pplied Project
M G MT 3550 International M anagement
M G M T 4300 M anaging Cultural Diversity

\section*{M arketing Minor}

This minor is designed for students who areemployed in the fields of advertising, sal es, promotion, retailing, wholesaling, or rel ated areas or those who would like to pursue a career in marketing.

The following courses are required for this minor (prerequisite: M GMT 4170):
M RKT 3050 M arketing Principles and A pplications
M RKT 3100 M arketing Services
M RKT 3530 International \(M\) arketing
M RKT 4210 M arketing Communication Strategies
M RKT 4350 Service Quality M anagement
M RKT 4710 M arketing Strategy

\section*{O rganizational Management Minor}

The business department offers this minor to students who are not pursuing a business major and provides the non-business major an opportunity to take 18 credits in generic management courses.

The following courses are required for this minor:
BUSS 1010 Introduction to Business
ECON 2010 Principles of M acroeconomics
M G M T 2050 Principles of M anagement
M G M T 4160 Personnel A dministration
M G M T 4170 Organizational Behavior
M RKT 3050 M arketing Principles and A pplications

\section*{HOSPITALITY MANAGEMENT MAJOR}

The hospital ity management major is designed for students who desire advanced management skills in the hospitality field, including administration, marketing, human resources, food and beverage, front office, housekeeping, and accounting operations. Students include those who are already employed in the field and want to move into management as well as those who want to prepare for entry into the field of hospitality management.

\section*{PROFESSIONAL MANAGEMENT MAJOR}

The professional management major is an upper-level, degree completion program designed for people working in technical or professional fields who are advancing into supervisory and management positions. H olders of the community college associate degree or students who hold at least 30 college-level credits or the equivalent are eligible to join the Bachelor's in Professional M anagement (BPM ) Program. Sixty-six semester hours of credit in management, behavioral science, computers, and humanities are offered in lockstep fashion to a cluster of 20-25 students. C ourses are scheduled to meet the needs of the working student.

The BPM Program isoffered on campusand at off-campuslocations, as well as through BPM Online, a W eb-based program that allows studentsto completetheentire degree viaelectronic delivery. Students must have at least 45 college-level creditsto be eligi ble for theonline program. The program is described more completely on the BPM Online W eb site at http://www. polaris. nova. edu/Business/online.

\section*{MINORS IN BUSINESS AND ADMINISTRATIVE STUDIES}

The Department of Business and A dministrative Studies offers minors in the following areas: banking and finance, computer applications, food industry management, human resource management, international business, marketing, management, organizational management, and tourism.

Please see the sections on "M inors in Business A dministration," (pages 66-67) and "M inors in Hospitality \(M\) anagement" (pages 67-68) for specific course requirements.

\section*{COMPUTER AND INFORM ATION SCIENCES}

The bachelor of science degree is offered through the School of Computer and Information Sciences in the following areas:

\section*{C omputer Science}

C omputer Information Systems

\section*{LEARNING OUTCOMES}

A successful graduate of the Department of Computer and Information Sciences is expected to:
demonstrate understanding of the field of computing, both as an academic discipline and as a profession within the context of society
\(\square\) demonstrateunderstanding of the body of theory that underlies the field of computing
\(\square\) demonstrate knowledge of the essential elements of computer science
apply knowledge of computing to specific problems and produce solutions
\(\square\) demonstrate an appreciation for the ethical and societal issues associated with the computing field
demonstrate the capability for staying current and, more generally, for achieving ongoing self-education in the computing discipline
use current programming languages, softwaredevelopment tools, software systems, and commonplace computing platforms

\section*{COMPUTER INFORMATION SYSTEMS MAJOR}

The computer information systems major prepares the student for a career in business applications as a programmer/analyst, systems analyst, or information center specialist. Emphasis is placed on programming languages, data structures, distributed data processing, software engineering, database management, and information systems organization. The computer information systems major is consistent with combined recommendations of a model information systems curriculum outlined by the A ssociation for Computing M achinery and the Data Processing \(M\) anagement \(A\) ssociation.

NOTE: A grade of C - or better is required in all program and major requirements.

\section*{COMPUTER SCIENCE MAJOR}

The computer science major includes the systematic study of algorithms and data structures. The curriculum is consistent with the A ssociation for Computing M achinery recommendations for model curriculums in computer science. The curriculum integrates theory, abstraction, and design to bridge the gap between hardware and software issues. The computer science major encompasses software engineering, systems design, analysis of algorithms, and computer architecture. This concentration requires specific prerequisites and corequisites in mathematics, including discrete mathematics, differential and integral calculus, and probability and statistics.

NOTE: A grade of C - or better is required in all program and major requirements.

\section*{EDUCATION}

The bachelor of science degree is offered through the D epartment
of Education with the following major concentrations:
Early C hildhood Education
Elementary Education
Exceptional Education
M iddle School Science E ducation
Secondary Education

\section*{MISSION OF THE UNDERGRADUATE DEPARTMENT OF EDUCATION}

All undergraduate teacher education programs at Nova Southeastern U niversity (N SU ) are proactive programs designed to address the current and future needs of classroom educators. It is the aim of the Undergraduate Department of Education to prepare its graduates to enter the teaching profession as developing professionals who are:
\(\square\) sensitive to students' academic, social, and emotional needs
\(\square\) knowledgeable about effective teaching practices and technologies
responsive to the diverse needs of all students (particularly those of at-risk and special-needs learners)
supportive of families and community involvement
- effective communicators
thoughtful and reflective educators
Through specific course assignments and clinical field experiences in local schools and/or special settings and partnerships, all N SU undergraduate teacher education programs provide students multiple opportunities to develop mastery of the competencies identified by the Florida Department of Education for high-quality teacher education programs.

\section*{M ATRICULATION REQUIREMENTS FOR EDUCATION M AJORS}
1. Students must comply with the admission requirements established by the Farquhar Center for the College of Career Development. U pon admission, studentsthen declare themselves as intended education majors.
2. Students must earn a grade of C- or better in LA NG 1500 and MATH 1030 or their equivalents.
3. Students must earn a grade of \(C\) or better in the required course, EDU C 1100 Exploration of the Education Profession.
4. Students will be assessed on a written essay titled, "W hy I W ant to Enter the Teaching Profession," which must meet the standards of proficiency of college-level writing, including style, content, and usage.
5. Studentsmust earn a cumulative G PA of 2.5 in thefirst 12 credits earned as a pre-education candidate in courses taken at N ova

Southeastern University. EDUC 1100 Exploration of the Education Profession must be taken as part of the first 12 credits.

A fter completing the previously listed requirements, students may matriculate into the major after attempting 12 credits and must do so before accumulating 24 credits at N ova Southeastern U niversity or be subject to departmental review.

U pon meeting the conditions of matriculation into the U ndergraduate Department of Education, students will become education majors and will be notified by letter.

All matriculation appeals will be heard by the director of the Department of Education.

\section*{BACKGROUND CHECK FOR CLNICAL FIELD EXPERIENCES}

A ll education courses include clinical experiences conducted in the field (within local classroom placements). Prior to participation in these clinical experiences in the public school systems, students may be required to undergo fingerprinting and a security clearance (background check). The procedurescan vary from county to county, therefore, students at sitelocations should obtain information from their local county school district.

The Broward County Public School System has an established policy both for fingerprinting and a security clearance. Fingerprinting and the security clearance application must be completed before students can enter a classroom in Broward County public schools.

\section*{INTERNSHIP}

The Internship Experience is the final phase of the N SU U ndergraduateTeacher Education Program. This 16-week course includes evening seminar meetings and 14 weeks teaching in a local school. Students will be placed in a school site by the internship coordinator. Students will gradually assume full responsibility for teaching the class to which they are assigned.

Education Internship Program EDU C 4570 (Internship/Seminar) is offered each academic year in the fall and winter terms. EDU C 4570 is a required nine-hour course for all education specialties and must be completed at NSU to earn the degree. Since it is the terminal course for the degree, it cannot be transferred in, nor can experience be substituted to satisfy this requirement.

\section*{Internship A pplication}

It is the student's responsibility to obtain, complete, and return an initial application. The form is available in the department at least one month before it is due. See deadlines below:

W hen the application is returned, the applicant's file is reviewed for completion of all requirements. The internship coordinator
will send intern candidates a letter indicating their status (approved, conditional, denied). Each accepted intern will receive additional paperwork called the placement application and will write his/her philosophy of education. This paperwork is returned to the internship coordinator who then develops a final list of student interns for that semester. Students must also register for EDU C 4570, Internship/Seminar through the regular channels (as one would register for any credit hours).

Students are eligible for the internship if they have earned 108 of the required 120 credits, including the required methods courses; have successfully completed LANG and MATH requirements; have passed the SAT I with a minimum score of 950 (or 840 on tests taken prior to A pril 1,1995 ) or the A CT with a minimum score of 20; have an overall G PA of 2.5; and have a minimum G PA of 2.5 in their major. Internship dates are published in the Farquhar C enter class schedules.

The Florida Board of Education A dministrative Rule 6A -4.002 allows some full-time administrative or teaching experience to be substituted for some course work, but does not permit this experience in lieu of student teaching for purposes of initial certification. Substitute teaching or teacher assistant positions are not considered as full-time teaching and will not be approved in lieu of student teaching.

A ll questions about the Internship Program should be directed to the Education O ffice. M ain campus students call (954) 262-7936; all other students may call 800-338-4723, ext. 7936.

\section*{CERTIFICATION}

\section*{C ertification-O nly Program}

A ppropriate courses are offered for students who already hold a bachelor's degree in fields other than education and who desire to obtain certification in early childhood education ( prekindergarten-primary), elementary education (1-6), exceptional education (VE k-12), biological science (6-12), middle school science education (4-9), English (6-12), mathematics (6-12), or social studies (6-12).

\section*{C ertification Information}

A \(n\) individual seeking initial certification issued by the state of Florida may do so by means of either the Florida Department of Education Program A pproval Process or by the Florida Department of Education Transcript Review Process.

The program approval process meansthat a student has met all of Nova Southeastern U niversity's state-approved program competencies and the state of Florida's requirements for initial certification. Certification through the program approval process is only available to degree-seeking students and will be annotated as such on the student's transcript. In Florida, students graduating from the state-approved program and who have passed all portions of the FTCE are eligible for an initial professional certificate. A ctual teacher certification is awarded by the Florida D epartment of Education, not N ova Southeastern U niversity.

The transcript review process means that a student has followed a course/program sequence established by Nova Southeastern U niversity that is consistent with the expectations of the Florida Department of Education, but the student has not met all of the requirements of the state-approved program. The transcript will not reflect the state-approved program insignia. W hen a candidate applies for certification, a reviewer at the Florida Department of Education will compare all course and state requirements with a student's transcriptsfor compatibility. Certification may be issued but is not assured. A ctual teacher certification is awarded by the Florida Department of Education, not Nova Southeastern U niversity.

Each state outside of Florida is responsible for the actual teacher certificate in that state. Requirements vary from state to state. Some states outside of Florida do not grant initial certification unless the transcript is annotated as having met the state-approved program, and applicants would not be certified until they complete that state's approved program.

The state Department of Education (DOE) reserves the right to change requirements leading to certification at any time.

\section*{EARLY CHILDHOOD EDUCATION MAJOR}

The early childhood education major combines theoretical components with practical applications. Students in this degree program will have extensive clinical experiences in the community and in local schools (pre-k through third grade setting). A \(n\) emphasis is placed on the appropriate uses of technology. The program design incorporates all newly required competencies leading to certification in the state of Florida in the area of prekindergarten-primary, age three to grade three. These courses meet the stated requirements for Florida certification. At the time of the publication of this catalog, the Florida Department of Education is considering this sequence of courses for program approval status.

C ourses are designed to betaken in a special ized sequence. C ontact an advisor for an explanation of required sequence of courses. Please note, the early childhood education major is offered only on the main campus.

\section*{ELEMENTARY EDUCATION MAJOR}

The elementary education major is designed to prepare students to teach in grades one through six. The Elementary Education Program will provide students with theoretical foundations; promote the integration of technology; and encompass a variety of clinical experiences. Through the clinical experiences, students translate research and theory into practice. Students en rolled in the Elementary Education Program are encouraged to recognize and appreciate the diversity of today's children, preparing our graduates to teach in our multicultural society. The courses in thisstate-approved program are designed to meet the requirements for certification in Florida as well as in other states.

\section*{EXCEPTIONAL EDUCATION MAJOR}

The exceptional education major is offered in the area of varying exceptionalities, K-12 (VE). The specialty in varying exceptionalities prepares studentsto obtain state certification for teaching in VE grades kindergarten through 12 ( \(k-12\) ). Teachers with this certification are able to teach mildly handicapped students with learning disabilities(LD), mental handicaps(M H ), and/or emotional handicaps (EH) in classrooms designated to serve students in a varying exceptionalities setting. (Separate certification is required to teach students in classroomsdesignated solely for LD, MH, or EH students or in classrooms serving the severely handicapped. TheV E specialty does not prepare students for this separate certification.)

\section*{MIDDLE SCHOOL SCIENCE EDUCATION MAJOR}

NOTE: Pending approval by the N SU Program Review Committee.
The middle school science education major is designed to prepare students to teach science in grades four through nine. The courses presented in this degree program are a collaborative effort between the center's Department of Education; Department of \(M\) ath, Science, and Technology; and community middle-school programs and personnel. Students will have educational experiences that provide theoretical foundations; promote the integration of science, technology, and society; and encompass a variety of clinical experiences in local school classroom settings. Through the clinical experiences in the field, students will translate research and theory into practice.

Students enrolled in the middle school science education major will be encouraged to recognize and appreciate the diversity of today's school children, preparing our graduates to teach in this multicultural society. The courses in this state-approved program are designed to meet the requi rements for certification in Florida as well as eligibility for certification in other states.

\section*{MINORS IN EDUCATION}

\section*{Technology Minor}

This 18-credit-hour minor is intended for education majors who would like in-depth training in the use of technology as it relates to teaching at the elementary and secondary levels. Please note, the technology minor is available only on the main campus.

A ll students minoring in technology take the following courses:
TECH 1110 Technology in the Information A ge
TECH 2150 U sing the Internet
TECH 3520 Emerging Technology in Education
TECH 3530 M ultimedia A uthoring Systems for Educators
EDUC 4320 Integrating Instructional Technology in the Classroom
TECH 4510 U tilizing Technology to Develop Curriculum

\section*{ENGLISH FOR SPEAKERS OF OTHER LANGUAGES \\ (ESOL) K-12 ADD-ON ENDORSEM ENT}

The state-approved courses leading to ESO L endorsement enable educators to add coverage to their certification. This will allow them to teach students designated as L.E.P. (limited English proficient) in ESO L programs. This endorsement is designed for two populations: teacher education students enrolled at Nova Southeastern U niversity in the U ndergraduate Teacher Education Program who are currently working toward teacher certification in Florida, and educators who are certified in other areas.

For endorsement, program participants must satisfactorily completefive state-prescribed courses, totaling 15 semester hours.

Registration for these courses should follow the sequence as denoted below:

ESOL 4901 M ethods of Teaching English to Speakers of Other Languages
ESOL 4902 ESOL Curriculum and M aterials
ESOL 4903 C ross-Cultural Studies
ESOL 4904 Linguistics for ESOL Educators
ESOL 4905 Testing and Evaluation in ESO L
A ll students seeking the undergraduate degree in an education major are required by N SU to take a survey, or introductory course, to the ESO L cluster of courses. The introductory course isEDU C 3330, ESOL Strategies for Limited English Proficient Students, and is the required prerequisite course for the remaining ESOL courses.

\section*{LIBERAL ARTS}

The bachelor of science degree is offered through the D epartment of Liberal A rts with the following major concentrations:

G eneral Studies Legal Studies

\section*{GENERAL STUDIES MAJOR}

The general studies major offers students with career experience and previous course work in the liberal arts an opportunity to pursue a liberal arts education focusing on three of four areas: environmental and social problems, international studies, literature and the arts, and legal and political studies.

\section*{LEARNING OUTCOM ES}

The successful general studies graduate is expected to:
- communicate effectively: (a) write well, (b) speak well, (c) demonstrate an understanding of the social significance of communication
be numerate: (a) demonstrate quantitative thinking, (b) demonstrate comparative/relational thinking, (c) solve algebraic problems
comprehend the significance of basic scientific and technological developments: (a) comprehend the implications of developments in computer technology, (b) comprehend basic biological concepts, (c) comprehend basic concepts of physics, (d) comprehend basic concepts of psychology

\section*{LEGAL STUDIES MAJOR}

The legal studies major is designed for students interested in preparing for law school or other graduate study and for those who want to pursue a liberal arts major with a legal perspective. The courses in the major assist students in developing analytical and communication skills and an understanding of economic, political, and social contexts within which legal issues arise.

\section*{LEARNING OUTCOMES}

The successful legal studies graduate is expected to: - communicate effectively: (a) write well, (b) speak well \(\square\) analyze complex material: (a) identify the elements of an argument, (b) evaluate arguments, (c) identify the relationships among elements of a legal system as well as between legal systems
comprehend the contexts within which legal issues arise and the implications of legal decisions: (a) demonstrate an understanding of the historical development of legal systems, (b) demonstrate an understanding of the economic and social contexts of legal decisions and systems, (c) demonstrate an understanding of the political contexts and implications of legal decisions

\section*{Legal A ssistant Studies Minor}

Students wishing to pursue both a legal studies major and a legal assistant studies minor may substitute the following two courses in order to complete both programs and graduate with 120 hours: Instead of LEGS 1150: Introduction to Law and the Legal Profession,
Take LG ST 2100: The Legal Profession
Instead of LEGS 3100: Legal Research and W riting I,
Take LGST 3300: Legal Research and W riting
These course substitutions are available only for students pursuing this combined major and minor.

\section*{MINORS IN LIBERAL ARTS}

\section*{C ommunications Minor}

The communications minor at N SU prepares students broadly educated in the liberal arts to meet professional requirements in entry-level positions in journalism, broadcasting, and business departments connected with the media. The curriculum for the communications minor emphasizes both the theoretical (academic) and practical (professional) aspects of the rapidly changing communications field. This program is not a major, but must be taken in conjunction with one of the majors offered throughout the Farquhar C enter. Business majors may not select the management sequence.
The student must complete at least six of the courses offered: two from the basic menu and four others from a selected minor sequence for a total of 18 credits.

\section*{B asic Courses}

Select two courses:
COMM 2100 M ass M edia 3
COMM 2510 Intermediate Telecommunications 3
COM M 3010 Ethical Issues in Communications 3
COMM 4010 Information Theory 3
Journalism Sequence
Required:
COM M 2010 Introduction to Journalism 3
Select three courses:
A RTS 2540 Introduction to Film Criticism 3
A RTS 3000 Film Studies
(when offered as Film as Literature or M inorities in Cinema)
COM M 3100 G endered Images in Popular Culture 3
COM M 4900 Special Topics in Communications
(with permission of academic director) 3
HUMN 4900 Special Topics in the Humanities
(when offered as Pop Culture Theory)
LANG 3000 A dvanced College Writing 3
LA NG 3030 C reative W riting: Fiction 3
B roadcasting Sequence
Required:
COM M 2020 Introduction to Broadcast Journalism 3
COM M 2030 Introduction to Broadcast Technology 3
Select two courses:
A RTS 2400 The Theatre A rts 3
A RTS 2500 M usic Through History 3
COM M 4900 Special Topics in Communications
(with permission of academic director) 3
HUMN 4900 Special Topics in the Humanities
(when offered as Pop C ulture T heory) 3
LA NG 2010 Public Communications 3
LA N G 2020 Theories of A rgument and Debate 3
LANG 2030 Dramatic Interpretation 3

\section*{M anagement Sequence}
( N ot open to business majors)
Required:
BU SS 1010 Introduction to Business 3
MRKT 1010 Introduction to M arketing 3
Select two courses:
M GMT 2050 Principles of M anagement 3
MGMT 3020 Organizational Communication 3
MRKT 3210 A dvertising and Sales 3
TOTAL 18
NOTE: C ourses taken to fulfill general education requirements cannot be applied to the minor.

\section*{G ender Studies Minor}

The gender studies minor examines the relationship between biological differences and social inequality; explores the construction of sexual identity; and analyzes the variations in gender systems that have occurred across cultures and over time. Students who complete the 18 -credit minor will explore the methods and concepts of gender studies in a variety of academic disciplines, including sociology, psychology, literature, philosophy, film, economics, and law.

Individual courses are also open to the general student population.
Required:
GEST 2050 Introduction to Gender Studies
G EST 4900 Special Topics in Gender Studies
Select four courses:
PSYC 2110 Human Sexuality
BIOL 4600 Biological Bases of Behavior: G ender3

A RTS 3000 Film Studies: W omen in Film
LG ST 3000 Interdisciplinary Studies in the Law
(when offered as Gender and the Law)
A RTS 3020 W omen in the A rts3

LITR 3040 W omen and Literature
C OM M 3100 G endered Images in Popular C ulture
SO CL 3110 Gender, Sexuality, and the Family
SO CL 3300 Gender at W ork
PSYC 3360 Psychology of G ender
SOCL 4000 Lesbian and Gay Cultures
LIT R 4060 Feminist Criticism and Theory
PHIL 4900 Special Topics in Philosophy
(when offered as The Philosophical Issues of G ender and Sex)

\section*{TOTAL}

In addition to the above courses, other courses may be approved by the program coordinator as applicable toward the minor.
NOTE: C ourses taken to fulfill general education requirements cannot be applied to the minor.

\section*{G lobal Studies Minor}

The global studies minor provides a broad international perspective for students who are planning careers in business, government, medical and psychological services, the legal profession, or education. The courses in thisminor allow students to expand their concept of social and ecological responsibility to the global arena. The minor sponsors research and provides opportunity for unique field study experiences, internships, and community service abroad.

Students must take two three-credit courses from the hemispheric and global diversity menu and any four courses ( 12 credits) from the global studies menu.

\section*{Hemispheric and G lobal Diversity}

Select two courses:
HIST 2130 The Formation of Latin A merica
HIST 2140 M odern Latin A merica
HIST 2160 A frican Studies
HIST 2250 The Pacific Rim
LA CS 4850 Preparation for Field Study
SO CL 2500 Global Diversities: Issues and Perspectives

\section*{G lobal Studies}

Select four courses:
A RTS 3400 N on-W estern and M odern A rt 3
BIOL 1040 Environmental Studies
BU SS 3550 Introduction to International Business

CORE 2460 Economic Transformations and Society
ECON 3550 International Economics 3
FINC 4550 International Finance
GEOG 2050 Survey of Geography 3
GEO G 2910 Special Topics (when offered as Field Studies in Biogeography) 3
*LA CS 4860 Field Study in Latin A merica
LANG 1210 Elementary Spanish 3
LA NG 2210 Intermediate Spanish
3
LGST 2400 Comparative Legal Systems 3
LGST 3000 Interdisciplinary Studies in Law
(when offered as Cultural M inorities and the Law) 3
LGST 4410 International Law 3
LIT R 3050 A rea Studies in Literature (when offered as Latin A merican Fiction or The M exican Cult of Death in M yth, A rt, and Literature) 3
LIT R 4710 Legends and M otifs in Literature (when offered as Don Juan) 3
M G M T 3550 International M anagement
PSYC 3760 M ulticultural Issues in Psychology
SOCL 3030 Transcultural Issues in H ealth C are 3
SOCL 3110 Gender, Sexuality, and the Family 3
SOCL 3300 Gender at Work 3

\section*{TOTAL 18}
* Students who select LACS 4860, Field Study in Latin A merica, must take LACS 4850 as a prerequisite. Since LA C S 4860 counts as six credit hours, students who select this option will need to take only two other courses in the global studies menu, and one other course besides LA CS 4850 in the hemispheric and global diversity menu. C ourses taken to fulfill general education requirements cannot be applied to the minor. A lso, some of the courses above have specific prerequisites that must be met before taking them. Students should consult a current catalog for specific prerequisites.

\section*{H umanities Minor}

Combined with a major in a specialized field, the humanities minor prepares individuals to meet the challenges of the contemporary workplace. Experts now contend that individuals will change careers at least twice in a lifetime. A s a result, employers look for individuals who have broad training, in addition to specialized skills. A humanitiesminor offersindividuals the skills and flexibility necessary for professional success.

Interdisciplinary in design, the humanities minor supplements and complements the student's major area of study. It consists of 18 credits in courses that offer students an opportunity to study philosophy, history, arts, and literature.

Students select one three-credit course from each of the four humanities areas: A rts, History, Literature, and Philosophy. Students then select an additional two courses ( 6 credits) at the 3000 level or above in one area of concentration.

\section*{A rts}

A RTS 2300 A rt and Society

NOTE: C ourses taken to fulfill general education requirements cannot be applied to the minor.

NOTE: C ourses marked with an asterisk count toward fulfillment of the G ordon Rule. The G ordon Rule applies to students who enroll in a public postsecondary institution in the state of Florida. The rule requires that students complete a fixed number of semester hours in communications and computation and demonstrate writing skills.

\section*{ACCOUNTING (ACCT)}

ACCT 2100 Managerial Accounting/3 sem. hrs. Integrates the accounting process with the planning, coordinating, and control functions of the business organization. Topics include strategic planning, tactical and operational decision making, budgeting, responsibility accounting, and performance measurement. Cannot be taken by students having credit for ACCT 2070. Prerequisites: MGMT 2050 and TECH 1110.

ACCT 2200 Financial Accounting I/3 sem. hrs. Provides an introduction to financial accounting and its decision-making elements. Areas covered are the conceptual frameworks of accounting, financial statements and their components, and financial statement analysis. Prerequisite: ACCT 2100.

ACCT 3030 Product and Service Costing/3 sem. hrs. Students learn cost measurement techniques in the manufacturing and service sectors. Using a strategic approach, the course examines the design and operation of cost accounting systems in both traditional and advanced manufacturing environments. Prerequisite: ACCT 2200.

ACCT 3050 Financial Accounting II/3 sem. hrs. A continuation of Financial Accounting I (ACCT 2200). The concepts underlying valuation of assets and liabilities are covered. Prerequisite: ACCT 2200.

ACCT 3060 Financial Accounting III/3 sem. hrs. A continuation of Financial Accounting II. Topics include the conceptual foundations of equity, earning per share, the income statement, leases, and deferred taxes. Prerequisite: ACCT 3050.

ACCT 3080 Cooperative Education/0 sem. hrs. Work placement for a period of 16 to 18 weeks. The placement is directly related to the student's program of study.

ACCT 3110 Federal Taxation I/3 sem. hrs. Examines the fundamentals of individual incometaxation. Abackground of accounting courses is not essential for this course. The course may be of special interest to nonbusiness majors. Topics include exemptions, exclusions, and deductions available to the individual. These concepts will aid the student in the preparation of an individual tax return. Prerequisite: ACCT 2200.

ACCT 3120 Federal Taxation II/3 sem. hrs. Provides an overview of the Internal Revenue Code as it applies to partnerships, corporations, estates, and trusts. Prerequisite: ACCT 3110.

\section*{ \\ COURSE DESCRIPTIONS}

■ - ロ ■ - ロ ■ ■

ACCT 4010 Financial Accounting IV/3 sem. hrs. A continuation of the study of financial accounting. Topics include pensions, correction of accounting errors, cash flow statements, fundamental consolidation concepts, international currency accounting, and fund accounting for governments and nonprofit organizations. Prerequisite: ACCT 3050.

ACCT 4050 Accounting Information Systems/3 sem. hrs. Reviews the design and operation of accounting information systems as affected by information theory, computers, and behavioral concepts. Examines the internal control in the design and analysis of systems. Prerequisites: TECH 2130 and ACCT 3060.

ACCT 4210 Auditing/3 sem. hrs. Provides an overview of basic auditing concepts, auditing standards, and audit programs. Special emphasis is given to preparing the student for the auditing section of the CPA examination. Prerequisite: ACCT 3060.

ACCT 4910-4980 Advanced Special Topics/3 sem. hrs. Examines topics in accounting not included in regular courseofferings. Specific content and prerequisites are announced in the course schedule for a given term. Students may reenroll for Special Topics covering differing content.

COOP 3810 Cooperative Education I in Accounting /1-3 sem. hrs. A 10-20 hour per week paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

COOP 3910 Cooperative Education II in Accounting /1-3 sem. hrs. A 10-20 hour per week paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: COOP 3810, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

INTN 3810 Internship I in Accounting /1-3 sem. hrs. A 10-20 hour per week nonpaying work experiencefor 16 weeks in thestudent's major area of study or area of carer interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

INTN 3910 Internship II in Accounting /1-3 sem. hrs. A 10-20 hour per week nonpaying work experiencefor 16 weeks in the student's major area of study or area of career interest. Prerequisites: INTN 3810, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

\section*{ALTERNATIVE DISPUTE RESOLUTION (ADRB)}

ADRB 2000 Introduction to Dispute Resolution/3 sem. hrs. This course provides an introduction to conflict and conflict resolution and various ways in which conflict resolution can be practically applied. In addition, the coursefocuses on some of the basic theories of conflict escalation and de-escalation as well as communication and
problem solving skills with practical application using a variety of techniques. The course also introduces the student to the process of negotiating public disputes. Prerequisite: sophomore standing.

\section*{THE ARTS (ARTS)}

ARTS 2300 Art and Society/3 sem. hrs. This course examines the ways in which artists and the arts have influenced Western society from the Renaissance to the 20th century, focusing on painting, sculpture, architecture, music, dance, and film. Students will also visit local museums and attend musical and theatrical events as a means of gaining a greater understanding of the arts within the local community.

ARTS 2400 The Theater Arts/3 sem. hrs. This coursefocuses on the arts of the theatre, including drama, music, dance, and play production, particularly those plays representing major theatrical trends.

ARTS 2500 Music Through History/3 sem. hrs. This course investigates the contribution of music and composers to Western culture since the Middle Ages. It encourages students' recognition and analysis of instrumental voice and the structure and development of basic musical forms.

ARTS 2540 Introduction to Film Criticism/3 sem. hrs. Understanding film as an art form through examining its history. Topics include the technological and commercial origins of film, social developments affecting film, and critical approaches to film. Prerequisite, except for career students: LANG 2000.

ARTS 3000 Film Studies/3 sem. hrs. A study of film in its relation to specific film genres, minorities, or literature. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisite, except for career students: ARTS 2540.

ARTS 3020 Women in the Arts/ 3 sem. hrs. Astudy of theparticular contributions of women in art, music, theatre, and dance. Prerequisite, except for career students: ARTS 2300 or ARTS 2500.

ARTS 3300 Myth and Art/3 sem. hrs. This coursefocuses on the relations between verbal and visual arts, particularly the myths and epics of Europe and the Mediterranean world, and the later literary and artistic traditions developing from them. Prerequisite, except for career students: ARTS 2300 or ARTS 2500.

ARTS 3400 Non-Western and Modern Art/3 sem. hrs. This course focuses on Asian Oceanic, African, and Native American arts and cultures, their discovery by the West, and their influences on the development of 20th-century art and society. Prerequisite, except for career students: ARTS 2300 or ARTS 2500.

ARTS 4900 Special Topics in the Arts/3 sem. hrs. This course is designed for students with an interest in a particular period or genre of art, music, or theatre, or specific artist, composers, dramatists, or topics not covered in other art, music, or thearre courses. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisite, except for career students: ARTS 2300, ARTS 2400, or ARTS 2500.

\section*{BIOLOGY (BIOL)}

BIOL 1040 Environmental Studies/3 sem. hrs. Overview of environmental science that integrates social, economic, technical, and political issues. Problems of ecological disruptions, growth of human populations, land use, energy, water supplies, food supplies, pesticides, and pollution are covered. Identical to PHYS 1040.

BIOL 1060 Amoebas to Zebras: Life on Earth/3 sem. hrs. Tiptoe through the tulips, tapeworms, toadstools, tiger sharks, and tarantulas. This course is an overview of the diversity of life on earth, introducing the major groups of living things, from bacteria to mammals, with introductions to basic concepts in ecology, evolution, and life processes.

BIOL 1070 Basics of Human Heredity/3 sem. hrs. This course examines basic concepts of genetics and their application to human heredity and diversity. Topics covered include structure and function of DNA, genes and chromosomes, the role of genes in heredity, tracing of genetic traits in family trees, and advances in genetic technologies as applied to human medicine. This course is intended for non-biological science majors.

BIOL 1080 Human Biology/3 sem. hrs. This course explores the biology of the human organism and is designed to provide a framework by which the student can understand human biology at the cellular, molecular, and organismal levels, both in the healthy state and when it is diseased and/or malfunctioning. The course will emphasize the process of recognizing choices and the application of biological knowledge in the decision-making process. Topics will include a study of the organ systems, immunity, and reproduction and development.

BIOL 1090 The Age of Dinosaurs/3 sem. hrs. An introduction to the most fascinating period of life on earth-The Mesozoic Era-emphasizing the most famous inhabitants of the time - the dinosaurs: their kinds, ecology, evolution, life habits, and eventual extinction. The course also introduces basic concepts in evolution, geology, and paleontology needed to understand dinosaurs and the other animals and plants that populated the Mesozoic world.

BIOL 1100 Concepts and Connections in Biology/3 sem. hrs. Focuses on the fundamental concepts in the life sciences and helps students make connections to the real world. This course is designed to emphasize the required biological concepts needed by middle school teachers. Basic functions of life are compared and contrasted in organisms representing the five kingdoms. Connections are made between the various life forms and humans. Heredity will be studied with special attention given to the classic experiments important in the development of the field of genetics. Throughout this course, students will develop a portfolio of resources applicable for use in the middle-school classroom.

BIOL 1101 Concepts and Connections in Biology Lab/1 sem. hr. Thelaboratory series connects science with teaching and the real world. Students are taught how to convert scientific themes into investigative packs for the curious nature of the middle-school student. The lab will be taught in a format that utilizes easily accessible equipment or supplies and uses resources that are generally available within the community. Laboratory exercises connect biology to the student and providethestudent with an understanding of key biological concepts of plants, animals, physiology, anatomy, cells, and genetics.

BIOL 1500 Biology I/Lab/4 sem. hrs. An introduction to the biological sciences for students interested in pursuing a career in this area. Includes subcellular and cellular organization, structures and function, biochemistry, classical and molecular genetics, and population dynamics-all arranged around evolution as a major theme. Includes laboratory sessions.

BIOL 1510 Biology II/Lab/4 sem. hrs. Second part of two-part sequence that includes a survey of the five kingdoms and structure and function in plants and animals. Includes laboratory sessions.

BIOL 2220 Marine Biology/3 sem. hrs. Introduction to marine environments of South Horida with emphasis on adaptation of local organisms to a variety of habitats including mangrove swamps, the intertidal zone, sea grass meadows, coral reefs, and the Gulf Stream. Feld trips to various South Forida marine habitats will round out the course experience.

BIOL 2900 Special Introductory Topics in Biological Science/4 sem. hrs. Introductory topics in biological science that are not included in regular course offerings. Specific content and prerequisites announced in the course schedulefor a given term. Students may reenroll for Special Topics covering different content.

BIOL 3010 Anatomy and Physiology of the Vocal Mechanism/3 sem. hrs. Introduction to the anatomy, physiology, and neurophysiology of the vocal mechanism.

BIOL 3200 General Ecology/Lab/4 sem. hrs. Basic principles governing the interaction of organisms and their environment including food webs, energy flow, biogeochemical cycles, factors controlling distribution and abundance, biological and species interaction, species diversity, ecosystem stability, ecological succession, and impact of man. Includes laboratory sessions. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3210 History of Science/3 sem. hrs. This course is a survey of science and scientists from ancient to modern times. The major advancements in life sciences, medicine, and oceanography will be discussed from the perspectives and tenor of the times. Some original literature and autobiographies as well as historical reviews will be assigned and discussed.

BIOL 3300 Invertebrate Zoology/Lab/4 sem. hrs. Basic invertebrate zoology including introductory anatomy, physiology, phylogeny, and ecology of major animal phyla from protozoa through echinoderms with emphasis on marine organisms. Includes laboratory sessions. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3310 Vertebrate Structure and Function/Lab/5 sem. hrs. Basic vertebrate anatomy and physiology. This course deals specifically with form and function of vertebrate organ systems. The lecture period stresses physiology and the laboratory is mainly devoted to gross anatomy. However, the one reinforces the other in presenting a complete picture of functional morphology. Includes laboratory sessions. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 3400 Microbiology/Lab/4 sem. hrs. Introduction to basics of morphology, metabolism, growth, genetics, enumeration, and control and public health aspects of bacteria and viruses, with emphasis on marine processes and types. Includes laboratory sessions. Prerequisites: BIOL 1500, BIOL 1510, and CHEM 2310.

BIOL 3600 Genetics/Lab/4 sem. hrs. Review of principles of Mendelian and quantitative inheritance considered at the morphological and molecular levels including a survey of population genetics and theories of natural selection and the study of amino acids and nucleotide substitutions as "evolutionary clocks." Prerequisites: BIOL 1500 and CHEM 2310.

BIOL 3700 Kinesiology/3 sem. hrs. A study of the anatomy, physiology, and biomechanics of the muscle system as it relates to the principles of movement. Students will learn the muscle groups involved with specific movements and the results of the action of particular muscle groups on the overall movement. Both normal and impaired movements will be analyzed.

BIOL 3710 Exercise Physiology/3 sem. hrs. Study of the integration of cardiopulmonary, neuromuscular, and musculoskeletal systems as they apply to themovement of body through space. Studied at the chemical, cell, and organismal levels.

BIOL 4000 Introduction to Hearing, Speech, and Language Disorders/3 sem. hrs. Understanding of speech, language, and hearing disorders, their classification, manifestation, and etiologies. This course does not meet the science general education requirement. Identical to SLP 4000.

BIOL 4100 Neuroanatomy and Physiology/3 sem. hrs. Introduction to anatomy and physiology of the developing and mature human nervous system. Identical to SLP 4100.

BIOL 4200 Neurobiology/3 sem. hrs. This course is an introductory survey that covers nerve function from the molecular level to behavior. The objective is to give theadvanced student inthebiological sciences insight into fundamental mechanisms of nervous integration. The instructional format will consist of lectures, discussion groups, computer simulations, and guest lectures by practicing neuroscientists.

BIOL 4340 Cellular and Molecular Biology/3 sem. hrs. Study of the subcellular architecture and function, growth, and reproduction of prokaryotic and eukaryotic cells. This course does not include laboratory sessions. Prerequisites: BIOL 1500 and CHEM 2310.

BIOL 4400 Developmental Biology/Lab/4 sem. hrs. Principles of human cellular differentiation, morphogenesis, and development, with comparisons to lower animal forms. Prerequisites: BIOL 1500 and BIOL 1510.

BIOL 4450 Biochemistry/Lab/4 sem. hrs. Chemistry of proteins, lipids, carbohydrates, and nucleic acids and principles in enzymology, metabolism, and bioenergetics. Prerequisite: BIOL 1500, CHEM 3200, or 3310.

BIOL 4490 Research Methods/3 sem. hrs. This course will present a broad theoretical outline for the design and implementation of research projects. Topics to be covered include problem definition, principles of design, sampling, measurement concepts, and research proposal preparation. Although this is not a course in statistics, a brief overview of univariate and bivariate statistics will be presented. This course will also cover the presentation of results, including graphics. It is assumed that the student will have some background in basic statistics and have some familiarity with computers. Cross-listed with OCES 4490.

BIOL 4500 Independent Researchl/1 sem. hr. Initiation of laboratory or fied research in biology in consultation with an advisor. Prerequisite: permission of department.

BIOL 4510-4560 Independent Research II/1 sem. hr. Continuation of laboratory or field research in biology. Prerequisites: BIOL4500 and permission of department.

BIOL 4570 Independent Research III/1 sem. hr. Completion of laboratory or field research in biology culminating with a thesis. Prerequisites: BIOL 4500 and permission of department.

BIOL 4600 Biological Bases of Behavior/3 sem. hrs. Genetic, neural, and endocrine bases of behavior. Neuroanatomy and chemical and electrical events in the nervous system. Sensory processes, motivation, emotion, and arousal. Prerequisites: BIOL 1020 or 1050, and PSYC 1020. Identical to PSYC 4600.

BIOL 4900 Special Topics in Biology/1-3 sem. hrs. Topics in advanced biology that are not included in aregular courseoffering. Prerequisites may berequired. Specific content and prerequisites are announced in the course schedule for the given term. Students may reenroll for Special Topics covering different content.

BIOL 4990 Independent Study in Biology/1-12 sem. hrs. The student selects and independently carries out library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty and the department director.

\section*{BUSINESS (BUSS)}

BUSS 1010 Introduction to Business/3 sem. hrs. Provides an overview of the private enterprise system. Topics include the key concepts of business, social responsibility, entrepreneurship, the management process, marketing, finance, and the legal and international environment of business.

BUSS 2150 Business Law I/3 sem. hrs. Applies the fundamentals of business law, contract law, property law, and negotiable instruments to business organizations. Oredit cannot be obtained for both BUSS 2150 and LEGS 2400.

BUSS 2700 Current Issues in Telecommunications/3 sem. hrs. Establishes a foundation of basic telecommunications applications and principles. Thetechnical and managerial aspects of telecommunications from abusiness perspective will also bepresented. Special emphasis is placed on current technological, legislative, and regulatory issues facing the telecommunications industry.

BUSS 3020 Business Communications/3 sem. hrs. Examines the strategies of effective written and oral business communications. Topics include persuasive messages, delivery of good news and bad news, sales letters, collection messages, design of business reports and oral presentations, use of visual aids, and resume preparation. Prerequisite: LANG 1500.

BUSS 3050 Organization Theory/3 sem. hrs. Emphasizes the structure of modern organizations and systems. The special problems of largeresearch and development organizations, project and/or program management, matrix management, venture management, and contingency management. Prerequisite: MGMT 2050.

BUSS 3080 Cooperative Education/0 sem. hrs. Work placement for aperiod of 16 to 18 weeks. Placement will be directly related to the student's program of study.

BUSS 3100 Small Business Management/3 sem. hrs. Studies management problems that relate to the small-scale entrepreneur. Examines the decisions to be made in initiating a business: implementing financial and administrative controls, operating systems, pricing and marketing strategy, and understanding the legal environment.

BUSS 3150 Business Law II/3 sem. hrs. A continuation of Business Law I. Applies law, bailments, and the Uniform Commercial Code to business organizations. Prerequisite: BUSS 2150.

BUSS 3250 Business, Government, and Society/3 sem. hrs. Considers the relationships between business enterprises and the social and political milieu in which theseenterprises operate. Examines concepts in business ethics, corporate responsibility, and governmental regulation of business.

BUSS 3500 Business Relations and Organizations/3 sem. hrs. Topics include the essential elements of contracts, defenses to enforceability, third party beneficiaries and assignments, the Uniform Commercial Code, sole proprietorships, general and limited partnerships, and corporations. This course is not required for students who have taken BUSS 2150 and BUSS 3150. Cross-listed with LEGS 2400.

BUSS 3550 Introduction to International Business \(/ 3\) sem. hrs. Surveys the legal and cultural environment of international business; international financial system; management of international operations; personnel and labor relations; international marketing; international economics, trade, and finance; multinational enterprise; and international accounting.

BUSS 4090 Quantitative Methods/3 sem. hrs. Emphasizes decision-making tools and their applications in various business situations. How to solve problems of cost-volume-profit analysis; linear programming; Markov-chain gaming; the assignment problem; thetransportation problem; PB R and other network models; decision theory; inventory problems; computer simulation; and waiting line modes. Prerequisite: MATH 3020.

BUSS 4100 Business Ethics \(/ 3\) sem. hrs. Examines the nature of morality and theories of normative ethics. Identifies a variety of ethical issues and moral challenges involving consumers, the environment, the professions, and the role of the corporation in our society.

BUSS 4200 Real Estate Practice/3 sem. hrs. Topics include interests in real property, contracts, deeds, mortgages and other encumbrances, mortgage foreclosure procedures, title searches, title insurance, and leases. Students prepare closing documents for aresidential real estatetransaction. Cross-listed with LEGS 3260. Prerequisite: LEGS 1150 or LGST 2010, or permission of coordinator.

BUSS 4610 Business Research Methods/3 sem. hrs. Examines research designs commonly used in business decision making. Topics include survey, observation, data analysis, sampling, and quasi-experiments as they relate to problems in an organizational setting. Students submit a research proposal as part of the course requirements. Prerequisites: LANG 1500 or LANG 3110, MATH 3020.

BUSS 4620 Management Applied Project/3 sem. hrs. This course is for students in the BPM Program who must complete an applied project, or practicum, as part of their degreerequirements. Students will meet in peer study-review groups rather than aregularly scheduled class. Prerequisites: BUSS 4610 and approved project proposal.

BUSS 4880 Business Strategy and Policy/3 sem. hrs. An integrative senior-year course in which the disciplines of management, finance, behavioral sciences, and marketing focus on the solution of business problems. Case studies will be employed in this course. Prerequisites: ECON 2010; ECON 2020 or ECON 3150; FINC 3010; LANG 2010 or LANG 3120; and senior standing.

BUSS 4910-4980 Advanced Special Topics/3 sem. hrs. Advanced topics in business that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may reenroll for Special Topics covering differing content.

BUSS 4990 Independent Study in Business/1-12 sem. hrs. The student designs and carries out an independent research project. Faculty supervision is provided on an individual basis. Prerequisite: written consent of instructor and division director.

COOP 3811 Cooperative Education I in Business /1-3 sem. hrs. A 10-20 hour per week paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

COOP 3911 Cooperative Education II in Business /1-3 sem. hrs. A 10-20 hour per week paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: COOP 3811, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

INTN 3811 Internship I in Business /1-3 sem. hrs. A 10-20 hour per week nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

INTN 3911 Internship II in Business/1-3 sem. hrs. A10-20 hour per week nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: INTN 3811, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

\section*{CHEMISTRY (CHEM)}

CHEM 1040 Chemistry and Society/3 sem. hrs. Students in this courseare provided with knowledge of chemical principles, mainly in terms of concepts. They will evaluate the importance of scientific inquisitiveness in everyday life. Thecourse discussion will include, but is not limited to, topics such as chemical inventions, environmental chemistry, food chemistry, energy sources, synthetic materials, medicinal chemistry, biochemicals, consumer chemicals, chemical warfare agents, and poisons.

CHEM 1100 Fundamentals of Chemistry/ 3 sem. hrs. This course is an introduction to general chemistry. It will start with a foundation of energy and the nature of matter. Upon this foundation, students will investigate chemical reactions, chemical nomenclature, and reaction stoichiometry and continue with chemical periodicity, chemical bonding, and acid/base theory. The course concludes with an introduction to kinetics, equilibrium, redox, materials science, and radiation.

CHEM 1101 Fundamentals of Chemistry Lab/1 sem. hr. Students are taught how to convert scientific themes into investigative packets for the middle-school student. This laboratory course provides hands-on experiences relevant to the concepts taught in Fundamentals of Chemistry (CHEM 1100). The scientific method will be emphasized, and students will be involved with developing, assembling, and conducting thelaboratory experiences. Recording and analyzing data will be done using computer spreadsheets. Multimedia simulations, the Internet, and community resources will be employed. This course is taken in conjunction with CHEM 1100.

CHEM 2300 General Chemistry I/Lab/4 sem. hrs. Basic chemical calculations, periodicity, bonding, inorganic reactions, and kinetics. Frst half of General Chemistry Continuum. Includes laboratory sessions. Prerequisite: MATH 1200 with a C- or better.

CHEM 2310 General Chemistry II/Lab/4 sem. hrs. Continuation of General Chemistry Continuum including thermodynamics, acid-base reactions, electrochemistry, and nuclear chemistry. Includes laboratory sessions. Prerequisite: CHEM 2300 with a C or better.

CHEM 3200 Essentials of Organic Chemistry/4 sem. hrs. A one-semester study of the structure, nomenclature, preparation, properties, and reactions of organic compounds, organized by functional groups and reaction mechanisms. Includes laboratory sessions. Prerequisite: CHEM 2310.

CHEM 3250 Bioorganic Chemistry/Lab/4 sem. hrs. Introduction to structure, properties, and reactions of major organic chemical groups with emphasis on thoseimportant in biochemical processes, biological macromolecules, and basics of carbohydrate, lipid, and protein metabolism. Includes laboratory sessions. Prerequisite: CHEM 2310.

CHEM 3300 Organic Chemistry I/Lab/4 sem. hrs. The chemistry of carbon compounds, including their structure, nomenclature, preparation, reactions, analysis, and properties. Reaction mechanisms are stressed within a functional group framework. Includes laboratory sessions. Prerequisite: CHEM 2310.

CHEM 3310 Organic Chemistry II/Lab/4 sem. hrs. Continuation of CHEM 3300 , Organic Chemistry I/Lab, includes laboratory sessions. Prerequisite: CHEM 3300 with a C or better.

CHEM 4000 Chemistry of Natural Products/Lab/4 sem. hrs. This course deals with theisolation, structural identification, biosynthesis, and synthesis of secondary
metabolites such as terpenes, polyketides, eicosanoids, alkaloids, lactams, and shikimic acid derivatives. Also included in the course are the primary metabolites (carbohydrates, lipids, proteins, and polynucleotides), their chemistry, biological activity, biosynthesis, physiological role, and ecological significance. Emphasis will be given to pharmaceutically active natural products. Prerequisite: CHEM 3300 with a \(C+\) or better.

CHEM 4990 Independent Study in Chemistry/1-12 sem. hrs. Thestudent selects and independently carries out library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty and department director.

\section*{COMMUNICATIONS (COMM)}

COMM 2010 Introduction to Journalism/3 sem. hrs. Training in the elements of reporting with emphasis on themodern news story. Students will learn theelements of news, the style and structure of news writing, and the technology of newspaper production. Corequisite: LANG 1500.

COMM 2020 Introduction to Broadcast Journalism/3 sem. hrs. Training in the elements of broadcast reporting with emphasis on the modern electronic news story. Students will learn the elements of broadcast news, the style and structure of broadcast news writing, and the technology of radio productions. Corequisite: LANG 1500 or COMM 2030.

COMM 2030 Introduction to Broadcast Technology/3 sem. hrs. Students will be trained in using the equipment appropriate to modern broadcasting conditions in television and/or radio, including broadcast equipment and computer-oriented broadcasting devices. Corequisite: LANG 1500.

COMM 2100 Mass Media/3 sem. hrs. An examination of theimpact of technology on the way we receive and process information and images, the basic legal and economic structure of the mass media, historical precedents and events of mass media, the new cultural forms that have emerged with the mass media, and the nature and implications of developing media technologies.

COMM 2510 Intermediate Telecommunications/3 sem. hrs. Students will be introduced to technological skills and tools that will assist them in modern communications, such as electronic publishing, electronic graphics, mainframe networks, electronic databases, and more. Prerequisite: TECH 1110 or equivalent.

COMM 3010 Ethical Issues in Communication/3 sem. hrs. Students will explore ethical issues specific to the communications industry.

COMM 3100 Gendered Images in Popular Culture/3 sem. hrs. This course examines gendered images in popular media other than literature, including film, music videos, television, and comic books, and their impact on mainstream America.

COMM 4010 Information Theory/3 sem. hrs. Students will examinethetheoretical foundations of the "information society" and information theory, by examining the works of major theorists such as Caude Shannon and those whom he has influenced. Prerequisite: senior standing or permission of instructor.

COMM 4900 Special Topics in Communication/3 sem. hrs. This course offers a cross-sectional view of the mediathrough afocus on aparticular medium, theme, or genre. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisite, except for career students: one course in communications listed above.

\section*{COOPERATIVE EDUCATION (COOP)}

COOP 3810 Cooperative Education I in Accounting
COOP 3811 Cooperative Education I in Business
COOP 3812 Cooperative Education I in Computer Science
COOP 3814 Cooperative Education I in Humanities
COOP 3815 Cooperative Education I in Legal Studies
COOP 3819 Cooperative Education I in Psychology
COOP 3820 Cooperative Education I in Legal Assistant Studies
1-3 sem. hrs. A 10-20 hour per week paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative

GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

COOP 3910 Cooperative Education II in Accounting
COOP 3911 Cooperative Education II in Business
COOP 3912 Cooperative Education II in Computer Science
COOP 3914 Cooperative Education II in Humanities
COOP 3915 Cooperative Education II in Legal Studies
COOP 3919 Cooperative Education II in Psychology
COOP 3920 Cooperative Education II in Legal Assistant Studies
1-3 sem. hrs. A 10-20 hour per week paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: Cooperative Education I, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

CORE STUDIES IN PROFESSIONAL AND LIBERAL STUDIES (CORE)
* CORE 1410 Journey I/3 sem. hrs. The metaphor of life as a journey provides the vehicle for this exploration. Students will examine literary and other creative works as well as participatein the process of documenting their own undergraduatejourney.
*CORE 1420 Human Nature, Human Behavior/3 sem. hrs. An examination of the biological and environmental influences that shape the individual. An analysis of classic and contemporary sources will help the student think critically about basic theories and issues such as nature versus nurture, the mind/body dichotomy, cognitivism, behaviorism, and the scientific explanation of behavior.
* CORE1430 The Living Earth: An Environmental Perspective/3 sem. hrs. Students will study the science of ecology and theimpact madeby humans on theenvironment. The course will help students gain a more complete and genuine understanding of thecause-and-effect relationships that operatein theenvironment, thereby providing abasic perspective by which they can evaluate their own responsibility to the longterm sustainability of the biosphere.
* CORE 1440 Other Voices, Other Visions: Multicultural Perspectives/3 sem. hrs. This courseexamines therole of "world view;" encourages an appreciation of different peopleand cultures; and fosters respect for diversity inlocal, national, and international environments.
*CORE 2450 Individual and Social Systems/3 sem. hrs. A study of the nature of institutions and the reciprocal relationship between individuals and institutions. Emphasizes in particular the goal of developing a sense of community and social responsibility among students and the faculty.

CORE 2460 Economic Transformations and Society/3 sem. hrs. This course will study theimpact of economic interactions based on the assumption that theeconomy is merely one aspect of a whole ecological, social, and political fabric. Economic systems and issues will be analyzed within the broader context of human rights, environmental consequences, and ideological goals and outcomes.
*CORE 3470 Ethical Systems/3 sem. hrs. An examination of ethical systems that instruct in matters related to moral action, moral judgment, and responsibility. Ways of reviewing contemporary moral issues such as abortion, euthanasia, and racial discrimination areamong individual topics. Prerequisite: requires junior standing.

CORE4480 Journey II: The Capstone Experience/ 3 sem. hrs. This courseis intended as a capstone experience, meant to tie together various themes and subjects which the student has studied in other coreclasses. Students will usethe journey metaphor to explore their own personal and professional journeys now and after graduation. Prerequisite: requires senior standing.

\section*{CRIMINAL JUSTICE (CRJU)}

CRJU 2200 Criminal Law and Procedure/ 3 sem. hrs. This coursecovers the study of both substantive criminal law and criminal procedure. Students will learn the elements of major crimes and defenses. Students also will examinetheconstitutional aspects of criminal procedure, including searches, seizures, and arrests; interrogation; the pretrial process; trial; and sentencing and appeal. Also offered as LEGS 3050.

CRJU 2300 Introduction to Law Enforcement/3 sem. hrs. Study of the police including its historical development, functions, operations, and organizations.

CRJU 3000 The Criminal Justice System/3 sem. hrs. Study of theroleand operation of the courts in the administration of criminal justice, and of the processes involved in charging and prosecuting defendants.

CRJU 3200 Correctional Theory and Practice/3 sem. hrs. Study of the historical development and current status of correctional theories and practices.

\section*{COMMUNICATION SCIENCES AND DISORDERS (CSAD)}

CSAD 2000 Introduction to Hearing, Speech, and Language/3 sem. hrs. Understanding of speech, language, and hearing disorders and their classifications, manifestations, and etiologies.

CSAD 4050 Audiology/3 sem. hrs. Instruction in test administration and in interpretation of standard and specialized tests of auditory function. Prerequisites: CSAD 3020, CSAD 3040, and CSAD 3050.

CSAD 3010 Phonetics/ 3 sem. hrs. History, theory, and application of phonetics, including sampling and transcription techniques.

CSAD 3020 Anatomy and Physiology of the Speech and Hearing Mechanisms/ 3 sem. hrs. Introduction to the anatomy and physiology of the auditory and vocal mechanisms.

CSAD 3030 Speech and Language Development/3 sem. hrs. Study of prelinguistic and psycholinguistic variables related to normal development from infancy through adolescence.

CSAD 3040 Neuroanatomy/3 sem. hrs. Introduction to the anatomy and physiology of the developing and mature human nervous system.

CSAD 3050 Hearing and Speech Science/3 sem. hrs. Physical bases and process of the production and perception of hearing, language, and speech.

CSAD 3060 Directed Observation/1 sem. hr. Twenty-five hours of observations, evaluation, and management of clients, and class discussion of observations of evaluation and management of clients.

CSAD 4010 Evaluation of Speech and Language Disorders/3 sem. hrs. Principles of screening and evaluation of clients typically seen in clinic and school settings, including administration of specific evaluation instruments.

CSAD 4020 Evaluation Practicum/1 sem. hr. Participation in speech-language screenings, and observation and participation in full diagnostic evaluations with clients. A minimum number of contact hours required.

CSAD 4030 Treatment of Speech and Language Disorders/3 sem. hrs. Overview of treatment strategies used in management of communication disorders.

CSAD 4040 Treatment Practicum/1 sem. hr. Participation in clinical management of clients having communication disorders. A minimum number of contact hours required.

\section*{COMPUTER AND INFORM ATION SCIENCES (CSIS and CSEE)}

CSIS 1400 Discrete Mathematics/3 sem. hrs. An introduction to the concepts and techniques of discrete mathematical structures that are used in the theory and application of computer science. Topics covered include logic, set theory, relations, functions, recurrence relations, matrices, algebraic structures, and graph theory. Prerequisites: MATH 1250 and TECH 1110 or equivalent.

CSIS 1600 Logic Design/3 sem. hrs. This coursewill givethestudents anintroduction to the basic fundamentals and elements of logic design. The course covers the number theory, fundamentals of Boolean algebra, state diagrams, combinational and sequential circuits, and design techniques with logic array components. Prerequisites: MATH 1250 and TECH 1110 or equivalent.

CSIS 1900 Computer Programming I/4 sem. hrs. This course provides an introduction to the principles of computer science by program development in the context of \(\mathrm{C} \mathrm{C}+\) + environments. Major topics to be covered in this class are: tokens, syntax, semantics, compiling, linking, executing, debugging, variables, types, assignments, inputs, outputs, function definitions, function applications, conditionals,
selection statements, iteration statements, arrays, files, classes, methods, and pointers through program development. Prerequisites: MATH 1250 and TECH 1110 or equivalent.

CSIS2200 Business Oriented Language (COBOL)/4 sem. hrs. Astudy of the \(O\) OBO programming language with emphasis on business applications. Students apply a structured, multiphaseprogram development process that features aseries of steps involving understanding of problems, formal problem definition, design methodologies, program specification, breakdown, and files using COBOL. Prerequisites: CSIS 1400 and CSIS 1900.

CSIS2310 Advanced COBOL/3 sem. hrs. Astudy of advanced OOBO_ programming using structured techniques. Topics to be covered includetable handling, sequential and indexed file processing, databaseaccess, editing, sorting, and the Report Writer. Prerequisite: CSIS 2200.

CSIS 2410 Assemblers and Assembly Language Programming/4 sem. hrs. A detailed analysis of the operation of assemblers. Assembler features, assembly language programming, and macro facilities. Assembly language programs will be written as part of this course. Prerequisites: CSIS 1600 and CSIS 1900.

CSIS \(2600 C_{++}\)Programming Language/4 sem. hrs. An introduction to ObjectOriented programming using the \(\mathrm{C}++\) language. The design and implementation of programs using class libraries. Topics include data types, in-line and overloaded functions and operators, classtypes and members, access and protection of members and friends, constructors and destructors, and streams. Prerequisite: CSIS 1900.

CSIS 2950 Computer Programming II/4 sem. hrs. Computer Programming II continues to focus on the main topics of computer science including the design and implementation of algorithms and data structures. Intermediate and advanced concepts of computer programming using the JAVA programming language are covered. Prerequisites: CSIS 1400 and CSIS 1900.

CSIS 3000 Introduction to Computer Graphics through Applications/3 sem. hrs. This course explores the principles underlying computer graphics through the use of powerful computer graphics programs and accessible computer graphics programming languages. Tools to be used include Visual Basic, PostScript, HyperCard, PhotoShop, Illustrator, Truespace, and graphical extensions to the Scheme programming language, as well as applications for such specialized tasks as ray tracing, morphing, and constructing fractal landscapes. Prerequisite: CSIS 1900.

CSIS 3010 Organization of the Computer Environment/3 sem. hrs. Management of thecomputer environment, personnel, customer interface, budgeting, coordination, policy development, staffing, department interface, hardware and softwareselection planning, maintenance, and management. Prerequisite: CSIS 1900.

CSIS 3020 Internet Programming/3 sem. hrs. This course will introduce the essentials of Internet programming. Students will design and write WWW pages in HTML, JavaScript, and shell scripting languages. Programs will manipulate many forms of dataincluding hypertext, graphics, audio, and video. Students will develop interactive/executable Web pages. Other topics covered will include clickable image maps, cgi-bin scripting, and security. Prerequisite: CSIS 2950.

CSIS 3060 Digital Design/3 sem. hrs. Register transfer-level design of digital computers, datatransfer hardware, organization of the central processing unit, design of the controller, and a complete design example. Prerequisite: CSIS 2410.

CSIS 3080 Cooperative Education/0 sem. hrs. Work placement for aperiod of 1618 weeks. Placement will be directly related to the student's program of study.

CSIS 3110 Foundations of Computer Science/4 sem. hrs. Included are the mechanization of abstraction in computer science, prepositional logic and predicate logic, induction versus recursion, countable and non-countable sets, finite state automataand regular expressions, pushdown automataand context-freelanguages, Turning machines, decidability and computability, and computational complexity. Prerequisites: CSIS 1900 and MATH 2100.

CSIS 3200 Organization of Programming Language/3 sem. hrs. Development of an understanding of the organization of programming languages, introduction to formal study of programming language specification and analysis, comparison of two or more high-level modern programming languages. Prerequisite: CSIS 2950.

CSIS 3250 Networks and Data Communication/3 sem. hrs. An introduction to basic computer-driven data communications. The protocols, services, interfaces, and plafforms for the transmission of data on networks are investigated. The integration of homogeneous and heterogeneous networks is developed: bridges, routers, and gateways. The OSI architecture is defined. The topology of network architecture is covered and the details of connection and connection-less service, dedicated and switched circuits, access, error detection, and correction are explained. Prerequisite: CSIS 3400.

CSIS 3310 Object-Oriented Programming/4 sem. hrs. An advanced coursein ObjectOiented programming. Includes advanced programming techniques of inheritance, virtual functions, and polymorphism. The principles of reusability, composition, and aggregates are developed. Fundamental abstract datatypes such as stacks, queues, and forward and backward linked-lists are used for problem solving. Prerequisite: CSIS 2600.

CSIS 3400 Data Structures/4 sem. hrs. A course in fundamental data structures and their application in the context of \(\mathrm{C}+\). Advanced data structure concepts are developed including paged binary trees, B and B++ trees, hashing, directed graphs, matrices, set manipulation, and finite state machines. Quantitative analysis of algorithms are employed. Advanced sorts and string searches are developed for data manipulation and class libraries implemented for complicated heterogeneous data files like multimedia. Advanced concepts of abstraction with bags and polymorphism are investigated. Prerequisite: CSIS 2950.

CSIS 3420 Introduction to File Structures/3 sem. hrs. Anintroductiontotheconcepts and techniques of structuring data on bulk storage devices. Fie access techniques of structuring used on storagedevices and fileinput/output arecovered. Prerequisite: CSIS 3400.

CSIS 3530 Introduction to Artificial Intelligence/3 sem. hrs. Introduction to the basic concepts andtechniques of Al and expert systerns. Topics includelogic, problem solving, knowledgerepresentation methods, reasoning techniques, search strategies, and heuristic methods applied in Al and expert systems. Techniques for natural language processing, modeling, and pattern matching are developed. Symbolic languages likeScheme and Prolog are used. Prerequisites: CSIS 3110, CSIS 3400, and MATH 2200.

CSIS 3610 Numerical Analysis/3 sem. hrs. Animplementation courseusing \(\mathrm{CC}_{++}\) that devises methods for approximating solutions to mathematically expressed problems derived from physical phenomena Topics include linear and nonlinear systems of equations and producing solutions within specified tolerance for a sequence of algebraic and logical operations. Prerequisites: CSIS 3400 and MATH 2200.

CSIS 3750 Software Engineering/4 sem. hrs. An introduction to the process of developing software systems. Topics include software life-cycle models, quality factors, requirements analysis and specification, software design (functional design and object-oriented design), implementation, testing, management of large software projects. Prerequisite: CSIS 3400.

CSIS 3810 Operating Systems Concepts/3 sem. hrs. Methods in the analysis and design of large scale systems, including concepts of semaphores, processes, linear address space, resources allocation, protection, basic topics in operating system development. Prerequisites: CSIS 3400, MATH 2200, and MATH 4500.

CSIS 4010 Computer Security/3 sem. hrs. Issues of security, privacy, and control from the viewpoint of the computer user. Emphasis on procedures for protecting systems from unauthorizeduse, theft, vandalism, and natural disasters. Ehical issues in computer usage are covered. Prerequisite: CSIS 3810.

CSIS 4050 Computer Architecture/3 sem. hrs. A structured approach to the architecture of computers is covered as the interrelation of software and hardware design: logic level, machine level, operating system level, and assembly language level. OSCRISC and paralle architectures areintroduced. Prerequisites: CSIS2410, CSIS 3110, and CSIS 3810.

CSIS 4310 Distributed Data Processing/4 sem. hrs. Concepts and mechanisms in the design of distributed systems: process synchronization, reliability, distributed resource management, deadlock, and performance evaluation. Case studies of selected distributed systems are covered. Prerequisites: CSIS 3250 and CSIS 3400.

CSIS 4350 Introduction to Robotics/3 sem. hrs. Principles and concepts of modern robots and automated systems are developed: robot's intelligence, drive methods, motion control, and software and hardware support. Prerequisite: requires senior standing.

CSIS 4530 Database Management/3 sem. hrs. Concepts and structures necessary to design and implement a database system, including logical and physical file organization and dataorganization techniques, datamodels, networks, dataintegrity, and file security. Topics covered include logical and user's viewpoint, theoretical foundations, and physical system implementation. Prerequisite: CSIS 3400.

CSIS 4600 Systems Programming/4 sem. hrs. A study of various systemprogramming techniques, hardware-software interface, and software-controlled hardware. A comparison of several existing computer systems will be made. Prerequisites: CSIS 2410, CSIS 3110, and CSIS 3400.

CSIS 4610 Design and Analysis of Algorithms/3 sem. hrs. Topics includealgorithmic paradigms such as divide-and-conquer, greedy methods, and concepts relating to analysis such as asymptotic notation and NP-completeness. Sorting and searching algorithms are designed and analyzed, as are algorithms for manipulating trees, graphs, and sets. Prerequisites: CSIS 3400 and MATH 2200.

CSIS 4650 Interactive Computer Graphics/3 sem. hrs. An introduction to the principles of interactive computer graphics. Topics include fundamentals of raster graphics (scale-conversion, clipping, fill methods, and anti-aliasing), 2D and 3D transformations, projections, 3D modeling, hidden surface removal methods, ray tracing, and graphical user interfaces. The hardware of the graphic environment is defined and new development plafforms for graphics in windows are investigated. Prerequisite: CSIS 3400.

CSIS 4710 Advanced Microcomputer Applications Interfacing/3 sem. hrs. This course will deal with the hands-on use of amicrocomputer utilizing word processor, spreadsheet, database interfacing with programming languages, and introduction to decision support systems and expert systems. Prerequisites: requires senior standing and TECH 1110 or equivalent.

CSIS 4800 Introduction to Compilers and Interpreters/ 3 sem. hrs. An introduction to compiler/interpreter design. Topics includelexical analysis, parsing, intermediate code, final code generation, optimization, and error recovery. Prerequisites: CSIS 3110 and CSIS 3400.

CSIS 4840 UNIX Operating System Environment/3 sem. hrs. The concepts of the UNIX operating system are presented. Topics include system commands, system editors, awk, sed, text formatting tools, and shell programming. The use of modem andterminal software and system maintenanceutilities arecovered as well as system calls in C, lex, yacc, ar, and make. Prerequisite: CSIS 2950.

CSIS 4880 Special Topics in Computer Science/3 sem. hrs. Topics in computer science that are not included in regular course offerings. Specific contents are announced in the course schedule for agiven term. Prerequisites: requires senior standing and consent of instructor.

CSIS 4890 Special Topics in Computer Information Systems/3 sem. hrs. Topics in computer information systems that are not included in regular course offerings. Specific contents are announced in the course schedule for a given term. Prerequisites: requires senior standing or consent of instructor.

CSIS 4900 Directed Project/3-8 sem. hrs. Amajor project will becompleted by the student under the direction of a faculty member. Prerequisite: requires senior standing.

CSIS 4960 Design Automation/3 sem. hrs. System design using automated tools such as MAGC and SPICE Prerequisites: CSEE 3050 and senior standing.

CSEE 3050 Electronics for Computer Science Majors/3 sem. hrs. An introduction to network analysis and electronic circuitry. Definitions of circuit parameters and components: voltage, current, resistance, capacitance, and inductance. Fundamental circuit analysis techniques, series and parallel combinations of components, transistor and diodecharacteristics and their applications inlogic circuits, differences in existing manufacturing technologies for VLSI such as C-MOS, N-MOS, P-MOS. Prerequisite: CSIS 1600.

CSEE 4600 Microprocessor Applications/3 sem. hrs. Applications in the design and stimulation of microprocessor-based systems. Prerequisite: requires senior standing.

COOP 3812 Cooperative Education I in Computer Science /1-3 sem. hrs. A 10-20 hour per week paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

COOP 3912 Cooperative Education II in Computer Science /1-3 sem. hrs. A10-20 hour per week paid work experience for 16 weeks in the student's major area of study or area of caree interest. Prerequisites: COOP 3812, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

INTN 3812 Internship I in Computer Science /1-3 sem. hrs. A10-20 hour per week nonpaying work experiencefor 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

INTN 3912 Internship II in Computer Science /1-3 sem. hrs. A 10-20 hour per week nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: INTN 3812, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

\section*{ECONOMICS (ECON)}

ECON 2010 Principles of Macroeconomics/3 sem. hrs. Astudy of basic economic concepts as they apply to the aggregateeconomy. Topics include concepts of national income and its determination, economic fluctuations, monetary and fiscal policies, and economic growth. Students who have completed EOON3150 may not enroll for this course.

ECON 2020 Principles of Microeconomics/ 3 sem. hrs. Examines the processes of price determination output and resources allocation in perfect and imperfect competition. Topics include labor economics, international trade and finance, and alternative economic systems.

ECON 3150 Macroeconomics for Managers/3 sem. hrs. An examination of basic economic concepts and economic issues of the aggregate economy. Provides a historical overview of economic philosophers. Students who have completed EOON 2010 may not enroll in this course.

ECON 3160 Economics of Social Issues/3 sem. hrs. This course provides the analytical tools necessary for understanding theeconomic aspects of contemporary social issues. Topics include analysis of poverty, higher education, crime, pollution, unemployment, and government and economic policies.

ECON 3210 Monetary Theory and Policy/3 sem. hrs. Examines the structure and function of the American banking system, the Federal Reserve System, and the function of monetary policy in the regulation of thenational economy. Prerequisites: ECON 2010 and 2020.

ECON 3550 International Economics/3 sem. hrs. Reviews theories and practices of trade, comparative advantage, trade barriers, balance of payments, economic development, and regional economic integration. Prerequisites: ECON2010 and 2020.

ECON 4210 Business Cycles and Forecasting/3 sem. hrs. Emphasizes the aggregate fluctuation in business. Reviews theories on the causes of business cycles. Describes the methods of measuring business cycles and forecasting cyclical behavior with the aid of indicators. Prerequisite: ECON 2010.

ECON 4910-4980 Advanced Special Topics/3 sem. hrs. Examines advanced topics in economics that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for the given term. Students may reenroll for Special Topics covering different content.

EDEC 1130 Family Systems/3 sem. hrs. Students inthis course will beintroduced to family systems theory and will be provided with abasic understanding of the field of family therapy as it applies to systems consultations with families and schools. A resource based approach to working with children and parents that highlights family strengths and attends to larger systems issues will be stressed. Cross-listed with SOCL 1130.

EDEC 3102 Child, Family, and Community Health Issues/3 sem. hrs. Students in this course will study how to promote maximum growth and psychological safety of young children. Emphasis is placed on the indicators and procedure to ameliorate child abuse and neglect. Sources of community support and resources to support prevention and family strength will be highlighted.

EDEC 3201 Sociological Foundations of Early Childhood/3 sem. hrs. Students in this course will study sociological influences and issues-past, present, and futurethat will enableearly childhood professionals to assist young children and their families to meet the challenges of apluralistic society in transition. This knowledge will assist students intheanalysis of societal issues for making appropriatechoices, adaptations, and modifications in their programs in order to provide developmentally appropriate programs and practices.

EDEC 3203 Diagnosis/Assessment/Evaluation of Young Children I/3 sem. hrs. Students in this course will beintroduced to aphilosophic overview of theassessment process, including transdisciplinary assessment teams and provisions for appropriate information gathering techniques-formal and informal-which includes the construction, selection, interpretation, and evaluation of diagnostic instruments. The role of technology in testing, record maintenance, and composition of IP/IPPS's will bediscussed/modeled.

EDEC 3301 Management Strategies for Typical and Atypical Children I/3 sem. hrs. Students in this course will apply behavioral techniques in a multiplicity of settings for typica//atypical children through the age of eight. The importance of consistency of these applied behavioral techniques in avariety of environments and collaboration of all involved will aso beemphasized.

EDEC 3302 Language Development of Typical and Atypical Children I/3 sem. hrs. Students in this course will examine the physical, cognitive, and social-emotional development that underlies the acquisition of language of typical and atypical children from birth to eight years of age. The differences in language development of children that reflect cultural and socioeconomic differences will be explored as well as the impact of typical/atypical languagedevelopment oneducational practices and strategies. Students will plan and implement activities that meet uniquedevelopmental needs in a broad spectrum of settings with different educational philosophies.

EDEC 3304 Family and Community Involvement/3 sem. hrs. Students in this course will learn how to work with families and practice how to use materials in the home and community environment to foster development and the acquisition of skills. Students will examine information that can create a vital link between school, community, and home in our multiethnic society.

EDEC 3500 Meeting the Special Needs of All Children/3 sem. hrs. This course combines on-sitevisitsto exemplary community programs that concentrateon meeting the special needs of children from birth to eight years old. Students will visit five sites for structured observations of model programs and then they will participate in fourhour classes focusing on the curricular and administrative aspects of the site visited. Readings and information provided will be analyzed, and students will consider the successes, challenges, and barriers of each mode. They will explorehow collaboration of services can work towards the goal of meeting the special needs of all children and their families.

EDEC3599 Special Topics in School-Age Child Care/3 sem. hrs. This courseprovides education and technical assistance to managers and staff members of child care programs to enablethem to understandthenational accreditation standards for schoolagechild careandtomakesteps towards implementing thestandards in their programs.

\section*{EDUCATION (EDUC)}

EDUC 1100 Exploration of the Education Profession/3 sem. hrs. This course is designed to provide students with an orientation to the education profession and
to the requirements of the Undergraduate Teacher Education Programs at Nova Southeastern University．Theeducation profession is viewed through the perspective of five roles of educators．The roles of educators as teachers and learners，leaders and advocates，colleagues，managers，and supportive members of families and communities arestudied in the context of education in society．Students also engage in self－reflection and analysis of their perceptions of thesefive roles，and they assess their personal characteristics in relation to these roles．This course utilizes avariety of delivery systems and community and professional resources．

EDUC 1410 Personal Career Development／3 sem．hrs．This course includes the process of career development applied to the student identifying vocational interests and aptitudes，obtaining information about occupations，gaining experiences through practicums and cooperative education，and establishing career plans．Useful for students adjusting to the college role．Identical to MGMT 1410 and PSYC 1410.

EDUC 2250 Caring for Infants and Toddlers／3 sem．hrs．This course is offered through the Family Center and is designed for administrators in child care centers who are providing or planning to provide a program for infants and toddlers．The course provides theknowledgebasefor implementing a high－quality early childhood program．At the sametimeit provides trainees with hands－on opportunities to enhance their own abilities to identify and meet family needs，create a developmentally appropriate environment，respond to individual differences in families and infants， and createindividual plans for continuing their own professional growth．This course is designed to mee CDA requirements in this area

EDUC 2260 Administration of Early Childhood Programs／3 sem．hrs．A survey course that is offered through the Family Center and identifies the responsibilities of early childhood administration and the competencies needed to discharge them successfully．This course is designed to meet CDA requirements in this area

EDUC3000 Clinical Experiences／0 sem．hrs．Cinical experiencerequired．Placement is provided for a 16 －week period．This requires fingerprinting and security clearance and once the placement form is completed and processed，the school system will provide the actual placement．This placement will be the setting for all clinical experiences required with courses taken throughout this 16 －week period．

EDUC 3001 Benchmark I／0 sem．hrs．Benchmark requirements include：passing of the CLAST or PPST；placement tests as necessary；completion of preprogram questionnaire and self－assessment；meeting with assignedfaculty mentor for portfolio assessment；and background check for field experiences．Students register for Benchmark I concurrently with Block \＃1 courses，EDUC 3320，且BM 3530，BDC 3340，and 旦BM 4330 or the required courses for ESE majors；early childhood majors；or middle school science majors．

EDUC 3170 Instructional Materials／3 sem．hrs．Use of a variety of materials in an educational program，including literature，media，and independent－learning material． In addition to class meetings，aminimum of 10 hours of observation and participation in a clinical setting are required．

EDUC 3320 Sociological Foundations of Education／3 sem．hrs．Examines the institution of schooling in its social，political，legal，historical，and philosophical contexts with an emphasis on current trends in theprofessions．In addition to class meetings，aminimum of 10 hours of observation and participation in aclinical setting are required．Cross－listed with EMDS 3320.

EDUC 3330 ESOL Strategies for Limited English Proficient Students／3 sem．hrs． Survey course that addresses key competency requirements from each of the five ESOL endorsement courses．It is required of all education majors，as this course serves as afoundational overview for any additional course work in the area of ESO studies．In addition to class meetings，a minimum of 10 hours of observation and participation in a clinical setting are required．Cross－listed with EMDS 3330.

EDUC 3340 Psychological Foundations of Teaching／3 sem．hrs．Provides a theoretical foundation for teaching．Students study theories of learning，motivation， and child development in relation to planning and implementation of instruction for diverselearners．In addition to class meetings，a minimum of 10 hours of observation and participation in a clinical setting are required．Cross－listed with EMDS 3340. Prerequisite：PSYC 1020.

EDUC 3350 Survey of Exceptional Student Education／3 sem．hrs．Foundations in exceptional student education in which historical perspectives，student characteristics，
prevalence，incidence，etiology，and medical aspects of exceptional learners are discussed．Techniques of prevention and intervention from infancy through adulthood areexplored viaclassification processes，the continuum of services，and theutilization of community services．Ourrent trends and issues，such as viewing learning styles of exceptional learners in relation to Gardner＇s are discussed．In addition to class meetings，a minimum of 10 hours of observation and participation in a clinical setting arerequired．Prerequisites：EDUC1100，EDUC3320，EDUC3330，and EDUC3340．

EDUC 3400 Administrative Leadership and Decision Making for Early Childhood／ 3 sem．hrs．This course is offered through the Family Center and is a review of various leadership styles and decision－making techniques as they apply to the administrator＇s responsibilities in finance and budget，program development and evaluation，and home and school relationships．This course is designed to meet ODA requirements in this area

EDUC 3410 Curriculum Decisions of Early Childhood Programs／3 sem．hrs．This course is offered through the Family Center and involves a study of curriculums and activities to meet the student population＇s needs，with subsequent decisions as to appropriate methods，necessary materials，and use of time and space．Leadership in staff development to implement the decisions is included．This course is designed to meet CDA requirements in this area

EDUC 3500 Clinical Experiences／0 sem．hrs．Clinical experience required． Placement is provided for a 16 －week period．This requires fingerprinting and security clearance and once the placement form is completed and processed，the school system will provide the actual placement．This placement will be the setting for all clinical experiences required with courses taken throughout this 16 －week period．

EDUC 3501 Benchmark II／0 sem．hrs．Benchmark requirements include：passing the ACT with a score of 20 or the SAT with a score of 840 or the SATR with a score of 950 and portfolio assessment with a faculty mentor．Students register for Benchmark II concurrently with Block \＃2 courses，EDUC 3520，且BM 4350， EDUC 3540，and 且BM 4340 or the required courses for ESE majors；early childhood majors；or middle school science majors．

EDUC 3520 Principles and Practices of Instruction and Assessment I／3 sem．hrs． Explores threepedagogical models usablewith all students．Thephases of instructional development－planning，implementation，and assessment－provide the framework for exploration of the models．Students are required to apply their knowledge of the pedagogical models by planning，implementing，and assessing lessons in an actual classroom．In addition to class meetings， 10 hours of clinical experience are required． Prerequisites：EDUC 1100，EDUC 3320，and EDUC 3340.

EDUC 3540 Principles and Practices of Instruction and Assessment II／3 sem．hrs． Explores threepedagogical models usablewith all students．Thephases of instructional development－planning，implementation，and assessment－provide the framework for exploration of the models．Students are required to apply their knowledge of the pedagogical models by planning，implementing，and assessing lessons in an actual classroom．In addition to class meetings， 10 hours of clinical experience are required． Prerequisites：EDUC 1100，EDUC 3320，EDUC 3340，and EDUC 3520.

EDUC 3620 Drug Prevention and Education／3 sem．hrs．The classification and identification of drugs as well as behavioral criteria for recognizing alcohol and drug abusearereviewed．Specific altention is paid to prevention，intervention，and education strategies within the family，school，and community．Methods for designing， implementing，and evaluating effective prevention programs among various cultures is examined．This course is designed to be of immediate practical use to counselors， teachers，and other professionals interested in effectivedrug prevention and education．

EDUC3630 First Aid and Emergency Care：Responding to Emergencies／3 sem．hrs． This course is designed to prepare the student with first aid knowledge necessary to perform immediate and temporary care for most accidents，injuries，sudden illness， and emergencies．This coursewould also provideaccident prevention information and personal sefety．American Red Oross（ARC）certification available．Materials fee．

EDUC 3640 Prevention and Treatment of Athletic Injuries／3 sem．hrs．This course is designed to provide an in－depth study of the practices and techniques utilized in the prevention，care，and rehabilitation of injuries and accidents occurring in physical education，recreetion，and athletics．Included would be the use of strapping，taping， and other support methods in a laboratory experience．Materials fee．

EDUC4000 Clinical Experiences/0 sem. hrs. Cinical experiencerequired. Placement is provided for a 16 -week period. This requires fingerprinting and security clearance and once the placement form is completed and processed, the school system will providetheactual placement. This placement will bethesetting for all clinical experiences required with courses taken throughout this 16 -week period.

EDUC4001 Benchmark III/O sem. hrs. Benchmark requirement is portfolio assessment with a faculty mentor. Students register for Benchmark III concurrently with Block \#3
 for ESE majors; early childhood majors; or middle school science majors. Students may not register for Block \#3 or Benchmark III until Benchmark I and Block\#1 courses have been completed. Students must complete Benchmark III before registering for their teaching internship.

EDUC4120 Children's Literature/3 sem. hrs. This coursewill explorevarious genres of children's literature, examine authors who have made important contributions, and determineliterary and artistic criteriaused to evaluate the literature. Students will have an opportunity to view and assess a variety of mediathat can be used to enhance the classroom literatureprogram. In addition to class meetings, aminimum of 10 hours of observation and participation in aclinical setting are required.

EDUC4170 Adolescent Literature/3 sem. hrs. Astudy of thetypeof literatureavailable for the adolescent, with an emphasis on text selection and presentation. Students will examine ways of incorporating literature into the curriculum. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: LANG 1500, LANG 2000, and EDUC 1100.

EDUC 4320 Integrating Instructional Technology in the Classroom/3 sem. hrs. Presents strategies for technological integration into the classroom curriculum in elementary/secondary learning environments. Hends-on experiences will allow students to apply teaching practices and research to specific learning needs of typical and atypical learners. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Cross-listed with BMDS 4320. Prerequisites: TECH 1110, EDUC 1100, EDUC 3320, EDUC 3340, EDUC 3520, and EDUC 3540.

EDUC4340 Learning Assessment/3 sem. hrs. This courseemphasizes thosedements of measurement and evaluation that are essential to good teaching and the role that assessment plays in the instructional process. Emphasis is placed on the ability to construct and select tests and other evaluation instruments that providevalid measures of the intended learning outcome. The role of portfolio, authentic, and alternative assessments in theevaluation process is also examined. In addition to class meetings, aminimum of 10 hours of observation and participationin adinical setting are eqequired.

EDUC 4360 Reading and Study Skills in the Middle and Secondary School/ 3 sem. hrs. Designed specifically for content area teachers, this course examines the role of reading and study skills in subject area instruction. The focus is on how to help middle and high-school students develop appropriate strategies for reading and learning from textbooks and other expository materials. Identifying and correcting reading problems, identifying text-based difficulties, and developing compensatory instructional strategies are addressed. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisite: EDUC 1100.

EDUC4501 BenchmarkIV/0 sem. hrs. Benchmark requirements include: completion of the PRAXIS test or the Forida Teacher Certification Exam; completion of the postprogram questionnaire and self-assessment; and meeting withthefaculty mentor for portfolio assessment. Students register concurrently for Benchmark IV and Block
 register for Benchmark IV or Block \#4 until they have completed Benchmark II and Block \#2. Students must complete Benchmark IV before graduating.

EDUC 4560 Classroom Management for Typical and Atypical Learners in the Multicultural Classroom/3 sem. hrs. Explores various models for classroom management and the factors that influence classroom management (time, space, student motivation, and diversity) as they relateto effectiveteaching for all populations. This course contains required classroom management competencies for elementary and ESE majors. This course is specifically designed to be taken with the internship and is the only course approved to be taken with the internship. In addition to class meetings, a minimum of 10 hours of observation and participation in aclinical setting are required. Cross-listed with ESED 4560. Prerequisites: EDUC 1100, EDUC 3320, EDUC 3340, EDUC 3520, and EDUC 3540.

EDUC 4570 Internship/Seminar/9 sem. hrs. A 16-week comprehensive review and practical application of educational philosophy, curriculum organization, and instructional methodology through a seminar format and a concurrent 14week supervised student teaching assignment. Cross-listed with EMDS 4570. Prerequisite: written consent of internship coordinator.

EDUC 4630 Principles of Coaching/3 sem. hrs. Emphasis on theory and practice in coaching sports.

EDUC 4640 Administration of Athletic Programs/3 sem. hrs. A study of the duties and responsibilities of the athletics director for the purpose of improving the athletic program.

EDUC 4680 Structural Linguistics/3 sem. hrs. A study of the structure of language, basic principles of linguistics. Survey of different approaches and techniques used in language study. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EDUC 4910-4980 Advanced Special Topics/3 sem. hrs. Advanced topics in education that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may reenroll for Special Topics covering different content.

\section*{EARLY CHILDHOOD EDUCATION (0-4) (EECB)}

EECB 4103 Active Learning and the Young Child/3 sem. hrs. Students in this course will explore the role of activity and play in human development from birth to age eight. Students will be introduced to developmentally appropriate methods of play assessment, play facilitation, and intervention. Observation experiences will focus on recognizing developmental and individual characteristics of young children. Opportunities to provide materials and active learning experiences to support these characteristics will take place. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EECB 4104 Indoor/Outdoor Learning Environments/3 sem. hrs. Students will be provided with information on how safe, healthy learning environments meet applicable rules and regulations as well as center/home accreditation standards. A framework for understanding indoor and outdoor learning environments that support active learning and the adult's role in creating and maintaining environments that recognize developmental and individual differences will be emphasized. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EECB 4105 Practices and Delivery Systems of Early Childhood Programs/ 3 sem. hrs. Students in this course will explore, compare, and contrast developmentally appropriate practices and delivery systems of high-quality early childhood programs. Emphasis will be placed on theoretical and research foundations of programs, curriculum content, staffing, and scheduling patterns. The role of the triad of child, parent, and teacher in the structure of programs will be underscored. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EECB 4401 Management Strategies in Early Childhood of Typical and Atypical Children II/3 sem. hrs. Students in this course will examine appropriate, developmentally sensitive strategies for managing behavior in typical and atypical children. Proactive strategies and performing functional analysis of behavior will be addressed. Behavior reduction programs and crisis management will be discussed. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EECB 4402 Instructional Technology for the Learning Environment/3 sem. hrs. Students in this course will cover the successful integration of technological applications in a multiplicity of child care and early learning environments. The focus is on program management, technology for staff development, technological support for typical and atypical children, and technology to facilitate children's development and learning. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

ExCB 4403 Discovery and Exploration of the Physical World Through Science and Mathematics/3 sem. hrs. Students in this course will utilize concrete materials and strategies that encourage the development of cognitive abilities that contribute to a
young child's skill and acquisition for math and science concepts through activities utilizing developmentally appropriatepractices. In additionto class meetings, aminimum of 10 hours of observation and participation in a clinical setting are required.

EECB 4404 Emergent Literacy and the Creative Arts/3 sem. hrs. Students in this course will examine the relationship between the development of language/ communication and its connection to emergent literacy. The focus will be on the acquisition of prereading and pre writing skills through developmentally appropriate activities, creating environments and teaching strategies/techniques that promote and enhance the development of literacy which occurs through the integration of creative expression in art, drama, movement, and music. In addition to class meetings, a minimum of 10 hours of observation and participation in aclinical setting are required.

\section*{EARLY CHILDHOOD EDUCATION PRIM ARY (age 3-grade 3) (EECP) (Certification in prekindergarten/primary)}

EECP 4103 Active Learning/3 sem. hrs. This course explores the role of activity and play in human development from birth to ageeight. Students will be introduced to methods of play assessment, facilitation, intervention, and the concept of care that is developmentally appropriate. Observation experiences in high-quality early care and education settings will focus on recognizing developmental as well as individual characteristics of young children. Students will have the opportunity to providematerials and activelearning experiences to support development and learning in young children. In additionto class meetings, aminimum of 10 hours of observation and participation in aclinical setting are required.

EECP 4104 Indoor/Outdoor Learning Environments/3 sem. hrs. This courseprovides thestudent with information about how to recognize and create safe, healthy learning environments that not only meet applicable rules and regulations but high-quality indices such as center/home accreditation standards. Issues of scheduling, staffing patterns, and curriculum orientation will provide a framework for understanding indoor and outdoor learning environments that support activelearning and theadult's rolein creating and maintaining early care and education environments that recognize developmental and individual differences. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EECP 4105 Practices and Delivery Systems of Early Childhood Programs/ 3 sem. hrs. Students in this course will explore, compare, and contrast developmentally appropriate practices and delivery systems of high-quality early childhood programs. Emphasis will beplaced on theoretical and research foundations of programs, curriculum content, staffing, and scheduling patterns. Underscored will be the role of the triad of child, parent, and teacher in the structure of programs in early care and education settings. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EECP 4401 Management Strategies in Early Childhood of Typical and Atypical Children II/3 sem. hrs. Students in this course will examine appropriate and developmentally sensitive strategies for managing behavior in typically and atypically developing children ages threethrough eight years old. Performing functional analysis of behavior and collaboration with support specialties will be discussed. The importance of consistency and proactive strategies will be stressed as students complete an internship in a public school K -3 setting. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EECP 4402 Instructional Technology for Pre-k/Primary Settings/3 sem. hrs. Students in this course will cover the spectrum of conceptual understanding for the use of technology in early childhood education as well as the technical skills for computer operation in prekindergarter/primary classroom environments. This course is intended for students in teaching preparation programs and teachers who wish to acquiretheskills and knowledgenecessary for the successful integration of technology intotypica//atypical prekindergarten/primary settings for learning and administrative purposes. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EECP 4403 Discovery and Exploration of the Physical World Through Mathematics and Science/3 sem. hrs. This course has been designed to provide a contextual basefor an assessment approach to individualized math and scienceprograms which will assist preschool and primary-school children in constructing fundamental concepts through developmentally appropriate activities. This course is intended to prepare prospective teachers to become skillful at providing children with ideas for promoting student exploration and reflection of the fundamental concepts and
interrelationships of science and math. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EECP 4404 Social Studies Integrated with Emergent Literacy in the Creative Arts/ 3 sem. hrs. Students will learn how to use an integrated approach to a curriculum in which social studies content, literature, and language arts are central. Students in this course will examineappropriatecontent and methodology in the areaof emergent literacy. This coursefocuses on theplanning of social studies and literacy curriculum activities through art, music, drama, and movement. In addition to class meetings, a minimum of 10 hours of observation and participation in aclinical setting arerequired.

\section*{ELEMENTARY EDUCATION (ELEM)}

ELEM 1100 Introduction to Early Childhood Education I/3 sem. hrs. This course focuses on meeting the physical and intellectual needs of the preschool child. Topics include characteristics of the learning environment conducive to safety and good health, as spelled out in state and local licensing procedures and rules for healthful living; a program to foster the growth of physical, affective, and cognitive competencies in the preschool child. This courseis offered through the Family Center and is designed to meet requirements for the CDA Program.

ELEM 1110 Introduction to Early Childhood Education II/3 sem. hrs. Topics include fostering language growth and the development of a health self-concept, stages in language development and implementation to ensure optimum growth for the individual child, identification of the children's strengths and their potential contributions to their positive self-image. This course is offered through the Family Center and is designed to meet requirements for the CDA Program.

E日EM 1120 Introduction to Early Childhood III/3 sem. hrs. Topics includepromoting development through management skills and parent/community involvement; the child as a member of his school, home, and play groups; principles of good management that contributeto an orderly, productive classroom setting; establishing mutual respect in teacher/parent relationships and an effective reporting procedure of a child's progress; and teacher/staff relationships that ensure a commitment to the goals of the center. This course is offered through the Family Center and is designed to meet requirements for the CDA Program.

ELEM 3330 Assessment of Reading II/3 sem. hrs. This course presents amoreindepth analysis of reading disabilities, including theories and practical techniques of teaching remedial, corrective, and advanced reading in grades K-12. In addition to class meetings, at least 10 hours of clinical experience are required.

ELEM 3530 Science Curriculum for Eementary Education Majors/3 sem. hrs. This course examines the prek through 12th grade sciencecurriculum content that is based on National Research Council guidelines. Speeific attention is given to major scientific concepts necessary for appropriate scope and sequence in teaching the elementary school curriculum. In additionto class meetings, aminimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: EDUC 1100, EDUC 3320, and EDUC 3340.

ELEM 3550 Methods of Teaching Science in the Eementary School/3 sem. hrs. This course examines content and methods for teaching elementary school science using various approaches and resources. In addition to class meetings, at least 10 hours of clinical experience are required. Prerequisites: EDUC 1100, EDUC 3520, and EDUC 3540 .

EEM 4330 Mathematics Curriculum for Eementary Education Majors/3 sem. hrs. This course examines the prek through 12th grade math curriculum content that is based on National Council of Teachers of Mathematics guidelines. Specific attention is given to major math concepts necessary for appropriate scope and sequence in the elementary school curriculum. In addition to class meetings, a minimum of 10 hours of observation and participation in aclinical setting are required. Prerequisites: EDUC 1100, EDUC 3320, and EDUC 3340.

ELEM 4340 Methods of Teaching Language Arts in the Elementary School/ 3 sem. hrs. This course examines content and teaching strategies for teaching languagearts throughtheuse of children's literature. Emphasis is on the identification of high-quality children's books and the development of teaching strategies for integrated language arts instruction. In addition to class meetings, aminimum of 10 hours of observation and participation in aclinical setting arerequired. Prerequisites: LANG 1500, LANG 2000, EDUC 1100, EDUC 3320, and EDUC 3340.

ELEM 4350 Methods of Teaching Mathematics in the Elementary School/ 3 sem. hrs. This course encompasses modern trends in elementary mathematics based on the National Council of Teachers of Mathematics guidelines. Problem solving strategies and manipulative and computer technology will be explored. In addition to class meetings, at least 10 hours of clinical experience are required. Prerequisites: EDUC 1100, EDUC 3320, EDUC 3340, and ELEM 3530.

ELEM 4520 Methods of Teaching Literacy in the Eementary School/3 sem. hrs. This course examines concepts in reading, including sequential development skills in both word recognition and comprehension methods and materials. The rationale for each method is discussed and practical application with an elementary school youngster is required. The relationship of writing, listening, and speaking to reading is included. In addition to class meetings, at least 10 hours of clinical experience are required. Prerequisites: EDUC 3340, EDUC 3520, and ELEM 4340.

ELEM 4530 Methods of Teaching Art, Music, and Physical Activity in an Integrated Eementary Curriculum/3 sem. hrs. Examines the methodology for the integration of music, art, and health education into the elementary school curriculum. Age and grade appropriate methods, materials, activities, and assessment for each area will be introduced through practical applications that are based on current research. In addition to class meetings, at least 10 hours of clinical experience are required. Prerequisites: EDUC 3320, EDUC 3340, EDUC 3520, and EDUC 3540.

ELEM 4540 Reading Assessment I/3 sem. hrs. Examines recent trends in testing of word recognition and comprehension techniques. Students learn the appropriate use of methods and materials to improve reading performance. The rationale for each assessment techniqueis discussed and practical application with an elementary school youngster is required. In addition to class meetings, at least 10 hours of clinical experiencearerequired. Prerequisites: EDUC3320, \(\operatorname{EDUC} 3340\), EDUC3520, EDUC 3540, and ELEM 4520.

ELEM 4550 Methods of Teaching Social Studies in the Elementary School/ 3 sem. hrs. Examines content, methodology, program development, appropriate activities, and evaluative techniques for elementary social studies. In addition to class meetings, at least 10 hours of clinical experience are required. Prerequisites: EDUC 1100, EDUC 3320, EDUC 3340, and EDUC 3520.

\section*{MIDDLE SCHOOL SCIENCE EDUCATION}

EMDS 3000 Clinical Experiences - EMDS/0 sem. hrs. Oinical experience required. Placement is provided for a 16 -week period. This requires fingerprinting and security clearance and once the placement form is completed and processed, the school system will provide the actual placement. This placement will be the setting for all clinical experiences required with courses taken throughout this 16 -week period.

EMDS 3001 Benchmark I - Middle School Science/0 sem. hrs. Benchmark requirements include: passing of the_-AST or PPST; placement tests as necessary; completion of preprogram questionnaire and self-assessment; meeting with an assigned faculty mentor for portfolio assessment; and background check for field experiences. Students must meet with their academic advisor.

EMDS 3320 Sociological Foundations of Education/3 sem. hrs. Examines the institution of schooling in its social, political, legal, historical, and philosophical contexts with an emphasis on current trends in the professions. Cross-listed with EDUC 3320.

EMDS 3330 ESOL Strategies for Limited English Proficient Students/3 sem. hrs. This is a survey course that addresses key competency requirements from each of the five ESOL endorsement courses. It is required of all education majors, as this course serves as afoundational overview for any additional coursework in the area of ESO-studies. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Cross-listed with EDUC 3330.

EMDS 3340 Psychological Foundations of Teaching/3 sem. hrs. Provides a theoretical foundation for teaching. Students study theories of learning, motivation, and child development in reation to planning and implementation of instruction for diverse learners. Cross-listed with EDUC 3340. Prerequisite: PSYC 1020.

EMDS 3350 Benchmark II - Middle School Science/0 sem. hrs. Benchmark requirements include: passing the \(A C T\) with a score of 20 , the SAT with a score of 840, or theSATR with ascore of 950 and portfolio assessment with afaculty mentor. Students must meet with their academic advisor.

EMDS 3500 Clinical Experiences - EMDS/0 sem. hrs. Ciinical experience required. Placement is provided for a 16 -week period. This requires fingerprinting and security clearance and once the placement form is completed and processed, the school system will provide the actual placement. This placement will be the setting for all clinical experiences required with courses taken throughout this 16 -week period.

EMDS 3520 Principles and Practices for Middle and Secondary School/3 sem. hrs. Explores three pedagogical models useable with all students. The phases of instructional development-planning, implementation, and assessment-providethe framework for exploration of themodels. Students are equiredto apply their knowledge by planning, implementing, and assessing lessons in an actual classroom. In addition to class meetings, 10 hours of clinical experience are required.

EMDS 3530 Science Standards for Middle and Secondary School/3 sem. hrs. This course focuses on grade 4-12 science curriculum content based on the National Research Council (NRC) and Forida Sunshine State Standards. Attention is given to theconnections among scienceconcepts with referenceto vertical scopeand sequence throughout the grade levels. A particular strand of scientific knowledge is explored each week during which class activities will demonstrate how theearly concepts in the particular strand form afoundation of knowledge for the more advanced concepts in thesamestrand at higher gradelevels. Thestudent will record the classroom exploration of each strand in ajournal as a permanent record of the knowledge composing the grade \(4-12\) sciencecurriculum. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

EMDS 4000 Clinical Experiences - EMDS/0 sem. hrs. Ainical experience required. Placement is provided for a 16 -week period. This requires fingerprinting and security dearanceand oncetheplacement formis completed and processed, theschool system will provide the actual placement. This placement will be the setting for all clinical experiences required with courses taken throughout this 16 -week period.

EMDS 4001 Benchmark III - Middle School Science/0 sem. hrs. Benchmark requirement is portfolio assessment with a faculty mentor. Students must meet with their academic advisor. Students may not register for Block \#3 or Benchmark III until Benchmark I and Block \#1 courses have been completed. Students must complete Benchmark III before registering for their teaching internship.

EMDS 4320 Integrating Instructional Technology in the Classroom/ 3 sem. hrs. Presents strategies for technological integration into the classroom curriculum in elementary/secondary learning environments. Hands-on experiences will allow students to apply teaching practices and research to specific learning needs of typical and atypical learners. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Cross-listed with EDUC 4320. Prerequisites: TECH 1110, EDUC 3320, EDUC 3340, EDUC 3520, and EDUC 3540.

EMDS 4501 Benchmark IV - Middle School Science/0 sem. hrs. Benchmark requirements indude: completion of the PRAXIStest or theHorida Teacher Certification Exam; completion of thepostprogram questionnaireand self-assessment; and meeting with a faculty mentor for portfolio assessment. Students register concurrently for Benchmark IV and Block \#4 courses. Students may not register for Benchmark IV or Block\#4 until they havecompleted Benchmark II and Block \#2. Students must complete Benchmark IV before graduating.

EMDS 4550 Teaching Science in the Middle and Secondary School/3 sem. hrs. Methods for teaching science in the multicultural middle and secondary classroom including: hands-on approaches, multimediaresources and materials, and ideas drawn from the students' own experiences. Development of teaching skills and analysis of materials, methods, and programs for teaching science will be based on guidelines established intheForidaSunshineStateStandards. Instructional technology reinforcing the activity-based learning style in this content area will be identified. There will be clinical experiences observing students in science activities and presenting science lesson plans to students in local community school classrooms related to the major.

EMDS 4560 Classroom Management in Middle and Secondary School/3 sem. hrs. Explores various models for classroom management and the factors that influence classroom management (time, space, student motivation, and diversity) as they relate to effective teaching for all populations. Course contains required classroom management competencies for middle school science education majors. This course is specifically designed to betaken with the internship and is the only course approved to betaken with theinternship. Prerequisites: EDUC 1100, all EMDS courses, and all other courses required by the major.

EMDS 4570 Internship/Seminar/9 sem. hrs. A 16-week comprehensive review and practical application of educational philosophy, curriculum organization, and instructional methodology through aseminar format and aconcurrent 14-week supervised studentteaching assignment. Cross-listed with EDUC 4570. Prerequisite: written consent of internship coordinator.

\section*{ENVIRONMENTAL SCIENCE/STUDIES (ENVS)}

ENVS 1100 Environmental Science I/3 sem. hrs. Environmental Science I provides students with abroad overview of a highly interdisciplinary subject by examining how man can best live with the Earth's environment. The first semester concentrates on the biological nature of environmental science: NIMBY, environmental justice, ecofeminism, biological communities, biodiversity, population, food, and hunger.

ENVS 1101 Environmental Science I Lab/1 sem. hr. The laboratory series connects science with teaching and the real world. Students are taught how to convert scientific themes into investigative packs of the curious nature of the middle-school student. The course will be taught in a format that utilizes easily accessible equipment or supplies and uses resources that are generally available within the community. Laboratory exercises connect environmental science with ecology, human population problems, biodiversity, soils, food, hunger, and nutrition.

ENVS 1200 Environmental Science II/3 sem. hrs. Environmental Science II provides students with a broad overview of a highly interdisciplinary subject. The course examines how man can best live with the Earth's environment. The second semester concentrates on the issues surrounding the physical nature of environmental science: air and water, urbanization, toxic waste, natural resource management, law, and politics.

ENVS 1201 Environmental Science II Lab/1 sem. hr. The laboratory series connects science with teaching and the real world. Students are taught how to convert scientific themes into investigative packs of the curious nature of the middle-school student. The course will be taught in a format that utilizes easily accessible equipment or supplies and uses resources that aregenerally available within the community. Laboratory exercises connect environmental science with drinking water, air and water pollution, recycling and garbage, household and toxic chemicals, as well as energy resources.

ENVS 3100 Environmental Issues/3 sem. hrs. Environmental Issues is designed to teach students that most of today's issues in environmental sciencearehighly controversial and that advocating a policy stand on an environmental concern requires the balancing of the pros and cons of an issue. Several current areas will be introduced in an unbiased manner. The students will gain experience taking sides and debating issues by presenting objective perspectives on environmental topics. Topics include population growth, the new clean water act, recycling, and global warming. This course will complement the oral communication class, which students will take during the same semester.

ENVS 3350 Environmental Law and Policy/3 sem. hrs. Environmental Law and Policy analyzes environmental quality in terms of law and policy. Specific public policy issues are surveyed to develop alternative approaches for dealing with ecological problems and for illustrating the power of public opinion. This course also provides an understanding of the norms and institutions that comprise national and international environmental law. Specific topics considered include air pollution and protection of the atmosphere, hazardous waste, endangered species, the global commons, and laws of the sea. Statutes, regulations, and judicial decisions areemphasized to provide an overall analysis of environmental law. Cross-listed with LGST 3350.

ENVS 3360 Environmental Ethics/3 sem. hrs. Environmental Ethics examines the relationship between contemporary environmental problems and their philosophical roots, as well as explores themoral foundations of various stances toward the environment. Different moral theories will be analyzed allowing students to develop intelligent responses to environmental problems. Crosslisted with PHIL 3360.

ENVS 4300 Industrial Ecology/3 sem. hrs. Industrial ecology is a new way of thinking about economy-environment interactions. It is the means by which humanity can deliberately and rationally approach and maintain a desirable carrying capacity, given continued economic, cultural, and technological
evolution. Topics considered includetheminimizing of energy-intensive process steps in manufacturing, the reduction of residues, and the importance of designing, building, maintaining, and recycling products in such a way that they impose minimal impact on the wider world.

ENVS 4500 Practicum in Environmental Science/3-9 sem. hrs. This is a nonpaying work and/or research experience. The position must be related to the student's academic program. Each participating student will be assigned afaculty sponsor with whom a tutorial contract will be written outlining the academic work to be completed during the practicum. Students must have an earned cumulative GPA of 2.5 or higher and must have completed a minimum of 36 academic credit hours. Students may accumulate up to nine credits working on one or several experiences.

ENVS 4600 Practicum in Environmental Studies/3-9 sem. hrs. This is a 10-20 hour-per-week nonpaying work experience. The position must be related to the student's academic program with specific interest in either ecotourism or sustainability. Each participating student will be assigned a faculty sponsor with whom a tutorial contract will be written outlining the academic work to be completed during the internship. Students must have an earned cumulative GPA of 2.5 or higher and must have completed a minimum of 36 academic credit hours.

ENVS 4999 Symposium in Environmental Science/Studies/0 sem. hrs. A required component for the environmental science/studies majors is attending a weekly symposium. Local, state, national, and international experts representing a variety of disciplines found under the environmental science/studies umbrella are invited to present papers and presentations about current research and projects they are developing. The purpose of the symposium series is to reveal the most current issues in the fields, as well as provide current information on the opportunities available to students.

\section*{EXCEPTIONAL STUDENT EDUCATION (ESED)}

ESED 3530 Educational Assessment of Exceptional Students/3 sem. hrs. Assessment of exceptional students for instructional planning purposes is stressed. Topics include formal and informal evaluation techniques, as well as the interpretation, application, and communication of results. Emphasis is also placed on addressing programmatic needs from kindergarten through adulthood. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: EDUC 1100, EDUC 3320, EDUC 3330, EDUC 3340, EDUC 3350, and EDUC 3520.

ESED 3540 Introduction to Language Development and Speech Disabilities/ 3 sem. hrs. The study of language development and disorders, including the impact of language on learning and augmentative forms of communication. Individual needs and remediation concerns are addressed from early childhood to adulthood. In addition to class meetings, aminimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: EDUC 1100, EDUC 3320, EDUC 3330, EDUC 3340, EDUC 3350, EDUC 3520, and ESED 3530.

ESED 3550 Vocational/Functional Life Skills/3 sem. hrs. Personal and social skills for exceptional learners are stressed through emphasis on employability skills, career awareness and transition planning for adult living. Teaching major competencies necessary from kindergarten through adulthood in the areas of vocational and social needs are explored and applied. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: EDUC 1100, EDUC 3320, EDUC3330, EDUC 3340, EDUC 3350, EDUC 3520, ESED 3530, and ESED 3540.

ESED 4330 Education of the Mildly Handicapped/3 sem. hrs. Natureand needs (definitions, learning characteristics, prevalence, incidence, etiology, medical aspects) of mildly handicapped students are stressed. Curricular planning, prevention, and intervention strategies for exceptional learners (emotionally handicapped, mildly mentally handicapped, and specific learning disabled) from kindergarten through adulthood in resource room or full inclusion settings are explored and applied. Professional organizations, array of services, utilization community services, IPPS, and placement processes areemphasized. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: EDUC 3350, ESED 3530, and ESED 3540.

ESED 4360 Educational Programming for the Emotionally Handicapped/ 3 sem. hrs. Emphasis is placed on instructional strategies for teaching students who areemotionally handicapped. Development, implementation, and evaluation of individualized educational plans are stressed. Instructional techniques, motivational strategies, and data based management for students ranging in age from kindergarten through high school are investigated and applied. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: EDUC 1100, EDUC 3320, EDUC 3330, EDUC 3340, EDUC 3350, EDUC 3520, EDUC 4320, ESED 3530, ESED 3540, ESED 3550, ESED 4330, ELEM 4340, and ELEM 4350.

ESED 4530 Classroom Procedures for Mentally Handicapped/3 sem. hrs. Emphasis is placed on instructional strategies for teaching students who are mentally handicapped. The development, implementation, and evaluation of individualized educational plans are stressed. Special approaches to teaching functional skills, developmental programming, and data based management for students ranging in age from kindergarten through high school are investigated and applied. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: EDUC 1100, EDUC 3320, EDUC 3330, EDUC 3340, EDUC 3350, EDUC 3520, EDUC 4320, ESED 3530, ESED 3540, ESED 3550, ESED 4330, ESED 4360, ELEM 4340, ELEM 4350, and ELEM 4520.

ESED 4550 Methods and Materials for Teaching SLD Learners/3 sem. hrs. Emphasis is placed on instructional strategies for teaching students with specific learning disabilities. Specialized approaches to teaching basic skills and adaptation of curriculum and materials for students ranging in age from kindergarten through high school are investigated and applied. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: EDUC1100, EDUC 3320, EDUC 3330, EDUC 3340, EDUC 3350, EDUC 3520, EDUC 4320, ESED 3530, ESED 3540, ESED 3550, ESED 4330, ESED 4360, ESED 4530, ELEM 4340, ELEM 4350, ELEM 4520, and ELEM 4540.

ESED 4560 Classroom Management of the Exceptional Student/3 sem. hrs. Emphasis is placed on educational management of exceptional students. Includes classroom organization and behavior management techniques for students in kindergarten through high school. Consultation and peer collaboration skills for the inclusion model are stressed. Domains II and V are explored and applied. In addition to class meetings, a minimum of 10 hours of observation and participation to design and implement abehavior management plan in a clinical setting are required. Cross-listed with EDUC 4560.

\section*{ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL) (For teacher education students only)}

ESOL 4901 Methods of Teaching ESOL/3 sem. hrs. This course will assist participants in identifying and selecting instructional strategies, approaches, and materials for the development of listening, speaking, reading, and writing skills in ESOL classrooms. Knowledge of these elements will be demonstrated by development and presentation of lesson plans appropriately based on age, language proficiency, cultural background and learning styles. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisite: EDUC 3330.

ESOL 4902 ESOL Curriculum and Materials Development/3 sem. hrs. Participants will learn how to design various models of appropriate ESO curriculums to evaluate instructional materials, to select appropriate ESOL content according to levels of proficiency in the language arts, and to select and use effective instructional technologies/materials, including computers, VCRs, audio cassettes, etc. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisite: EDUC 3330.

ESOL 4903 Cross-Cultural Studies/3 sem. hrs. This course will enable students to expand their knowledge of a multiplicity of cultural groups nationwide. This knowledge will allow them to identify culture-specific verbal and nonverbal communications and school behaviors resulting from cultural variations and their influence on student behavior/altitudes. The use of recent research findings and cross-cultural awareness will assist participants in maximizing student learning and in designing culturally sensitive instructional materials while exhibiting appropriate teacher behaviors in cross-cultural school settings. In
addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required.

ESOL 4904 Linguistics for ESOL Educators/3 sem. hrs. This course deals with the basic systematic and subsystematic organization of language, including phonology, morphology, syntax, and possible linguistic interferences in these areas for L巴T students from diverse backgrounds. Students will learn how to compare language acquisition of different age groups, to identify principles of contrastive and error analysis, and to identify exceptionalities characteristic of LEP students with special needs. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: EDUC 3330, ESOL 4901, ESOL 4902, and ESOL 4903.

ESOL 4905 Testing and Evaluation in ESOL/3 sem. hrs. Participants will learn to identify suitable ESOL assessment instruments and placement tests for ESO students. Students will be required to identify available tests and construct necessary ESOL test items in the cultural and language arts areas. The design and interpretation of appropriate testing-proficiency and achievement measures-as well as the interpretation of such assessment will be stressed. Necessary record keeping of these documents will be discussed. In addition to class meetings, a minimum of 10 hours of observation and participation in a clinical setting are required. Prerequisites: EDUC 3330, ESOL 4902, ESOL 4903, ESOL 4904.

FINANCE (FINC)
FINC 1000 Academy of Finance/3 sem. hrs. A series of five courses given by the Broward County School Board to high-school juniors and seniors.

FINC 2030 Financial and Accounting Management in Health Care/3 sem. hrs. Use of accounting information in making managerial decisions. Topics include third-party payers, volume forecasting, budgeting procedures, and rate-setting techniques. Offered in HCS only.

FINC 2130 Personal Finance/3 sem. hrs. Surveys personal financial strategy. Provides guidelines for borrowing money, investments, insurance, home ownership taxes, and consumer rights.

FINC 3010 Corporation Finance/3 sem. hrs. Applies financial management to organizations. Topics include ratio analysis, leverage, cash budgeting, and capital structure. Prerequisite: ACCT 2100.

FINC 3110 Financial Management/3 sem. hrs. A continuation of Corporation Finance. Topics include present value analysis, rate of return, and other techniques used to evaluate investment alternatives. Prerequisite: FINC 3010.

FINC3150 Banking and Financial Institutions/3 sem. hrs. Studies theoperation in commercial banks, savings and loan associations, and savings banks. Topics include loans, mortgages, bonds, investments, trusts, marketing, and auditing. Discusses the impact of federal and state regulations on financial institutions.

FINC 4110 Principles of Investments/3 sem. hrs. Investment management is emphasized including financial statements and portfolio management. Analyzes financial statements, the use of rating services such as Moody's and Standard and Poor's, and compares growth and income investments. Prerequisite: ECON 2010.

FINC 4550 International Finance and Banking/3 sem. hrs. Topics include international monetary systems, foreign exchange markets, exchange rates, international financial institutions, and capital markets. Prerequisite: FINC 3010.

FINC 4910-4980 Advanced Special Topics/3 sem. hrs. Examines topics in finance that are not included in regular course offerings. Specific contents and prerequisites are announced in the course schedule for a given term. Students may reenroll for Special Topics covering differing content.

\section*{GEOGRAPHY (GEOG)}

GEOG 2050 Survey of Geography/3 sem. hrs. Study of geographic characteristics, arearelationships, and major regional problems, and their impact on the Western world. Study of physical, human, economic, and political resources.

GEOG 2260 Conservation of Natural Resources/3 sem. hrs. Study of the natural resources within theframework of theman-environment system. Included are problems relating to pollution, populations, technology, growth, conservation of theenvironment, and developmental planning as they relatetothevarious geographic areas of the Western world and the non-Western world.

GEOG 2280 Introduction to Oenology: The World of Wines/3 sem. hrs. Study of major wine regions of theWestern world. Examines fundamentals of winehistory, vine cultivation, and wine production. Course will teach students about the varieties of wines from different wineregions and will providestudents with guidelines for selecting and enjoying wines for various occasions. Prerequisite: must be the legal drinking age.

GEOG2910-2990 Special Topics/3 sem. hrs. Topics ingeography that arenot included in regular course offerings and may betaken without preerequisites. Specific content is announced in the course schedule for agiven term. Students may reenroll for Special Topics covering differing content.

GEOG3000 Geography of Ecotourism/3 sem. hrs. Geography of Ecotourism examines physical and cultural attributes of countries and regions in the context of tourism. A general emphasis provides a broad overview of tourism around the world, but the majority of the instruction deals with the examination of ecotourism from a thematic viewpoint so that pracitioners can learn to identify geographic locations with specific attractions and apply concepts so as to construct activities in any country.

GEOG4910-4980 Advanced Special Topics/3 sem. hrs. Advancedtopics in geography that arenot included in regular course offerings. Specific content and prerequisites are announced in the course schedule for agiven term. Students may reenroll for Special Topics covering different content.

\section*{GENDER STUDIES (GEST)}

GEST2050 Introduction to Gender Studies/3 sem. hrs. Thiscourseintroduces students to the interdisciplinary fied of gender studies. It is designed to help students developa critical framework for thinking about questions relating to gender and the ways that gender is constructed and institutionalized. Attention is paid to ongoing debates concerning public and private, the politics of embodiment and sexuality, equality and difference, theintersection of gender with other axes of subordination, identity politics, and essentialism.

GEST 3110 Gender, Sexuality, and the Family/3 sem. hrs. This courseconsiders the socialization into masculine and feminine identities, sexual and reproductive choices, and examines the cultural context in which values about sexuality and gendered roles within the family are formed. Cross-listed with SOCL 3110.

GEST 3300 Gender at Work/3 sem. hrs. This course examines the workplace as a specific cultural context in which identifiable values, ethics, and mores comeinto play, particularly as they relate to issues and imbalances related to gender and cultural diversity. Cross-listed with SOCL 3300.

GEST 3360 Psychology of Gender/3 sem. hrs. This course examines theories about, as well as the psychological and social factors related to, gendered-identities, roles, and behaviors. Cross-listed with PSYC 3360.

GEST 4900 Special Topics in Gender Studies/3 sem. hrs. This course serves as a capstoneto gender studies and provides theopportunity for treatment of special topics and/or internships combined with independent research projects.

\section*{HSTORY (HIST)}

HIST 1030 American History to 1865/3 sem. hrs. American history from its colonial origins throughthe Uvil War. Special emphasis is givento analyzing and evaluating the major forces and ideas that have shaped American political, social, and economic life.

HIST 1040 American History Since 1865/3 sem. hrs. American history from Reconstruction to the present. Special emphasis is given to analyzing and evaluating the major forces and ideas that have shaped American political, social, and economic life.
* HIST 2050 The American Experience/3 sem. hrs. An examination of several of the key structures and ideas that have shaped the development of the United States as a particular political, social, and cultural entity.

HIST 2090 Early Western Society/3 sem. hrs. Ahistorical study of themajor political, social, economic, phil osophical, and religious movements shaping Western society in the period preceding the rise of modern states.
* HIST2100 Roots of Western Society/3 sem. hrs. Ahistorical examination of Western society prior to therise of modern nations emphasizing such interdisciplinary subjects as politics, social order, economics, and thereligious and philosophical ideas that have created the Western heritage.

HIST 2110 Modern Western Society/3 sem. hrs. Ahistorical examination of modern western society since the rise of modern nations emphasizing political, social, and economic movements, and the religious and philosophical ideas that have shaped its development.

HIST2130 The Formation of Latin America/3 sem. hrs. Ancient AmericatotheMexican Revolution: an interdisciplinary study of ancient American and Latin American systems and societies. The course examines ways in which essential elements of indigenous cultures have had an impact on the development of Latin American political, socia, and economic institutions; the impact of lberian history and socioeconomic systems on the discovery, colonization, and development of American nations; the legacy of Spanish and Portuguesecolonialismto emerging Latin American states; and themaior goals and consequences of 19th century neocolonialism.

HIST 2140 Modern Latin America/3 sem. hrs. The 20th and 21st centuries: using Latin Americaandthe Caribbeanas afocal point, thecourseprovides an interdisciplinary overview of contemporary American systems and societies and their placein a rapidly changing, increasingly interdependent world. Topics discussed will includethe causes and goals of revolution in Latin America, Latin American debt and development, U.S.Latin American relations, and anew hemispheric order for the 21st century.

HIST2160 African Studies/3 sem. hrs. Africantraditions and the challenge of modern development: an interdisciplinary overview of traditional African systems and societies and their impact on the development of political, social, and economic institutions; the legacy of European colonialism to emerging African nations; the challenge of development in the 20th and 21st centuries.

HIST 2250 The Pacific Rim/3 sem. hrs. The challenge of development in Southeast Asia and Latin America: using selected Southeast Asian and Latin American nations as focal points, the courseprovides an interdisciplinary overview of systems and societies intwo distinct regions of theworld andtheir relationshiptopast andfuturedevelopment. The goal of this course is to establish in the student a hemispheric and global consciousness.

HIST 3010 Constitutional History \(/ 3\) sem. hrs. Astudy of the origin and development of the American constitutional system from the colonial period to 1870 . The course will examine seminal decisions of the United States Supreme Court during this period in their political, social, and economic context. Prerequisite: LGST 2010.

HIST 3020 Constitutional History II/3 sem. hrs. Continuation of the study of the constitutional system of the United States. The course covers the period 1870 to the present with special emphasis on Supreme Court decisions in the areas of federalstate relations, individual liberties, and civil rights. Prerequisite: HIST 3010.

HIST 3030 Studies in American History/3 sem. hrs. A study of a specific period in American history, such as the Ovil War and Reconstruction, the New Deal Era, the Vietnam War, or recent U.S. Diplomatic history. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisite, except for career students: HIST 2050.

HIST 3040 Studies in European and Non-Western History/3 sem. hrs. Astudy of a specific period in European or non-Westernhistory, such as Europeinthe2Oth century, the Holocaust, or modern African history. Specific focus to be announced. May be repeated oncefor credit, if content changes and with department approval. Prerequisite, except for career students: HIST 2100.

HIST 4900 Special Topics in History/3 sem. hrs. Advanced studies in selected topics in history, such as the historiography of the Progressive Movement, interpretations of the American Revolution, the role of technology in the American economy, or environmental history. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisite, except for career students: one 3000 -level history course or instructor permission.

\section*{HOSPITALITY M ANAGEMENT (HMGT)}

HMGT 3060 Hospitality and Business Law/3 sem. hrs. An introduction to the legal aspects of managing a hospitality enterprise. Topics include essential legal information for compliance with the law as operator and customer in the context of hospitality management.

HMGT 3130 Human Resource Development/3 sem. hrs. Emphasizes human resource development within hospitality and tourism organizations. Contemporary theories and practices are reviewed with practical applications for the hospitality industry. Prerequisite: HMGT 3110.

HMGT 3300 Food and Beverage Operations/3 sem. hrs. Addresses management of food and beverage operations. Emphasis is on front- and back-of-the-house operations. Staffing and accounting guidelines are reviewed.

HMGT 3310 Nutrition and Sanitation/3 sem. hrs. Focuses on issues of healthconsciousness and food quality and safety. Examines retail restaurant food service trends, marketing, recipe development, and menu planning. Topics include effective food-handling techniques, methods for prevention of food-borne illnesses, and causes of food contamination.

HMGT 3350 Volume Food Management/3 sem. hrs. Covers both the history of and contemporary issues in the volume food industry. Examines the various industries involved in volume feeding, and the types of services offered. Familiarizes students with processes, equipment, facilities, trends, opportunities, and challenges associated with this industry.

HMGT 3450 Front Office and Housekeeping Operations/ 3 sem. hrs. Introduces front-office procedures and back-of-the-house housekeeping operations. Frontoffice operations emphasize reservations, registration, night audit, checkout, and billing procedures. Housekeeping operations emphasize staff motivation, ordering and inventory control of housekeeping products, hiring of staff and basic, guestroom cleaning procedures.

HMGT 3500 International Operations Management/3 sem. hrs. Focuses on the procedures used in the day-to-day operations of hospitality and tourism organizations. Reviews management systems that lead to the delivery of highquality service/products. Examines hotels, cruise ships, travel organizations, convention services, gaming, and transportation.

HMGT 3520 Applied Research and Market Development/3 sem. hrs. Reviews methodologies used to solve market-development problems. Acquaints the student with questionnaire design, interview and observation techniques, hypothesis testing, and descriptive and inferential statistics.

HMGT 3600 Hospitality, Tourism, Sports, and Entertainment Law/3 sem. hrs. Examines the laws related to each of the industries. Topics include tort liability, constitutional and statutory law, government regulations, risk management, agency principles, forms of business organization, contract law, and ethics.

HMGT 3820 The Tourism System/3 sem. hrs. Explores the interdisciplinary relationships of world tourism traffic flows, attractions, and entertainment events.

May be repeated once for credit, if content changes and with department approval. Prerequisite, except for career students: LITR 2010, LITR 2020, or LITR 2030.

UTR 4060 Feminist Criticism and Theory/3 sem. hrs. Thiscourseintroduces students to contemporary feminist literary criticism and theory from Simonede Beauvoir to the present. Students will also be introduced to post-structuralist theory (including deconstruction and psychoanalysis) and its role in shaping feminist criticism. Prerequisite, except for career students: LTR 2010, LTTR 2020, or LITR 2030.

LITR 4700 Major Authors/3 sem. hrs. This course will examine the life and work of asingle major author from avariety of critical perspectives. Authors may include Chaucer, Shakespeare, Cervantes, Milton, Austen, Goethe, Byron, Hawthorne, James, Woolf, Joyce, or Proust. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisite, except for career students: LITR 2010, LITR 2020, or LITR 2030.

LITR 4710 Legends and Motifs in Literature/3 sem. hrs. This course explores a single legend or motif that has captured the imagination of authors from ancient Greece to the present. Such legends may include a single figure, such as King Arthur, Oedipus, Antigone, Don Juan, Faust, or acharacter type, such as the vampire, thedetective, or thefemmefatale. Specific focus to be announced. May berepeated once for credit, if content changes and with department approval. Prerequisite, except for career students: LITR 2010, LITR 2020, or LITR 2030.

LITR 4900 Special Topics in Literature/3 sem. hrs. Topics, which vary from year to year, may include a history of literary criticism, astudy of literature in relation to a specific field (politics, law, science), an exploration of a particular form (travel literature, autobiography, etc.) or theme (literature and the city, literature and the seff). Recommended for advanced students. Specific focus to be announced. May be repeated once for credit, if content changes and with department approval. Prerequisite, except for career students: one 3000 - or 4000 -level course listed above.

\section*{MANAGEMENT (MGMT)}

MGMT 1410 Personal Career Development/3 sem. hrs. Works with students to identify vocational interests and aptitudes, obtain information about occupations, gain experiencethrough practicums and cooperativeeducation, and establish career plans. Identical to EDUC 1410 and PSYC 1410.

MGMT 2050 Principles of Management/3 sem. hrs. Provides an overview of management history and theory, schools of management thought, the functions and processes of management, and the environment within which the modern manager operates.

MGMT 2480 Industrial Psychology/3 sem. hrs. Emphasizes ageneral knowledge of industria/organizational psychology as well as its application to solving realworld problems. Topics include job satisfaction, job design and organizational development, human factors, and environmental stressors on workers. Identical to PSYC 2480.

MGMT 2510 Supervisory Skills/3 sem. hrs. Studies the changing responsibilities of first-level supervisors. Topics include high-quality management, multicultural diversity, dealing with unions, equal opportunity legislation, discipline procedures, and organizational ethics and politics.

MGMT 2910-2990 Special Topics/3 sem. hrs. Examines management topics that are not included in regular courseofferings and may betaken without prerequisites. Specific content is announced in the course schedule for a given term. Students may reenroll for Special Topics covering different content.

MGMT 3000 Fire Administration/3 sem. hrs. Studies fire service organization and management. Topics includestyles of firedepartment leadership, organizational structures, administrative strategies, and the legal and ethical considerations of modernfiredepartments. Explores futuredirections infire protection management.

MGMT 3020 Organizational Communication/3 sem. hrs. Reviews formal and informal communication networks, communication roles, communication audits, and organizational barriers to effective communication.

MGMT 3070 Stress Management/3 sem. hrs. Examines the impact of stress management on the work placeand thequality of work life. Topics includeindividual vulnerability to stressors, the environment in which that vulnerability is exposed to stressors, and the resulting behavioral symptoms. Identical to PSYC 3070.

MGMT 3200 Public Administration/3 sem. hrs. Explores the nature and scope of public administration. Topics include governmental proprietary enterprises, regulation of business, bureaucratic organization, administration, relationships, and policy making. Prerequisite: MGMT 2050.

MGMT 3210 Public Budgeting, Planning, and Control/3 sem. hrs. Reviews the concepts and processes of budgeting. Topics include essentials of risk management, managing static risk, and capital budgeting. Prerequisite: ACCT 2100.

MGMT 3500 EMS Management/3 sem. hrs. Provides an overview of management methods and procedures in emergency medical service organizations. Topics includeethical and legal considerations, budget preparation, records management, public relations, intergovernmental relations, conflict resolution, cultural diversity, and personnel management issues.

MGMT 3550 International Management/3 sem. hrs. Explores the context of international management and the organization of multinational firms. Topics includeorganizational problems in international operations, international financial management, international personnel management, relations with host governments, and comparative management. Prerequisites: BUSS 3550 and MGMT 2050

MGMT 3560 Substance Abuse in Business and Industry/3 sem. hrs. Reviews alcohol and other drug-related problems in business and industry and the role of management in dealing with these problems. Studies company policies regarding substance abuse, effective educational and intervention programs, and implementation strategies. Identical to PSYC 3560.

MGMT 3660 Management Information Systems/3 sem. hrs. Discusses the use of computers in business, as well as database management and information system fundamentals.

MGMT 3770 Production and Inventory Control/3 sem. hrs. Analyzes systems, materials flow networks, methods of control, and forecasting of market and resource activities. Examines the criteriafor determining output, pricing, capital cost, investments, and profit centers.

MGMT 3880 Operations Management/3 sem. hrs. Examines themethods used to control production operations and maintain quality of output. Also examines techniques for planning and scheduling manufacturing operations. Prerequisite: MGMT 3770.

MGMT 4000 Project Management/3 sem. hrs. Presents a basic survey of techniques used to improve the efficiency and effectiveness of fire protection methods. Evaluates the methods available for identifying needs, managing shortand long-term plans, and monitoring change in a systematic way.

MGMT 4010 Health Care Organization and Administration/3 sem. hrs. Provides an overview of health care organization in the U.S. from a systems perspective and the administrative implications of health care organization models. Offered in HCS only.

MGMT 4020 Legal Aspects of Health Care Administration/3 sem. hrs. Studies the liabilities and responsibilities of health care institutions and professionals. Reviews federal, state, and local regulation of health services. Offered in HCS only.

MGMT 4050 Organization Development and Change/3 sem. hrs. Applies behavioral science knowledge and practices to help organizations improve the quality of work life and experience strategies for achieving change.

MGMT 4150 Legal Environment of Management/3 sem. hrs. Surveys public law and regulation of business. Examines employer-employee, labormanagement, debtor-creditor, and buyer-seller relationships.

MGMT 4160 Personnel Administration/3 sem. hrs. Surveys personnel policies, techniques, and methods. Topics include wage and salary management, personnel selection and placement, labor relations, and employee rights. Prerequisite: MGMT 2050.

MGMT 4170 Organization Behavior/3 sem. hrs. Explores the interaction of the individual and the organization as a dynamic interplay that affects total organizational effectiveness. Topics include the role of effective communication in the organization, motivation, leadership, and values. Prerequisite: MGMT 2050.

MGMT 4200 Administrative Law/3 sem. hrs. Introduces students to important legal issues involving administrative law and administrative process. Topics include regulation, rule making, adjudication, hearings, discretion, tort liability, and judicial review. Covers the role of administrative agencies in the regulative process.

MGMT 4210 Issues in Public Policy/3 sem. hrs. Case studies cover topics such as regulatory and redistributive public policies, policy evaluation, and theimpact of politics on policy analysis. Prerequisites: MGMT 3200 and MGMT 4200.

MGMT 4250 Strategic Human Resource Management/3 sem. hrs. A capstone course covering the HRM function in organizations, with specific emphasis on training, development, and career pathing of employees; stress management; and labor relations and negotiations. Prerequisites: MGMT 4160 and 4170.

MGMT 4300 Managing Cultural Diversity/3 sem. hrs. Prepares students to manage in the multicultural work place. Emphasis is on practical, experiential classroom activities designed to help students understand the range of cultural behaviors and expectations found in the work place.

MGMT 4450 Labor Relations and Negotiations/3 sem. hrs. Examines labor relations in terms of collective bargaining, contract negotiation, contract administration, mediation, and arbitration. Includes an in-depth examination of labor legislation. Prerequisite: MGMT 4160.

MGMT 4500 Legal Aspects of Fire Administration/3 sem. hrs. Reviews the laws that apply to fire service organizations and their employees. Examines the law-making authority and process at the federal, state, and local levels as it applies to emergency service personnel.

MGMT 4910-4980 Advanced Special Topics/3 sem. hrs. Examines topics in management that are not included in regular course offerings. Specific content and possible prerequisites are announced in the course schedule for a given term. Students may reenroll for Special Topics covering different content.

MGMT 4990 Adv. Special Topics: Total Quality Management/3 sem. hrs. Examines the theory and practice of total quality management (TOM) as applied in business organizations. Topics include philosophies of Demming, Juran, Orosby, and others; continuous process improvement; self-directed work teams; and building a high-quality culture.

\section*{MARKETING (MRKT)}

MRKT 2110 Sales Management/3 sem. hrs. Emphasizes sales-force management. Topics include selection, training, compensation, motivation, and evaluation of sales personnel. Various sales strategies appropriate to different markets are covered.

MRKT 2210 Retail Management/3 sem. hrs. Examines effective marketing strategies specific to the retail establishment. Topics include organizational structure, store location, personnel selection, merchandising, promotion, and service.

MRKT 2901 Special Topics: Customer Service Theory and Practices/3 sem. hrs. Reviews methods to measure and enhance customer service productivity. Focuses on customer service as a total organizational philosophy, techniques of motivating customer service workers, and raising consumer satisfaction.

MRKT 2902 Special Topics: Public Relations/3 sem. hrs. Strategies to establish and maintain goodwill between aperson or organization and the public. Analyzes public relations strategies and campaigns using case studies.

MRKT 2910-2990 Special Topics/3 sem. hrs. Examines topics in marketing that are not included in regular course offerings and may be taken without prerequisites. Specific content is announced in the course schedule for a given term. Students may reenroll for Special Topics covering different content.

MRKT 3050 Marketing Principles and Applications/3 sem. hrs. Focuses on marketing concepts including consumer behavior and market analysis.

MRKT 3010 Channels of Distribution \(/ 3\) sem. hrs. Explores the role of marketing channels in establishing an effective marketing strategy. Topics include physical distribution problems as well as the role of wholesalers, retailers, and the various types of specialized "middlemen." Prerequisite: MRKT 3050.

MRKT 3080 Cooperative Education/0 sem. hrs. Work placement for aperiod of \(16-18\) weeks. The placement will be reated to the student's program of study.

MRKT 3100 Marketing Services \(/ 3\) sem. hrs. Explores themarketing of services, highlighting the distinctions that exist in the marketing of intangibles. Presents strategies for marketing of services versus the traditional product-related marketing. Prerequisite: MRKT 3050.

MRKT 3210 Advertising and Sales/3 sem. hrs. Introduces the basic principles and concepts of marketing communication. Focus is on effective advertising campaigns and sales promotional plans for business. Prerequisite: MRKT 3050.

MRKT 3530 International Marketing/3 sem. hrs. Studies the scope of international marketing, the structure of multinational markets, foreign market research, international advertising and promotion, international distribution channels, international product policy, international pricing policy, and export/ import management. Prerequisites: BUSS 3550 and MRKT 3050.

MRKT 4210 Marketing Communication Strategies/3 sem. hrs. Stresses the development of promotion objectives and the planning and integration of these programs with other aspects of marketing. Prerequisite: MRKT 3050.

MRKT 4310 Consumer Behavior/3 sem. hrs. Analyzes the effectiveness of marketing strategies in yielding desired consumer responses, including the push-versus-pull strategy and the selling approach versus the marketing approach. Prerequisites: MGMT 4170 and MRKT 3050.

MRKT 4350 Service Quality Management/3 sem. hrs. Develops a conceptual understanding of high-quality service marketing. Topics include the distinctive aspects of services, consumer behavior, services management, and services research. Prerequisite: MRKT 3050.

MRKT 4550 Export/Import Marketing/3 sem. hrs. Studies the management of the export/import department, including government regulations affecting imports; financing, insuring, transporting, and marketing of exported or imported raw materials and finished products; methods of purchasing foreign products and selling domestic goods abroad; joint marketing; licensing; and distributor relations. Prerequisite: MRKT 3530.

MRKT 4710 Marketing Strategy/3 sem. hrs. Examines marketing activities from the viewpoint of the marketing executive. Topics include strategic planning and policy formulation; the use of marketing research; test marketing of products; and intercompany coordination of pricing and promotion. Prerequisite: MRKT 3010.

MRKT 4901 Advanced Special Topics: Customer Service Practicum/3 sem. hrs. The requirements of this experiential course are: (1) The student will have passed an NSU-approved corporate training program in customer service or (2) The student will complete a customer service project under the supervision of a faculty member and a corporate sponsor.

MRKT 4910-4980 Advanced Special Topics/3 sem. hrs. Examines topics in marketing that are not included in regular course offerings. Specific content and prerequisites are announced in the course schedule for a given term. Students may reenroll for Special Topics covering different content.

\section*{MATHEM ATICS (MATH)}

MATH 1000 Essential Mathematics/3 sem. hrs. This course is designed to provide a brief review of basic computational skills in fractions, decimals, and rational numbers. It expands into a comprehensive study of introductory algebra including: variable expressions, linear equations and inequalities, polynomials, exponents, algebraic word problems, factoring, and quadratic equations. Prerequisite: placement examination required.

MATH 1030 Intermediate Algebra I/3 sem. hrs. Thefirst coursein atwo-course sequence designed to provide students with a full range of algebra skills. This course is designed for students who have had some algebra. Topics covered include the real numbers, polynomials, linear equations and inequalities in one and two variables, functions, and systems of linear equations. Prerequisite: placement examination or MATH 1000 with a grade of C - or higher.

MATH 1040 Intermediate Algebra II/3 sem. hrs. The second course in a twocourse sequence designed to provide students with a full range of algebraskills. This course includes the prerequisite skills for Pre-Calculus I. Topics include rational expressions and functions, roots, quadratic functions, exponents and logarithms, and conic sections. Prerequisite: Placement examination or MATH 1030 with a grade of C - or higher.
* MATH 1100 Topics in Mathematics/3 sem. hrs. A topics course designed to provide students with insights into many applications of mathematics. Emphasis on problem solving in algebra, geometry, right triangle trigonometry, and statistics. Prerequisite: placement examination or MATH 1030 with a grade of C- or higher.

MATH 1200 College Algebra/3 sem. hrs. This course is for students with a strong background in algebra. Students will study fundamental concepts of algebra; equations and inequalities; functions and graphs; and polynomial, rational, exponential, and logarithmic functions. Prerequisite: placement examination or MATH 1040 with a grade of C - or higher.

MATH 1250 Trigonometry/ 3 sem. hrs. This course will complete the sequence of courses necessary to begin the study of calculus. A thorough study of trigonometric functions, analytic trigonometry, and numerous applications will be covered. Prerequisite: placement examination or MATH 1200 with a grade of C - or higher.

MATH 2100 Calculus I/4 sem. hrs. Functions, limits, and derivatives of algebraic functions. Introduction to derivatives of trigonometric functions, logarithmic functions, application of derivatives to physics problems, related rates and maximum/minimum problems, and definite and indefinite integrals with applications. Prerequisite: placement examination or MATH 1250 with a grade of C - or higher.

MATH 2200 Calculus II/4 sem. hrs. Riemann sums, thedefinite integral, methods of integration, continuation of exponential, logarithmic functions, and inverse trigonometric functions. L'Hopital's rule and improper integrals. Prerequisite: MATH 2100 with a grade of C - or higher.

MATH 3020 Applied Statistics/ 3 sem. hrs. Descriptive and inferential statistics relevant to applied research, data sets, frequency distributions, probability, sampling, estimating, hypothesis testing, chi-square and ANOVA, regression and correlation, and nonparametric measures. Prerequisites: MATH 1030 or higher.

MATH 3030 Applied Statistics II/3 sem. hrs. Introductory aspects of inferential statistics and experimental design are covered. Course material includes hypothesis testing and estimation, analysis of variance, multiple comparison procedures, linear and multiple correlation and regression methods, chi-square tests, nonparametric techniques, and elementary design of experiments. Stress will be placed on interpreting studies that employ thesetechniques. Prerequisite: MATH 3020.

MATH 3100 Differential Equations/3 sem. hrs. Solving first-order ordinary differential equations, exact, separable, and linear. Applications to rates and mechanics and theory of higher-order linear differential equations. Methods of undetermined coefficients and variation of parameters; application to vibration, mass, and electric circuits; and power series solutions. Partial differential equations and their application to electronics and electrical engineering problems. Solutions of initial boundary problems. Fourier series, Fourier transforms, inhomogenous problems, Laplace transforms, and introduction to numerical methods. Prerequisite: MATH 2200.

MATH 3250 Euclidean Geometry/3 sem. hrs. Plane Euclidean geometry starts with a vocabulary of terms, definitions, and postulates, then works its way into direct and indirect proofs, and then finishes with similar figures, triangles, circles,
and areas. The study of coordinate, solid, and non-Euclidean geometrics will be left as an option (directed study) to the interested individual student. Prerequisite: MATH 1200 with a grade of C - or higher.

MATH 3300 Introductory Linear Algebra/3 sem. hrs. Designed primarily for secondary math education majors, but is also appropriate for any student seeking a first course in linear algebra. The focus of the course is on matrix theory and its applications. Prerequisite: MATH 2200 or departmental approval.

MATH 3350 Number Theory/3 sem. hrs. Designed primarily for secondary math education majors. Topics covered includedivisibility, theory of primes, numerical functions, and congruence classes. Prerequisites: MATH 2200 and MATH 3250.

MATH 3900 History of Mathematics/3 sem. hrs. Designed primarily for secondary math education majors. Covers from the early development in mathematics to current thinking. Students will gain the perspective that mathematics is the cumulative creation of many people over time. Prerequisites: MATH 2200, MATH 3250, and MATH 3350.

MATH 4050 Advanced Calculus I/3 sem. hrs. Begins with analytic geometry and vectors in several dimensions and continues with partial differentiation of functions of several variables and its applications, including linear programming, multipliers, and linear regression. Fnally, double and triple integrals and their applications are also covered. Prerequisite: MATH 2200 with a grade of C- or higher.

MATH 4060 Advanced Calculus II/3 sem. hrs. Begins with a study of vector functions of one variable and their applications and continues with vector fields including line and surface integrals. The major theorems of vector calculus, including the divergence theorem, Green's Theorem, and Stoke's Theorem, are also covered. Prerequisite: MATH 4050 with a grade of C - or higher.

MATH 4500 Probability and Statistics/3 sem. hrs. Probability function, random events, expectation, conditional probability distribution functions, and foundations of statistics. Prerequisite: MATH 2200 with a grade of C - or higher.

MATH 4990 Independent Study in Mathematics/1-12 sem. hrs. The student selects and independently carries out library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty and department director.

\section*{OCEANOGRAPHY (OCES)}

OCES 2500 Introductory Oceanography/Lab/4 sem. hrs. Study of the physical and life sciences as they apply to the ocean. Oceanographic sampling and laboratory analysis techniques are covered.

OCES 4490 Research Methods/3 sem. hrs. This course will present a broad theoretical outline for the design and implementation of research projects. Topics to be covered include problem definition, principles of design, sampling, measurement concepts, and research proposal preparation. Although this is not a course in statistics, a brief overview of univariate and bivariate statistics will be presented. This course will also cover the presentation of results, including graphics. It is assumed that the student will have some background in basic statistics and has some familiarity with computers. Cross-listed with BIOL 4490.

OCES 4500 Directed Research Project I/1 sem. hrs. Initiation of laboratory or field research in marine biology/ecology in consultation with an advisor.

OCES 4510 Directed Research Project II/1 sem. hrs. Continuation of laboratory or field research in marine biology/ecology. Prerequisite: OCES 4500.

OCES 4520 Directed Research Project III/1 sem. hrs. Completion of laboratory or field research in marine biology/ecology, culminating with a thesis. Prerequisite: OCES 4500.

\section*{PHILOSOPHY (PHIL)}

PHIL 1300 Critical Thinking/3 sem. hrs. A study of the basic conceptual tools needed to recognize, formulate, and evaluate arguments. Designed for the student who wishes to reason more effectively and critically.

PHIL 2300 Philosophical Issues/3 sem. hrs. A study of the basic problems, methods, and chief types of philosophy. Consideration will be given to the relation of philosophy to other forms of inquiry.

PHIL 3180 Biomedical Ethics/3 sem. hrs. Application of ethical theory to issues in medicine and the life sciences. The course may include such topics as abortion, euthanasia, allocation of resources, genetic engineering, and the patientprofessional relationship.

PHIL 3210 Ethics/3 sem. hrs. A philosophical examination of major problems in ethics, including such questions as: what makes an act morally right or wrong; what is the relation of fact to value; what things are intrinsically valuable? Other topics include moral responsibility; the good life; and contemporary moral issues such as abortion, euthanasia, racial discrimination, pornography, and animal rights.

PHIL 3220 Philosophy of Science/3 sem. hrs. A study of the conceptual foundations of modern science. The course focuses on the philosophical analysis of scientific method and its basic concepts and assumptions.

PHIL 3330 History of Political Thought I/3 sem. hrs. Astudy of theclassic works of political philosophy from the ancients through the early modern period (e.g., Plato, Aristotle, Augustine, Aquinas, Machiavelli).

PHIL 3340 History of Political Thought II/3 sem. hrs. Astudy of the classic works of political philosophy from the early modern period through the present (e.g., Hobbes, Locke, Rousseau, Mill, Marx).

PHIL 3360 Environmental Ethics/3 sem. hrs. Environmental Ehics examines the relationship between contemporary environmental problems and their philosophical roots, as well as explores the moral foundations of various stances toward the environment. Different moral theories will beanalyzed, allowing students to develop intelligent responses to environmental problems. Cross-listed with ENVS 3360.

PHIL 3660 Philosophy of Law/3 sem. hrs. Acritical examination of basic analytic and normativequestions pertaining to law. The course may include such topics as the nature of law, law and morality, legal responsibility, civil disobedience, and the justification of punishment.

PHIL 4900 Special Topics in Philosophy/3 sem. hrs. A careful and critical study of one or more of theoutstanding works in philosophy and/or an in-depth study of one philosophical issue. This course may be repeated once for credit if content changes. Departmental approval required. Prerequisite, except for career students: PHIL 1300 or permission of instructor.

\section*{PHYSICAL SCIENGES (PHYS)}

PHYS 1020 Concepts in Physical Science/3 sem. hrs. This course is designed to introduce the student to the basic concepts of physical science. The emphasis will be on the nature of science as a creative human enterprise and the key role that it plays in modern society. The course will cover mechanics, electricity and magnetism, optics, atomic and subatomic physics, the structure of matter and relativity. Conceptual understanding and the ability to apply the ideas to everyday phenomena and common technological devices will be stressed. Prerequisite: MATH 1030.

PHYS 1021 Concepts in Physical Science Lab/1 sem. hr. This laboratory series connects science with teaching and the real world. Students are taught how to convert scientific themes into investigative packets for the curious nature of the middle-school student. The lab will be taught in a format that utilizes easily accessible equipment or supplies and uses resources that are generally available within the community. Laboratory exercises connect physical science with mechanics, thermodynamics, electricity, magnetism, and optics. The student will develop experiences in designing, setting up, and running an array of experiments, demonstrations, and other activities appropriate for middle-school classes.

PHYS 1040 Environmental Studies/3 sem. hrs. Overview of environmental science that integrates social, economic, technical, and political issues. Problems of ecological disruptions, growth of human populations, land use, energy, water supply, food supplies, pesticides, and pollution are covered. Identical to BIOL 1040.

PHYS 1060 Introduction to Oceanography/3 sem. hrs. Examination of the physical, chemical, biological, and geological properties of the world ocean. The interdisciplinary approach will introduce concepts important in understanding the development and current status of oceanographic research for the nonscience major.

PHYS 2050 Physical Geology/Lab/4 sem. hrs. Study of the earth, its materials, surface, and interior features and processes of formation and change. Includes laboratory sessions.

PHYS 2150 Historical Geology/Lab/4 sem. hrs. Study of the earth's history through geologic time; its major geologic periods, formations, and evolution as evidenced through the fossil record. Prerequisites: BIOL 1500 and BIOL 1510.

PHYS 2160 Essentials of Earth and Space Science/3 sem. hrs. This course will cover topics from earth science including the basic concepts needed to understand geology, oceanography, the atmosphere, the weather, and earth history. Topics from space science will include the sun, planets, and solar system; the galaxy and larger structures; the composition and evolution of stars, cosmology, and exotic objects such as quasars and black holes.

PHYS 2161 Essentials of Earth and Space Science Lab/1 sem. hr. This laboratory series connects science with teaching and the real world. Students are taught how to convert scientific themes into investigative packets for the curious nature of the middle-school student. The lab will be taught in a format that utilizes easily accessible equipment or supplies and used resources that are generally available within the community. Laboratory exercises connect earth science with geologic time periods and fossilization, mapping, weathering, and identification of major groups of minerals. Laboratory exercises are also created to foster an understanding of the solar system and universethrough star mapping, analyzing data from NASA images, and connections with the physical attributes of earth to her sister planets.

PHYS 2350 General Physics I/Lab/4 sem. hrs. Frst of atwo-part series covering mechanics, thermodynamics, vibrations, and waves. Includes laboratory sessions. Prerequisite: MATH 1250 with a C- or better.

PHYS 2360 General Physics II/Lab/4 sem. hrs. Second of a two-part series covering electricity and magnetism, optics, and modern physics. Includes laboratory sessions. Prerequisite: PHYS 2350 with a C or better.

PHYS 2400 Physics I/Lab/4 sem. hrs. Basic principles of mechanics including vectors, force, equilibrium, displacement, velocity, acceleration, MASS, Newton's Laws, work energy, gravitation, momentum, rotational motion, and mechanics of systems of particles and rigid bodies. Includes laboratory sessions. Prerequisite: MATH 2200.

PHYS 2500 Physics II/Lab/4 sem. hrs. Bectrostatics, electric currents, electric fields and electric potential, AC and DC circuits, magnetic fields, capacitance, inductance, and electromagnetic waves. Prerequisite: PHYS 2400 with a C- or better.

PHYS 2910-2990 Special Topics/3 sem. hrs. Topics in physical science that are not included in regular course offerings and may be taken without prerequisites. Specific content announced in the courseschedulefor given term. Students may reenroll for Special Topics covering differing content.

PHYS 3010 Acoustics of Speech and Hearing/3 sem. hrs. Introduction to the physics of sound and phonetics as related to speech communication.

PHYS 4990 Independent Study in Physics/1-12 sem. hrs. The student selects and independently carries out library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty and department director.

\section*{POLITICS AND PUBLIC AFFAIRS (POLS)}

POLS 1010 American Government and Politics/3 sem. hrs. An introduction to the processes of the American national and local forms of government. Included are the nature and structure of government, its characteristics and functions, and the intimate relation of government to other interests.

POLS 2010 Comparative Government/3 sem. hrs. This course will examine the elements of foreign systems of governance including constitutions, history, ideologies, institutions, and political parties. Attention will begiven to how legislation is enacted, how elections are conducted, and the relationship between the judicial, executive, and legislative branches of government.

POLS 2900-3000 Special Topics in Political Science/3 sem. hrs. Advanced topics in politics and public affairs that arenot included in regular courseofferings. Specific content and possible prerequisites are announced in the course schedule for a given term. Students may reenroll for Special Topics covering differing content.

\section*{PSYCHOLOGY (PSYC)}

PSYC 1020 Introduction to Psychology/3 sem. hrs. An introduction to theory, research, and applications in the field of psychology. Topics include biological bases of behavior, perception, motivation, learning and memory, psychological development, personality, social psychology, and the identification and treatment of mental illness.

PSYC 1410 Personal Career Development/3 sem. hrs. The process of career development applied to oneself: identifying vocational interests and aptitudes, obtaining information about occupations, gaining experience through practicums and cooperative education, and establishing career plans. Useful for students adjusting to the college role. Identical to EDUC 1410 and MGMT 1410.

PSYC 1640 Current Perspectives in Substance Abuse/3 sem. hrs. An overview of the major drugs of abuse in American society today. Includes health and legal issues related to substance abuse and resources available for the treatment of chemical dependency and other drug-related problems.

PSYC2110 Human Sexuality/3 sem. hrs. Anatomy/physiology of thehuman sexual system, human sexual response, the range of sexual behaviors, and sources of attitudes and beliefs about sexuality.

PSYC 2130 Family Relationship Skills/3 sem. hrs. Contemporary patterns of marriage and family living. Approaches to effective living together in family units. Coverage of both adult and parent-child relationships. Emphasis on communication, supportiveness, and contingency management. Experiential learning included. Identical to SOCL 2130. Prerequisite PSYC 1020 or SOCL 2020 or CORE 2450.

PSYC 2350 Life-Span Human Development/3 sem. hrs. This course is designed to provide the student with an understanding of systematic changes within the individual from conception through death. Unlike many studies of development, this course is structured around issues of development rather than examination of development from achronological perspective. This structure will allow the student to more completely grasp life-span issues. Family, social roles, lifestyles, psychological disorders, mental abilities, and death and dying will be examined. Students may not receive credit for this course if they have taken PSYC2380.

PSYC 2360 Adolescent Psychology/3 sem. hrs. This course will provide an overview of the principles, theories, and research pertaining to the development of the adolescent. Topics include physical, emotional, social, intellectual, moral, and personality development, as well as the importance of the home, school, and community. Students may not receive credit for this course if they have taken PSYC2380.

PSYC 2370 Early Childhood Growth and Development/3 sem. hrs. Students in this course will critically examine theories and research concerning the cognitive, social-emotional, and physical development of thetypical and atypical child from birth to age eight. Emphasis will be placed on the ability to observe and describe child behavior and to understand the principles and processes that govern growth and development in the early childhood years. Implications of knowledge of child development for parental behavior, professional practices, and social policy will also be considered. Students may not receive credit for this course if they have taken PSYC2380.

PSYC 2380 Child and Adolescent Development/3 sem. hrs. Aspects of growth and development during childhood and adolescence: physiological, cognitive, personality, and social. Students may not receive credit for PSYC 2350, 2360, or 2370 if they take this course. Prerequisite: PSYC 1020.

PSYC 2390 Adulthood and Aging/3 sem. hrs. Developmental experiences of maturity. Physiological and psychological aspects of aging. Prerequisite: PSYC1020.

PSYC2450 Forensic Psychology/3 sem. hrs. This course covers the interaction of psychology and the legal system. Students will learn how psychologists help courts make decisions about the competency of people to stand trial, insanity, sentencing, committing people to psychiatric treatment against their will, competency to manage one's own affairs, and awarding money for psychological harm. Students will aso explorethe role of psychologists in finding serial killers, dealing with hostage takers, and rehabilitating criminals.

PSYC 2460 Health Psychology/3 sem. hrs. This course covers stressors and health, health behavior promotion, and psychological treatment for cancer, heart disease, and other medical disorders.

PSYC 2470 Loss, Grief, and Bereavement/3 sem. hrs. This course addresses the issues of loss accompanying the death of a loved one and the handling of grief for people of all ages. Sensitizes students to their own feelings about death, describes the rites of passage, and identifies methods of resolution for grief. This course will be beneficial to individuals in their own lives, as well as to those who will be involved in counseling.

PSYC 2480 Industrial Psychology/3 sem. hrs. Survey of psychology as applied to work emphasizing a general knowledge of industria/organizational psychology as well as its application to the solving of rea-world problems. Discussion of personnel decisions, organizational training, organizations and their influence on behavior, job satisfaction, job design and organizational development, human factors, and environmental stressors on workers. Identical to MGMT 2480.

PSYC2500 Psychology of Leadership/3 sem. hrs. This coursecovers the goals of leadership, the assessment of leader performance, leadership theories, leadership practices, principles of leadership in varying cultures and types of organizations, and situational and personality influences on leadership. Students will apply leadership principles in natural settings.

PSYC 2800 Introductory Practicum/1-6 sem. hrs. An introductory field experience to broaden the student's education. Placement in a research setting, community agency, or human resource department. Report required. Supervision on site and by the academic division. Prerequisites: PSYC 1020 and prior written approval by the department director.

PSYC 2910-2990 Special Topics/3 sem. hrs. Topics in psychology that are not included in regular course offerings and may be taken without prerequisites. Specific content is announced in the course schedule for a given term. Students may reenroll for Special Topics covering different content.

PSYC 3000 Psychological Research Methods/3 sem. hrs. Research designs commonly used in psychology: observational, experimental, and quasiexperimental. Steps in doing research including use of the APA format for writing reports. Prerequisites: LANG 1120, MATH 3020, and PSYC 1020.

PSYC 3030 Experimental Psychology (Laboratory)/3 sem. hrs. Laboratory experience in various areas of experimental psychology. Covers experiments and reports on sensation and perception, motivation, learning and memory, and the measurement of ability and personality factors. Prerequisite: PSYC 1020.

PSYC 3070 Stress Management/3 sem. hrs. This course examines the process and complexities of stress management, its impact on the work place, and the overall quality of work life in an organization. Stressful events and conditions will be presented and analyzed from three perspectives: individual vulnerability to stressors, the environment in which that vulnerability is exposed to stressors, and the resulting behavioral symptoms. Identical to MGMT 3070.

PSYC 3110 Interpersonal Communication/3 sem. hrs. Study of human communications, interpersonal relationships, and small group dynamics. Topics include verbal and nonverbal behavior, development of relationships and groups, and assertiveness and leadership. Experiential learning included.

PSYC 3160 Issues in Social Psychology/3 sem. hrs. Social determinants of individual behavior. Psychological issues of current social relevance such as attraction, propaganda and advertising, aggression and TV violence, prejudice, and conformity. Prerequisite: PSYC 1020 or CORE 1420.

PSYC 3210 Personality/3 sem. hrs. Survey of psychoanalytic, humanistic, cognitive, and behavioral theories of personality. Ourrent issues and personality research. Prerequisite: PSYC 1020 or CORE 1420.

PSYC 3260 Abnormal Psychology/3 sem. hrs. Diagnoses, causes, and prognoses for the various categories of psychological disorders. Case studies supplement and illustrate theory and research. Prerequisite: PSYC 1020.

PSYC 3300 Behavior Modification/3 sem. hrs. Behavior modificationtechniques applied to diverse areas such as mild and severe behavior problems in children and adults, behavioral medicine, organizational behavior, sports psychology, and self-management. Prerequisite: PSYC 1020 or CORE 1420.

PSYC 3360 Psychology of Gender/3 sem. hrs. This course examines theories about, as well as the psychological and social factors related to, genderedidentities, roles, and behaviors. Cross-listed with GEST 3360 .

PSYC 3450 Introduction to Interviewing and Counseling Techniques \(/ 3\) sem. hrs. General principles of effective interviewing. Skills and techniques for achieving various interview goals, with an emphasis on counseling interviews and the establishment of helping relationships.

PSYC 3500 Community Psychology/3 sem. hrs. Prevention, recognition, and mobilization of individual and community resources for helping solve psychological problems. The role of psychologically trained change agents in the human services field. Prerequisite: PSYC 1020.

PSYC 3510 Human Learning and Cognition/3 sem. hrs. Theories and research concerning human learning and cognition. Covers conditioning, verbal learning, memory, and problem solving. Prerequisite: PSYC 1020 or CORE 1420.

PSYC 3550 Substance Abuse and the Family/3 sem. hrs. Emphasis will be on family problems as well as changes in family functioning that accompany chemical dependency. The concept of substance abuse as afamily illness and the roles within the family as they relate to both maintaining addiction and affecting the recovery process will be explored. Family systems theory of counseling will be introduced. Domestic violence issues will also be covered. Identical to SOCL 3550.

PSYC 3560 Substance Abuse in Business and Industry/3 sem. hrs. Scope and cost of alcohol and other drug-reated problems in business and industry today, and the role of managers and supervisors in dealing with theseproblems. Theformulation of company policies regarding substanceabuse, effectiveeducational and intervention programs, and strategies for implementation. Identical to MGMT 3560.

PSYC 3570 The Psychology and Physiology of Substance Abuse/3 sem. hrs. This course will provide asound introduction to the pharmacology and physiology of licit and illicit drugs. Psychological effects of psychoactive substances will be explored. Signs and symptoms of substanceabuse, diagnostic criteriafor evaluating chemical dependency (including familiarization with the DSM-IV), and physical and psychiatric disorders related to substance abuse will be studied. Among the topics covered will be AIDS, an introduction to dual diagnosis, relapse, and relapse prevention.

PSYC 3580 Rehabilitation Strategies for Substance Abuse/3 sem. hrs. This course will focus on the various types of therapeutic approaches that may be successfully employed in the treatment of substance abuse problems and the types of facilities available. Treatment planning, clinical documentation and supervision, influences of managed care and other third-party payers will be thoroughly examined. Special needs and approaches to rehabilitation for women, adolescents, and specific cultural groups will be addressed. Intervention strategies, including information and referral services, self-help groups, and employee-assistance programs will also be covered. Ehical and treatment issues related to managed care and the rehabilitation process will be discussed.

PSYC 3600 Criminal Justice and Substance Abuse \(/ 3\) sem. hrs. This course will focus on the interface between treatment providers and the criminal justice system. The student will learn how to work within the various levels of the court system (juvenile, appellate, superior), as well as diversionary programs, such as drug court. Involuntary commitment procedures, state regulations, and federal requirements will be explored in detail. In addition, the social impact and historical influences of drugs on society will be examined.

PSYC 3620 Drug Prevention and Education/3 sem. hrs. The classification and identification of drugs as well as behavioral criteria for recognizing alcohol and drug abuse are reviewed. Specific attention is paid to prevention, intervention, and education strategies within the family, school, and the community. Methods for designing, implementing, and evaluating effective prevention programs among various cultures are examined. This course is designed to be of immediate practical use to counselors, teachers, and other professionals interested in effective drug prevention and education.

PSYC 3630 Ethical and Professional Development for Substance Abuse Counselors/ 3 sem. hrs. This course examines personal and professional ethics issues faced by counselors today. Conflicts among personal, legal, and professional demands will be explored in depth. Students will learn to recognize agents of change and resistance through personal experience in the classroom. This course will also focus on how the mental health professional becomes upwardly mobile within the field. Personal marketing strategies, in the context of ethical considerations, will be discussed.

PSYC 3710 History and Theories of Psychology/3 sem. hrs. Exploration of the historical roots of psychology, and the bases and growth of psychology as a science. Examines the major historical and contemporary theories of psychology, with an emphasis on enduring issues. Prerequisite: PSYC 1020.

PSYC 3760 Multicultural Issues in Psychology/3 sem. hrs. Issues relevant to the field of psychology. Examinations of different cultural groups and their values as they pertain to the individual, the family, time, proxemics (personal and interpersonal space), communication styles, and the body language. Different cultural worldviews will be explored as they pertain to locus of control, conception of mental illness, and attitude toward seeking psychological help.

PSYC 3800 Current Psychotherapies/3 sem. hrs. This course is designed for the advanced undergraduate student. It is also intended for those in the field who desire a refresher course in counseling theory and practice. It is a comprehensive introduction into the most popular counseling theories and techniques currently in use. Theneeds of special populations, including substance abuseclients, adolescents, and clients from other cultures are examined. Format for this course includes lecture and discussion sessions, role playing, and audio/ videotape critique sessions.

PSYC 3910 Intermediate Special Topics:/1-3 sem. hrs. Topics in psychology that arenot included in regular course offerings and may betaken without prerequisites. Specific content is announced in the course schedule for a given term. Students may reenroll for Special Topics covering different content.

PSYC 4050 Psychological Tests and Measurements/3 sem. hrs. Theory and use of psychological tests of ability and personality. Covers theselection, administration, scoring, and interpretation of psychological tests. Prerequisites: MATH 3020, PSYC 1020.

PSYC 4150 Principles of Group Counseling/3 sem. hrs. This course covers the essential elements of group counseling, with aspecific focus upon substance abuse problems. Includes group leadership styles, facilitation skills, group dynamics, the stages of group development, and techniques for dealing with specific problems that often occur in a group setting. Emphasis on experiential learning.

PSYC4600 Biological Bases of Behavior/3 sem. hrs. Genetic, neural, and endocrine bases of behavior. Neuroanatomy and chemical and electrical events in the nervous system. Sensory processes, motivation, emotion, and arousal. Prerequisites: BIOL 1020 or 1050, PSYC 1020. Identical to BIOL 4600.

PSYC 4800 Practicum in Psychological Research/3 sem. hrs. Experiencein doing research under the supervision of the academic division. Reading therelevant research literature, running subjects, analyzing data, and writing an APA-format report. Prerequisites: PSYC 3000 and prior written approval by the department director.

PSYC 4810 Practicum in Community Psychology/3 sem. hrs. Experience in applying psychological principles in a human services agency. Supervision onsite; weekly team meetings at the university. Written reports required. Prerequisites: PSYC3110; one of the following: PSYC 3300, 3450, 3800, 4150; and prior written approval by the course instructor.

PSYC 4830 Practicum in Substance Abuse Treatment/3 sem. hrs. Experience in the application of knowledge concerning substance abuse treatment. Through placement in a treatment setting, students will gain practical experience in the substance abuse field. Prerequisites: completion of at least two courses within the substance abuse studies specialty and written consent of department director.

PSYC 4840 Advanced Practicum in Psychology/3-6 sem. hrs. Students will gain experience in a specialty area of psychology by working with teams of faculty members and graduate students. They will be able to observe and participate in both research and applied clinical work. To enroll in this practicum, students need junior or senior standing and written approval of the director of undergraduate behavioral sciences and approval of the director of any graduate program where the student may be placed. Prerequisite: PSYC 3000.

PSYC 4880 Senior Seminar in Psychology/3 sem. hrs. Students will have the opportunity to integrate information from a variety of specialties in psychology. Each seminar will have a focal theme that will allow students to gain new perspectives, as well as apply knowledge from prior courses and experiences. Prerequisite: senior standing.

PSYC 4910-4980 Advanced Special Topics/3 sem. hrs. Advanced topics in psychology that are not included in regular course offerings. Specific content and possible prerequisites are announced in the course schedule for a given term. Students may reenroll for Special Topics covering different content.

PSYC 4990 Independent Study in Psychology/1-12 sem. hrs. The student selects, and carries out independently, library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisites: PSYC 3000 and written consent of instructor and department director.

COOP 3819 Cooperative Education I in Psychology /1-3 sem. hrs. A 10-20 hour per week paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

COOP 3919 Cooperative Education II in Psychology /1-3 sem. hrs. A 10-20 hour per week paid work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: COOP 3819, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

INTN 3819 Internship I in Psychology /1-3 sem. hrs. A 10-20 hour per week nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

INTN 3919 Internship II in Psychology /1-3 sem. hrs. A 10-20 hour per week nonpaying work experience for 16 weeks in the student's major area of study or area of career interest. Prerequisites: INTN 3819, cumulative GPA of 2.5 or higher, completion of 36 or more credit hours, and permission of instructor. Contact coordinator of community service.

\section*{COLLEGE READING (READ)}

READ 1000 College Reading/3 sem. hrs. Develops literal and critical reading strategies that an active reader needs in order to master college course work. Students will focus on vocabulary knowledge and improving literal, analytical, inferential, and critical reading skills.

\section*{SECONDARY EDUCATION (SECE)}

SECE 3110 Teaching Social Studies in Middle and Secondary School/3 sem. hrs. Content and methods for teaching social studies in the secondary grades. Program development, appropriate activities, and evaluation techniques will be discussed. Development of teaching skills and analysis of materials, methods, and programs for teaching social studies in the secondary schools. Reading skills necessary for the use of appropriate materials in this content area will be identified.

SECE 3120 Teaching Science in Middle and Secondary School \(/ 3\) sem. hrs. Content and methods for teaching science in the secondary school: hands-on approaches, resources, materials, and ideas drawn from the students' experiences will all be discussed. Development of teaching skills and analysis of materials, methods, and programs for teaching science in the secondary school. Reading skills necessary for the use of appropriate materials in this content area will be identified.

SECE 3160 Teaching Mathematics in Middle and Secondary School/3 sem. hrs. Content, materials, and methods for teaching mathematics in the secondary school. Development of teaching skills and analysis of materials, methods, and programs for teaching mathematics in the secondary school. Reading skills necessary for the use of appropriate material in this content areawill beidentified.

SECE 3230 Teaching English in Middle and Secondary School/3 sem. hrs. Content and methods of teaching English in the secondary school. Language development and expression. Development of teaching skills and analysis of materials, methods, and programs for teaching English in the secondary school. Reading skills necessary for the use of appropriate materials in this content area will be identified.

\section*{SERVICE LEARNING (SERV)}

SERV 2900-4999 Service-Learning Credit/1 sem. hr. Each semester faculty members offer anumber of one-credit courses, combining classroom instruction with community service. Specific offerings are listed in the course schedule. Depending on the project, the course may be applied toward the student's specialty. May be repeated. Prerequisite: approval of instructor.

SERV 3980 Service-Learning and the Professions/ 2 sem. hrs. Students will engage in service experiences within their future professional area and relate their experiences to current moral and social issues within professional literature and practice. Students will meet on alternative weeks and engage in required online discussions of their service and required readings. SOORE students will develop proposals for serviceprojects. All students will examinetherelationships among civic activism and social, community, and professional change; development; and responsibility.

\section*{SOCIOLOGY (SOCL)}

SOCL 1130 Family Systems \(/ 3\) sem. hrs. Students in this course will be introduced to family systems theory and will be provided with a basic understanding of the field of family therapy as it applies to systems consultations with families and schools. A resource-based approach to working with children and parents that highlights family strengths and attends to larger systems issues will be stressed. Cross-listed with EDEC 1130.

SOCL 2020 Introduction to Sociology/3 sem. hrs. The nature and needs of man and society, groups and institutions, social processes, and social change. Special emphasis will be placed on American culture and the impact of technology on modern man.

SOCL 2130 Family Relationships/3 sem. hrs. Contemporary patterns of marriage and family living. Approaches to effective living together in family units. Covers both adult and parent-child relationships. Emphasis on communication, supportiveness, and contingency management. Experiential learning included. Identical to PSYC2130. Prerequisite: SOCL 2020 or PSYC 1020 or CORE2450.

SOCL2500 Global Diversities: Issues and Perspectives/3 sem. hrs. This course examines some of the increasingly complex and diverse issues confronting humanity. It looks at the broad, historical forces that are at work shaping the world of the 21st century and presents and analyzes a wide variety of ideologies and theories. Students are encouraged to view global issues from an international perspective, rather than from a purely American or Western point of view. Examines the great diversity of opinion that people hold on important global issues, such as population, natural resources, development, conflict and cooperation, and human rights and values.

SOCL 2510 Social Problems/3 sem. hrs. Focuses on a number of contemporary social problems, analyzing causative factors and exploring alternative solutions. Examines the role of community service agencies in the improvement of some of these problems. Prerequisite: SOCL 2020 or CORE 2450.

SOCL 3020 Community Service Systems/3 sem. hrs. An overview of community service institutions to assist the health care professional in meeting patients' needs. Discussion of professional issues related to community services. Offered only in HCS.

SOCL 3030 Transcultural Issues in Health Care/3 sem. hrs. Concepts of the social sciences as they relate to the work of the health professional. Identification of economic, social, cultural, and environmental factors that affect health care. Offered only in HCS.

SOCL3110 Gender, Sexuality, and the Family/3 sem. hrs. This courseconsiders the socialization into masculine and feminine identities and sexual and reproductive choices, and examines the cultural context in which values about sexuality and gendered roles within the family are formed. Cross-listed with GEST 3110.

SOCL 3300 Gender at Work/3 sem. hrs. This course examines the workplace as a specific cultural context in which identifiable values, ethics, and mores come into play, particularly as they relate to issues and imbalances related to gender and cultural diversity. Cross-listed with GEST 3300.

SOCL 3550 Substance Abuse and the Family/3 sem. hrs. Emphasis will be on family problems as well as changes in family functioning that accompany chemical dependency. The concept of substance abuse as a family illness and the roles within the family as they relate to both maintaining addiction and to affecting the recovery process will be explored. Family systems theory of counseling will be introduced. Domestic violence issues will also be introduced. Cross-listed with PSYC 3550.

SOCL 4000 Lesbian and Gay Cultures \(/ 3\) sem. hrs. This course examines topics in the gay and lesbian cultures from theoretical, historical, and political perspectives. Topics might include an examination of the essentialist versus constructionist debates and their respective implications, sex policing, political resistance, and the politics of AIDS.

\section*{SPORT AND WELLNESS (SPWS)}

SPWS 1200 Sport and Wellness Management/3 sem. hrs. Studies the responsibilities involved in the administration of sport and wellness programs. Examines the fundamental components of sport and wellness management: personnel issues, event and facility management, marketing, promotions, fundraising, budgeting, ethics, sports law, and public reations.

SPWS 2200 Historical Perspectives in Sport and Wellness/3 sem. hrs. Develops an understanding of how sport evolved within society. Examines the early assumptions about sport and wellness and how they were transformed by the social, economic, and philosophical changes taking place in society.

SPWS 3100 Legal Aspects of Sport and Wellness/3 sem. hrs. Reviews the legal considerations, responsibilities, and liabilities of institutions and their personnel as related to sport and wellness. Examines sport and event management, personnel relations, and governmental regulations that impact sport and wellness.

SPWS 3300 Facility and Event Management \(/ 3\) sem. hrs. Studies the guidelines and principles of managing events and facilities. Topics include concepts in involving event logistics, critical planning techniques, negotiations, and funding.

SPWS 3400 Financing and Fund-Raising in Sport Management/3 sem. hrs. Reviews the basic concepts of financial management as it pertains to sport fundraising activities. Studies specific fund-raising techniques and tactics, public relations, promotion, and publicity.

SPWS 4200 Sport and Wellness in our Social Institutions/3 sem. hrs. Examines sport in our social institutions from a social perspective. The place of sport in community-based programs, commercial culture, and our educational systems. Special emphasis will be on sport and social mobility.

SPWS 4300 Sport, Wellness, and Diversity/3 sem. hrs. Studies sport from the perspective of diversity as manifested in race, gender, religion, nationalism, and philosophy. Examines how diversity is related to the growth, development, and current status of the sport experience.

SPWS 4400 Sport and Wellness Administration \(/ 3\) sem. hrs. Focuses on the specific details involved in administering sport and wellness programs. Topics includeinsurance, ticketing, personnel evaluation, and specific logistical problems.

SPWS 4500 Sport Marketing/3 sem. hrs. Studies public attitudes as related to themarketing of sport. Topics includedemographics, market research instruments, and public relations. Utilizes an integrated approach to marketing that explores the various media outlets.

SPWS 4800 Practicum/Field Experience I/3 sem. hrs. Provides the student with the opportunity to link theory and practice. Participating students perform, under supervision, various activities assigned by a practicing sport manager. Approval of assignment is required.

SPWS 4900 Practicum/Field Experience II/3 sem. hrs. Provides the student with the opportunity to link theory and practice. Participating students perform, under supervision, various activities assigned by a practicing sport manager. Approval of assignment is required. Prerequisite: SPWS 4800.

\section*{INFORM ATION TECHNOLOGY (TECH)}

TECH 1110 Technology in the Information Age/3 sem. hrs. This course covers the technology concepts and skills required for success in the information age. Students work to enhance computer operation, telecommunications, wordprocessing, spreadsheet, and database proficiency as they exploretheimpact of these technologies on society and the professions. Throughout the course, students utilize various online skills to communicate, research, and acquirelifelong learning skills. PCs, specialized software, and the Internet are used for hands-on learning.

TECH 2000 Computer Technology: The Impact and Implications/3-4 sem. hrs. Students in this course will explore the computer technology presently used in society with focus on their intended profession. They will study the impact of technology on thenational culture and focus on their chosen area of study: business, health, education, the arts, etc. Students will visit a field site to observe firsthand the administrative and creative job responsibilities relating to technology in their profession. They will also explore the effects of technology on selected human issues based on their findings: interpersonal communication, equity, health, ethics, etc. Students will use the latest electronic research and presentation tools to report their findings.

TECH 2130 Business Applications of Microcomputers/3 sem. hrs. Theory and applications of programs for microcomputers that are useful in the business environment. Accounting, database management, and information system management programs will be included. Computer laboratory course. Prerequisites: ACCT 2050 and TECH 1110. Identical to BUSS 2130.

TECH 2150 Introduction to Internet Resources/3 sem. hrs. Introduction to accessing resources on the Internet. History and overview of the Internet, and standard Internet protocols, i.e., TCP/IP. Efective use of Internet search tools for research; both text-based and graphical browsers will be covered. Overview of LYNX and introduction to the Hypertext Markup Language (HTML), creating HTML documents and personal Web sites. Emphasis on extensive use of Internet tools for accessing resources for all academic disciplines. Prerequisite: TECH 1110 or permission of department.

TECH 3000 Multimedia Design/3 sem hrs. This courseteaches the basic skills of documentation, design, and production of information for both synchronous and asynchronous presentations. Programs used inthis course will include PhotoShop, QuarkXpress, and video production software. Students will build Web sites, use digital photography to createbrochures and publications, and learn to makeeffective presentations about avariety of topics. Students should have a working knowledge of the Internet, the World Wide Web, and PowerPoint presentation software.

TECH 3520 Emerging Technology in Education/3 sem. hrs. Students examine and evaluate state-of-the-art technology tools and developments that have the potential to enhance the curriculum and aid in administrative tasks. This includes tools and techniques to remain current in technology as it develops. Proficiency in using the World Wide Web as an educational tool is stressed. Students research and explore practical solutions to existing and developing educational problems by utilizing technology. Prerequisite: EDUC 4320.

TECH 3530 Multimedia Technology for Educators/3 sem. hrs. Students learn the theories and concepts of multimedia design, presentation, and interactive delivery. They use various software packages in projects to enhance curriculum and its delivery in the various content areas. Teachers focus on multimedia and hypermedia as authentic learning tools for their future students to enhance knowledge and meet their ever-expanding needs in the21st century. Prerequisite: EDUC 4320.

TECH 4050 Business Data Communication/3 sem. hrs. Introduction to basic business data communications for managers. Protocols, services, interfaces, and platforms for the transmission of data across local and wide area networks will bediscussed. Emphasis will beon managerial decisions regarding topology, equipment, network design, and software development. A project-management approach will be utilized. Topics will include synchronous and asynchronous communication, bridges, routers, ISDN, ATM, and the OSI model. Prerequisite: TECH 1110.

TECH 4510 Utilizing Technology to Develop Curriculum/3 sem. hrs. Students explorecurrent methodologies utilizing state-of-the-art technology as tools within the curriculum to meet specific educational objectives in the content areas as well as enhancing delivery. In this hands-on class, students examine and analyze the issues and consequences of the explosion of information and how to implement it in thematic units to strengthen the delivery of the curriculum. The aspects of human-computer interface is examined with emphasis on redesigning text-based instruction to increase effectiveness through use of technology when and where it is appropriate. Prerequisite: TECH 3520.

TECH 4990 Independent Study in Technology/1-12 sem. hrs. Thestudent selects and independently carries out library and/or empirical research. Faculty supervision is provided on an individual basis. Prerequisite: to be determined by the faculty and department director.

\section*{NSU OVERVIEW, ADMINISTRATION, AND POLICIES}

\section*{ABOUT NOVA SOUTHEASTERN UNIVERSITY}

N ova U niversity, chartered by the state of Florida in 1964, comprises 15 centers, colleges, and schools offering master's, educational specialist, and doctoral degree programs, as well as postgraduate education. The Farquhar Center for U ndergraduate Studies offers undergraduate education, and U niversity School, a demonstration school, serves children from early childhood through high school. The university also offers nondegree continuing education and certificate programs.

In 1994, N ova U niversity merged with Southeast U niversity of the H ealth Sciences to become N ova Southeastern U niversity. The institution gained programs in the health professions (osteopathic medicine, optometry, pharmacy, and allied health) as a result of this union.

From its begining, the university has distinguished itself by its innovative outlook; its unique programs, which provide both traditional and nontraditional choices in education; and its multidisciplinary research aimed at solving problems of immediate concern to mankind.

The main campus of \(N\) ova Southeastern U niversity is located on a 232-acre site west of Fort Lauderdale, Florida, at 3301 C ollege A venue in the town of Davie.

\section*{PROVISIONS}

The provisions set forth in this document are not to be regarded as an irrevocable contract between the student and N ova Southeastern U niversity. Regulationsand requirements, including tuition and fees, are necessarily subject to change without notice at any time at the discretion of the administration. The university further reserves the right to require a student to withdraw at any time, as well as the right to impose probation on any student whose conduct is unsatisfactory. A ny admission on the basis of false statements or documents is void upon discovery of the fraud, and the student is not entitled to any credit for work that he or she may have done at the university. U pon dismissal or suspension from the university for cause, there will be no refund of tuition and fees. The balance due \(N\) ova Southeastern U niversity will be considered receivable and will be collected.

A transcript of a student's academic record cannot be released until all of his or her accounts, academic and nonacademic, are paid.

A ny N ova Southeastern U niversity student has the right to inspect and review his or her educational record. The policy of the university is not to disclose personally identifiable information contained in a student's educational record without prior written consent from the student, except: to university officials, to officials of another school in which the student seeks enrollment, to authorized representatives of federal or state agencies, to accrediting organizations, to parents of dependent students, under judicial order, to parties in a health or safety emergency, or when verifying graduation with a particular degree.

A student hasthe right to petition Nova Southeastern U niversity to amend or correct any part of his or her educational record that he or she believes to be inaccurate, misleading, or in violation of the privacy or other rights of students. If the university decides it will not amend or correct a student's record, the student has a right to a hearing to present evidence that the record is inaccurate, misleading, or in violation of the privacy or other rights of students.

If these rights are violated, a student may file a complaint with the Department of Education. A student may obtain a copy of the Educational Privacy A ct policy by requesting it in writing from the \(O\) ffice of the U niversity Registrar, Nova Southeastern U niversity, 3301 C ollege A venue, Fort Lauderdale, Florida 333147796. A schedule of fees and a listing of the types and locations of educational records are contained in this policy.

N ova Southeastern U niversity does not discriminate on the basis of disability, sex, race, religion, or national or ethnic origin in admission, access, or employment for any of its programs and activities. The university registrar and director of human resources have been designated as student and employee coordinators, respectively, to ensure compliance with the provisions of the applicable laws and regulations relative to nondiscrimination.

Theschool isauthorized under federal law to enroll nonimmigrant alien students.

Nova Southeastern U niversity programs are approved for the training of veterans and other eligible persons by the Bureau of State A pproval for Veterans' Training, Florida Department of Veterans' A ffairs. Eligible veterans and veterans' dependents should contact the 0 ffice of the U niversity R egistrar, 3301 C ollege A venue, Fort Lauderdale, Florida 33314-7796, telephone (954) 262-7241 or toll free 800-541-6682, ext. 7241.

\section*{NSU POLICIES GOVERNING STUDENT RELATIONS}

\section*{G eneral}

Nova Southeastern U niversity has established specific policies, procedures, and guidelines defining its relationship with its students. The term "student" as used in this catalog defines the student, or parents of the student if the student qualifies as a dependent under the provisions of the Internal Revenue C ode.

\section*{Institutional and A cademic Information}

N ova Southeastern U niversity and its composite academic units periodically publish bulletins or catalogs describing the university and its academic programs. These bulletins are available to enrolled and prospective students through the various admissions offices associated with the academic units or from the Office of the U niversity Registrar. Each academic unit, group of units, and/or the \(O\) ffice of the U niversity Registrar maintain at least one fulltime employee to assist all students in obtaining information.

\section*{Financial A id}

N ova Southeastern U niversity's Office of Student Financial Aid staff administers comprehensive federal, state, institutional, and private financial aid programs. The purpose of these programs is to provide monetary assistance to students who can benefit from further education but who cannot do so without such assistance. Students interested in receiving a financial aid packet should contact the Office of Student Financial A id at (954) 262-3380 or 800-522-3243.

\section*{W hen to A pply for Financial A id}

It is recommended that students apply for financial aid well in advance of the date the funds will be needed because normal application processing takes six to eight weeks and sometimes as many as 12 weeks. It is extremely important that students complete all forms correctly and respond promptly to all inquiries in order to prevent delays in processing. A wards are made only for the academic year. A pplications are generally available each January for the following academic year. There is a priority deadline of A pril 1, 1998, for the 1998-1999 academic year. A pplications received after that date will be considered on a funds-available basis only. Students requesting financial aid for the summer term must complete a separate summer aid application that is generally available after J anuary. The last day to apply for any financial aid for 1998-1999 is June 30, 1999.

To improve telephone service to financial aid applicants, N SU 's Office of Student Financial A id has a telephone voice response system. The A utomated Telephone Counseling (ATC) System
helps students access information regarding financial aid applications. General financial aid information may be obtained, packets may be requested, or application status can be checked (includingloan disbursement information) simply by entering the student's Social Security number and four-digit PIN. The ATC is available 24 hours a day, 7 days a week, and file information is updated daily. The ATC may be accessed locally at (954) 2623380 or toll free at 800-522-3243.

\section*{G eneral Eligibility Requirements}

In order to participate in the financial aid program, students generally must:
1. be U .S. citizens, permanent residents, or in the U nited States for other than a temporary purpose, and be able to provide proof of such
2. be accepted for enrollment in an eligible degree-seeking program at N ova Southeastern U niversity
3. be making satisfactory progress in their courses of study
4. not be in default of, or owe, a refund for any financial aid received previously
5. sign a Statement of Educational Certification;
6. be registered with Selective Service if required to do so by federal law

\section*{International Students}

International students who intend to reside in the U nited States and who are required to obtain an I-20 visa must be full-time, degree-seeking students and must attend the main campusin Fort Lauderdale, Florida. For further information, contact the International Student A dviser, N ova Southeastern U niversity, 3301 C ollege Avenue, Fort Lauderdale, Florida 33314-7796, telephone: (954) 262-7240 or toll free 800-541-6682, ext. 7240.

\section*{Veterans' Benefits}

N ova Southeastern U niversity programs are approved for the training of veterans and other eligible persons by the Bureau of State A pproval for Veterans' Training, Florida Department of Veterans' A ffairs. Eligible veterans and veterans' dependents should contact the Office of the U niversity Registrar, 3301 College Avenue, Fort Lauderdale, Florida 33314-7796, telephone: (954) 262-7241 or toll free 800-541-6682, ext. 7241.

\section*{N otice of N ondiscrimination}

N ova Southeastern U niversity admits students of any race, color, sex, age, nondisqualifying disability, religion or creed, or national or ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school, and does not discriminate in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school-administered programs.

The Office of the U niversity Registrar is designated as the policy coordinator to ensure compliance with all federal, state, and local laws and regulations relative to nondiscrimination.

\section*{G rievances}

W hen questions about procedures, decisions, or judgments occur,
counseling is available for discussion and resolution of differences. Students may al so have recourse to moreformal avenues of appeal and redress. G rievance procedures are explained in the program's student handbook.

\section*{Student Publications}

N ova Southeastern U niversity, as publisher, bears the legal responsibility for the content of student publications. In the delegation of editorial responsibility to students, the university provides sufficient editorial freedom for the student publications to maintain their integrity of purpose as vehicles of free inquiry and free expression in the N ova Southeastern U niversity academic community.

The delegated editorial freedom of student editors and managers is subject to corollary responsibilities to be governed by the canons of responsible journalism, such as the avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo.

A s safeguards for the delegated editorial freedom of student publications, the following provisions are made:
1. Thestudent pressshall befree of censorship and advance approval of copy, and its editors and managers shall be free to develop their own editorial policies and news coverage.
2. Editors and managers of student publications shall be protected from arbitrary suspension and removal because of student, faculty, administrative, or public disapproval of editorial policy or content. O nly for proper and stated causes shall editors and managersbe subject to removal, and then by orderly and prescribed procedures.
3. All university-published and financed student publicationsshall explicitly state on the editorial page that the opinions therein expressed are not necessarily those of N ova Southeastern U niversity or of the student body.

\section*{Student Participation in U niversity G overnance}

In furtherance of its commitment to teaching and learning, N ova Southeastern U niversity encourages student participation in institutional decision making.

Within each center, elected student government bodies provide vehicles for student expression of views and opinions on issues of institutional policy. Officers of the student government are members of the President'sStudent A dvisory C ommittee, which meetsmonthly with the president and appropriatesenior administrative staff to discuss university matters of general interest to the student body.

A dditionally, students are regularly appointed to committees, task forces, and ad hoc groups dealing with issues of concern to students, including appointment to each self-study subcommittee.

\section*{CODE OF STUDENT CONDUCT AND ACADEMIC RESPONSIBILITY}

Purpose: This code seeks to promote high standards of academic integrity by setting forth the responsibilities of students as members of the university community. A biding by the code ensures a climate wherein all members of the university community can exercise their rights of membership.

\section*{N SU Statement}

\section*{of A cademic Rights and \(R\) esponsibilities}

N ova Southeastern University, as a community of women and men, is committed to furthering scholarship, academic pursuits, and service to our society. A s an institution, our purpose is to ensure all students an equal opportunity to fulfill their intellectual potential through pursuit of the highest standards of academic excellence.

Certain rights and obligations flow from membership in any academic community committed to such goals:
\(\square\) the rights of personal and intellectual freedom, which are fundamental to the idea of a university
\(\square\) scrupulous respect for the equal rights and dignity of others
\(\square\) dedication to the scholarly and educational purposes of the university and participation in promoting and ensuring the academic quality and credibility of the institution

Students are responsible for obtaining, learning, and observing the established university and center policies as listed in all official publications. In addition, students must comply with the legal and ethical standards of the institution as well as those of Broward County and the state of Florida. A ll members of the community should inform the appropriate official of any violation of conduct regulations.

\section*{A. A cademic Standards}

The university expects its students to manifest a commitment to academic integrity through rigid observance of standards for academic honesty. The academic honesty standards include:
1. Original Work. A ssignments such as course preparations, exams, texts, projects, term papers, practicums, etc., must be the original work of the student. Original work may include the thoughts and words of another author but, if that isthe case, those ideas or words must be indicated in a manner consistent with a university-recognized form and style manual.

W ork is not original that has been submitted previously by the author or by anyone else for academic credit. W ork is not original that has been copied or partially copied from any other source, including another student, unless such copying is acknowledged by the person submitting the work for the credit at the time the work is being submitted or unless copying, sharing, or joint authorship is an express part of the assignment. Exams and tests are original work when no unauthorized aid is given, received, or used prior to or during the course of the examination.
2. R eferencing the W orks of A nother A uthor. All academic work submitted for credit or as partial fulfillment of course requirements must adhere to each center's specific accepted reference manuals and rules of documentation. Standards of scholarship require that proper acknowledgment be given by the writer when the thoughts and words of another author are used. Students must acquire a style manual approved by their center and become familiar with accepted scholarly and editorial practice in their program. Students' work must
comport with the adopted citation manual for their particular center.

At Nova Southeastern U niversity, it is plagiarism to represent an other person's work, words, or ideas as one's own with out use of a center-recognized method of citation. Deviating from center standards (A ) (1) or (A ) (2) is considered plagiarism at N ova Southeastern U niversity.
3. Tendering of Information. A ll academic work must be the original work of the student. Giving or allowing one's work to be copied, giving out exam questionsor answers, or releasing or selling term papers is prohibited.
4. A cts Prohibited. Students should avoid any impropriety or the appearance thereof, in taking examinationsor completing work in pursuance of their educational goals.

Violations of academic responsibility include, but are not limited to:
a. plagiarism
b. any form of cheating
c. conspiracy to commit academic dishonesty
d. misrepresentation
e. bribery in an attempt to gain an academic advantage
f. forging or altering documents or credentials
g. knowingly furnishing false information to the institution
5. A dditional Matters of Ethical Concern. W here circumstances are such as to place students in positions of power over university personnel, inside or outside the institution, students should avoid any reasonable suspicion that they have used that power for personal benefit or in a capricious manner.

\section*{B. C onduct Standards}
1. Students should not interfere with the rights, safety, or health of members of the university community nor interfere with other students' right to learn. Students are expected to abide by all university, center, and program rules and regulations and all local, state, and federal laws. Violations of conduct standards include, but are not limited to:
a. theft
b. vandalism
c. disruptive behavior
d. possession or use of firearms, fireworks, explosives, or other dangerous substances or items
e. possession, transfer, sale, or use of illicit drugs
f. appearance in classor on campus under the apparent influence of alcohol or illicit drugs or chemicals
g. violations of housing regulations
h. any act or conspiracy to commit an act which is harassing or abusive or which invades an individual's right to privacy, including, but not limited to, sexual harassment and abuse against members of a particular racial, ethnic, religious, or cultural group
i. threats of or actual damage to property or physical harm to others
j. failure to pay tuition and fees in a timely manner

Furthermore, Nova Southeastern U niversity prohibits any activity that may be construed as hazing. ("H azing" is defined as: any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of a university).
2. Students must have authorization from the university to have access to university documents, data, programs, and other types of information and information systems. A ny use of the above without authorization is prohibited.

\section*{C. Supplementary Standards}

Students areexpected to comply with the legal and ethical standards of this institution and those of their chosen field of study, including the code of ethics for computer usage. The university and each center or program may prescribe additional standards for student conduct as would comport with the letter and spirit of this code.

\section*{D. Violations}

A ny violation(s) of any of the academic standards, conduct standards, or supplementary standards may result in a complaint being filed against a student to enforce the C ode of Student C onduct and A cademic Responsibility. Deans or directors may, in their discretion, immediately suspend students pending a hearing on charges of academic conduct or supplementary standard violations. A ny student found guilty of a violation of the academic, conduct, or supplementary standards will be subject to disciplinary action, including expulsion from the university.

\section*{Student C ode of C omputer Ethics}

Student users of \(N\) ova Southeastern U niversity's computer systems are subject to all applicable federal, state, and international computer Iaws. A copy of the Florida Computer Crimes A ct and referenced Florida State Statutes may be examined online or in a student's academic program office.

N ova Southeastern U niversity provides computer systems with access to hardware, software, and networks to enhance academic experience. Ethical conduct by studentsin the use of thistechnology is the same as in all other areas of university life, and it is of equal importance. All students are expected to abide by the Nova Southeastern U niversity C ode of Student C onduct and A cademic Responsibility.

For more detailed information on N ova Southeastern U niversity's Student Code of Computer Ethics, please consult the program's Student H andbook.

\section*{Privacy of Records}

N ova Southeastern U niversity maintains a system of records that includes application forms, admission test scores, and transcripts of students' previous academic records and performance while in residence. These records are available for review by current and former studentsupon written request to the 0 ffice of the \(U\) niversity Registrar. However, the registrar will not release transcripts of students' academic records until all accounts, both academic and nonacademic, have been paid.

The law limitsaccess by, and disclosure to, a third party. Such access is given only upon consent of the student or if required by law, except for the following information, which may be released as directory information: (a) student's name, (b) address, (c) dates of attendance, (d) degree and awards received. Requests for such information must be submitted in writing to the university. The university reserves the right to refuse the above information if the reason for the request is not considered to be a sufficient need to know.

A ny student or parent not wishing to have this information disclosed should notify the Office of the U niversity R egistrar in writing prior to September 1 of the relevant school year.

A person does not have the right of access to educational records until he or she has been admitted to and has actually begun attending \(N\) ova Southeastern U niversity. There is no prohibition from disclosing such information to the parents of students who are listed on their parents' federal income tax forms.

Parents or eligible students will be provided a hearing by the university if they wish to challenge the content of the record. If they are still not satisfied, the parents or eligible students may add explanatory or rebuttal matter to the record.

If the students or parents are denied access to a hearing or if the records are alleged to have been illegally disclosed to a third party, the students or parents may file a complaint with the U.S. Department of Education.

\section*{R eservation of Power}

N ova Southeastern U niversity reserves the right to amend, modify, add to, or delete its rules, policies, and procedures affecting its institutional relationship with students as deemed necessary by the administration. A ny such amendment, modification, addition, or deletion shall not be considered a violation of the relationship between the university and the student. Such right includes modification to academic requirements, curriculum, tuition, and/ or fees when in the judgment of the administration such changes are required in the exercise of its educational responsibility.

\section*{COMMUNICABLE DISEASES POLICY}

It is the intent of the university to protect students and employees from exposure to communicable diseases that pose reasonable risk of harm to members of the university community. It is also the intent of the university to protect the rights of those infected with a communicable disease pursuant to the Sick Leave Policy of the university. Employees and students of the university who do become infected with a communicable disease are subject to the guidelines listed below.

All employeesdiagnosed with any communicable disease will receive the same benefits and privileges extended to any employee under the Sick Leave Policy and shall be afforded confidentiality for all related issues.

The university will be flexible in its response to incidents of communicable disease, evaluating each occurrence in light of this policy and current available medical information.

\section*{Policy Guidelines}
1. For the purpose of thispolicy, theterm "employee" shall include all persons employed by the university, either full time or part time, including adjuncts and off-site coordinators, but shall not include the following persons:
a. members of the board of trustees
b. guest lecturers
c. vendors

The term "student" shall include all persons enrolled at the university, either part time or full time, from preschool through graduate studies.

The term "infected person" shall include students and employees who have been medically diagnosed as infected with a communicable disease.

In the event that any employee, administrator, or student has a concern about the potential for the spread of a communicable disease within the university community, those concerns should be brought to the assistant director of human resources for review consistent with the current available information on the spread of the particular communicable disease. A fter review and evaluation of the concerns, if there appears to be a reasonable likelihood of the spread of the disease within the university community by an infected person, the assistant director of human resources will, after notification of the issues presented to the university president, contact the Broward County Health Department for recommendationsof appropriate action consistent with state law.

The university will make available to its employees and students information about the transmissibility of communicable diseases and precautionsthat can be taken to prevent the spread of various communicable diseases.
2. A \(n\) infected person can continue to work and study as long as he or she is able to continue to perform regular responsibilities satisfactorily, and as long as the best available medical evidence indicates that his or her continued status does not present a health or safety threat to self or others. Infected employees with diseases that threaten the safety of others are eligible for the same leave of absence provisions of current university policy for sick or annual leave as other employees.
3. A n infected person returning to work or school after a leave of absence for reasons related to a communicable disease must provide a statement from his or her treating physician indicating current medical status. A n employee shall submit the physician's statement to the director of human resources or a delegated representative. Students shall submit their statement to their program dean.
4. W ithin reason, the university shall make accommodations for the infected persons, whenever possible, to ensure continuity in employment or in the classroom. Such measures may include, subject to administrative limitations, job reassignment or class
reassignment to place the infected person in a less demanding position.
5. No infected person (employee or student) may be dismissed from the university solely on the basis of a diagnosis of an infection of a contagious disease. A decision to dismiss or discharge will only be made after reason able accommodation has been attempted and an examination of facts demonstrate that the infected person can no longer perform as required or poses a reasonable threat to the health and safety of those around him or her.
6. Disciplinary measures are available to the university when any employee fails or refuses to work at his or her assigned job with an infected person who has not been deemed to pose a present health or safety threat to self or others. Student disciplinary measures shall range from counseling to expulsion.
7. A swith any medical condition, employees must not disclose information regarding another employee or student to anyone except those employees with a medical or administrative need to know. The university shall take every precaution to ensure that confidentiality is maintained. Breach of such confidentiality by any employee shall result in disciplinary action.

\section*{POLICY ON SEXUAL HARASSMENT}

It is the intent of \(N\) ova Southeastern U niversity to protect all employees and students from sexual harassment. Sexual harassment is a violation of Title VII. Sexual harassment undermines the integrity of the employment and academic environment, debilitates morale, and interferes with the effectiveness of employees and students. In accordance with Equal Employment Opportunity Commission-promulgated guidelines, unwelcome sexual advances, unwanted requestsfor favors of a sexual nature, and any other verbal or physical conduct of a sexual nature are considered sexual harassment if:
(a) explicit or implicit submission to sexual overtures is made a term or condition of employment
(b) employment decisions are made on the basis of whether submission to or rejection of sexual overtones occurred
(c) an individual's work performance is unreasonably interfered with by a sexually intimidating, hostile, or offensive atmosphere

\section*{A. At N ova Southeastern U niversity, sexual harassment of or by employees includes:}
1. U nwelcome or unwanted sexual advances. This includes unwelcome physical contact or sexual advances considered unacceptable by another individual.
2. R equests or demands for sexual favors. This includes subtle or blatant pressures or requestsfor any type of sexual favor accompanied by an implied or stated promise of preferential treatment or negative consequence concerning one's employment status.
3. Verbal abuse that is sex-oriented or considered unacceptable by another individual, as well as sexually derogatory comments. Thisincludes commenting about an individual's body or appearance when such comments go beyond mere courtesy; telling jokes that are clearly unwanted and considered offensive by others; or other tasteless, sexually oriented commentsor innuendoesor actionsthat offend others.
4. Engaging in any type of sexually oriented conduct that would unreasonably interfere with another's work performance. This includes extending unwanted sexual attention to someone that reduces personal productivity or time available to work at assigned tasks.
5. C reating a work environment that is intimidating, hostile, or offensive because of unwelcome or unwanted sexually oriented conversations, suggestions, requests, demands, physical contacts, or attentions.

N ova Southeastern U niversity will not tolerate sexual harassment. Sexual harassment is an insidious practice. It demeans individuals being treated in such a manner and creates unacceptable stress for the entire organization. Persons harassing others will be dealt with swiftly and vigorously.
N ormal, noncoercive interaction that is acceptable to both parties is not considered to be sexual harassment.

A Il allegations of sexual harassment of or by an employee, client, or vendor will be promptly and thoroughly investigated by the H uman Resources Department and should be reported promptly to the director of human resources.

\section*{B. At Nova Southeastern U niversity, sexual harassment of students by employees is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:}
1. submission to such conduct is made to appear to be a term or condition of enrollment, attendance, or participation in a class
2. submission to or rejection of such conduct affects academic decisions
3. such conduct has the purpose or effect of unreasonably interfering with a student's academic performance or creating an intimidating, hostile, or offensive academic environment and can include
4. unwelcome patting, pinching, or touching
5. offensive or demeaning sexual remarks, jokes, or gestures

Students aggrieved by a violation of this policy may file a grievance under their center's grievance procedure.

A ny employee who violates any portion of this policy shall be subject to disciplinary action.

At Nova Southeastern University, romantic and sexual relationships between a faculty member and a student are subject to the prohibition against sexual harassment.

Romantic or sexual relationships between a faculty member and a student then enrolled in the faculty member's class (including supervised student activities for which academic credit is given) may appear to be coercive and are discouraged. Even when no coercion is present, such relationships create an appearance of impropriety and favoritism that can impair the academic experience of all students in that class. It is, therefore, improper conduct for a faculty member to engage in a romantic or sexual relationship with a student then enrolled in the faculty member's class.```
